EPISODE 3.07

"Contingencies on Contingencies"

The Robinsons race to get help for Will, warn the other colonists and activate a secret defense system. Vijay tags along with Penny on a risky outing.

EPISODE CAST

Molly Parker	...	Maureen Robinson
Toby Stephens	...	John Robinson
Maxwell Jenkins	...	Will Robinson
Taylor Russell	...	Judy Robinson
Mina Sundwall	...	Penny Robinson
Ignacio Serricchio	...	Don West
Brian Steele	...	The Robot
Parker Posey	...	June Harris / Dr. Smith
Russell Hornsby	...	Grant Kelly
JJ Feild	...	Ben Adler
Ajay Friese	...	Vijay Dhar
Raza Jaffrey	...	Victor Dhar
Douglas Hodge	...	Hastings
Charles Vandervaart	...	Liam Tufeld
Nevis Unipan	...	Samantha
Amelia Burstyn	...	Diane
Karen LeBlanc	...	Chancellor
Viv Leacock	...	Reese
Aria DeMaris	...	Izabel Azevedo
Shaun Parkes	...	Captain Radic
Veenu Sandhu	...	Prisha Dhar
Zehra Fazal	...	Jupiter / Resolute Computer (voice)
June Lockhart	...	Alpha Control (voice)
John JJ Miller	...	Willem Adler
Nathan Parrott	...	Henry Adler

1
00:00:09 --> 00:00:11
[mysterious music playing]

2
00:00:21 --> 00:00:23
[music intensifies]

3
00:00:25 --> 00:00:27
[thrilling music playing]

4
00:00:29 --> 00:00:31
[automated voice]
Entering Alpha Centauri orbit.

5
00:00:32 --> 00:00:33
It looks fine.

6
00:00:33 --> 00:00:35
[automated voice] Scan complete.

7
00:00:35 --> 00:00:37
There's no sign of alien ships.

8
00:00:38 --> 00:00:40
Jude, how's Will?

9
00:00:42 --> 00:00:43
He's holding stable.

10
00:00:45 --> 00:00:46
What do you think?

11
00:00:46 --> 00:00:48
I think we should take a closer look.

12
00:00:52 --> 00:00:54

[epic music playing]

13

00:01:33 --> 00:01:34
[Maureen] Girls, it's...

14

00:01:36 --> 00:01:37
it's beautiful.

15

00:01:38 --> 00:01:41
Would it have killed your mother
to put a window in here?

16

00:01:43 --> 00:01:45
[June, on radio] Jupiter 2,
this is operations.

17

00:01:45 --> 00:01:47
You're all clear for landing.

18

00:01:47 --> 00:01:49
Welcome home, Robinsons.

19

00:01:52 --> 00:01:53
[John] On approach.

20

00:01:53 --> 00:01:55
[epic music playing]

21

00:02:22 --> 00:02:23
[sighs]

22

00:02:25 --> 00:02:28
Before I go out there,
I need to know, are we good?

23

00:02:28 --> 00:02:29

[Judy] We're bracing for an alien attack.

24

00:02:30 --> 00:02:34

Will's in critical condition, and...
and you're worried about being arrested?

25

00:02:37 --> 00:02:39

Hope for the best,
prepare for the worst, right?

26

00:02:40 --> 00:02:44

Well, we talked,
and we all agreed to let karma handle it.

27

00:02:44 --> 00:02:47

You know, in the end,
everyone gets what they deserve.

28

00:02:48 --> 00:02:50

[Maureen] Come on, everyone. Let's go.

29

00:02:51 --> 00:02:54

This is Judy Robinson of the Jupiter 2
requesting escort to medical.

30

00:02:54 --> 00:02:55

Hey, no!

31

00:02:56 --> 00:02:57

You stay here.

32

00:02:58 --> 00:03:02

Most of the colonists here
have never seen an alien robot.

33

00:03:02 --> 00:03:04

We don't wanna scare 'em.

34

00:03:12 --> 00:03:15
[Radoo] This way. Follow me.
The doctors are waiting.

35

00:03:15 --> 00:03:17
[woman] Waiting to get
the nano-sequencing back.

36

00:03:17 --> 00:03:19
Family members only beyond this point.

37

00:03:20 --> 00:03:20
Family only.

38

00:03:21 --> 00:03:23
[indistinct chatter]

39

00:03:23 --> 00:03:24
[man] We're ready for him.

40

00:03:26 --> 00:03:26
Wait.

41

00:03:27 --> 00:03:28
Are you family?

42

00:03:29 --> 00:03:30
[Don] Um...

43

00:03:30 --> 00:03:31
No.

44

00:03:32 --> 00:03:33
[sighs] No, I guess I'm not.

45

00:03:38 --> 00:03:40

-We've got it.

-I need to give you the report--

46

00:03:40 --> 00:03:42

You haven't been through decontamination.

47

00:03:42 --> 00:03:44

We received your transmission
and his charts.

48

00:03:44 --> 00:03:47

Thanks to what you did up there
and the resources we have here,

49

00:03:47 --> 00:03:49

I promise you,
your brother's going to make it.

50

00:03:54 --> 00:03:56

-He's gonna make it.

-[John sighs]

51

00:03:57 --> 00:03:58

[Maureen sighs]

52

00:04:01 --> 00:04:02

[shakily] Okay.

53

00:04:03 --> 00:04:04

-[Penny laughs]

-Okay.

54

00:04:06 --> 00:04:08

-We need to warn the others.

-Yeah.

55

00:04:08 --> 00:04:12
[sighs] Judy, stay and see if you can get
something for your shoulder.

56

00:04:12 --> 00:04:13
[Judy] Okay.

57

00:05:02 --> 00:05:05
[automated voice] ID chip scanned.
Hello, Dr. Zoe Smith.

58

00:05:05 --> 00:05:08
Where would you like to navigate?
Work or home?

59

00:05:08 --> 00:05:09
Home.

60

00:05:18 --> 00:05:21
-[Maureen] There's still no sign of them.
-[Victor] Maureen. John!

61

00:05:23 --> 00:05:25
-[John] Hey.
-[Reece] Where've you been?

62

00:05:25 --> 00:05:27
You didn't follow us.
We were worried something happened.

63

00:05:27 --> 00:05:28
-Oh!
-Something did.

64

00:05:29 --> 00:05:30
We have bad news.

65

00:05:30 --> 00:05:32
[Victor] Can't remember a time
you arrived with good news.

66

00:05:32 --> 00:05:34
That's fair, but this could be the worst.

67

00:05:36 --> 00:05:40
[indistinct chatter]

68

00:05:40 --> 00:05:41
[whispers] Hey.

69

00:05:41 --> 00:05:42
[indistinct chatter continues]

70

00:05:45 --> 00:05:46
[Liam laughing]

71

00:05:46 --> 00:05:48
[Penny laughing] Oh my God!

72

00:05:50 --> 00:05:51
-Hi!
-Oh!

73

00:05:52 --> 00:05:55
Listen, I'm so sorry.
I should have stayed on your Jupiter.

74

00:05:55 --> 00:05:57
It's okay. I had my family.

75

00:05:57 --> 00:06:00
It's just, what kind of guy
leaves a girl alone in a time of crisis?

76

00:06:02 --> 00:06:03
Here, um... I got these for you.

77

00:06:04 --> 00:06:05
Flowers! [chuckles]

78

00:06:05 --> 00:06:08
Not just any flowers.
Alpha Centauri humming flowers.

79

00:06:08 --> 00:06:11
When the wind blows through them,
it sounds like music.

80

00:06:11 --> 00:06:13
I wouldn't get too close.
They sound better than they smell.

81

00:06:13 --> 00:06:15
Really? [sniffs]

82

00:06:15 --> 00:06:16
Oh wow. [laughs]

83

00:06:16 --> 00:06:19
-Should call them farting flowers.
-[giggles]

84

00:06:21 --> 00:06:22
Um...

85

00:06:23 --> 00:06:24
Thank you.

86

00:06:25 --> 00:06:26

They're beautiful.

87

00:06:33 --> 00:06:35

Any-- anyways, um...

88

00:06:35 --> 00:06:38

it's really great that you made it,
and I hope that your brother's okay.

89

00:06:40 --> 00:06:41

Thank you.

90

00:06:41 --> 00:06:42

Really.

91

00:06:47 --> 00:06:49

Oh, actually, um...

92

00:06:51 --> 00:06:52

there's something you both should know.

93

00:06:54 --> 00:06:55

[woman] Thank you for the warning.

94

00:06:57 --> 00:07:00

If what you're saying is true,
shouldn't these robots be here?

95

00:07:00 --> 00:07:02

We've been asking ourselves
the same thing,

96

00:07:02 --> 00:07:05

but I'd rather be wrong and ready
than right and dead.

97

00:07:05 --> 00:07:06
Unfortunately, Madam Chancellor,

98

00:07:06 --> 00:07:10
I've found the Robinsons to be almost
always accurate in their conclusions.

99

00:07:11 --> 00:07:12
[scoffs]

100

00:07:13 --> 00:07:18
So, everything we believed
about how we got here was a lie.

101

00:07:18 --> 00:07:20
Does the colony have
any kind of defense system?

102

00:07:21 --> 00:07:22
Until now, I wasn't aware we needed one.

103

00:07:23 --> 00:07:26
Look, our priority has been
getting basic services running.

104

00:07:26 --> 00:07:28
Water supply, power, et cetera.

105

00:07:28 --> 00:07:31
I'm afraid
if we're going to defend ourselves,

106

00:07:32 --> 00:07:33
we'll have to find another way.

107

00:07:37 --> 00:07:39
[indistinct chatter]

108

00:07:44 --> 00:07:45
How's he doing?

109

00:07:47 --> 00:07:51
Oh, his vitals are strong.
They're giving him an artificial heart.

110

00:07:51 --> 00:07:52
-What?
-[Judy] He'll be okay.

111

00:07:53 --> 00:07:55
With the bad air quality back on Earth,

112

00:07:55 --> 00:07:57
I knew kids on the track team
that got artificial lungs

113

00:07:57 --> 00:07:59
and never missed a beat.

114

00:07:59 --> 00:08:01
Yeah, but Will's heart
is like his superpower.

115

00:08:02 --> 00:08:04
A heart isn't determined
by what it's made of.

116

00:08:04 --> 00:08:07
It's... it's what you believe in.
It's what you fight for.

117

00:08:10 --> 00:08:12
Will isn't gonna let that change.

118

00:08:13 --> 00:08:15
Judy, he knew these robots
better than anyone.

119

00:08:17 --> 00:08:20
If Will couldn't beat SAR, what makes us
think we can do it without him?

120

00:08:21 --> 00:08:23
[John] Can we divert enough energy
for a kill box?

121

00:08:23 --> 00:08:25
[Maureen] I'm not sure the robots
would fall for that again, but--

122

00:08:25 --> 00:08:27
We have quite a bit of solar,

123

00:08:27 --> 00:08:29
some wind, as you saw
from the turbines as you flew in,

124

00:08:29 --> 00:08:35
but the bulk of our energy
is actually, uh, hydroelectric, the dam.

125

00:08:35 --> 00:08:38
Can you, uh-- pull that grid up for me?

126

00:08:38 --> 00:08:39
Yeah.

127

00:08:42 --> 00:08:44
-That's odd.
-What?

128

00:08:44 --> 00:08:46
-Can I-- can I borrow this?
-Uh...

129

00:08:47 --> 00:08:49
The numbers, they're--
they're not adding up.

130

00:08:51 --> 00:08:55
The settlement, it's making
way more power than it needs.

131

00:08:55 --> 00:08:58
I'd imagine that's just
to accommodate for future growth.

132

00:08:58 --> 00:09:01
I didn't see enough infrastructure
that would need that kind of power.

133

00:09:01 --> 00:09:03
Unless...

134

00:09:06 --> 00:09:08
Where do you keep your prisoners?

135

00:09:11 --> 00:09:16
[Hastings] "As flies to wanton boys
are we to the gods."

136

00:09:18 --> 00:09:20
"They kill us for their sport."

137

00:09:23 --> 00:09:24
King Lear.

138

00:09:27 --> 00:09:29
Never could get used
to reading off screens.

139
00:09:30 --> 00:09:33
There's something about the feel
of turning a page, don't you think?

140
00:09:34 --> 00:09:36
[Maureen] Depends if it's a good book.

141
00:09:36 --> 00:09:38
Some are just better left closed.

142
00:09:38 --> 00:09:42
And yet here you are,
locked up on that sunshine base.

143
00:09:42 --> 00:09:43
You... [sighs]

144
00:09:44 --> 00:09:46
You ignored me for a year.

145
00:09:47 --> 00:09:49
So why the sudden urge to chat?

146
00:09:49 --> 00:09:51
The chancellor told us
there's no defense system

147
00:09:51 --> 00:09:52
here on Alpha Centauri.

148
00:09:53 --> 00:09:54
And you think she's lying?

149

00:09:54 --> 00:09:57

No, we don't think she's lying.
We think she was kept in the dark.

150

00:09:57 --> 00:10:00

Ah, well, one man's darkness
is another man's light.

151

00:10:01 --> 00:10:02

They know where we are.

152

00:10:03 --> 00:10:06

The robots, they know
the location of Alpha Centauri.

153

00:10:13 --> 00:10:14

How do you mean?

154

00:10:14 --> 00:10:16

Whatever secrets
you were hoping to take to your grave,

155

00:10:16 --> 00:10:21

you're going to take them there today
unless you help us.

156

00:10:25 --> 00:10:26

Okay.

157

00:10:28 --> 00:10:29

Yes.

158

00:10:30 --> 00:10:31

We prepared a system of EMFs,

159

00:10:33 --> 00:10:36

hidden here, so we could
defend the colony against any, uh...

160

00:10:36 --> 00:10:38
any unforeseen aggression.

161

00:10:38 --> 00:10:40
-Unforeseen?
-Relax, John.

162

00:10:41 --> 00:10:42
I think we can help each other.

163

00:10:43 --> 00:10:46
I'll provide the keys
to turn the system on.

164

00:10:46 --> 00:10:50
And in return,
you will explain to the chancellor

165

00:10:50 --> 00:10:53
that the accusations against me
were a misunderstanding,

166

00:10:54 --> 00:10:56
and I can be
of much greater service to the colony

167

00:10:57 --> 00:11:00
if my authority is restored.

168

00:11:01 --> 00:11:02
[John] Men like you...

169

00:11:03 --> 00:11:06
contingencies on contingencies.

170

00:11:07 --> 00:11:09

You'd have someone else here with access

171

00:11:09 --> 00:11:11

in case anything happened to you
in transit.

172

00:11:11 --> 00:11:16

So how about we find out whoever that is,
and you sit in here and rot?

173

00:11:16 --> 00:11:19

Normally, you'd be correct, John,
but it, uh...

174

00:11:19 --> 00:11:21

Oh, it seems

175

00:11:21 --> 00:11:26

I've removed all their permission keys.

176

00:11:27 --> 00:11:29

Like you-- like you say,

177

00:11:30 --> 00:11:32

contingencies on contingencies.

178

00:11:34 --> 00:11:35

Which means...

179

00:11:37 --> 00:11:41

I'm the only one left alive on the planet
who can save everyone.

180

00:11:44 --> 00:11:45

[radio chatter]

181

00:11:46 --> 00:11:49

[woman] Jupiter 14 to command.
Surveillance cleared on resident 42.

182

00:11:49 --> 00:11:52

[man] Move and report. Transferring
prisoner 001, Alistair Hastings,

183

00:11:52 --> 00:11:54

from holding to residence.

184

00:11:54 --> 00:11:55

[Robot] Danger.

185

00:11:59 --> 00:12:01

[birdsong]

186

00:12:03 --> 00:12:04

Make yourselves at home.

187

00:12:06 --> 00:12:07

Ah.

188

00:12:08 --> 00:12:10

Just like I remembered it.

189

00:12:10 --> 00:12:12

[coughs] Phew!

190

00:12:12 --> 00:12:14

It's a bit dusty, but, uh...

191

00:12:15 --> 00:12:17

Can I get you anything to drink, John?

192

00:12:17 --> 00:12:20
The only thing I want from you
is access to the defense system.

193

00:12:20 --> 00:12:24
You know, I have to say
I have the utmost respect

194

00:12:24 --> 00:12:27
for the sacrifices you military men make.

195

00:12:27 --> 00:12:32
How you-- how you're always
ready for a fight. No fear.

196

00:12:34 --> 00:12:37
It's because of men like you that men
like me make a difference in the world.

197

00:12:37 --> 00:12:39
I don't fight for men like you.

198

00:12:39 --> 00:12:42
[Hastings] No, that's-- that's right.
No, you fight for your family now.

199

00:12:45 --> 00:12:47
Just give me the key.

200

00:12:50 --> 00:12:53
[Hastings] From what I hear, your family
just got a little more interesting.

201

00:12:54 --> 00:12:58
Grant Kelly, rising from the ashes.

202
00:12:58 --> 00:13:00
[suspicious music playing]

203
00:13:11 --> 00:13:12
[John] Stay here.

204
00:13:22 --> 00:13:24
[bleeping]

205
00:13:26 --> 00:13:28
[bleeping and clicking]

206
00:13:33 --> 00:13:34
Robot?

207
00:13:43 --> 00:13:44
[birds calling]

208
00:13:53 --> 00:13:54
[thumping]

209
00:13:54 --> 00:13:56
[clicking]

210
00:13:56 --> 00:13:57
[guard] Mr. Robinson?

211
00:14:01 --> 00:14:02
[faint trill]

212
00:14:06 --> 00:14:08
[thumping]

213
00:14:08 --> 00:14:09
[panting]

214
00:14:09 --> 00:14:12
No. I'm sorry.

215
00:14:12 --> 00:14:13
[robot whirrs]

216
00:14:13 --> 00:14:15
[foreboding music playing]

217
00:14:21 --> 00:14:23
[ominous music playing]

218
00:14:42 --> 00:14:44
[grunts, pants]

219
00:14:44 --> 00:14:45
[watch chimes]

220
00:14:45 --> 00:14:46
[sighs]

221
00:14:47 --> 00:14:49
[chiming]

222
00:14:52 --> 00:14:54
[alarm blares]

223
00:14:57 --> 00:14:59
[beeping]

224
00:15:04 --> 00:15:05
We'll divide and conquer.

225
00:15:05 --> 00:15:08

I'll take a team of Chariots
and try and track and contain the robot.

226

00:15:08 --> 00:15:09
I'll stay back,

227

00:15:09 --> 00:15:12
try to get that defense system activated
some other way.

228

00:15:13 --> 00:15:16
Here, I found that in Hastings' hand.

229

00:15:16 --> 00:15:19
I think he pulled it out of his safe.
It might mean something.

230

00:15:19 --> 00:15:20
I'll look into it.

231

00:15:20 --> 00:15:21
You be careful.

232

00:15:22 --> 00:15:25
Anything changes,
even the weather, you call me.

233

00:15:29 --> 00:15:30
John.

234

00:15:31 --> 00:15:33
Something feels wrong.

235

00:15:34 --> 00:15:38
The fact that SAR isn't here yet.
What-- what's he waiting for?

236

00:15:38 --> 00:15:39
Maybe he's planning.

237

00:15:40 --> 00:15:42
We know the robots can learn.

238

00:15:42 --> 00:15:46
One thing's for sure.
They'll hit us differently this time.

239

00:15:47 --> 00:15:48
We just have to be ready.

240

00:15:53 --> 00:15:54
[Grant] I got the alert.

241

00:15:55 --> 00:15:58
-What's goin' on?
-Grant. I'm glad you're here.

242

00:15:58 --> 00:16:01
-[Penny] Where's Dad going?
-Did something happen with the robot?

243

00:16:01 --> 00:16:03
Girls, I need you
to listen to me for a second.

244

00:16:03 --> 00:16:05
All that time
that you spent with the robot,

245

00:16:05 --> 00:16:09
did you notice anything...
different about him?

246

00:16:09 --> 00:16:10
Wait, did he hurt someone?

247

00:16:10 --> 00:16:13
I know. It doesn't seem like something he would do, but--

248

00:16:13 --> 00:16:14
[Grant] Maybe it wasn't him.

249

00:16:14 --> 00:16:16
No, based on the injuries,

250

00:16:16 --> 00:16:17
-it was definitely--
-No, no, no.

251

00:16:17 --> 00:16:19
It's like what you said happened on the Jupiter.

252

00:16:19 --> 00:16:21
Maybe it was him,
but he didn't know what he was doing.

253

00:16:21 --> 00:16:24
-What are you talking about?
-Okay, before we found you guys,

254

00:16:24 --> 00:16:26
for a few minutes, it's like he was possessed by something.

255

00:16:26 --> 00:16:27
Possessed?

256

00:16:27 --> 00:16:30

Manipulated remotely, like a puppet.
Will thinks it was SAR.

257

00:16:30 --> 00:16:33
And-- and you didn't think to tell us?

258

00:16:33 --> 00:16:36
In all fairness to the girls, Maureen,
there was a lot going on.

259

00:16:36 --> 00:16:38
If anybody looks for the robot,
it should be someone he trusts. Will.

260

00:16:39 --> 00:16:41
Right! Well, that isn't really an option
right now, is it?

261

00:16:42 --> 00:16:44
-[sighs]
-Okay. Come on, Penny. Let's go.

262

00:16:46 --> 00:16:48
Listen, I'm sorry. I shouldn't have--

263

00:16:49 --> 00:16:51
Welcome to the wonderful world
of parenting. [chuckles]

264

00:16:52 --> 00:16:53
I may be behind in that department,

265

00:16:53 --> 00:16:56
but there are areas
I can help you with if you need it.

266

00:16:56 --> 00:17:00

Mrs. Robinson. The procedure was a success. Will's in recovery.

267

00:17:00 --> 00:17:03
He'll need to be for some time,
but you can see him now.

268

00:17:03 --> 00:17:03
Okay.

269

00:17:04 --> 00:17:06
Grant, I could use
a new set of eyes on this.

270

00:17:06 --> 00:17:08
Meet me at the Ops Center.

271

00:17:08 --> 00:17:09
Yeah.

272

00:17:12 --> 00:17:14
[adventurous music playing]

273

00:17:17 --> 00:17:21
I have to admit, you surprised me, John.
You're always the one defending the robot.

274

00:17:22 --> 00:17:23
You said he was developing human traits.

275

00:17:25 --> 00:17:29
Being more human
isn't necessarily proof of humanity.

276

00:17:31 --> 00:17:34
To be honest, when the robot
was more like a machine,

277

00:17:34 --> 00:17:36
it was more dependable.

278

00:17:37 --> 00:17:40
Do you want me to drive so you can rest?
I'm sure it's been a while.

279

00:17:41 --> 00:17:45
I haven't had a rest in over a year.
What's one more day?

280

00:17:49 --> 00:17:50
I'm fine. Really.

281

00:17:53 --> 00:17:55
All right, spread into your search zones.

282

00:17:55 --> 00:17:58
The target is extremely dangerous.
Approach with caution.

283

00:17:59 --> 00:18:01
[Penny] We need to find the robot.

284

00:18:01 --> 00:18:04
I mean, if SAR comes back, we need
something big and metal on our side.

285

00:18:04 --> 00:18:07
[Judy] The point is
he might not be on our side anymore.

286

00:18:07 --> 00:18:09
Don't you think
it's worth finding out for sure?

287

00:18:10 --> 00:18:12
-If someone else gets there first--
-He'll defend himself.

288

00:18:12 --> 00:18:15
Exactly. We need to consider the fact

289

00:18:16 --> 00:18:18
that no one will buy my book
if it ends that way.

290

00:18:18 --> 00:18:19
Penny.

291

00:18:19 --> 00:18:23
I'm just saying, we only have one option.
We find the robot before Dad does.

292

00:18:23 --> 00:18:25
[Judy] Well... [sighs]

293

00:18:26 --> 00:18:27
...we're gonna need some help.

294

00:18:30 --> 00:18:31
[slow bleeping]

295

00:18:34 --> 00:18:36
[exhales]

296

00:18:41 --> 00:18:41
Where...

297

00:18:43 --> 00:18:44
Where is everybody?

298

00:18:45 --> 00:18:46
Are-- are they okay?

299

00:18:46 --> 00:18:47
Everyone's fine.

300

00:18:48 --> 00:18:51
We're all here on Alpha Centauri.

301

00:18:51 --> 00:18:52
[sighs]

302

00:18:54 --> 00:18:54
Robot?

303

00:18:56 --> 00:18:57
He's here too.

304

00:19:00 --> 00:19:01
We made it.

305

00:19:03 --> 00:19:05
SAR knows where to find us.

306

00:19:07 --> 00:19:10
He does, but we're working on that.

307

00:19:15 --> 00:19:16
Mom.

308

00:19:16 --> 00:19:19
I thought I could change him.
I thought that...

309

00:19:23 --> 00:19:26

I thought I could save everybody, but...

310

00:19:28 --> 00:19:29

I failed.

311

00:19:33 --> 00:19:34

Listen to me.

312

00:19:36 --> 00:19:37

You didn't fail.

313

00:19:39 --> 00:19:40

We are gonna figure it out.

314

00:19:43 --> 00:19:46

-How?

-Alpha Centauri has a defense system.

315

00:19:46 --> 00:19:48

We just need to find a way
how to turn it on.

316

00:19:49 --> 00:19:50

No one knows how?

317

00:19:50 --> 00:19:51

Well, Hastings, but he's...

318

00:19:53 --> 00:19:55

he's not talking right now.

319

00:19:55 --> 00:19:59

But I'm sure that there's
someone else here who will.

320

00:20:00 --> 00:20:05

Look, the most important thing
you can do right now is to rest, okay?

321

00:20:06 --> 00:20:07

[Will sighs]

322

00:20:08 --> 00:20:10

Actually,

323

00:20:11 --> 00:20:14

there is something else I have to do.

324

00:20:27 --> 00:20:31

[automated voice] Welcome home, Dr. Smith.
You've arrived at your destination.

325

00:20:33 --> 00:20:35

[door whirrs]

326

00:20:35 --> 00:20:38

[sweeping orchestral music playing]

327

00:20:54 --> 00:20:56

[footsteps thumping]

328

00:21:02 --> 00:21:04

[gasps]

329

00:21:08 --> 00:21:10

You caused quite a stir back in town.

330

00:21:15 --> 00:21:17

Do you wanna talk about it?

331

00:21:17 --> 00:21:18

[whirring]

332

00:21:20 --> 00:21:23
You've helped me before.
Maybe I can help you.

333

00:21:23 --> 00:21:26
'Cause I understand how it feels

334

00:21:27 --> 00:21:28
to desperately want to be good,

335

00:21:29 --> 00:21:31
but sometimes needing to be bad.

336

00:21:32 --> 00:21:35
I know what it is
to be backed into a corner

337

00:21:35 --> 00:21:38
and feel like the only way out
is to keep hurting everyone around you.

338

00:21:38 --> 00:21:42
Just please, uh... let-- let me help.

339

00:21:42 --> 00:21:43
[sighs]

340

00:21:58 --> 00:22:02
Passport. Grocery. Trash. Laundry.

341

00:22:03 --> 00:22:05
It sounds like a list of chores.

342

00:22:07 --> 00:22:09
I'm pretty sure

you wouldn't keep that in a safe.

343

00:22:09 --> 00:22:12

For what it's worth,
I keep a lot of weird stuff in my safe.

344

00:22:13 --> 00:22:15

I don't doubt that, Sebastian.

345

00:22:15 --> 00:22:18

It must be some kind of access code.

346

00:22:21 --> 00:22:23

Read it to me, and-- and I'll enter it in.

347

00:22:23 --> 00:22:26

Typing them isn't going to work.
It's a VBAS.

348

00:22:27 --> 00:22:29

Voice Biometric Authentication System.

349

00:22:30 --> 00:22:33

-How-- how do you know that?
-Can I speak to you for a moment?

350

00:22:43 --> 00:22:45

What if I told you my mission 20 years ago

351

00:22:45 --> 00:22:47

wasn't an exploratory journey
to Alpha Centauri,

352

00:22:47 --> 00:22:49

-but to explore something else?
-[sighs]

353

00:22:49 --> 00:22:51

-It wasn't anything shady like that.
-[Maureen] Right.

354

00:22:52 --> 00:22:54

Because secret government missions
are never shady.

355

00:22:54 --> 00:22:56

It started with a small group
of scientists at NASA

356

00:22:57 --> 00:22:58

who discovered a rift in space

357

00:22:59 --> 00:23:02

opening and closing,
just like the one you've seen made by--

358

00:23:02 --> 00:23:03

The alien engines.

359

00:23:03 --> 00:23:05

But back then, we had no idea what it was.

360

00:23:05 --> 00:23:08

And since the unknown
tends to scare the crap out of civilians,

361

00:23:08 --> 00:23:13

we needed a cover story to hide the truth,
which was that the crew of the Fortuna

362

00:23:13 --> 00:23:16

was being sent to find
what was on the other side of that rift.

363

00:23:17 --> 00:23:20

Where it went to,
what was causing it, or who.

364

00:23:20 --> 00:23:24

And that's why the flight data
was scrubbed from your hard drives.

365

00:23:24 --> 00:23:27

No one could know what we were doing.
Not even mission control.

366

00:23:28 --> 00:23:31

So our communication was always coded
and encrypted by a VBAS,

367

00:23:31 --> 00:23:35

a series of words read aloud
that granted access to a private server.

368

00:23:35 --> 00:23:38

So... what you're saying

369

00:23:38 --> 00:23:41

is the only way to activate
Alpha Centauri's defense system

370

00:23:41 --> 00:23:45

is... is with the voice of a man
who is no longer breathing,

371

00:23:45 --> 00:23:46

let alone speaking?

372

00:23:47 --> 00:23:48

Yeah.

373

00:23:49 --> 00:23:52
No. Absolutely not.

374

00:23:52 --> 00:23:56
I am an officer now, and I am not engaging
in this type of illicit behavior.

375

00:23:57 --> 00:23:58
Well, if Robot's hiding out,

376

00:23:58 --> 00:24:02
we figure who better to help us
than someone who's, you know, had to hide

377

00:24:02 --> 00:24:03
-a couple of things of their own?
-Mmm.

378

00:24:03 --> 00:24:04
Oh!

379

00:24:04 --> 00:24:08
So now that you need a smuggler,
there's no judgment?

380

00:24:08 --> 00:24:11
I say we begin
with a public apology to me.

381

00:24:12 --> 00:24:14
Maybe a proclamation?
Read from one of those scrolls?

382

00:24:14 --> 00:24:16
-From the Renaissance?
-Fine. Don't come.

383

00:24:17 --> 00:24:21

I'm just saying, when everybody finds out
you knew what we were doing

384

00:24:21 --> 00:24:23

and you let us go out alone... [winces]

385

00:24:25 --> 00:24:27

Okay! Okay.

386

00:24:27 --> 00:24:28

[groans]

387

00:24:29 --> 00:24:30

Here's the deal.

388

00:24:30 --> 00:24:34

If you were looking to hide something
like, say, a case of booze,

389

00:24:35 --> 00:24:39

or single-use plastics, or certain oils
that are not just for cooking..

390

00:24:39 --> 00:24:40

[chuckles] ...you know...

391

00:24:40 --> 00:24:42

there's about a trillion places,

392

00:24:42 --> 00:24:45

but there's only
a few places within 20 miles

393

00:24:46 --> 00:24:50

where you can

successfully hide a seven-foot robot.

394

00:24:50 --> 00:24:52

-Okay--

-[clattering]

395

00:24:54 --> 00:24:54

Who's there?

396

00:24:55 --> 00:24:58

Whatever you think you just heard,
we were just kidding.

397

00:24:58 --> 00:25:02

We would never do something so... dangerous
and clearly against the rules.

398

00:25:05 --> 00:25:08

Look, I'm not trying to eavesdrop
or anything. I was just...

399

00:25:08 --> 00:25:09

[Penny sighs]

400

00:25:10 --> 00:25:11

Just what?

401

00:25:13 --> 00:25:16

If it's true
about SAR knowing where we are,

402

00:25:16 --> 00:25:20

then I thought that we should talk,
in case this is the last time.

403

00:25:20 --> 00:25:22

Oh man, I know where this is going.

404
00:25:23 --> 00:25:26
Look, Vijay,
we don't really have time to talk.

405
00:25:26 --> 00:25:29
-We just need to find the robot.
-Yeah, I heard. It sounds dangerous.

406
00:25:29 --> 00:25:32
It's fine. Danger's my middle name.

407
00:25:32 --> 00:25:36
-That's not true. It's Cornelius.
-I just don't want anyone to get hurt.

408
00:25:36 --> 00:25:37
[softly] Yeah.

409
00:25:37 --> 00:25:40
Last time we did something dangerous,
weren't you the one who got hurt?

410
00:25:41 --> 00:25:42
Okay, look, the point is, uh...

411
00:25:43 --> 00:25:47
If you... if you're doing this,
I'm going with you.

412
00:25:47 --> 00:25:48
All right, let's go.

413
00:25:48 --> 00:25:49
[Penny] Wait, what?

414

00:25:50 --> 00:25:51

[Don] Hmm!

415

00:25:52 --> 00:25:55

Oh man. If my dad finds out,
he's gonna kill me.

416

00:25:55 --> 00:25:57

Yep. Welcome to the club.

417

00:25:58 --> 00:26:00

What happens if the robot resists capture?

418

00:26:01 --> 00:26:05

We both know, when we're protecting
our families, we can do things we regret.

419

00:26:05 --> 00:26:08

Let's cross that bridge
when there's a bridge.

420

00:26:10 --> 00:26:12

Do you remember right after we met,

421

00:26:13 --> 00:26:16

I tried to take that Jupiter
from that dying planet

422

00:26:16 --> 00:26:17

with my family alone?

423

00:26:19 --> 00:26:21

Thought it was the right thing to do, but...

424

00:26:23 --> 00:26:26

Your forgiveness
allowed me to make amends, John.

425

00:26:28 --> 00:26:30
And I could come back
and stand by your side and fight,

426

00:26:30 --> 00:26:32
as I've done ever since.

427

00:26:34 --> 00:26:36
-It's human to make mistakes.
-[sighs]

428

00:26:36 --> 00:26:37
It's human to lose control.

429

00:26:38 --> 00:26:42
The most human thing
you can do... is forgive.

430

00:26:44 --> 00:26:46
You think I should forgive the robot?

431

00:26:46 --> 00:26:49
No. I think you should forgive yourself.

432

00:26:50 --> 00:26:53
When your son walks into danger

433

00:26:53 --> 00:26:55
under your nose,
because you took your eye off the ball--

434

00:26:55 --> 00:26:58
They survived a year
on their own without you or me.

435

00:26:58 --> 00:27:01
-They're not kids anymore.
-They should be!

436
00:27:04 --> 00:27:06
We've taken their childhood
away from them.

437
00:27:06 --> 00:27:08
[bleeping]

438
00:27:11 --> 00:27:12
That's him.

439
00:27:12 --> 00:27:14
He's at the top of the dam.
What's he doing up there?

440
00:27:15 --> 00:27:17
Look! It's Robot.
If we can see his light, so can Dad.

441
00:27:18 --> 00:27:20
But those other Chariots
have a big head start.

442
00:27:20 --> 00:27:22
-We'll never make it in time.
-[tires squeal]

443
00:27:22 --> 00:27:23
What are you doing?

444
00:27:23 --> 00:27:26
The road to drive up is long and windy.

445
00:27:26 --> 00:27:28

If we go by foot, we can beat them there.

446

00:27:28 --> 00:27:31

I'm sorry.

It sounded like you said on foot.

447

00:27:31 --> 00:27:32

[powering down]

448

00:27:32 --> 00:27:35

-[Judy grunts]

-The dam is just beyond those trees.

449

00:27:35 --> 00:27:37

The fastest way for us to get to the top

450

00:27:37 --> 00:27:39

is to take the elevator inside
straight up.

451

00:27:39 --> 00:27:42

[Judy] How are we supposed
to get inside the dam?

452

00:27:42 --> 00:27:44

[Don] You have something
that nobody else does.

453

00:27:44 --> 00:27:46

-[Judy] What's that?
-Don West.

454

00:27:46 --> 00:27:48

-Oh!
-[Judy sighs]

455

00:27:50 --> 00:27:52

[machines beeping softly]

456

00:27:53 --> 00:27:54

-[chiming]

-[door opens]

457

00:27:56 --> 00:27:57

Hi.

458

00:27:58 --> 00:28:00

I'm Amanda Adler. The--

459

00:28:00 --> 00:28:04

These are my boys, Willem and Henry.

You asked to see us?

460

00:28:04 --> 00:28:06

Yes. Yes.

461

00:28:06 --> 00:28:08

Uh... Sorry. Hi.

462

00:28:09 --> 00:28:11

-Um...

-[door closes]

463

00:28:11 --> 00:28:14

You... don't know who I am,

464

00:28:14 --> 00:28:16

but my name's--

465

00:28:16 --> 00:28:20

Will Robinson. We've heard the stories
about you from some of the other kids.

466

00:28:20 --> 00:28:21

Ah.

467

00:28:23 --> 00:28:25

Well, there's...

468

00:28:27 --> 00:28:29

there's one story you haven't heard yet.

469

00:28:30 --> 00:28:31

One that...

470

00:28:32 --> 00:28:34

I promised your dad I'd tell you one day.

471

00:28:35 --> 00:28:36

You knew our dad?

472

00:28:37 --> 00:28:39

Yeah. Yeah, I did.

473

00:28:42 --> 00:28:43

And...

474

00:28:44 --> 00:28:48

I'm guessing you guys have heard of me

475

00:28:48 --> 00:28:51

because I'm friends with a robot, right?

476

00:28:52 --> 00:28:55

Well, something that
not a lot of people know

477

00:28:55 --> 00:28:59

is that your dad had a robot friend too.

478

00:29:02 --> 00:29:03
His name was Scarecrow,

479

00:29:05 --> 00:29:07
and it's because of what your dad did

480

00:29:07 --> 00:29:12
that Scarecrow was able to help
all the kids of the 24th Colonist Group

481

00:29:12 --> 00:29:13
get away safely.

482

00:29:14 --> 00:29:15
Your dad's a hero.

483

00:29:16 --> 00:29:17
To all of us.

484

00:29:19 --> 00:29:20
[whispers] Thank you.

485

00:29:23 --> 00:29:24
Come on.

486

00:29:24 --> 00:29:26
We should let Mr. Robinson recover.

487

00:29:26 --> 00:29:27
[Will whispers] Okay.

488

00:29:29 --> 00:29:30
[sighs]

489

00:29:33 --> 00:29:36
With everything that's happening
right now,

490
00:29:38 --> 00:29:39
I wish he was still here.

491
00:29:41 --> 00:29:43
Sounds like we could use
a few more heroes.

492
00:29:49 --> 00:29:50
[door closes]

493
00:29:50 --> 00:29:51
[sighs]

494
00:30:00 --> 00:30:01
[exhales]

495
00:30:01 --> 00:30:03
[grunting]

496
00:30:04 --> 00:30:06
[panting]

497
00:30:08 --> 00:30:10
-Mom?
-[Maureen on radio] Yes, Will?

498
00:30:10 --> 00:30:12
Mom, I think there's someone
you need to talk to.

499
00:30:16 --> 00:30:18
I-- I don't understand.

500

00:30:19 --> 00:30:22

Why do you think Ben would have access
to this defense system?

501

00:30:22 --> 00:30:27

Alistair Hastings, uh, said
that he was the only person left alive

502

00:30:27 --> 00:30:28

who could save us.

503

00:30:29 --> 00:30:33

And I believe that the other person
he was talking about was your husband.

504

00:30:34 --> 00:30:36

I never heard Ben
read the words on this list.

505

00:30:36 --> 00:30:39

Maybe not all together,
or-- or in that order,

506

00:30:39 --> 00:30:42

but I'm sure he said each of them
at some point.

507

00:30:44 --> 00:30:47

We just need to find them.
Old voice mails, uh, home videos, or--

508

00:30:47 --> 00:30:50

I see. I'll go see what I can find.

509

00:30:53 --> 00:30:55

[Penny] Think it's weird for Mom,
having Grant back?

510

00:30:56 --> 00:30:58

Um... Not any weirder than it is for me.

511

00:30:59 --> 00:31:03

I'm just saying I know what it feels like
to be around someone you used to like

512

00:31:03 --> 00:31:04

and then someone you currently like.

513

00:31:04 --> 00:31:07

Oh, so this conversation's
actually about you?

514

00:31:07 --> 00:31:09

What are you doing
walking back here with me?

515

00:31:10 --> 00:31:11

What do you mean?

516

00:31:11 --> 00:31:15

Well, let's face it, the robot isn't
the only thing you're looking for here.

517

00:31:15 --> 00:31:17

If I had to choose
between a girl I was crazy about

518

00:31:17 --> 00:31:21

-and a guy who hasn't showered in days--
-Maybe Penny and I are better as friends.

519

00:31:21 --> 00:31:24

[sighs] Listen,
if there's something I've learned,

520

00:31:24 --> 00:31:27
it's that relationships
are a lot like smuggling.

521

00:31:28 --> 00:31:29
First, find out what the person wants.

522

00:31:29 --> 00:31:32
Then you have to decide
if you know how to get it for them.

523

00:31:35 --> 00:31:36
[Penny] Okay, we're here.

524

00:31:38 --> 00:31:40
But how do we get inside?

525

00:31:40 --> 00:31:41
[Don] Leave that to me.

526

00:31:45 --> 00:31:47
[dramatic music playing]

527

00:32:00 --> 00:32:01
[growls]

528

00:32:09 --> 00:32:11
-[Don] No peeking.
-How do you have the code to the dam?

529

00:32:11 --> 00:32:12
-[Don] I do not.
-[bleeping]

530

00:32:12 --> 00:32:15

But I do have the code
to this really, really big wine cellar.

531

00:32:23 --> 00:32:26
So you store booze in a dam?

532

00:32:26 --> 00:32:30
That's right. And if we survive today
and I catch you or your underage friends

533

00:32:30 --> 00:32:32
trying to break in and party,

534

00:32:32 --> 00:32:34
-I'll whoop your ass.
-[crashing]

535

00:32:39 --> 00:32:42
[Ben] I am sorry to be leaving you
and the boys again, but, um...

536

00:32:43 --> 00:32:46
try and save their school projects
so I can see them when I get home.

537

00:32:46 --> 00:32:49
-There, "home." You got that?
-I love you.

538

00:32:49 --> 00:32:51
-[Grant] Yeah, two more to go.
-[Maureen sighs]

539

00:32:51 --> 00:32:54
That's the last voice mail.
Let's see what they have on video.

540

00:32:58 --> 00:32:59
Willem, come here.

541
00:33:00 --> 00:33:01
Okay. Shh!

542
00:33:01 --> 00:33:04
-We're gonna scare Dad.
-[Willem laughs]

543
00:33:05 --> 00:33:09
Oh, you two think you can sneak up on me?
Really? Right. Come here.

544
00:33:09 --> 00:33:10
[all laughing]

545
00:33:14 --> 00:33:15
So...

546
00:33:16 --> 00:33:18
how come you didn't tell me about Judy?

547
00:33:19 --> 00:33:20
Uh...

548
00:33:24 --> 00:33:25
I tried.

549
00:33:26 --> 00:33:29
I tried, but NASA, uh...

550
00:33:30 --> 00:33:34
They said it would be a cruel distraction

551
00:33:35 --> 00:33:38

to tell somebody who couldn't return
for what might be, you know, decades.

552

00:33:38 --> 00:33:42

The Maureen I remember would have found
a way around the rules if she wanted to.

553

00:33:42 --> 00:33:43

[laughs]

554

00:33:43 --> 00:33:48

Come on. You were... barely interested
in a committed relationship,

555

00:33:48 --> 00:33:49

much less a family.

556

00:33:50 --> 00:33:52

What would it have changed?

557

00:33:54 --> 00:33:56

All that, for you, was 20 years ago.

558

00:33:57 --> 00:33:59

For me, it was yesterday.

559

00:33:59 --> 00:34:00

Go to sleep a boy.

560

00:34:01 --> 00:34:04

Wake up... a man.

561

00:34:06 --> 00:34:10

Only took a year for me to feel like
Will did the same thing. [laughs]

562

00:34:14 --> 00:34:17
You've done an incredible job, Maureen,
with all your kids.

563
00:34:18 --> 00:34:20
I didn't do it on my own.

564
00:34:21 --> 00:34:24
Your mom was always there for Judy.

565
00:34:25 --> 00:34:27
-And, of course--
-John.

566
00:34:29 --> 00:34:31
Seems like a good man.

567
00:34:31 --> 00:34:32
He is.

568
00:34:34 --> 00:34:36
Oh, we've had our ups and downs, but...

569
00:34:38 --> 00:34:42
I think it takes getting lost...
to find out what you have.

570
00:34:44 --> 00:34:45
[Penny] Are we lost?

571
00:34:45 --> 00:34:48
Nope, here it is.
It should take us to the top.

572
00:34:49 --> 00:34:50
-[clanging]
-Whoa.

573

00:34:51 --> 00:34:52
Is this safe?

574

00:34:53 --> 00:34:55
Well, if it's not,
I'm gonna take care of you.

575

00:34:56 --> 00:34:57
[Penny laughs awkwardly]

576

00:34:58 --> 00:35:00
[doors close]

577

00:35:01 --> 00:35:04
Okay, plan is, when we see the robot,
we approach him together.

578

00:35:04 --> 00:35:07
-But Penny should talk to him.
-What? Why me?

579

00:35:07 --> 00:35:09
After Will,
you've spent the most time together.

580

00:35:09 --> 00:35:11
I've spent my whole life with you.
You don't listen to me.

581

00:35:11 --> 00:35:13
[grinding]

582

00:35:13 --> 00:35:15
-Oh!
-[Vijay] Why is it stopping?

583

00:35:16 --> 00:35:18
We're not at the top yet.

584

00:35:18 --> 00:35:20
I don't know.
The gears are still grinding.

585

00:35:20 --> 00:35:22
-It's gotta be stuck on something.
-[bleeping]

586

00:35:22 --> 00:35:23
Come on!

587

00:35:29 --> 00:35:30
[electricity crackling]

588

00:35:34 --> 00:35:36
No. Mm-mm.

589

00:35:36 --> 00:35:37
[distant clanging]

590

00:35:38 --> 00:35:40
Wait, Will's robot
doesn't make these kind of marks.

591

00:35:40 --> 00:35:42
-Oh! Shh, shh!
-[loud crashing]

592

00:35:42 --> 00:35:44
-You hear that?
-[power zapping]

593

00:35:46 --> 00:35:48

[whispers] That sounds like
more than one robot.

594

00:35:48 --> 00:35:49

Yeah.

595

00:35:51 --> 00:35:53

They haven't been waiting to attack.

596

00:35:54 --> 00:35:55

They're already here.

597

00:35:58 --> 00:35:59

Mom, Dad.

598

00:36:00 --> 00:36:02

-No, it's not gonna work.

-Mom? Mom--

599

00:36:02 --> 00:36:04

The walls are too thick.
It's blocking the signal.

600

00:36:04 --> 00:36:05

So what do we do?

601

00:36:06 --> 00:36:10

Look, we're the only ones who know
what's really going on here.

602

00:36:11 --> 00:36:12

Penny.

603

00:36:13 --> 00:36:14

What's really going on here?

604

00:36:14 --> 00:36:15
[clanging]

605
00:36:15 --> 00:36:18
Well, clearly, these robots are saboteurs.

606
00:36:18 --> 00:36:21
Whatever defense system
your mom's trying to get up and running,

607
00:36:21 --> 00:36:24
it needs all the power
from this dam to do it.

608
00:36:24 --> 00:36:27
We don't have time to warn them.
We need to stop the robots now.

609
00:36:27 --> 00:36:28
What are you talking--

610
00:36:28 --> 00:36:30
Wait, Judy! Stop!

611
00:36:30 --> 00:36:33
Sebastian. We need your workplace.

612
00:36:34 --> 00:36:35
What?

613
00:36:36 --> 00:36:37
Why? What?

614
00:36:38 --> 00:36:41
Whoa! You gotta scan that for malware
before you plug it in--

615
00:36:41 --> 00:36:42
She just plugged it in.

616
00:36:42 --> 00:36:43
Okay.

617
00:36:45 --> 00:36:46
-Here we go.
-[bleeping]

618
00:36:47 --> 00:36:48
[Ben's voice] Passport.

619
00:36:49 --> 00:36:50
Groceries.

620
00:36:51 --> 00:36:52
Trash.

621
00:36:53 --> 00:36:54
Laundry.

622
00:36:55 --> 00:36:56
Letter.

623
00:36:57 --> 00:36:58
Present.

624
00:36:59 --> 00:37:00
Home.

625
00:37:04 --> 00:37:06
[clanking]

626
00:37:11 --> 00:37:12

[whirring]

627

00:37:12 --> 00:37:14

[crackling]

628

00:37:18 --> 00:37:20

[clanking]

629

00:37:20 --> 00:37:22

[whirring]

630

00:37:22 --> 00:37:23

[crackling]

631

00:37:27 --> 00:37:29

[power building]

632

00:37:31 --> 00:37:33

[power thrumming]

633

00:37:33 --> 00:37:35

[adventurous music]

634

00:37:42 --> 00:37:44

[automated voice] Defense system online.

635

00:37:44 --> 00:37:46

-We did it.

-Administrator mode activated.

636

00:37:47 --> 00:37:49

-We're good!

-[cheering and applauding]

637

00:37:54 --> 00:37:55

[sighs]

638

00:37:58 --> 00:37:59
[electricity buzzing]

639

00:38:01 --> 00:38:03
[power zapping]

640

00:38:06 --> 00:38:08
[crashing]

641

00:38:13 --> 00:38:14
[explosions]

642

00:38:24 --> 00:38:27
-They're taking out the turbines.
-Oh crap.

643

00:38:27 --> 00:38:28
[gasps]

644

00:38:28 --> 00:38:30
[whispers] Hey. What are you looking for?

645

00:38:30 --> 00:38:33
A fair fight. Right now we don't have one.

646

00:38:33 --> 00:38:36
I'm also okay with not fighting.
It's another way we could go.

647

00:38:36 --> 00:38:39
Okay. Okay. Here's the plan.

648

00:38:39 --> 00:38:41
Those turbines
have something called a governor.

649

00:38:41 --> 00:38:44
It controls the speed of the blades
as the water runs through them,

650

00:38:44 --> 00:38:46
generating power for the settlement.

651

00:38:46 --> 00:38:48
When the governor fails,
the blades spin too fast,

652

00:38:48 --> 00:38:50
causing the turbines to explode,

653

00:38:50 --> 00:38:54
which should be bad for any robots that
happen to be standing on it at the time.

654

00:38:54 --> 00:38:55
Let me get this straight.

655

00:38:55 --> 00:39:00
You wanna stop the robots from destroying
the turbine by... destroying the turbine?

656

00:39:00 --> 00:39:02
There's three turbines out there.

657

00:39:02 --> 00:39:04
I'm pretty sure whatever defense system
your parents are working on

658

00:39:04 --> 00:39:06
-can be powered by two.
-"Pretty sure"?

659

00:39:07 --> 00:39:08

Mostly sure.

660

00:39:08 --> 00:39:12

Look, if we do nothing,
then just roll out the red carpet,

661

00:39:12 --> 00:39:14

because it's the premiere of
SAR Kills Everybody

662

00:39:14 --> 00:39:16

-starring our corpses.

-Uh... Excuse me.

663

00:39:16 --> 00:39:19

The governor thing you're talking about,
it's underneath the turbines.

664

00:39:19 --> 00:39:20

-Yeah.

-[Vijay] Underwater.

665

00:39:20 --> 00:39:21

[Don] Yeah.

666

00:39:22 --> 00:39:24

It's way down there.
We'd have to swim pretty deep.

667

00:39:25 --> 00:39:26

Not we.

668

00:39:27 --> 00:39:28

Me.

669

00:39:29 --> 00:39:32
Let this be a lesson to you kids.
Always wear underwear.

670
00:39:32 --> 00:39:34
-No, Don, I'm doing it.
-No, stop. Judy.

671
00:39:34 --> 00:39:35
-I can handle this.
-Are you sure?

672
00:39:35 --> 00:39:38
Have you checked the test results lately?
'Cause I have.

673
00:39:38 --> 00:39:40
Breath control, lung capacity.

674
00:39:40 --> 00:39:43
I'm the only one here qualified to do it,
and you know that.

675
00:39:43 --> 00:39:46
Besides, I've... done
something like this before.

676
00:39:46 --> 00:39:49
No. You almost died
doing something like this before.

677
00:39:49 --> 00:39:52
And you did it to protect Will.
You're allowed to risk death for family.

678
00:39:52 --> 00:39:54
-Don?
-What?

679

00:39:56 --> 00:39:57
What do you think you are?

680

00:39:57 --> 00:39:59
[sentimental music playing]

681

00:40:04 --> 00:40:05
Judy.

682

00:40:06 --> 00:40:07
I'll be right back.

683

00:40:07 --> 00:40:09
Judy!

684

00:40:11 --> 00:40:12
Judy!

685

00:40:16 --> 00:40:17
[distant zapping]

686

00:40:22 --> 00:40:23
[distant thumping]

687

00:40:29 --> 00:40:30
John.

688

00:40:34 --> 00:40:35
No.

689

00:40:36 --> 00:40:38
Judy. [gasps]

690

00:40:38 --> 00:40:40

Call Maureen.
Tell her what we're up against.

691

00:40:41 --> 00:40:43
-What are you gonna do?
-Help my daughter!

692

00:40:44 --> 00:40:45
[power whooshing]

693

00:40:45 --> 00:40:46
[crashing]

694

00:40:47 --> 00:40:49
[turbine slowing down]

695

00:41:02 --> 00:41:04
Come on, Judy. You gotta move.

696

00:41:04 --> 00:41:06
-Vic-- Victor?
-[garbled speech]

697

00:41:07 --> 00:41:08
Slow down. I can't hear you.

698

00:41:08 --> 00:41:11
-[static crackling]
-Whoa, whoa, whoa. Mrs. Robinson!

699

00:41:11 --> 00:41:15
-Turbine one operation ratio at 50%.
-You should take a look at this!

700

00:41:27 --> 00:41:28
[whirring]

701
00:41:32 --> 00:41:33
[growls]

702
00:41:36 --> 00:41:38
Don, look! We have to do something.

703
00:41:38 --> 00:41:40
-[thumping]
-It's you!

704
00:41:42 --> 00:41:44
[Robot] Help family.

705
00:41:44 --> 00:41:48
We got a problem. Two turbines redlining.
Third, working overtime to carry the load.

706
00:41:48 --> 00:41:51
-How long will it hold?
-Powering the entire defense system?

707
00:41:51 --> 00:41:52
Hard to tell.

708
00:41:52 --> 00:41:54
John, come in. Can you hear me? John?

709
00:41:55 --> 00:41:56
-[John] Penny!
-[Penny] Dad!

710
00:41:57 --> 00:41:58
-[John] Stay here! [grunts]
-Dad!

711
00:41:58 --> 00:42:01

Hey! Jude! Come on! Come!

712

00:42:02 --> 00:42:04
No, no. Get back! Back inside!

713

00:42:07 --> 00:42:09
[whirring]

714

00:42:14 --> 00:42:16
[power thrumming]

715

00:42:23 --> 00:42:24
[clicking]

716

00:42:27 --> 00:42:28
[screeching]

717

00:42:29 --> 00:42:30
[thrilling music playing]

718

00:42:30 --> 00:42:31
[screeching]

719

00:42:44 --> 00:42:45
Hey, let's be careful.

720

00:42:46 --> 00:42:49
It's okay, John. It was one of
the other robots who got to Hastings.

721

00:42:49 --> 00:42:52
It's like they were trying to frame him
and keep us apart.

722

00:42:52 --> 00:42:55
And it almost worked,

but he saved everyone, Dad.

723

00:42:56 --> 00:42:57
He stopped the robots.

724

00:42:57 --> 00:42:59
[footsteps thudding]

725

00:43:04 --> 00:43:06
Was that all of them that were here?

726

00:43:07 --> 00:43:09
[Robot] Yes, John Robinson.

727

00:43:12 --> 00:43:14
[Penny and John sigh]

728

00:43:15 --> 00:43:17
[Robot whirring]

729

00:43:21 --> 00:43:24
-[Penny] So, are you glad you came?
-[Vijay] Honestly, not really.

730

00:43:25 --> 00:43:27
[Penny] Oh. Because we almost died?

731

00:43:27 --> 00:43:28
[Vijay chuckles]

732

00:43:30 --> 00:43:32
No, um... because...

733

00:43:35 --> 00:43:37
I'm not a smuggler, Penny.

734

00:43:39 --> 00:43:40
[laughs] Okay.

735

00:43:40 --> 00:43:43
I don't think I can give you what you want
or be what you want.

736

00:43:45 --> 00:43:49
Look, I'm not someone who does everything
right and says everything right, and...

737

00:43:49 --> 00:43:51
who has an awesome story
for every occasion

738

00:43:51 --> 00:43:55
and can somehow wear a man-bun
and not look like an idiot.

739

00:43:56 --> 00:43:57
[laughs]

740

00:43:58 --> 00:44:00
[Vijay] Look,
I know that this is stupid, okay,

741

00:44:01 --> 00:44:03
because we're just friends.

742

00:44:03 --> 00:44:06
And I... tried for a year
to be okay with that,

743

00:44:06 --> 00:44:09
but it's... it's really hard..

744

00:44:12 --> 00:44:17
because I think that...
you are amazing and strange and...

745

00:44:18 --> 00:44:21
rude and smart and unique.

746

00:44:23 --> 00:44:24
And honestly frustrating

747

00:44:24 --> 00:44:28
because you're so much more special
than you give yourself credit for.

748

00:44:33 --> 00:44:34
Okay.

749

00:44:34 --> 00:44:37
Look, my point is
you don't have to want to be with me.

750

00:44:39 --> 00:44:41
And that makes sense
now that I listen to myself,

751

00:44:41 --> 00:44:44
but it's crazy
that you wanna be with Liam.

752

00:44:45 --> 00:44:47
You don't need someone
who always has to be the hero.

753

00:44:48 --> 00:44:50
You're the hero, Penny.

754

00:44:51 --> 00:44:54

And I think it's a shame
you haven't figured that out yet.

755

00:44:55 --> 00:44:56

Uh...

756

00:44:57 --> 00:44:58

Wow. [chuckles]

757

00:44:58 --> 00:44:59

Um...

758

00:44:59 --> 00:45:03

Thank you, but I am not the person
that you think I am.

759

00:45:05 --> 00:45:07

You know, I wish I was, but I'm not.

760

00:45:09 --> 00:45:10

Um... you know, I just...

761

00:45:11 --> 00:45:15

I just don't want you to be disappointed
when you realize it too.

762

00:45:19 --> 00:45:21

Hey, promise me something.

763

00:45:22 --> 00:45:22

What?

764

00:45:23 --> 00:45:25

When you realize that I was right,

765

00:45:27 --> 00:45:28

then I get to say, "I told you so."

766

00:45:28 --> 00:45:29

[Penny laughs]

767

00:45:31 --> 00:45:32

[Penny] Never in a million years.

768

00:45:44 --> 00:45:45

[beeping]

769

00:45:52 --> 00:45:53

[sighs]

770

00:45:54 --> 00:45:58

[automated voice] ID chip scanned.
Hello, Dr. Zoe Smith.

771

00:45:58 --> 00:46:01

Where would you like to navigate?
Work or home?

772

00:46:04 --> 00:46:06

[foreboding music playing]

773

00:46:21 --> 00:46:22

Work.

774

00:46:23 --> 00:46:27

Okay, John, just be careful
and get back here as soon as you can.

775

00:46:27 --> 00:46:30

We'll keep our eyes on the sky
just in case.

776

00:46:30 --> 00:46:32
-[indistinct chatter]
-[alarm blaring]

777

00:46:32 --> 00:46:35
Okay, Sebastian, talk to me.
How are we holding up?

778

00:46:36 --> 00:46:37
Touch and go. It's tickling the red line.

779

00:46:37 --> 00:46:41
I'm trying to pull from solar and wind,
but we need that third turbine to hold on.

780

00:46:41 --> 00:46:44
Shut down everything else
in the settlement if you have to.

781

00:46:44 --> 00:46:46
We have to keep
the defense shield operational.

782

00:46:48 --> 00:46:50
[power shutting down]

783

00:46:50 --> 00:46:52
[Maureen] Sebastian,
please tell me that was you.

784

00:46:53 --> 00:46:54
[Sebastian] It wasn't me.

785

00:46:55 --> 00:46:56
Third turbine is down.

786

00:46:56 --> 00:46:58

[power shutting down]

787

00:47:02 --> 00:47:04

[power clicking on]

788

00:47:05 --> 00:47:07

[automated voice] Backup generator online.

789

00:47:10 --> 00:47:11

[gasps]

790

00:47:12 --> 00:47:13

Oh no.

791

00:47:16 --> 00:47:17

Defense system is offline.

792

00:47:17 --> 00:47:19

[alarms blaring]

793

00:47:22 --> 00:47:23

[woman] We're detecting an energy spike

794

00:47:23 --> 00:47:25

a few thousand miles
outside the atmosphere.

795

00:47:26 --> 00:47:27

[Sebastian] Energy spike?

What does that mean?

796

00:47:28 --> 00:47:30

[automated voice]

Tracking unidentified object.

797
00:47:34 --> 00:47:35
They're coming.

798
00:47:36 --> 00:47:38
[closing theme music playing]
