**EPISODE CAST**

Molly Parker	...	Maureen Robinson
Toby Stephens	...	John Robinson
Maxwell Jenkins	...	Will Robinson
Taylor Russell	...	Judy Robinson
Mina Sundwall	...	Penny Robinson
Ignacio Serricchio	...	Don West
Brian Steele	...	The Robot
Parker Posey	...	June Harris / Dr. Smith
Russell Hornsby	...	Grant Kelly
Ajay Friese	...	Vijay Dhar
Charles Vandervaart	...	Liam Tufeld
Nevis Unipan	...	Samantha

1

00:00:20 --&gt; 00:00:24

When... Pssht! The toaster shorted out,  
almost burned the entire orphanage down.

2

00:00:24 --&gt; 00:00:26

-[steps thumping]

-Sister Agnes, God rest her soul,

3

00:00:26 --&gt; 00:00:28

wanted to throw it in the trash,

4

00:00:28 --&gt; 00:00:29

but I intervened.

5

00:00:30 --&gt; 00:00:32

Where most people would see  
a smoking piece of junk,

6

00:00:32 --&gt; 00:00:34

I saw a machine that needed understanding.

7

00:00:34 --&gt; 00:00:36

So I scavenged a new heating element,

8

00:00:36 --&gt; 00:00:39

and I repaired that little brave toaster  
with my own two hands.

9

00:00:39 --&gt; 00:00:40

[Scarecrow whirrs]

10

00:00:40 --&gt; 00:00:42

Establishing a bond.  
Just like with Will, right?

11

00:00:42 --&gt; 00:00:43

Right.

12

00:00:44 --> 00:00:48

That toaster was just the beginning of  
a long line of machines that I've saved.

13

00:00:49 --> 00:00:52

You see, I'm not just a mechanic.  
I'm a machine whisperer.

14

00:00:52 --> 00:00:55

We wanted a robot. We got one.

15

00:00:55 --> 00:00:56

Yeah.

16

00:00:58 --> 00:01:01

If Scarecrow wanted to hurt us,  
he could have on the Jupiter.

17

00:01:01 --> 00:01:02

He could do it now.

18

00:01:05 --> 00:01:07

[Scarecrow growls]

19

00:01:17 --> 00:01:21

Are you telling us...  
there's an engine on that ship?

20

00:01:23 --> 00:01:25

[whirrs and growls]

21

00:01:30 --> 00:01:33

[Don] So the coast is clear? No robots?

22

00:01:33 --> 00:01:34  
[John] Not clear.

23  
00:01:40 --> 00:01:42  
I count 12.

24  
00:01:42 --> 00:01:44  
[tense music playing]

25  
00:01:57 --> 00:01:59  
[Maureen] They're gathering their dead.

26  
00:02:00 --> 00:02:02  
You mean salvaging parts.

27  
00:02:04 --> 00:02:05  
Hey.

28  
00:02:06 --> 00:02:07  
What's he doing?

29  
00:02:11 --> 00:02:14  
[John] Okay, you brought us to an engine.  
You got a plan how we get it?

30  
00:02:17 --> 00:02:19  
[whirrs]

31  
00:02:19 --> 00:02:22  
Twelve rocks. Twelve robots.

32  
00:02:22 --> 00:02:24  
-Those are long odds.  
-You can take 'em, right?

33  
00:02:28 --> 00:02:29

[whirrs]

34

00:02:30 --> 00:02:33  
You want us to handle ten,  
and you take two?

35

00:02:33 --> 00:02:36  
Clearly a misunderstanding.  
Maybe they don't count rocks like we do.

36

00:02:36 --> 00:02:37  
That's a bad deal.

37

00:02:41 --> 00:02:43  
Seems like it's the only deal we've got.

38

00:02:44 --> 00:02:46  
You bring in a new guy,  
everything changes.

39

00:02:48 --> 00:02:50  
[orchestral music playing]

40

00:03:02 --> 00:03:04  
-[bleeping]  
-He all right?

41

00:03:04 --> 00:03:05  
Yeah, he's stable.

42

00:03:06 --> 00:03:07  
You okay?

43

00:03:07 --> 00:03:08  
Yeah. You?

44

00:03:09 --> 00:03:10  
Yeah.

45  
00:03:13 --> 00:03:15  
[Judy sighs]

46  
00:03:18 --> 00:03:22  
Here's to diving off a two-mile high  
canyon wall on an alien planet.

47  
00:03:22 --> 00:03:25  
And to being the first people ever  
to make that toast.

48  
00:03:26 --> 00:03:28  
It would've scared the hell  
out of most people.

49  
00:03:31 --> 00:03:35  
When we were in freefall,  
I had this adrenaline pumping,

50  
00:03:35 --> 00:03:39  
and... I felt the landscape  
rush toward me so fast.

51  
00:03:40 --> 00:03:44  
All I could think about was that...  
nothing else mattered.

52  
00:03:44 --> 00:03:47  
Nothing that... that I've been  
worrying about means anything.

53  
00:03:47 --> 00:03:49  
[Grant chuckles] That's why I love flying.

54

00:03:50 --> 00:03:51  
When you're miles in the air,

55

00:03:51 --> 00:03:54  
you get a new perspective  
on things on the ground,

56

00:03:54 --> 00:03:56  
and all your problems look real small.

57

00:04:02 --> 00:04:03  
[Penny] Judy!

58

00:04:03 --> 00:04:05  
[uplifting music playing]

59

00:04:14 --> 00:04:15  
You ready for this?

60

00:04:15 --> 00:04:16  
Yeah.

61

00:04:22 --> 00:04:23  
[Penny sighs]

62

00:04:23 --> 00:04:25  
-I'm so happy you're back.  
-[Judy] Me too.

63

00:04:26 --> 00:04:27  
[sighs]

64

00:04:27 --> 00:04:30  
This is my sister, Penny.

65

00:04:30 --> 00:04:31

Penny, this is...

66

00:04:32 --> 00:04:33  
is... um...

67

00:04:34 --> 00:04:37  
Commander Grant Kelly. I know.

68

00:04:40 --> 00:04:42  
-It's really good to meet you.  
-You too.

69

00:04:43 --> 00:04:43  
[clears throat]

70

00:04:44 --> 00:04:47  
Liam Tufeld.  
It's an honor to meet you, sir.

71

00:04:47 --> 00:04:50  
-Vijay Dhar. I'm even more honored, sir.  
-Well, the honor is mine.

72

00:04:50 --> 00:04:52  
You can meet the rest of my crew  
while we load them up.

73

00:04:53 --> 00:04:54  
-[Judy] Okay.  
-Great.

74

00:04:57 --> 00:04:59  
[indistinct chatter]

75

00:05:09 --> 00:05:11  
[girls 1] That's crazy.

76

00:05:11 --&gt; 00:05:12

[girl 2] I know.

It's crazy we ran into him.

77

00:05:12 --&gt; 00:05:13

[sighs]

78

00:05:14 --&gt; 00:05:17

Everyone, this is Grant Kelly,

79

00:05:17 --&gt; 00:05:19

captain of the Fortuna.

80

00:05:20 --&gt; 00:05:22

He and his team are gonna  
hitch a ride with us to Alpha Centauri,

81

00:05:23 --&gt; 00:05:25

so I suppose they're part of our crew now.

82

00:05:27 --&gt; 00:05:31

Um, we have 19 hours  
until our launch window closes,

83

00:05:31 --&gt; 00:05:34

-so... tell me about your progress.

-[girl] Oh, my gosh!

84

00:05:34 --&gt; 00:05:37

-Okay with these jump seat configurations?

-[Robot approaching]

85

00:05:37 --&gt; 00:05:38

[Judy] Yes.

86

00:05:41 --&gt; 00:05:42

Hello.

87

00:05:44 --> 00:05:47  
He's just trying to decide  
if you're a threat.

88

00:05:48 --> 00:05:50  
-It's kind of his thing.  
-Yeah.

89

00:05:50 --> 00:05:51  
Judy told me about him.

90

00:05:53 --> 00:05:55  
He's a whole lot stranger than I imagined.

91

00:05:56 --> 00:05:57  
[chuckles]

92

00:05:58 --> 00:05:59  
Dr. Zoe Smith.

93

00:06:00 --> 00:06:02  
It's so nice to have another adult here.

94

00:06:04 --> 00:06:05  
Judy mentioned you too.

95

00:06:05 --> 00:06:08  
Hmm. Was it a brief mention,  
or did she go into detail?

96

00:06:08 --> 00:06:10  
-She said you were the French teacher.  
-Mmm.

97

00:06:11 --> 00:06:12  
[in French] Where did you learn French?

98  
00:06:14 --> 00:06:15  
France.

99  
00:06:16 --> 00:06:19  
Easy on your wrist, man.  
You gotta respect the healing process.

100  
00:06:20 --> 00:06:22  
Yeah, I'm good. Thanks.

101  
00:06:22 --> 00:06:25  
Any alternate power sources? I'd love  
to give these backup cells a break.

102  
00:06:25 --> 00:06:27  
Sure. We can patch them into the Jupiter.

103  
00:06:27 --> 00:06:28  
All right, thank you.

104  
00:06:29 --> 00:06:30  
Come on. Let's take one.

105  
00:06:32 --> 00:06:34  
[Vijay] Okay, let's go forward.

106  
00:06:34 --> 00:06:35  
-[girl] Ready.  
-[Vijay grunts]

107  
00:06:36 --> 00:06:39  
Hey, Judy,  
what do we do with the empty one?

108

00:06:39 --&gt; 00:06:41

[Judy] Just put it with the rest of them.  
We'll need it later.

109

00:06:46 --&gt; 00:06:48

Hey. What's the update with the thruster?

110

00:06:48 --&gt; 00:06:52

Will fixed it. I'm just running  
diagnostics while he's gone.

111

00:06:52 --&gt; 00:06:53

Gone? Where?

112

00:06:54 --&gt; 00:06:55

Documenting the alien city.

113

00:06:57 --&gt; 00:07:00

Sorry. Did you just say "alien city"?

114

00:07:02 --&gt; 00:07:05

Yeah, so, um... a lot has happened  
while you were gone.

115

00:07:06 --&gt; 00:07:08

This is Will Robinson  
of the 24th Colonist Group.

116

00:07:09 --&gt; 00:07:11

I'm making a record of this because...

117

00:07:11 --&gt; 00:07:15

we've discovered the most important  
archaeological site in history,

118

00:07:15 --&gt; 00:07:18

and I've only got 19 hours  
before we leave.

119

00:07:19 --> 00:07:20  
[sighs]

120

00:07:20 --> 00:07:24  
This chamber appears  
to be heavily damaged,

121

00:07:24 --> 00:07:26  
not from the passage of time, but from..

122

00:07:27 --> 00:07:29  
from some cataclysmic event.

123

00:07:29 --> 00:07:31  
[suspenseful music playing]

124

00:07:35 --> 00:07:36  
Wow.

125

00:07:37 --> 00:07:38  
Pyroclastic ash.

126

00:07:40 --> 00:07:43  
This room took the brunt  
of a volcanic event.

127

00:07:48 --> 00:07:49  
I'll get a sample.

128

00:07:50 --> 00:07:51  
[unzipping]

129

00:07:55 --> 00:07:56

[sighs]

130

00:08:01 --> 00:08:03

[objects clinking]

131

00:08:07 --> 00:08:08

[gasps] Oh, God!

132

00:08:09 --> 00:08:10

[panting]

133

00:08:16 --> 00:08:17

Okay...

134

00:08:20 --> 00:08:21

I...

135

00:08:22 --> 00:08:23

I've found skeletal remains.

136

00:08:31 --> 00:08:33

[dramatic music playing]

137

00:08:36 --> 00:08:37

Whoa.

138

00:08:44 --> 00:08:46

They built the robots in their own image.

139

00:08:47 --> 00:08:51

I guess wanting to see yourself  
in what you make is human nature,

140

00:08:53 --> 00:08:54

even if you're not human.

141  
00:08:56 --> 00:08:58  
[wind whooshing]

142  
00:08:58 --> 00:09:00  
[drilling]

143  
00:09:02 --> 00:09:03  
It's counterintuitive,

144  
00:09:03 --> 00:09:07  
but you're gonna have to disable the BTMS  
to moderate acceleration at high speeds.

145  
00:09:07 --> 00:09:09  
[cranking]

146  
00:09:09 --> 00:09:10  
You've already done it.

147  
00:09:10 --> 00:09:12  
I swear I've never jury-rigged a Chariot

148  
00:09:12 --> 00:09:14  
to go over 100 miles an hour  
in a drag race.

149  
00:09:15 --> 00:09:19  
Okay, look, once you're out there,  
you need to manually add the coolant

150  
00:09:19 --> 00:09:20  
to keep the battery below 40 Celsius.

151  
00:09:20 --> 00:09:23  
-51, but who's counting?  
-Or the plate temperature

152

00:09:23 --> 00:09:24  
will reach thermal runaway.

153

00:09:25 --> 00:09:28  
I will bring  
every can of coolant we have. Yeah.

154

00:09:29 --> 00:09:31  
As soon as Scarecrow has the engine,  
you'll signal us, right?

155

00:09:32 --> 00:09:35  
Yeah, and I'll pick you up in the Jupiter

156

00:09:35 --> 00:09:36  
as soon as the coast is clear.

157

00:09:37 --> 00:09:41  
It's a decent plan, all things considered.

158

00:09:43 --> 00:09:45  
I just don't like leaving you alone  
with that thing.

159

00:09:46 --> 00:09:47  
Well, then I'll go with Don

160

00:09:47 --> 00:09:50  
and lead ten angry robots  
on a wild-goose chase.

161

00:09:51 --> 00:09:52  
You can't have it both ways.

162

00:09:54 --> 00:09:57

-Hey, Scarecrow's not the obstacle.  
-[sighs]

163  
00:09:57 --> 00:09:58  
He's the solution.

164  
00:09:58 --> 00:10:00  
Yeah, well, I'm pretty sure  
he isn't helping us

165  
00:10:00 --> 00:10:02  
just to be a Good Samaritan.

166  
00:10:02 --> 00:10:04  
[whirring]

167  
00:10:04 --> 00:10:05  
Of course he's not.

168  
00:10:06 --> 00:10:08  
He's in it for himself. We all are.

169  
00:10:08 --> 00:10:12  
Scarecrow wants something from us,  
and in return, we get something from him.

170  
00:10:14 --> 00:10:17  
That's how the world works,  
no matter what planet you're from.

171  
00:10:17 --> 00:10:18  
[whirring]

172  
00:10:21 --> 00:10:22  
Oww!

173

00:10:23 --> 00:10:25  
Where is Scarecrow?

174

00:10:25 --> 00:10:29  
Shouldn't he be here to say, "Danger!"  
when stuff's about to fall on my head?

175

00:10:29 --> 00:10:30  
It's not Will's robot.

176

00:10:33 --> 00:10:34  
[whirring]

177

00:10:41 --> 00:10:45  
So are spaceships like bikes now?  
Every kid on the block has one?

178

00:10:45 --> 00:10:46  
[Judy] Mmm...

179

00:10:46 --> 00:10:48  
Nope, not yet.  
I'm the only one here trained to fly it.

180

00:10:49 --> 00:10:53  
Reaction control,  
orbital maneuvering, roll, pitch, yaw.

181

00:10:53 --> 00:10:55  
Jupiter, Fortuna.

182

00:10:55 --> 00:10:57  
Different accent, same language.

183

00:10:57 --> 00:10:59  
Maybe when we get to the colony,  
they'll give you one.

184

00:11:00 --> 00:11:02  
I'm looking forward  
to seeing you in action.

185

00:11:02 --> 00:11:04  
Oh, well, don't expect  
too much action during launch.

186

00:11:04 --> 00:11:07  
It's complicated.  
The computer does everything.

187

00:11:07 --> 00:11:08  
The computer?

188

00:11:08 --> 00:11:11  
Yeah, you know,  
spaceships have them these days.

189

00:11:11 --> 00:11:12  
I haven't been asleep that long.

190

00:11:12 --> 00:11:16  
I'm just curious  
how automated things have gotten.

191

00:11:16 --> 00:11:20  
Eh, fully, especially for  
unusual conditions like asteroid fields.

192

00:11:20 --> 00:11:22  
The computer calculates  
every possible outcome

193

00:11:22 --> 00:11:24  
and determines the safest course.

194

00:11:26 --&gt; 00:11:28

The question is,  
who programs the computer?

195

00:11:29 --&gt; 00:11:33

You know, Mom was on the team  
that programmed the Jupiter's autopilot.

196

00:11:33 --&gt; 00:11:34

Maureen?

197

00:11:35 --&gt; 00:11:36

That's right.

198

00:11:36 --&gt; 00:11:39

Your mother could always out-think  
a problem before it happened.

199

00:11:39 --&gt; 00:11:43

But even the best computers  
have limitations.

200

00:11:43 --&gt; 00:11:47

They can handle 99% of the problems  
until they hit the one they can't.

201

00:11:49 --&gt; 00:11:50

[Penny] Hi.

202

00:11:51 --&gt; 00:11:53

Sorry. Do you want a progress report?

203

00:11:53 --&gt; 00:11:55

Yeah. [sighs]

204

00:12:01 --> 00:12:02  
Are you qualified for this?

205  
00:12:03 --> 00:12:05  
I thought Judy was the doctor around here.

206  
00:12:06 --> 00:12:08  
-She's busy with captain stuff.  
-Ah.

207  
00:12:08 --> 00:12:11  
But taking vitals is really easy.  
The machine pretty much does the work.

208  
00:12:11 --> 00:12:13  
[machine beeping]

209  
00:12:15 --> 00:12:17  
Why am I the only person  
getting a physical?

210  
00:12:18 --> 00:12:21  
You're not. We're just starting with you.

211  
00:12:21 --> 00:12:23  
But we'll get to everyone  
before we take off.

212  
00:12:23 --> 00:12:25  
[bleeping]

213  
00:12:25 --> 00:12:27  
To make sure  
we're all healthy for the voyage.

214  
00:12:28 --> 00:12:29  
Exactly.

215

00:12:29 --&gt; 00:12:32

And to make sure there's enough air  
for everyone to breathe.

216

00:12:36 --&gt; 00:12:37

Um...

217

00:12:37 --&gt; 00:12:39

Take your arm, please.

218

00:12:40 --&gt; 00:12:41

Thanks.

219

00:12:45 --&gt; 00:12:49

Do you think having all one's vital organs  
frozen in suspended animation

220

00:12:49 --&gt; 00:12:51

carries any health risks?

221

00:12:53 --&gt; 00:12:56

-What?

-You wanna put me in that tube, don't you?

222

00:13:00 --&gt; 00:13:01

Um...

223

00:13:01 --&gt; 00:13:03

I'm just trying  
to take your blood pressure.

224

00:13:04 --&gt; 00:13:06

It's rising by the minute.

225

00:13:13 --&gt; 00:13:15

[mysterious music playing]

226

00:13:17 --> 00:13:19

[rocks tumbling]

227

00:13:20 --> 00:13:21

[sighs]

228

00:13:21 --> 00:13:26

And there is a bridge  
that drops into infinity.

229

00:13:27 --> 00:13:29

Huh. Great.

230

00:13:30 --> 00:13:31

Just great.

231

00:13:32 --> 00:13:34

[sighs]

232

00:13:34 --> 00:13:36

[suspenseful music playing]

233

00:13:41 --> 00:13:42

[sighs]

234

00:13:47 --> 00:13:49

[eerie music playing]

235

00:14:00 --> 00:14:02

What happened to them?

236

00:14:17 --> 00:14:18

[grunts]

237  
00:14:24 --> 00:14:26  
[panting]

238  
00:14:37 --> 00:14:40  
It looks like some kind of... control panel.

239  
00:14:41 --> 00:14:42  
[exhales]

240  
00:14:43 --> 00:14:47  
Wait, are those... handprints?

241  
00:14:47 --> 00:14:48  
[sighs]

242  
00:14:51 --> 00:14:52  
Here goes.

243  
00:15:12 --> 00:15:13  
[sighs]

244  
00:15:16 --> 00:15:19  
I'm... really sorry about this.

245  
00:15:20 --> 00:15:21  
[machinery whirring]

246  
00:15:21 --> 00:15:23  
[bleeping]

247  
00:15:30 --> 00:15:31  
[Scarecrow whirring]

248  
00:15:33 --> 00:15:34  
[tapping]

249  
00:15:34 --> 00:15:35  
[soft whirring]

250  
00:15:37 --> 00:15:38  
[bleeping]

251  
00:15:38 --> 00:15:40  
[Scarecrow whirrs]

252  
00:15:40 --> 00:15:41  
-[thumping]  
-[Scarecrow growls]

253  
00:15:42 --> 00:15:44  
[low electronic screech]

254  
00:15:49 --> 00:15:51  
[steps receding]

255  
00:15:56 --> 00:15:57  
[Maureen] Hey, what's wrong?

256  
00:15:58 --> 00:16:00  
[John] Scarecrow was in here.

257  
00:16:04 --> 00:16:06  
Hey, was this up before?

258  
00:16:07 --> 00:16:09  
[Maureen] Maybe. I don't know.

259  
00:16:09 --> 00:16:11  
The navigation computers  
run a periodic scan

260

00:16:11 --> 00:16:13  
even when the radar's offline.

261

00:16:13 --> 00:16:15  
It's the location of the Sunshine base.

262

00:16:16 --> 00:16:18  
What if he was spying?

263

00:16:18 --> 00:16:19  
[suspicious music playing]

264

00:16:29 --> 00:16:30  
John, look.

265

00:16:36 --> 00:16:38  
It's Ben Adler's personnel file.

266

00:16:41 --> 00:16:42  
Maybe he was remembering.

267

00:16:44 --> 00:16:45  
Maybe.

268

00:16:48 --> 00:16:49  
What if they weren't good memories?

269

00:16:55 --> 00:16:56  
[unzipping]

270

00:17:03 --> 00:17:05  
[suspenseful music playing]

271

00:17:15 --> 00:17:17  
[intense humming and whooshing]

272

00:17:17 --> 00:17:19  
-[high-pitched whine]  
-[rumbling]

273

00:17:21 --> 00:17:23  
[rumbling gets louder]

274

00:17:26 --> 00:17:29  
It's a variation on the sound  
the robot's spaceship transmitted,

275

00:17:29 --> 00:17:31  
and a lot louder.

276

00:17:32 --> 00:17:34  
We always thought that the...

277

00:17:34 --> 00:17:37  
that the sounds we heard  
were just... feedback or interference,

278

00:17:38 --> 00:17:41  
the way their technology  
interacted with ours. [breathes deeply]

279

00:17:42 --> 00:17:44  
But maybe they were more than that.

280

00:17:47 --> 00:17:49  
[rumbling and whirring]

281

00:17:50 --> 00:17:52  
[intense high-pitched whining]

282

00:17:54 --> 00:17:56

I think they might all be different.

283

00:17:58 --> 00:18:00  
-[low bellowing]  
-[high-pitched shrieking]

284

00:18:01 --> 00:18:03  
[pulsating shrieks]

285

00:18:04 --> 00:18:06  
[rumbling]

286

00:18:09 --> 00:18:12  
[sighs] I don't suppose one of these  
is the volume control.

287

00:18:15 --> 00:18:17  
[medium-pitched humming]

288

00:18:17 --> 00:18:19  
[intense deep bellowing]

289

00:18:21 --> 00:18:23  
The camp's all packed,  
ahead of schedule, thank you very much.

290

00:18:23 --> 00:18:26  
Great. No reason to wait  
till last minute. Let's go now.

291

00:18:26 --> 00:18:28  
Judy to Will Robinson.

292

00:18:28 --> 00:18:30  
[whining and humming over radio]

293

00:18:31 --> 00:18:33  
-Will, do you copy?  
-[static crackling]

294  
00:18:34 --> 00:18:36  
[alien buzzing and droning]

295  
00:18:36 --> 00:18:37  
[shrieking]

296  
00:18:38 --> 00:18:39  
Will?

297  
00:18:40 --> 00:18:41  
Um... [sighs]

298  
00:18:41 --> 00:18:44  
[inhales] I should go get him.  
Can you show me where it is on the map?

299  
00:18:44 --> 00:18:45  
Um...

300  
00:18:46 --> 00:18:48  
Will was in charge of the map.

301  
00:18:49 --> 00:18:51  
I'm done with my physical.

302  
00:18:52 --> 00:18:54  
I know the way. I could take you.

303  
00:18:56 --> 00:18:57  
Um...

304  
00:19:04 --> 00:19:05

All right.

305

00:19:08 --> 00:19:10  
-[wind whistling]  
-[tapping]

306

00:19:11 --> 00:19:13  
[thunder rumbling]

307

00:19:15 --> 00:19:17  
[Scarecrow's steps thumping]

308

00:19:30 --> 00:19:32  
-[sighs] You ready?  
-Yeah.

309

00:19:33 --> 00:19:37  
What about Scarecrow? How do we know  
that once he's on the alien ship,

310

00:19:37 --> 00:19:39  
he won't just fly off and leave us?

311

00:19:39 --> 00:19:40  
I don't think he will.

312

00:19:41 --> 00:19:42  
Why not?

313

00:19:44 --> 00:19:45  
Will said to trust him.

314

00:19:47 --> 00:19:48  
He said to help each other.

315

00:19:49 --> 00:19:50

That's different from trust.

316

00:19:53 --> 00:19:55

Which means we need to protect ourselves.

317

00:20:00 --> 00:20:03

That is why you brought this  
from the Resolute, right?

318

00:20:04 --> 00:20:05

[sighs] Take it.

319

00:20:06 --> 00:20:08

-I don't want it.

-[zipping]

320

00:20:08 --> 00:20:09

[John] Please?

321

00:20:11 --> 00:20:11

Just in case.

322

00:20:20 --> 00:20:21

Good luck.

323

00:20:22 --> 00:20:24

[thunder rumbling]

324

00:20:24 --> 00:20:25

You too.

325

00:20:25 --> 00:20:26

[machinery whirring]

326

00:20:26 --> 00:20:28

[clattering]

327

00:20:34 --&gt; 00:20:35

[Penny] He's not like that at all.

328

00:20:35 --&gt; 00:20:38

-He's completely like that.

-Liam is not a show-off!

329

00:20:38 --&gt; 00:20:39

During the climb, he would not shut up

330

00:20:40 --&gt; 00:20:42

about some cliff in Thailand  
that he used to climb every year.

331

00:20:42 --&gt; 00:20:45

Was this before or after  
you broke your wrist?

332

00:20:45 --&gt; 00:20:48

-Okay, it's not, like, that broken.

-Mmm.

333

00:20:48 --&gt; 00:20:52

-And I slipped because he distracted me.

-He helped you back to camp.

334

00:20:52 --&gt; 00:20:54

That's exactly what show-offs do.

335

00:20:55 --&gt; 00:20:57

You're unbelievable.

336

00:20:57 --&gt; 00:20:59

Actually, what's unbelievable  
is how loud Liam snores.

337

00:20:59 --> 00:21:01  
Yeah, but everybody snores.

338

00:21:01 --> 00:21:05  
-I mean, Judy snores, my dad snores...  
-[laughs] Yeah, I guess my dad snores too.

339

00:21:08 --> 00:21:10  
I've completely lost track  
of what point you're making.

340

00:21:13 --> 00:21:17  
When you talked to your mom and dad,  
did they mention my parents?

341

00:21:21 --> 00:21:25  
Um... We didn't really have  
a lot of time to talk.

342

00:21:30 --> 00:21:32  
You know, the last year, I've just--

343

00:21:32 --> 00:21:34  
I've been pretending  
that we're at summer camp.

344

00:21:36 --> 00:21:37  
You know?

345

00:21:38 --> 00:21:40  
'Cause it's too hard to think  
that maybe they didn't...

346

00:21:41 --> 00:21:42  
they didn't make it.

347

00:21:43 --> 00:21:44  
[Penny] Hey.

348  
00:21:47 --> 00:21:49  
I'm sure your parents are fine.

349  
00:21:49 --> 00:21:50  
Okay?

350  
00:21:52 --> 00:21:55  
[computer alarm beeping]

351  
00:21:55 --> 00:21:56  
Oh, crap.

352  
00:21:58 --> 00:21:59  
-What do we do?  
-Huh...

353  
00:22:00 --> 00:22:01  
Delegate.

354  
00:22:01 --> 00:22:03  
I can't get ahold of Judy or Will,

355  
00:22:03 --> 00:22:05  
and even if I could,  
they can't get here in time.

356  
00:22:05 --> 00:22:08  
The computer wants us to launch now,  
or it'll be too late.

357  
00:22:08 --> 00:22:10  
[Grant] Just calm down.

358

00:22:10 --> 00:22:12  
We're going to talk through this, okay?

359  
00:22:13 --> 00:22:15  
-[breathing shakily] Okay.  
-[Grant] All right.

360  
00:22:16 --> 00:22:17  
What's changed?

361  
00:22:17 --> 00:22:20  
Our previous calculations  
were based on a narrow set of data.

362  
00:22:20 --> 00:22:22  
It was the best we could get  
in this canyon.

363  
00:22:22 --> 00:22:25  
But after Judy found you,  
she left her receiver behind.

364  
00:22:25 --> 00:22:27  
Up there, its antenna  
can see the whole sky.

365  
00:22:27 --> 00:22:29  
There are more asteroids than we thought.

366  
00:22:29 --> 00:22:31  
They keep crashing  
and making baby asteroids.

367  
00:22:31 --> 00:22:33  
If we don't launch now,  
it'll be so dangerous

368

00:22:33 --> 00:22:35  
the autopilot won't let us  
turn on the engines.

369  
00:22:36 --> 00:22:40  
-The computer can ground the ship?  
-If it thinks we're doing something crazy.

370  
00:22:42 --> 00:22:44  
It's not like I'd leave them,

371  
00:22:44 --> 00:22:46  
but I don't wanna strand  
everybody else either.

372  
00:22:47 --> 00:22:49  
That's not a decision  
you should have to make.

373  
00:22:49 --> 00:22:51  
Well, I'm acting cocaptain.

374  
00:22:54 --> 00:22:55  
[Vijay] What are you doing?

375  
00:22:58 --> 00:23:00  
[automated voice]  
Warning, disabling autopilot.

376  
00:23:00 --> 00:23:02  
-[power fades]  
-It's done.

377  
00:23:02 --> 00:23:03  
[Penny] What?

378  
00:23:04 --> 00:23:06

We can't launch the Jupiter  
without autopilot.

379

00:23:07 --> 00:23:08

Sure we can.

380

00:23:13 --> 00:23:14

[Smith] It's this way.

381

00:23:16 --> 00:23:17

[echoing] Will?

382

00:23:19 --> 00:23:20

Will?

383

00:23:21 --> 00:23:23

I have a confession to make.

384

00:23:23 --> 00:23:25

You don't really know French?

385

00:23:27 --> 00:23:28

I can fly the Jupiter.

386

00:23:29 --> 00:23:32

Since when? What's the ADI?

387

00:23:33 --> 00:23:34

[sighs]

388

00:23:35 --> 00:23:37

It's the attitude director indicator.

389

00:23:37 --> 00:23:41

It provides a continuous readout  
of the ship's rotational rates.

390

00:23:42 --> 00:23:44  
You know, roll, pitch, and yaw.

391

00:23:45 --> 00:23:49  
I could step in  
if something were to happen to you.

392

00:23:50 --> 00:23:51  
This is about the cryotube, right?

393

00:23:53 --> 00:23:57  
Next time, don't send Vijay Dhar to do  
your dirty work. He's terrible at it.

394

00:23:57 --> 00:23:59  
We don't have enough air left  
on the Jupiter.

395

00:23:59 --> 00:24:02  
The only reason your presence on the ship  
didn't suffocate us all before

396

00:24:02 --> 00:24:04  
is because you were the margin of error.

397

00:24:04 --> 00:24:05  
It's used up.

398

00:24:05 --> 00:24:08  
We don't have enough air in the Jupiter  
because of Grant Kelly.

399

00:24:10 --> 00:24:11  
He should go in the tube.

400

00:24:12 --> 00:24:14

It's his tube.

401

00:24:14 --> 00:24:16

He's a decorated astronaut.

402

00:24:16 --> 00:24:18

His decorations are 20 years old.

403

00:24:20 --> 00:24:24

[scoffs] I'm not saying I'm perfect,  
but I'm the devil you know.

404

00:24:24 --> 00:24:26

What do you really know about Grant Kelly?

405

00:24:26 --> 00:24:28

I know everything that matters.

406

00:24:29 --> 00:24:30

[Smith sighs]

407

00:24:35 --> 00:24:39

I'm not going to willingly climb  
into a prison I can't escape from.

408

00:24:41 --> 00:24:44

How do I know you won't shove me  
into the police station at Alpha Centauri?

409

00:24:44 --> 00:24:47

-We'll let you out the minute we're there.  
-I can't trust you.

410

00:24:47 --> 00:24:49

-You have my word.  
-No, you don't understand. I--

411

00:24:50 --&gt; 00:24:51

I can't trust you..

412

00:24:52 --&gt; 00:24:54

because I can't trust anyone.

413

00:24:56 --&gt; 00:24:57

Hmm.

414

00:24:59 --&gt; 00:25:02

Why would I ever get into a cryotube

415

00:25:02 --&gt; 00:25:05

when there's-- there's no one in the world  
who would wanna wake me up?

416

00:25:09 --&gt; 00:25:12

I've-- I've done things I regret.

417

00:25:12 --&gt; 00:25:14

I've done bad things, but...

418

00:25:15 --&gt; 00:25:20

the only thing that's worse  
than being bad is being powerless.

419

00:25:22 --&gt; 00:25:25

I can't give up control  
without some kind of guarantee,

420

00:25:25 --&gt; 00:25:29

so you're gonna have to give me  
something stronger than your word.

421

00:25:31 --&gt; 00:25:32

It's all I have.

422

00:25:35 --> 00:25:36  
I appreciate your honesty.

423

00:25:37 --> 00:25:39  
[alien humming and screeching]

424

00:25:41 --> 00:25:42  
You hear that?

425

00:25:43 --> 00:25:44  
[rumbling]

426

00:25:45 --> 00:25:46  
It must be Will.

427

00:25:48 --> 00:25:49  
-[sighs]  
-[Judy] Will?

428

00:25:51 --> 00:25:53  
[alien roaring]

429

00:25:53 --> 00:25:55  
[intense rumbling]

430

00:25:58 --> 00:26:00  
[rumbling dies down]

431

00:26:03 --> 00:26:05  
-[pulsating screech]  
-[rumbling]

432

00:26:16 --> 00:26:19  
[Robot] Trust Will Robinson.

433  
00:26:21 --> 00:26:23  
[rumbling]

434  
00:26:24 --> 00:26:26  
-[screeching]  
-[loud rumbling]

435  
00:26:29 --> 00:26:31  
Almost done.  
Just a few more left to record.

436  
00:26:32 --> 00:26:33  
[panting]

437  
00:26:33 --> 00:26:34  
[groans]

438  
00:26:35 --> 00:26:37  
-[intense rumbling]  
-[panting]

439  
00:26:41 --> 00:26:42  
Come on, come on!

440  
00:26:44 --> 00:26:45  
[crashing]

441  
00:26:45 --> 00:26:47  
[yelps, pants]

442  
00:26:48 --> 00:26:50  
-[screeching]  
-[gasps]

443  
00:26:51 --> 00:26:52

[yelps]

444

00:26:55 --> 00:26:56

[panting]

445

00:27:03 --> 00:27:04

-[yells]

-[Judy] Will!

446

00:27:05 --> 00:27:08

-Will, get out of there!

-What do you think I'm doing?

447

00:27:08 --> 00:27:11

-[grinding]

-No! The door's closing!

448

00:27:12 --> 00:27:14

-[grunts]

-I can't stop it!

449

00:27:16 --> 00:27:18

-[grunts]

-[Judy] Will!

450

00:27:18 --> 00:27:21

[grunting, panting]

451

00:27:22 --> 00:27:23

-[Will] Wait.

-[Judy] Will!

452

00:27:24 --> 00:27:25

[metal clanks]

453

00:27:26 --> 00:27:28

-[both panting]

-Are you okay?

454

00:27:28 --> 00:27:30  
Yeah. Yeah, I think so.

455

00:27:30 --> 00:27:33  
-[rumbling continues]  
-[sighs] Huh.

456

00:27:39 --> 00:27:41  
-It's a good thing you had that with you.  
-[sighs]

457

00:27:43 --> 00:27:44  
[wheels rolling]

458

00:27:45 --> 00:27:46  
[John grunting]

459

00:27:47 --> 00:27:49  
[grunting]

460

00:27:51 --> 00:27:53  
-[Don] I can see you're getting tired.  
-[John grunting]

461

00:27:54 --> 00:27:56  
-Let's just take five.  
-[John] Yeah. [groans]

462

00:27:57 --> 00:28:01  
[panting] These things,  
they look so light.

463

00:28:01 --> 00:28:02  
-[wind whistling]  
-Phew.

464

00:28:03 --&gt; 00:28:05

-[John wheezing]

-[Don] Phew.

465

00:28:09 --&gt; 00:28:11

-Hey, are you the jealous type?

-Nope. [sighs]

466

00:28:14 --&gt; 00:28:16

What if the other guy is... much bigger,

467

00:28:17 --&gt; 00:28:18

has a body that won't quit,

468

00:28:19 --&gt; 00:28:21

four arms with lots of fingers?

469

00:28:22 --&gt; 00:28:23

[laughs]

470

00:28:23 --&gt; 00:28:24

Aah.

471

00:28:26 --&gt; 00:28:28

[panting]

472

00:28:30 --&gt; 00:28:32

Seriously, do you think Maureen's okay  
with the new guy?

473

00:28:37 --&gt; 00:28:39

She knows what she has to do  
if things go bad.

474

00:28:43 --&gt; 00:28:45

[Scarecrow's steps thumping]

475

00:28:50 --> 00:28:52

[whirrs]

476

00:28:55 --> 00:28:57

[soft buzzing]

477

00:29:15 --> 00:29:17

What are you gonna do when this is over?

478

00:29:19 --> 00:29:22

You have a place to go to  
after you take us to Alpha Centauri?

479

00:29:33 --> 00:29:35

Are you looking for a new home,

480

00:29:36 --> 00:29:37

like we are?

481

00:29:38 --> 00:29:41

Or are you just gonna keep going,

482

00:29:41 --> 00:29:42

see what's out there?

483

00:29:54 --> 00:29:55

What we did to you is wrong.

484

00:29:58 --> 00:30:01

I can't pretend to imagine

485

00:30:02 --> 00:30:05

the suffering you went through  
on the Resolute.

486

00:30:11 --> 00:30:14  
What happened to you there  
will never happen again.

487

00:30:16 --> 00:30:19  
If we're gonna work together,  
we need to trust each other,

488

00:30:19 --> 00:30:23  
and I-- I haven't been  
worthy of your trust.

489

00:30:27 --> 00:30:29  
I wanna give you this.

490

00:30:42 --> 00:30:44  
Did you do this?

491

00:30:46 --> 00:30:48  
[growls]

492

00:30:50 --> 00:30:51  
[closes case]

493

00:30:55 --> 00:30:57  
All right, everybody.  
Pay attention, please.

494

00:30:58 --> 00:31:02  
Please double-check  
that everything is tied down.

495

00:31:02 --> 00:31:03  
It's gonna be a bumpy ride,

496

00:31:03 --> 00:31:05  
and I don't want anybody taking  
a loose box to the teeth.

497

00:31:06 --> 00:31:09  
Judy, thank God you're back.  
You need to talk to Grant.

498

00:31:10 --> 00:31:11  
Okay. Well, where is he?

499

00:31:14 --> 00:31:17  
Hey, uh... I know it was hard for you, but...

500

00:31:18 --> 00:31:20  
you did the right thing  
staying with the ship.

501

00:31:25 --> 00:31:27  
And I think I found something  
that can help us later.

502

00:31:36 --> 00:31:39  
If our positions were reversed,  
you'd have made the same call.

503

00:31:39 --> 00:31:42  
-A captain doesn't leave people behind.  
-These kids are my responsibility.

504

00:31:42 --> 00:31:44  
My mission was to get them  
to Alpha Centauri.

505

00:31:44 --> 00:31:46  
-Now we can't leave.  
-Your mission hasn't failed.

506

00:31:46 --> 00:31:50  
-The computer doesn't--  
-It nearly stranded you in space.

507

00:31:50 --> 00:31:52  
That is what happened, isn't it?

508

00:31:52 --> 00:31:54  
You came looking for me on the Fortuna,

509

00:31:54 --> 00:31:56  
and the autopilot tried  
to leave you behind.

510

00:31:56 --> 00:31:58  
We had limited options.  
We lost a thruster.

511

00:31:58 --> 00:32:01  
Thanks to your brother,  
all the thrusters are working now.

512

00:32:02 --> 00:32:05  
-I can fly this ship off the planet.  
-Manually?

513

00:32:10 --> 00:32:12  
You put too much faith in computers.

514

00:32:13 --> 00:32:16  
The Fortuna's computer kept me on ice.  
because it thought it was keeping me safe.

515

00:32:16 --> 00:32:18  
I had no choice.

516

00:32:18 --> 00:32:21  
If it were up to me,  
I would have woken up a long time ago

517  
00:32:22 --> 00:32:25  
and turned off the damn signal  
that drew you all off course.

518  
00:32:26 --> 00:32:28  
And none of you kids would be here.

519  
00:32:31 --> 00:32:34  
I was not picked for my mission  
because I'm a good sleeper.

520  
00:32:35 --> 00:32:37  
I can fly us through that asteroid field.

521  
00:32:39 --> 00:32:39  
I don't know.

522  
00:32:42 --> 00:32:43  
You do know.

523  
00:32:55 --> 00:32:57  
-[Will] What are you doing?  
-Uh--

524  
00:32:59 --> 00:33:01  
You almost lost your arm  
because of this camera.

525  
00:33:02 --> 00:33:04  
It must be important.

526  
00:33:04 --> 00:33:06  
-Well, can I have it back?

-Of course.

527

00:33:06 --> 00:33:09

It'll be tucked safe  
inside the cryotube with me.

528

00:33:09 --> 00:33:11

Once we get to Alpha Centauri,

529

00:33:11 --> 00:33:14

you'll just pop open the hatch  
and get it back.

530

00:33:15 --> 00:33:17

This is my insurance policy.

531

00:33:18 --> 00:33:20

[sighs] No.

532

00:33:22 --> 00:33:24

I'm your insurance policy.

533

00:33:24 --> 00:33:25

Excuse me?

534

00:33:26 --> 00:33:30

After we all get to the colony,  
the robot and I have something to do.

535

00:33:30 --> 00:33:32

Something my family won't like.

536

00:33:32 --> 00:33:34

I promise I won't get in your way.

537

00:33:34 --> 00:33:37

I need you to get in theirs.  
Distract them while we sneak off.

538

00:33:37 --> 00:33:39  
It's something you're good at.

539

00:33:39 --> 00:33:42  
In order for you to do that, I have  
to let you out of the tube. So, deal?

540

00:33:45 --> 00:33:48  
Finally, I've had some influence on you.

541

00:33:50 --> 00:33:54  
You and the robot are going to do  
something foolish and heroic, aren't you?

542

00:33:54 --> 00:33:55  
[sighs]

543

00:33:57 --> 00:33:59  
Not foolish.

544

00:34:01 --> 00:34:03  
Okay. You're gonna feel a slight tingle

545

00:34:03 --> 00:34:06  
followed by a warm flush  
through your body.

546

00:34:06 --> 00:34:07  
[bleeping]

547

00:34:07 --> 00:34:09  
[sighs] All right.

548

00:34:12 --> 00:34:15  
-[sighs]  
-Just count backwards from a hundred.

549  
00:34:25 --> 00:34:27  
[automated voice] Cryo-sequence initiated.

550  
00:34:27 --> 00:34:29  
Vital signs stable.

551  
00:34:34 --> 00:34:37  
-She looks peaceful.  
-Mm. She should be unconscious more often.

552  
00:34:40 --> 00:34:42  
[indistinct chatter]

553  
00:34:45 --> 00:34:46  
A little late to bring this up,

554  
00:34:46 --> 00:34:50  
but why'd you have to fix  
the Jupiter's engine if we've got that?

555  
00:34:50 --> 00:34:54  
It seems like we'd be on Alpha Centauri  
in time for dinner if you switched it on.

556  
00:34:54 --> 00:34:55  
[Robot] Danger.

557  
00:34:56 --> 00:34:59  
That machine rips open a hole  
in the fabric of space.

558  
00:35:00 --> 00:35:01  
We have to be in orbit to use it safely.

559

00:35:02 --&gt; 00:35:05

Well, by the sounds of it, getting  
into orbit is gonna be dangerous too.

560

00:35:06 --&gt; 00:35:10

[Judy on PA] Launch commences  
in T-minus ten, nine...

561

00:35:10 --&gt; 00:35:12

-[Grant] Seals, check.  
-Eight, seven...

562

00:35:12 --&gt; 00:35:13

-Internal power, check.  
-...six...

563

00:35:14 --&gt; 00:35:16

-Fuel prepress, check.  
-...five, four...

564

00:35:16 --&gt; 00:35:19

-All systems go.  
-...three, two, one.

565

00:35:19 --&gt; 00:35:20

-Liftoff.  
-[engine roars]

566

00:35:20 --&gt; 00:35:22

[dramatic music playing]

567

00:35:34 --&gt; 00:35:36

[adventurous music playing]

568

00:36:01 --&gt; 00:36:02

[beeping]

569

00:36:03 --> 00:36:04  
[whirring and bleeping]

570

00:36:05 --> 00:36:06  
Exterior obstacles detected.

571

00:36:06 --> 00:36:09  
-I see them.  
-[whooshing]

572

00:36:09 --> 00:36:11  
[crashing]

573

00:36:11 --> 00:36:12  
[all yell]

574

00:36:15 --> 00:36:16  
[all yell]

575

00:36:22 --> 00:36:24  
[crashing]

576

00:36:39 --> 00:36:41  
Okay, hang on. We're almost out.

577

00:36:41 --> 00:36:44  
[automated voice] Warning.  
Flight path compromised.

578

00:36:44 --> 00:36:45
