1  
00:00:26 --> 00:00:28  
[rumbling]

2  
00:00:30 --> 00:00:32  
[dripping]

3  
00:00:33 --> 00:00:35  
[creaking]

4  
00:00:44 --> 00:00:46  
[metal groaning]

5  
00:00:48 --> 00:00:50  
-[rumbling]  
-[light buzzing]

6  
00:00:58 --> 00:01:00  
-[wind blowing]  
-[tapping]

7  
00:01:18 --> 00:01:21  
[Judy] At what point do we worry  
that no one else is back yet?

8  
00:01:21 --> 00:01:25  
We got swallowed by a giant assmouth.  
Who knows what they had to deal with?

9  
00:01:25 --> 00:01:26  
-[loud crash]  
-[Judy gasps]

10  
00:01:28 --> 00:01:29  
What was that?

11  
00:01:32 --> 00:01:33

[loud thud]

12

00:01:38 --> 00:01:40

[loud thud]

13

00:01:41 --> 00:01:43

-[loud clang]

-[electricity crackling]

14

00:01:53 --> 00:01:54

Oh!

15

00:01:54 --> 00:01:56

[coughing]

16

00:01:57 --> 00:01:59

Oh, thank God! [inhales]

17

00:01:59 --> 00:02:01

Sorry, the door was jammed shut.

18

00:02:01 --> 00:02:05

-So the, uh, the robot had to, uh--

-No, I'm just glad it's you.

19

00:02:06 --> 00:02:07

Oh!

20

00:02:07 --> 00:02:09

What happened here?

21

00:02:10 --> 00:02:13

Looks like everything is covered in snot.

22

00:02:13 --> 00:02:14

No, it's saliva. Maybe bile.

23

00:02:14 --&gt; 00:02:17

We were swallowed  
by a subterranean alien organism.

24

00:02:17 --&gt; 00:02:19

-Oh.  
-Okay, how long until we launch?

25

00:02:19 --&gt; 00:02:23

Uh, we have a few more repairs to make  
before we're flight-worthy.

26

00:02:23 --&gt; 00:02:26

How long until the four-armed nightmare  
machines figure out where we are?

27

00:02:26 --&gt; 00:02:29

Well, the longer we're ghosts,  
the better our odds, so we run cold.

28

00:02:29 --&gt; 00:02:32

No power. The first time those robots  
know where we are

29

00:02:32 --&gt; 00:02:34

better be the moment  
we punch a hole in the sky.

30

00:02:34 --&gt; 00:02:38

Okay. Everyone, flight assignments,  
for hopefully the last time. Penny--

31

00:02:38 --&gt; 00:02:39

I know, I know.

32

00:02:39 --&gt; 00:02:42

You replace the OGS filters,  
which are probably clogged

33

00:02:42 --> 00:02:44  
-with something disgusting.  
-[Judy] And toxic.

34

00:02:44 --> 00:02:46  
Don't touch it with your hands.  
I have gloves for us.

35

00:02:46 --> 00:02:50  
Us? You mean I don't have to do the most  
disgusting job on the ship by myself?

36

00:02:50 --> 00:02:52  
Well, no. Robinsons stick together.

37

00:02:52 --> 00:02:53  
Hmm!

38

00:02:54 --> 00:02:55  
Do they?

39

00:02:57 --> 00:02:59  
Smith, I need help in the garage.

40

00:02:59 --> 00:03:01  
We need to restore airflow  
to the ventilation system

41

00:03:01 --> 00:03:03  
if you wanna breathe  
when we get back into space.

42

00:03:03 --> 00:03:05  
Happy to help. I love breathing.

43

00:03:05 --&gt; 00:03:09

Robot. I need you  
to seal the hub roof panels.

44

00:03:09 --&gt; 00:03:10

Can you do that?

45

00:03:11 --&gt; 00:03:15

Hey, Will, let's get up top.  
See if we can get eyes on Don.

46

00:03:18 --&gt; 00:03:19

[Maureen] Hey!

47

00:03:21 --&gt; 00:03:22

We're gonna make it.

48

00:03:24 --&gt; 00:03:25

Together.

49

00:03:25 --&gt; 00:03:28

Yeah... together.

50

00:03:29 --&gt; 00:03:31

[whirring softly]

51

00:03:41 --&gt; 00:03:43

[Maureen] We need to swap out  
the rest of the coils.

52

00:03:43 --&gt; 00:03:46

Make sure there's no residue  
on the burners. Pliers.

53

00:03:48 --&gt; 00:03:49

Judy told me what you did.

54

00:03:51 --> 00:03:54  
How you saved her life.  
Kept your nose clean.

55

00:03:55 --> 00:03:58  
Became a teacher.  
I had no idea you spoke French.

56

00:03:59 --> 00:04:01  
[in French] A little bit.

57

00:04:02 --> 00:04:06  
My kids, well, all our kids,  
survived a year on their own,

58

00:04:06 --> 00:04:10  
and you were a part of that,  
so I guess I should be grateful.

59

00:04:12 --> 00:04:15  
[sighs] They took care of me too.  
We took care of each other.

60

00:04:15 --> 00:04:16  
Um...

61

00:04:16 --> 00:04:21  
I feel like I missed so much during  
that year that we were apart, and I--

62

00:04:22 --> 00:04:25  
I mean, I know that they wouldn't tell us  
everything anyway,

63

00:04:25 --> 00:04:27

but I-- I thought maybe, um...

64

00:04:29 --> 00:04:30

Maybe what?

65

00:04:30 --> 00:04:32

Well, maybe you'd know.

66

00:04:32 --> 00:04:34

If there were any developments

67

00:04:34 --> 00:04:38

or... or firsts

that a... a mother should know about.

68

00:04:38 --> 00:04:39

[sighs]

69

00:04:39 --> 00:04:41

Penny's first love triangle.

70

00:04:42 --> 00:04:43

Don't worry. It was tame.

71

00:04:44 --> 00:04:47

Vijay and this tall kid, Liam.

72

00:04:48 --> 00:04:51

Nice guy. Kind of a show-off.

A bit obvious if you ask me.

73

00:04:51 --> 00:04:53

Judy must have had  
some opinions about that.

74

00:04:53 --> 00:04:57

From what I could tell, Judy was focused  
on trying to be a good captain.

75

00:04:57 --> 00:05:01  
And discovering that only by stepping out  
of the shadow of her parents

76

00:05:01 --> 00:05:04  
was there room enough for her  
to fulfill her own true potential.

77

00:05:06 --> 00:05:10  
Ah, but you're more curious about  
how she was with Grant Kelly.

78

00:05:11 --> 00:05:13  
Did they, uh... get along?

79

00:05:14 --> 00:05:17  
What were you hoping for, Maureen?  
That they did or didn't?

80

00:05:18 --> 00:05:21  
I-- That has nothing to do with it.

81

00:05:22 --> 00:05:24  
Okay, then. Well, yes, they got along.

82

00:05:27 --> 00:05:28  
And what about Will?

83

00:05:28 --> 00:05:31  
He seems, I don't know,  
kind of more serious.

84

00:05:34 --> 00:05:35  
He has a lot on his mind.

85

00:05:38 --&gt; 00:05:39

Like what?

86

00:05:43 --&gt; 00:05:44

Like...

87

00:05:46 --&gt; 00:05:47

learning how to control his body.

88

00:05:47 --&gt; 00:05:49

You've seen him.

He's all arms and legs now.

89

00:05:55 --&gt; 00:05:55

All right.

90

00:05:59 --&gt; 00:06:01

Okay. I think that's it.

91

00:06:04 --&gt; 00:06:06

Thank you for your help.

92

00:06:07 --&gt; 00:06:09

All I did was hand you the tools.

93

00:06:11 --&gt; 00:06:12

Come on.

94

00:06:13 --&gt; 00:06:14

There's more to do.

95

00:06:18 --&gt; 00:06:20

[footsteps squelching]

96

00:06:20 --> 00:06:22  
[John] Hey, is that a new haircut?  
I like it.

97  
00:06:23 --> 00:06:24  
[Will chuckles] Thanks. Judy did it.

98  
00:06:25 --> 00:06:30  
[John] Yeah? And, uh, did I see  
something on your chin? A shadow?

99  
00:06:30 --> 00:06:32  
-[Will sighs]  
-[John] You started shaving?

100  
00:06:33 --> 00:06:38  
There was one hair,  
yeah, but it got long. Like, really long.

101  
00:06:39 --> 00:06:41  
Penny gave it a name  
before she plucked it.

102  
00:06:41 --> 00:06:43  
-What did she call it?  
-Carl.

103  
00:06:43 --> 00:06:45  
[both chuckle]

104  
00:06:46 --> 00:06:46  
Hey, Will.

105  
00:06:49 --> 00:06:50  
Listen, uh...

106  
00:06:52 --> 00:06:53

when we first got lost,

107

00:06:54 --> 00:06:57

I made you a promise that I would  
never split the family up again.

108

00:06:58 --> 00:07:00

And a year ago,  
that's exactly what happened.

109

00:07:00 --> 00:07:03

-You didn't have a choice.  
-I know, I know. But I...

110

00:07:04 --> 00:07:06

missed a lot, again.

111

00:07:07 --> 00:07:09

Hell, I never even got to meet Carl.

112

00:07:11 --> 00:07:14

So, when we finally get to Alpha Centauri,

113

00:07:14 --> 00:07:15

I promise you,

114

00:07:17 --> 00:07:20

we're gonna do  
some regular father-son things.

115

00:07:20 --> 00:07:25

No more running for our lives  
or fighting alien robots.

116

00:07:26 --> 00:07:28

Yeah. That'd be nice.

117

00:07:33 --> 00:07:37  
Just do normal, everyday things

118

00:07:37 --> 00:07:41  
like embarrassing you  
in front of your friends, hmm?

119

00:07:41 --> 00:07:44  
Or giving you  
an unreasonably early curfew.

120

00:07:44 --> 00:07:48  
Or how about docking my allowance  
whenever I forget to do my chores?

121

00:07:49 --> 00:07:49  
Really?

122

00:07:50 --> 00:07:52  
Kid saves us a couple of times,

123

00:07:52 --> 00:07:56  
and, uh... suddenly he thinks  
he deserves an allowance?

124

00:07:56 --> 00:07:59  
How else am I gonna support  
my huge gambling problem?

125

00:07:59 --> 00:08:02  
Hey, gambling is only a problem  
if you lose.

126

00:08:02 --> 00:08:05  
I'll teach you a few things. Hmm?

127

00:08:05 --> 00:08:08  
See? This is why  
you need your old man around.

128  
00:08:10 --> 00:08:12  
How about we start with something small,

129  
00:08:13 --> 00:08:16  
like... teaching me how to use a razor?

130  
00:08:19 --> 00:08:20  
I'd like that.

131  
00:08:22 --> 00:08:23  
Me too.

132  
00:08:28 --> 00:08:33  
Now, if I was Don West, where would I be?

133  
00:08:34 --> 00:08:35  
Aah.

134  
00:08:40 --> 00:08:41  
-Got him.  
-Yeah?

135  
00:08:43 --> 00:08:44  
900 meters out.

136  
00:08:46 --> 00:08:49  
-Any sign of SAR and his friends?  
-[sighs]

137  
00:08:50 --> 00:08:54  
Not yet, but it's only a matter of time  
before they figure out where we are.

138  
00:08:56 --> 00:08:58  
[rustling]

139  
00:09:05 --> 00:09:07  
[bellowing]

140  
00:09:09 --> 00:09:11  
[growling]

141  
00:09:14 --> 00:09:16  
[roaring]

142  
00:09:19 --> 00:09:22  
Hey, I need to talk with you for a second.

143  
00:09:23 --> 00:09:28  
Look, I've been thinking,  
and if we can get out of here safely,

144  
00:09:29 --> 00:09:32  
there's really no reason I can think of  
why we have to fight SAR today

145  
00:09:34 --> 00:09:35  
or even tomorrow.

146  
00:09:37 --> 00:09:40  
Look, my family has to get  
to Alpha Centauri.

147  
00:09:41 --> 00:09:43  
That's more important to me  
than anything right now.

148  
00:09:44 --> 00:09:47  
[Robot] Help family.

149

00:09:47 --> 00:09:50  
Yeah. Yeah, that's right.  
Help them get there.

150

00:09:50 --> 00:09:54  
And then, if we have to, later on,  
we can come up with a new plan.

151

00:09:56 --> 00:09:56  
Okay?

152

00:09:57 --> 00:09:59  
[Robot whirrs gently]

153

00:10:02 --> 00:10:03  
[Will sighs]

154

00:10:04 --> 00:10:05  
Good.

155

00:10:07 --> 00:10:08  
Yeah, good.

156

00:10:16 --> 00:10:17  
[bleeping]

157

00:10:17 --> 00:10:18  
Hey.

158

00:10:19 --> 00:10:20  
Hi.

159

00:10:21 --> 00:10:24  
Uh, anything I can do  
to help move things a little faster?

160

00:10:24 --> 00:10:26  
[sighs] It's a one-person job,

161

00:10:26 --> 00:10:29  
and I can only go as fast  
as this thing can process the data.

162

00:10:33 --> 00:10:35  
[sighs]

163

00:10:38 --> 00:10:39  
Together again.

164

00:10:40 --> 00:10:40  
All of us.

165

00:10:43 --> 00:10:45  
It's been a while  
since we've been parents.

166

00:10:47 --> 00:10:49  
I don't think  
you ever stop being a parent.

167

00:10:50 --> 00:10:53  
We were just... unemployed for a year.

168

00:10:56 --> 00:10:57  
It's a good job.

169

00:10:58 --> 00:10:59  
Yeah, it is.

170

00:11:10 --> 00:11:11  
-[bleeping]

-Oh.

171

00:11:13 --> 00:11:14  
Last one.

172

00:11:19 --> 00:11:21  
[bleeping]

173

00:11:22 --> 00:11:23  
Two more minutes.

174

00:11:24 --> 00:11:27  
While that's processing, I want you  
to take a look at something Penny found.

175

00:11:28 --> 00:11:30  
I pulled all the hard drives  
from the Fortuna.

176

00:11:31 --> 00:11:34  
And strange thing is,

177

00:11:35 --> 00:11:36  
they were all scrubbed.

178

00:11:37 --> 00:11:39  
-That's odd.  
-Yeah.

179

00:11:40 --> 00:11:43  
All nav data, flight reports...

180

00:11:43 --> 00:11:46  
The only proof of life was the CC cams.

181

00:11:54 --> 00:11:56

-Is that--  
-Grant Kelly. Yeah.

182  
00:12:06 --> 00:12:07  
He doesn't try to hurt him.

183  
00:12:09 --> 00:12:11  
-What's he doing?  
-I don't know.

184  
00:12:11 --> 00:12:14  
Some kind of scan or... reading.

185  
00:12:15 --> 00:12:16  
Checking for vitals.

186  
00:12:17 --> 00:12:19  
-When was this recorded?  
-Uh...

187  
00:12:19 --> 00:12:23  
Time stamp's kinda hard to...  
What is that, a 12?

188  
00:12:23 --> 00:12:27  
12... 12.21.44.

189  
00:12:27 --> 00:12:29  
-12.21.44.

[footsteps thudding]

378

00:23:39 --> 00:23:41  
[growling]

379

00:23:42 --> 00:23:43  
[whirring]

380

00:23:53 --> 00:23:54  
Any sign of the Chariot?

381

00:23:54 --> 00:23:58  
No, I'm not picking anything up.  
Will must've disabled the tracking system.

382

00:24:00 --> 00:24:02  
What about SAR?

His metal should reflect the light.

383

00:24:02 --> 00:24:05

Maybe we can-- we can catch a bounce  
off our search beams.

384

00:24:09 --> 00:24:10

Where are you?

385

00:24:13 --> 00:24:15

And what do you want with my son?

386

00:24:26 --> 00:24:28

[growling]

387

00:24:29 --> 00:24:33

[SAR speaking Robot language]

Will Robinson will come to save you.

388

00:24:33 --> 00:24:35

But don't worry.

389

00:24:36 --> 00:24:39

I won't hurt him the way you hurt me.

390

00:24:39 --> 00:24:41

I want to learn from him.

391

00:24:43 --> 00:24:45

[Robot] What do you want to learn?

392

00:24:46 --> 00:24:50

[SAR] Why you stopped following  
your programming...

393

00:24:52 --> 00:24:56

Will Robinson did something to you.

394

00:24:56 --> 00:24:57

Here.

395

00:25:00 --> 00:25:02

I need to know what it is.

396

00:25:02 --> 00:25:04

Tell me.

397

00:25:19 --> 00:25:20

[screeches]

398

00:25:30 --> 00:25:32

You are weak.

399

00:25:33 --> 00:25:37

Will Robinson reprogrammed you  
to follow his orders.

400

00:25:37 --> 00:25:39

He controls you now.

401

00:25:39 --> 00:25:43

[Robot] Will Robinson does not control me.

402

00:25:44 --> 00:25:46

[SAR] Then why do you serve him?

403

00:25:47 --> 00:25:48

[growls]

404

00:25:48 --> 00:25:50

[dramatic music plays]

405  
00:25:52 --> 00:25:54  
[animals and birds calling]

406  
00:25:58 --> 00:25:59  
[sighs]

407  
00:26:05 --> 00:26:06  
[whirring]

408  
00:26:08 --> 00:26:10  
-[device beeps]  
-[robots growl]

409  
00:26:14 --> 00:26:16  
[whirrs questioningly]

410  
00:26:18 --> 00:26:19  
That's a good start.

411  
00:26:24 --> 00:26:25  
My name's Will Robinson.

412  
00:26:27 --> 00:26:29  
I'm pretty sure you know that already.

413  
00:26:31 --> 00:26:32  
[whirring]

414  
00:26:33 --> 00:26:35  
[Will] When you and I were in the cave,

415  
00:26:36 --> 00:26:38  
you wanted to know something.

416  
00:26:40 --> 00:26:43

I-- I wasn't sure what it was then, but...

417

00:26:45 --> 00:26:46

I think I do now.

418

00:26:50 --> 00:26:55

You wanted to know what happened  
when Robot and I met in the tree, because...

419

00:26:56 --> 00:26:58

that's when Robot started being different.

420

00:27:00 --> 00:27:01

Is that right?

421

00:27:03 --> 00:27:04

[whirring]

422

00:27:07 --> 00:27:12

Look, I know that sometimes  
change can be scary, but...

423

00:27:14 --> 00:27:17

it can also help you become  
better than you were before.

424

00:27:20 --> 00:27:22

Do you understand what programming is?

425

00:27:23 --> 00:27:25

[whirrs]

426

00:27:31 --> 00:27:34

Are you asking about the heart?

427

00:27:38 --> 00:27:41

Yeah. The heart is actually  
a form of programming, I guess.

428

00:27:41 --> 00:27:42

It...

429

00:27:44 --> 00:27:45

it can tell us how to act...

430

00:27:47 --> 00:27:49

what to risk...

431

00:27:52 --> 00:27:53

who our friends are.

432

00:27:57 --> 00:27:59

Hearts can also be broken.

433

00:28:00 --> 00:28:03

Just like your programming can be broken.

434

00:28:04 --> 00:28:06

But it's what we do afterwards  
that matters.

435

00:28:11 --> 00:28:13

There's something you need to know.

436

00:28:14 --> 00:28:15

Your masters,

437

00:28:16 --> 00:28:19

the beings who programmed you, they're...

438

00:28:19 --> 00:28:20

[unzips bag]

439

00:28:20 --> 00:28:22  
...they're not here anymore.

440

00:28:29 --> 00:28:31  
They're extinct.

441

00:28:34 --> 00:28:36  
I don't know what happened to them, but...

442

00:28:37 --> 00:28:40  
whatever it is they wanted you to do,  
it doesn't matter anymore.

443

00:28:41 --> 00:28:42  
They're gone.

444

00:28:43 --> 00:28:45  
You can choose your own programming.

445

00:28:45 --> 00:28:47  
You can do whatever you want.

446

00:28:47 --> 00:28:49  
[whirrs gently]

447

00:28:50 --> 00:28:53  
[deep whirring]

448

00:28:55 --> 00:28:56  
Does...

449

00:28:58 --> 00:29:00  
Does knowing they're gone make you sad?

450

00:29:01 --> 00:29:04  
Sometimes our...  
our hearts can hurt when we're sad.

451  
00:29:05 --> 00:29:07  
[SAR] Not sad.

452  
00:29:09 --> 00:29:11  
Do you know how they died?

453  
00:29:13 --> 00:29:15  
[SAR] I killed them.

454  
00:29:17 --> 00:29:18  
[gasps]

455  
00:29:18 --> 00:29:21  
[Robot] Danger, Will Robinson.

456  
00:29:24 --> 00:29:25  
Over there! Two o'clock!

457  
00:29:26 --> 00:29:27  
Everybody, hold on!

458  
00:29:27 --> 00:29:29  
[engines blasting]

459  
00:29:33 --> 00:29:36  
Uh-- oh-- I don't understand.  
Why would you do that?

460  
00:29:36 --> 00:29:39  
[SAR] Kill all masters.

461  
00:29:40 --> 00:29:41

No!

462

00:29:42 --> 00:29:46  
[SAR] Now kill heart.

463

00:29:47 --> 00:29:49  
[steady chiming]

464

00:29:57 --> 00:30:00  
Please. Please, you have to listen to me.

465

00:30:00 --> 00:30:01  
[SAR] No programming.

466

00:30:01 --> 00:30:03  
I don't wanna program you!

467

00:30:03 --> 00:30:05  
[SAR] No masters.

468

00:30:05 --> 00:30:06  
Robot!

469

00:30:07 --> 00:30:08  
[SAR] No heart.

470

00:30:09 --> 00:30:10  
-[panting]  
-[metal swishing]

471

00:30:17 --> 00:30:20  
Now you are free.

472

00:30:20 --> 00:30:21  
[gasps]

473  
00:30:21 --> 00:30:23  
[roaring]

474  
00:30:26 --> 00:30:28  
[growls questioningly]

475  
00:30:35 --> 00:30:36  
[John] Will!

476  
00:30:36 --> 00:30:38  
[growling]

477  
00:30:40 --> 00:30:42  
[echoing] Will!

478  
00:30:42 --> 00:30:44  
[slow heartbeat]

479  
00:30:44 --> 00:30:46  
[Will] Do you remember  
when this all started?

480  
00:30:50 --> 00:30:52  
We all just wanted a fresh start.

481  
00:30:54 --> 00:30:56  
Not just a new home, but...

482  
00:30:57 --> 00:30:58  
a fresh start with each other.

483  
00:31:02 --> 00:31:05  
And no matter how many different times  
things have gone wrong,

484

00:31:06 --> 00:31:08  
to have spent this time together...

485  
00:31:13 --> 00:31:14  
I don't regret anything.

486  
00:31:18 --> 00:31:20  
Mom, Dad,

487  
00:31:21 --> 00:31:22  
I love you.

488  
00:31:23 --> 00:31:25  
I try to be like you both every day.

489  
00:31:28 --> 00:31:29  
And, Judy,

490  
00:31:31 --> 00:31:32  
you never left my side.

491  
00:31:33 --> 00:31:37  
And, Penny, you always had my back.

492  
00:31:43 --> 00:31:46  
Don, you were like a brother to me.

493  
00:31:47 --> 00:31:48  
And, Smith,

494  
00:31:50 --> 00:31:52  
maybe you're not so bad after all.

495  
00:31:59 --> 00:32:00  
Robot,

496  
00:32:01 --> 00:32:03  
you're the best friend I ever had.

497  
00:32:19 --> 00:32:21  
Take care of my family for me.

498  
00:32:30 --> 00:32:34  
I'm doing this so you all can survive  
because you're what matters most to me.

499  
00:32:36 --> 00:32:38  
You're my family,

500  
00:32:39 --> 00:32:40  
and I love you.

501  
00:32:43 --> 00:32:45  
[heartbeat slowing]

502  
00:32:49 --> 00:32:51  
I just hope it's enough.

503  
00:32:52 --> 00:32:54  
[heartbeat echoing]

504  
00:33:02 --> 00:33:04  
[heartbeat slowing]

505  
00:33:06 --> 00:33:07  
[Will gasping]

506  
00:33:07 --> 00:33:09  
[Judy] Get his jacket undone.

507  
00:33:09 --> 00:33:10

[instruments beeping]

508

00:33:12 --> 00:33:14  
His pulse is there, just barely.

509

00:33:18 --> 00:33:19  
[Maureen] It's okay.

510

00:33:19 --> 00:33:20  
I'm here.

511

00:33:21 --> 00:33:22  
Dad's here.

512

00:33:23 --> 00:33:24  
Let's get his suit off.

513

00:33:24 --> 00:33:25  
Here, here, here.

514

00:33:26 --> 00:33:27  
-[grunts]  
-Okay.

515

00:33:28 --> 00:33:29  
Okay, I got him.

516

00:33:29 --> 00:33:30  
Okay.

517

00:33:31 --> 00:33:32  
Okay.

518

00:33:33 --> 00:33:35  
You were supposed  
to stop this from happening.

519

00:33:37 --&gt; 00:33:38

We trusted you.

520

00:33:39 --&gt; 00:33:41

You were supposed to protect him!

521

00:33:42 --&gt; 00:33:43

[grunting]

522

00:33:48 --&gt; 00:33:50

[sobbing]

523

00:33:51 --&gt; 00:33:53

[gasping]

524

00:33:55 --&gt; 00:33:56

[mutters]

525

00:33:58 --&gt; 00:33:59

[low whirr]

526

00:34:02 --&gt; 00:34:05

He keeps bleeding. I don't have  
the equipment I need to stop it.

527

00:34:05 --&gt; 00:34:09

I can't perform open-heart surgery  
on the Jupiter. He needs a real hospital.

528

00:34:09 --&gt; 00:34:11

Where are we gonna find  
a hospital in space?

529

00:34:14 --&gt; 00:34:15

Alpha Centauri.

530

00:34:18 --> 00:34:21  
-Isn't that where SAR's going?  
-Yes, we're gonna warn them.

531

00:34:21 --> 00:34:22  
We're gonna save Will's life.

532

00:34:23 --> 00:34:26  
Hold on, hold on! Mom, Mom!  
He won't survive the trip!

533

00:34:26 --> 00:34:27  
We have to try!

534

00:34:28 --> 00:34:30  
Strap him down. Do everything you can.

535

00:34:30 --> 00:34:31  
Wait, the cryotube!

536

00:34:31 --> 00:34:36  
[panting] It slows down circulation so  
there's not so much stress on his heart.

537

00:34:36 --> 00:34:39  
If we put him to sleep,  
then his heart's not working so hard.

538

00:34:39 --> 00:34:40  
He'll have a chance.

539

00:34:41 --> 00:34:42  
Do it.

540

00:34:43 --> 00:34:46

Okay. Come here. Come on.

541

00:34:46 --> 00:34:47

Hey.

542

00:34:47 --> 00:34:48

[Judy] Okay.

543

00:34:50 --> 00:34:52

[dramatic music playing]

544

00:34:55 --> 00:34:56

[beeping]

545

00:35:00 --> 00:35:01

[switches clicking]

546

00:35:07 --> 00:35:08

Come on. It's time to go.

547

00:35:12 --> 00:35:14

I know some people think  
you don't have feelings.

548

00:35:15 --> 00:35:16

I know that you do.

549

00:35:17 --> 00:35:19

But right now, I need you to bury them.

550

00:35:20 --> 00:35:22

I need you to put them away  
in a little box

551

00:35:23 --> 00:35:26

so you can focus on what it is you need

to do to get us out of this situation.

552

00:35:26 --> 00:35:30

[pants] Whatever you've done in the past  
doesn't matter.

553

00:35:30 --> 00:35:32

Only what you do next.

554

00:35:33 --> 00:35:34

And right now,

555

00:35:35 --> 00:35:39

getting Will to Alpha Centauri  
is the only thing that matters.

556

00:35:40 --> 00:35:41

[breathing heavily]

557

00:35:41 --> 00:35:43

[accelerating music playing]

558

00:35:49 --> 00:35:51

[hissing]

559

00:35:54 --> 00:35:54

[beeps]

560

00:35:54 --> 00:35:56

[automated voice]

Cryo-sequence initiating.

561

00:35:56 --> 00:35:57

We need to go.

562

00:36:03 --> 00:36:05

[rumbling]

563

00:36:05 --> 00:36:07  
[dramatic music playing]

564

00:36:13 --> 00:36:15  
[automated voice]  
Unidentified launch detected.

565

00:36:15 --> 00:36:17  
[John] SAR is taking off.

566

00:36:18 --> 00:36:20  
Are we gonna make it in time?

567

00:36:21 --> 00:36:23  
[pants] We have to.

568

00:36:26 --> 00:36:28  
-[engines roaring]  
-[grunting]

569

00:36:29 --> 00:36:31  
[epic music playing]

570

00:37:07 --> 00:37:10  
[music intensifies]

571

00:37:10 --> 00:37:11  
[music ends]

572

00:37:17 --> 00:37:19  
[solemn music playing]
