EPISODE 1.10

"Danger, Will Robinson"

As the clock ticks down toward the Resolute's departure, the Robinsons scramble to get off the planet -- and out from under Dr. Smith's thumb.

MAIN EPISODE CAST

Toby Stephens	...	John Robinson
Molly Parker	...	Maureen Robinson
Maxwell Jenkins	...	Will Robinson
Taylor Russell	...	Judy Robinson
Mina Sundwall	...	Penny Robinson
Ignacio Serricchio	...	Don West
Parker Posey	...	June Harris / Dr. Smith
Brian Steele	...	The Robot (voice)
Raza Jaffrey	...	Victor Dhar

1

00:00:06,256 --> 00:00:08,883
[instrumental theme music playing]

2

00:01:15,283 --> 00:01:18,244
[Will over speaker] This is Will Robinson
of the 24th Colonist Group.

3

00:01:18,912 --> 00:01:22,040
I'm making a record of this
because it seems...

4

00:01:23,416 --> 00:01:28,713
I'm the first human to discover evidence
of an alien intelligence.

5

00:01:30,965 --> 00:01:32,967
This appears to be
the first known work of art

6

00:01:33,051 --> 00:01:35,804
of an artificial intelligence
of alien origin.

7

00:01:38,097 --> 00:01:40,600
What would you like to call
your masterpiece?

8

00:01:40,683 --> 00:01:41,518
[robot] Danger.

9

00:01:44,771 --> 00:01:46,314
[Will] Let's try something else.

10

00:01:55,573 --> 00:01:57,575
[star map powers up]

11

00:02:35,363 --> 00:02:36,990
[alarm sounding]

12

00:02:37,073 --> 00:02:39,742
-[Don] That's the low oxygen warning.
-[John] Yeah.

13

00:02:42,120 --> 00:02:44,497
[Don] So we've only got
two hours of air left.

14

00:02:46,166 --> 00:02:47,333
[John] That's right.

15

00:02:48,626 --> 00:02:49,586
[Don] Great.

16

00:02:53,715 --> 00:02:56,342
How'd we all get caught up in the idea
that launching into space

17

00:02:56,426 --> 00:02:59,053
like the most primitive astronauts
in history was somehow genius?

18

00:02:59,137 --> 00:03:01,848
-Are we doing this again?
-If only you'd gone left.

19

00:03:01,931 --> 00:03:04,976
Look, Maureen didn't answer,
which isn't like her.

20

00:03:05,059 --> 00:03:10,398
Left or right. It's a 50/50 shot.
In my world, those are great odds.

21

00:03:10,481 --> 00:03:13,193
A 50% chance of dying are terrible odds.

22

00:03:13,568 --> 00:03:16,070
You never eject a man into outer space
without his permission.

23

00:03:16,154 --> 00:03:17,780
It's common courtesy.

24

00:03:22,327 --> 00:03:24,329

Hey. We still have a couple of hours.

25

00:03:24,996 --> 00:03:26,039
[Don sighs]

26

00:03:26,581 --> 00:03:28,583
We had a 50/50 shot.

27

00:03:31,336 --> 00:03:33,296
[Penny] Hey, we got work to do.
Pick it up.

28

00:03:33,880 --> 00:03:36,799
Ready? One, two, three.

29

00:03:36,883 --> 00:03:38,468
-[Penny strains]
-[Will sighs]

30

00:03:40,678 --> 00:03:42,680
[ground rumbling]

31

00:03:43,890 --> 00:03:45,099
[both gasping]

32

00:03:48,353 --> 00:03:51,564
-The tremors are getting worse.
-Yeah.

33

00:03:51,648 --> 00:03:53,650
[Jupiter engines roaring]

34

00:04:01,532 --> 00:04:02,700
[Will] That's all of them.

35

00:04:03,243 --> 00:04:05,286
Almost all of them.

36

00:04:05,370 --> 00:04:08,831
Hiroki's gonna be pretty upset
when he figures out we snuck off his ship.

37

00:04:09,832 --> 00:04:12,669
Well, Robinsons stick together.

38

00:04:17,006 --> 00:04:19,467
Once Mom and Judy get back,
we'll be all set to go?

39

00:04:20,009 --> 00:04:22,470
They haven't called in a while.
They should be back by now.

40

00:04:22,553 --> 00:04:24,555
[radio beeping]

41

00:04:26,933 --> 00:04:28,476
Is that Dad back in range?

42

00:04:28,559 --> 00:04:30,061
[panting] Yeah.

43

00:04:31,479 --> 00:04:33,481
[radio beeping in Morse code]

44

00:04:37,610 --> 00:04:39,904
-It's Morse code.
-What's he spelling?

45

00:04:40,571 --> 00:04:42,198
-F.
-Okay.

46

00:04:44,242 --> 00:04:45,952
-U.
-"FU"?

47

00:04:46,369 --> 00:04:49,539
That's his message? "FU"?
This is how your kids talk?

48

00:04:49,622 --> 00:04:50,456
E.

49

00:04:50,540 --> 00:04:52,208
Okay, that changes everything.

50

00:04:53,293 --> 00:04:54,168
L.

51

00:04:54,627 --> 00:04:58,256
-Fuel. They have fuel. [chuckles]
-Hey, they got fuel!

52

00:04:58,339 --> 00:04:59,173
Yeah.

53

00:04:59,924 --> 00:05:00,842
Yeah.

54

00:05:01,634 --> 00:05:03,761
If we'd waited a couple of hours,
we wouldn't be here.

55

00:05:05,930 --> 00:05:06,764
Great.

56

00:05:08,224 --> 00:05:09,642
[Chariot approaching]

57

00:05:09,726 --> 00:05:10,935
Do you hear that?

58

00:05:21,279 --> 00:05:23,531
-Mom, Judy, I have amazing news.
-No, it can wait.

59

00:05:26,826 --> 00:05:28,953
-Stay calm.
-[Penny] What is she doing here?

60

00:05:29,037 --> 00:05:31,497
I live here, in case you've forgotten.

61

00:05:31,581 --> 00:05:33,249

Yeah. There's four of us and one of you.

62

00:05:33,333 --> 00:05:35,793
Actually, there's two of me.

63

00:05:36,961 --> 00:05:38,963
[chuckles] You're alive.

64

00:05:41,007 --> 00:05:42,800
I want you to restrain Dr. Smith.

65

00:05:43,468 --> 00:05:44,427
Will, he's not the same.

66

00:05:45,678 --> 00:05:46,763
Robot, come here.

67

00:05:49,682 --> 00:05:51,559
Stop! I said stop.

68

00:05:51,642 --> 00:05:53,144
[grunts]

69

00:05:55,730 --> 00:05:57,315
[Judy] Will, are you okay?

70

00:06:00,735 --> 00:06:01,986
It's hers now.

71

00:06:06,115 --> 00:06:09,827
I saved him this time
from what you did to him.

72

00:06:10,411 --> 00:06:12,455
Friends don't make friends
walk off cliffs.

73

00:06:12,538 --> 00:06:16,000
-Leave him alone.
-I'm just being honest. Right, Will?

74

00:06:16,959 --> 00:06:19,212
That's how we've always been
with each other.

75

00:06:19,295 --> 00:06:21,798
So what now? What do you want?

76

00:06:21,881 --> 00:06:25,051
What we all want.
To fly up to the Resolute.

77

00:06:25,385 --> 00:06:28,012
I'm not holding any grudges.
And you shouldn't either.

78

00:06:28,096 --> 00:06:30,223
-[radio beeping in Morse code]
-Will?

79

00:06:32,433 --> 00:06:33,601
What is that annoying noise?

80

00:06:34,018 --> 00:06:35,937
-Will, is it...
-Yeah.

81

00:06:36,020 --> 00:06:38,147
-Is it what I think it is?
-Yeah.

82

00:06:38,231 --> 00:06:39,107
Think what is?

83

00:06:39,690 --> 00:06:42,985
It's Dad. He's okay.
He and Don are up there in orbit.

84

00:06:44,445 --> 00:06:45,780
[Will laughs excitedly]

85

00:06:46,197 --> 00:06:47,448
That's such great news.

86
00:06:47,532 --> 00:06:49,534
[beeping continues]

87
00:06:52,995 --> 00:06:54,664
[exhales sharply]

88
00:06:54,747 --> 00:06:56,624
My Morse code's a little rusty.
What's he saying?

89
00:06:57,542 --> 00:07:00,586
M-U...

90
00:07:01,462 --> 00:07:03,422
G-U.

91
00:07:03,798 --> 00:07:04,924
"Mugu."

92
00:07:05,508 --> 00:07:09,929
-Point Mugu. It's a state park.
-I used to love that place.

93
00:07:10,012 --> 00:07:11,264
But why is he talking about it?

94
00:07:11,347 --> 00:07:13,099
It's a message.
He's trying to tell us something.

95
00:07:13,182 --> 00:07:15,810
What do you guys remember most
about going there?

96
00:07:15,893 --> 00:07:17,979
Uh, we used to build bonfires
on the beach.

97
00:07:18,062 --> 00:07:19,981
-Yeah, I remember that.
-Okay, bonfire.

98

00:07:20,064 --> 00:07:23,317
Why would that have
anything to do with anything?

99

00:07:24,735 --> 00:07:26,362
Could he build one up in space?

100

00:07:27,989 --> 00:07:29,449
Yes, I think so.

101

00:07:31,117 --> 00:07:32,869
He's trying to tell us where he is.

102

00:07:33,244 --> 00:07:35,413
Let's search the atmosphere
for a heat signature.

103

00:07:35,997 --> 00:07:39,417
Wait. We had a plan.

104

00:07:40,418 --> 00:07:43,921
-Same plan, slight detour.
-I've had enough detours in my life.

105

00:07:48,134 --> 00:07:52,096
You said that you didn't want
to hurt John. Was that true?

106

00:07:52,180 --> 00:07:53,306
[scoffs]

107

00:07:55,516 --> 00:07:56,684
Be honest.

108

00:07:59,729 --> 00:08:01,564
How long before the Resolute
leaves for good?

109

00:08:05,026 --> 00:08:05,860
88 minutes.

110

00:08:13,409 --> 00:08:15,161
[wreckage creaking]

111
00:08:28,966 --> 00:08:31,844
[John] So exactly what is the plan
to make this signal fire?

112
00:08:32,178 --> 00:08:34,472
Still got some fuel oxidizer in the lines.

113
00:08:35,097 --> 00:08:37,850
I can rig it to blow a stream
of burning gas.

114
00:08:37,934 --> 00:08:40,770
You think it'll be enough for
the Jupiter's thermal sensors to pick up?

115
00:08:41,437 --> 00:08:43,189
Ow! Ow!

116
00:08:43,272 --> 00:08:44,732
[John] Whoa, whoa, whoa, whoa!

117
00:08:45,316 --> 00:08:48,277
-Hey, hey, what's wrong?
-[groaning]

118
00:08:48,361 --> 00:08:50,446
There's something in my eyes.
Stings like hell.

119
00:08:50,530 --> 00:08:51,656
Okay, let me see.

120
00:08:52,365 --> 00:08:53,574
[gasping]

121
00:08:53,658 --> 00:08:56,661
Oh, yeah. Some of the anti-fogging agent
must have dried up and flaked off.

122

00:08:56,744 --> 00:08:59,997
Yeah, well, I can't see.
I'll just have to feel around and wing it.

123
00:09:00,081 --> 00:09:01,332
[Don grunts]

124
00:09:02,250 --> 00:09:03,668
Whoa! [grunts]

125
00:09:04,752 --> 00:09:08,256
Hey, you can't do this blind.

126
00:09:08,339 --> 00:09:10,424
-Then who's gonna do it. You?
-Yeah.

127
00:09:10,925 --> 00:09:14,929
I assume you're comfortable identifying
compression-loaded orthogrid cylinders.

128
00:09:15,012 --> 00:09:17,390
Just gonna have to talk me through it.
Okay?

129
00:09:18,683 --> 00:09:19,850
How hard can it be?

130
00:09:20,560 --> 00:09:24,230
There are four hexagonal bolts.
Start unscrewing.

131
00:09:24,438 --> 00:09:26,107
You do know what a hexagon is?

132
00:09:29,068 --> 00:09:32,196
[automated voice] Launch will commence
in T-minus ten minutes.

133
00:09:44,333 --> 00:09:45,751
[breathes shakily]

134

00:09:49,380 --> 00:09:50,256
Hi.

135

00:09:55,886 --> 00:09:56,721
It's okay.

136

00:10:02,643 --> 00:10:03,936
Remember this?

137

00:10:30,379 --> 00:10:31,464
[Smith sighs]

138

00:10:33,215 --> 00:10:34,383
Hey.

139

00:10:37,928 --> 00:10:40,514
You and me are still friends.

140

00:10:42,224 --> 00:10:44,435
So that means you and the robot
can still be friends.

141

00:10:49,440 --> 00:10:50,691
It's not my friend.

142

00:11:03,454 --> 00:11:04,955
You said "it," not "he."

143

00:11:06,540 --> 00:11:07,917
I guess I did.

144

00:11:09,293 --> 00:11:14,465
We're gonna fix him, okay?
We'll get him back to the way he was.

145

00:11:16,592 --> 00:11:18,302
It's not coming back.

146

00:11:28,020 --> 00:11:29,688
[machinery whirring]

147

00:11:31,065 --> 00:11:32,441
Pop-outs secured.

148
00:11:34,276 --> 00:11:36,070
Smith really gonna let us
rescue Dad and Don?

149
00:11:37,071 --> 00:11:40,032
-She hasn't said no yet.
-I wish we could leave her here.

150
00:11:40,116 --> 00:11:42,785
[automated voice] Launch will commence
in T-minus seven minutes.

151
00:11:42,868 --> 00:11:47,081
Be thankful she's not leaving us.
Be thankful she can't pilot the ship.

152
00:11:48,541 --> 00:11:51,460
Can we really let Smith bring that robot
to the Resolute?

153
00:11:51,544 --> 00:11:54,296
With all those people there?
Who knows what she's gonna do.

154
00:11:54,380 --> 00:11:56,715
We'll deal with one problem at a time.

155
00:11:58,175 --> 00:11:59,802
-[ground trembles]
-[both gasping]

156
00:12:03,431 --> 00:12:06,308
[Smith] Volcano? Where did that come from?

157
00:12:06,392 --> 00:12:09,395
It was always there.
It was just disguised as a mountain.

158
00:12:10,062 --> 00:12:12,189
-Strap in now.

-[Judy] Will.

159

00:12:14,316 --> 00:12:15,776
[volcano rumbling]

160

00:12:20,740 --> 00:12:23,075
[Maureen] The volcano's gonna create
significant top winds.

161

00:12:23,534 --> 00:12:24,869
Liftoff's gonna get pretty bumpy.

162

00:12:25,744 --> 00:12:26,787
How bumpy?

163

00:12:28,873 --> 00:12:32,293
The hub is the safest place on the ship.
You're free to stay here...

164

00:12:33,502 --> 00:12:35,963
or you can ride up front with me.
Your choice.

165

00:12:41,218 --> 00:12:42,303
I go where you go.

166

00:12:43,888 --> 00:12:45,556
Not that I don't trust you.

167

00:12:48,517 --> 00:12:49,894
[Judy sighs]

168

00:12:52,313 --> 00:12:54,398
Okay, helmets on.

169

00:13:02,907 --> 00:13:06,076
[automated voice] Launch will commence
in T-minus two minutes.

170

00:13:11,957 --> 00:13:14,543
Excuse me,
I need to perform pre-launch checks.

171
00:13:14,960 --> 00:13:16,128
It's okay.

172
00:13:21,884 --> 00:13:23,719
I usually have a co-pilot.

173
00:13:24,637 --> 00:13:27,014
You seem to be doing fine on your own.

174
00:13:28,557 --> 00:13:30,100
But then, you've had years of practice

175
00:13:30,184 --> 00:13:32,561
of having to do everything
all by yourself.

176
00:13:33,395 --> 00:13:36,232
Are you sure we need to go out of our way
to pick up your husband?

177
00:13:37,775 --> 00:13:40,569
Do you ever feel guilty
about anything you do?

178
00:13:40,653 --> 00:13:43,072
[automated voice] Launch will commence
in T-minus one minute.

179
00:13:43,155 --> 00:13:45,616
Guilt is like a stomachache
from overeating.

180
00:13:46,659 --> 00:13:49,662
You make all sorts of promises
while you're feeling it,

181
00:13:50,120 --> 00:13:52,706
but once it passes,
you just get hungry again.

182
00:13:52,790 --> 00:13:54,250

Most people are not like you.

183

00:13:54,333 --> 00:13:57,711

Everybody's like me.
I'm just not in denial.

184

00:13:58,295 --> 00:13:59,922

Denial about what?

185

00:14:00,005 --> 00:14:02,591

-I just wanna look out for myself.
-[scoffs]

186

00:14:03,217 --> 00:14:07,221

You think you're so different?
You love John because he protects you.

187

00:14:07,721 --> 00:14:10,516

You fight for your kids
because it gives you purpose.

188

00:14:10,599 --> 00:14:12,393

Even Will, all that sweetness...

189

00:14:13,644 --> 00:14:16,230

it's only because he's scared
and he wants to feel safe.

190

00:14:16,313 --> 00:14:18,232

Don't you dare talk to me about my son.

191

00:14:18,315 --> 00:14:20,734

[automated voice] Launch will commence
in T-minus 30 seconds.

192

00:14:20,818 --> 00:14:23,445

He's a perfectly fine kid,
but he's no angel.

193

00:14:24,154 --> 00:14:26,824

He's not selfless. Nobody is.

194

00:14:35,749 --> 00:14:39,795
[automated voice] Launch will commence
in T-minus ten, nine,

195
00:14:39,879 --> 00:14:43,465
eight, seven, six, five...

196
00:14:43,549 --> 00:14:46,010
-[Smith] I'm not gonna miss this place.
-...four, three,

197
00:14:46,093 --> 00:14:48,262
-two, one.
-Well, we've got that in common.

198
00:14:49,138 --> 00:14:50,347
[engine fires up]

199
00:15:08,699 --> 00:15:09,533
[gasps]

200
00:15:09,867 --> 00:15:11,201
[breathing heavily]

201
00:15:17,625 --> 00:15:20,461
Okay, planet that we never
bothered to name,

202
00:15:20,878 --> 00:15:22,796
this is between us now.

203
00:15:25,966 --> 00:15:27,676
We're leaving.

204
00:15:46,987 --> 00:15:49,990
Judy, Penny, Will, we're clear.

205
00:15:51,033 --> 00:15:51,951
[chuckles]

206
00:15:52,993 --> 00:15:54,328
[Smith] It's pretty up here.

207
00:15:56,246 --> 00:15:58,624
But I guess everything looks pretty
from far enough away.

208
00:16:00,626 --> 00:16:01,543
[exhales sharply]

209
00:16:02,753 --> 00:16:05,130
[sighs, grunts]

210
00:16:11,971 --> 00:16:14,974
-Isn't it supposed to float?
-Yes.

211
00:16:15,057 --> 00:16:17,434
[Will] Mom, things just got weird.

212
00:16:21,730 --> 00:16:22,690
Are we in orbit?

213
00:16:24,316 --> 00:16:25,359
Yes, we are.

214
00:16:27,778 --> 00:16:30,614
And no, I don't know why
there's gravity on the ship.

215
00:16:40,249 --> 00:16:42,793
[pulsating, low screeching]

216
00:16:45,212 --> 00:16:48,590
[over radio] Jupiter 2, this is
Victor Dhar calling you from the Resolute.

217
00:16:49,299 --> 00:16:52,428
I repeat. Jupiter 2, this is Victor Dhar
calling you from the Resolute.

218
00:16:56,557 --> 00:16:57,891
I don't know if you can hear us,

219
00:16:57,975 --> 00:17:00,811
but every one of the other Jupiters
made it here safely.

220
00:17:01,729 --> 00:17:03,564
And for that,
we owe you a debt of gratitude.

221
00:17:05,858 --> 00:17:08,402
However, as you're well aware,
there's a black hole

222
00:17:08,485 --> 00:17:10,446
making this section of space
extremely treacherous.

223
00:17:11,572 --> 00:17:15,409
You now have 63 minutes to join us.

224
00:17:17,828 --> 00:17:19,121
I hope you will.

225
00:17:19,496 --> 00:17:22,124
Because after that time,
we simply can't wait any longer.

226
00:17:24,293 --> 00:17:25,627
Resolute, out.

227
00:17:27,004 --> 00:17:28,464
63 minutes?

228
00:17:29,798 --> 00:17:33,761
-That's plenty of time to get John.
-Oh, yeah, that's right.

229
00:17:33,844 --> 00:17:39,099
I'll program in a search pattern now.
[typing]

230
00:17:39,183 --> 00:17:42,352
[automated voice] Course correction

required. Insufficient fuel.

231

00:17:42,436 --> 00:17:43,896
"Insufficient fuel"?

232

00:17:44,605 --> 00:17:48,067
Don't pay any attention to that.
The system isn't properly calibrated.

233

00:17:48,650 --> 00:17:51,612
Because it sounds a lot like
we won't have enough fuel

234

00:17:51,695 --> 00:17:54,740
to go find your husband
and still make it back to the Resolute.

235

00:17:54,823 --> 00:17:57,993
-I'll tighten the search perimeters.
-That's insufficient.

236

00:17:58,077 --> 00:17:58,911
[sighs]

237

00:17:59,036 --> 00:18:01,371
It's time for you to put aside
your personal feelings

238

00:18:01,705 --> 00:18:04,374
-and get your priorities straight.
-[continues typing]

239

00:18:06,001 --> 00:18:07,669
Sometimes you have to let people go.

240

00:18:10,297 --> 00:18:12,091
Set a course for the Resolute.

241

00:18:13,509 --> 00:18:14,426
No.

242

00:18:16,887 --> 00:18:18,138

Set a course for the Resolute

243

00:18:18,222 --> 00:18:20,265
and you and your kids
can go there with me.

244

00:18:22,518 --> 00:18:25,938
Or I'll throw you off the ship
and find a way to get there myself.

245

00:18:27,356 --> 00:18:30,818
-You think you hold all the cards?
-I know I do.

246

00:18:30,901 --> 00:18:33,112
-Are you sure?
-I have a robot.

247

00:18:34,655 --> 00:18:35,489
Ahhh!

248

00:18:37,908 --> 00:18:41,203
[automated voice] Warning.
Entry angle exceeding parameters.

249

00:18:41,286 --> 00:18:43,038
-Mom?
-Trust her.

250

00:18:43,122 --> 00:18:44,998
[automated voice] Five hundred.
Approaching minimums.

251

00:18:45,082 --> 00:18:48,001
Are you crazy? You'd commit suicide
with your kids?

252

00:18:48,085 --> 00:18:49,753
[automated voice] Four hundred.
Approaching minimums.

253

00:18:49,837 --> 00:18:53,549
We're Robinsons.

Live together or die together.

254

00:18:53,632 --> 00:18:57,344
-Would you do something?
-[robot] Danger, Dr. Smith.

255

00:18:57,427 --> 00:18:59,805
-What're you doing?
-[robot] Danger, Dr. Smith.

256

00:18:59,888 --> 00:19:01,098
She's bluffing.

257

00:19:02,599 --> 00:19:04,643
-[Maureen] Out of the hub, now.
-Let's go!

258

00:19:04,726 --> 00:19:06,770
[automated voice] One hundred.
Approaching minimums.

259

00:19:06,854 --> 00:19:08,897
[robot] Danger, Dr. Smith.

260

00:19:09,982 --> 00:19:11,066
Stop it.

261

00:19:12,317 --> 00:19:15,070
[automated voice]
Minimums. Minimums. Minimums.

262

00:19:15,404 --> 00:19:16,530
This is what she wants.

263

00:19:16,613 --> 00:19:18,365
[automated voice]
Pull up. Pull up. Pull up.

264

00:19:18,448 --> 00:19:19,783
[Maureen] Come on.

265

00:19:19,867 --> 00:19:26,582

[automated voice] Pull up. Pull up.
Pull up. Pull up. Pull up.

266
00:19:27,332 --> 00:19:28,834
Orbit stabilized.

267
00:19:37,259 --> 00:19:39,178
[whirring, door locks]

268
00:19:40,304 --> 00:19:41,346
[groans]

269
00:19:42,181 --> 00:19:43,265
-[grunts]
-[negative beeps]

270
00:19:45,601 --> 00:19:46,977
-[grunts]
-[negative beeps]

271
00:19:48,812 --> 00:19:52,274
Open the door! Get me out of here!

272
00:19:55,360 --> 00:19:57,988
[metal creaking]

273
00:20:09,499 --> 00:20:11,460
You're in the safest room on the ship.

274
00:20:11,877 --> 00:20:14,171
It was designed to survive
an asteroid collision.

275
00:20:14,504 --> 00:20:16,548
It was designed to withstand solar flares.

276
00:20:16,632 --> 00:20:20,385
It was designed to repel temperatures
that drop to absolute zero.

277
00:20:20,469 --> 00:20:22,846
And do you know who designed it? Me.

278

00:20:23,305 --> 00:20:25,265
So don't expect to get out any time soon.

279

00:20:35,651 --> 00:20:36,485
Break the glass.

280

00:20:44,785 --> 00:20:47,663
-You can't keep me in here forever.
-That's true.

281

00:20:47,996 --> 00:20:49,665
But you'll be in there for long enough.

282

00:20:50,249 --> 00:20:52,876
Now, if you'll excuse me,
I'm going to find my husband.

283

00:20:59,675 --> 00:21:02,302
You do realize you can never
criticize us for being reckless again.

284

00:21:02,386 --> 00:21:05,347
Of course I can. I'm your mother.
You and Judy get the harpoon ready.

285

00:21:05,430 --> 00:21:08,725
-[Penny] Wait, we have a harpoon?
-[Maureen] Will, you're with me.

286

00:21:11,061 --> 00:21:13,730
[Don] We're almost there.
Find the green wire?

287

00:21:13,814 --> 00:21:17,150
-There is no green wire.
-Okay, find the black wire.

288

00:21:18,110 --> 00:21:20,028
-There's no black wire.
-What do you see?

289

00:21:20,112 --> 00:21:22,572
Whole bunch of wires,
none of which are green or black.

290
00:21:22,656 --> 00:21:24,992
Whoever installed this
must've swapped out this unit

291
00:21:25,075 --> 00:21:27,953
with another controller to cut corners.
It was probably that Williamson,

292
00:21:28,036 --> 00:21:30,122
-that cheap son of a bitch.
-So what do I do here?

293
00:21:30,205 --> 00:21:33,125
There are a thousand possible scenarios
to choose from,

294
00:21:33,208 --> 00:21:36,962
only one of which would work.
I'd know if I saw it.

295
00:21:37,045 --> 00:21:41,508
Okay. Okay.
You're just gonna have to see it.

296
00:21:42,551 --> 00:21:46,013
As it happens, our eyes have the ability
to generate liquid. They're called tears.

297
00:21:46,096 --> 00:21:47,889
-You want me to cry?
-Yeah.

298
00:21:47,973 --> 00:21:49,141
Well, how?

299
00:21:50,600 --> 00:21:55,272
Well, I don't know, I mean, I...
Think of something sad.

300

00:21:55,355 --> 00:21:58,191
-That seems to work for most people.
-I can't cry out of nowhere.

301
00:22:00,068 --> 00:22:01,445
Okay, okay.

302
00:22:01,528 --> 00:22:04,448
Picture all your family and friends
that you left behind on Earth

303
00:22:04,531 --> 00:22:06,199
that you may never see again.

304
00:22:06,283 --> 00:22:09,244
There's no one I really care about.
Otherwise, I wouldn't have left.

305
00:22:09,328 --> 00:22:12,456
I've been on my own ever since
before I could tie my shoelaces.

306
00:22:12,539 --> 00:22:13,832
Which I taught myself.

307
00:22:15,667 --> 00:22:16,752
I've seen a lot of orphans.

308
00:22:16,835 --> 00:22:20,464
Who says I'm an orphan?
My parents are alive and well.

309
00:22:21,048 --> 00:22:22,341
Somewhere, I guess.

310
00:22:23,675 --> 00:22:25,093
I'm sorry they ditched you.

311
00:22:25,844 --> 00:22:28,555
Must be tough knowing
that they never loved you.

312

00:22:30,182 --> 00:22:33,268
That they thought
you were a worthless piece of--

313
00:22:33,352 --> 00:22:36,688
Hey, what the hell, man? Why do you--
Oh, I see what you're doing.

314
00:22:37,105 --> 00:22:39,399
Trying to make me cry.
You have to do better than that.

315
00:22:39,483 --> 00:22:44,404
You know what? Forget about it.
I'll figure it out myself.

316
00:22:44,821 --> 00:22:45,906
[Judy sighs]

317
00:22:50,410 --> 00:22:52,913
We actually have a harpoon gun.

318
00:22:52,996 --> 00:22:56,416
All my life, I feel like I've been
missing out on harpooning things.

319
00:22:57,250 --> 00:22:59,753
[exhales] All this talk of harpooning
reminds me,

320
00:22:59,836 --> 00:23:01,755
we never got to finish Moby-Dick.

321
00:23:01,838 --> 00:23:04,091
-Only got to, like, page 30.
-The whale kills Ahab.

322
00:23:04,800 --> 00:23:05,842
Spoiler alert.

323
00:23:06,176 --> 00:23:09,971
It was written in 1851. You had your shot.

324

00:23:12,557 --> 00:23:15,227
[Will] Diving towards the planet
must have used a lot of fuel.

325

00:23:15,310 --> 00:23:17,020
Do we still have enough to find Dad?

326

00:23:17,646 --> 00:23:19,523
I'm starting another infrared sweep.

327

00:23:20,148 --> 00:23:21,274
[robot pounding on window]

328

00:23:21,358 --> 00:23:23,777
If he can get that bonfire lit soon,
we should be okay.

329

00:23:23,860 --> 00:23:25,278
[pounding continues steadily]

330

00:23:31,159 --> 00:23:35,831
I never should have saved him.
Should have let him die in that tree.

331

00:23:39,292 --> 00:23:43,713
The robot is only as good as its master.
You are a very good person.

332

00:23:46,425 --> 00:23:48,301
The robot saved Judy because of you.

333

00:23:50,137 --> 00:23:52,139
-Because of me?
-That's right.

334

00:23:52,222 --> 00:23:54,683
Judy was trapped in the ice because of me.

335

00:23:55,809 --> 00:23:56,893
No one blames you for that.

336

00:23:56,977 --> 00:23:58,478
I should have been able to swim down.

337
00:23:58,562 --> 00:24:00,480
If I would've swam down
and gotten the battery,

338
00:24:00,564 --> 00:24:01,898
everything would have been fine.

339
00:24:01,982 --> 00:24:02,941
Enough.

340
00:24:03,275 --> 00:24:07,028
We have plenty of problems to solve now
without rehashing the past.

341
00:24:14,202 --> 00:24:16,246
[Maureen pushing console buttons]

342
00:24:26,631 --> 00:24:29,676
-I didn't pass the test, did I?
-What test?

343
00:24:29,759 --> 00:24:32,554
The stress test to get accepted
into the colony program.

344
00:24:34,222 --> 00:24:35,640
I didn't pass.

345
00:24:39,853 --> 00:24:40,770
No, you didn't.

346
00:24:42,022 --> 00:24:43,148
Then how am I here?

347
00:24:45,692 --> 00:24:47,652
You deserve to be at the colony.

348
00:24:47,736 --> 00:24:50,280
There's no test

that could convince me otherwise.

349

00:24:50,363 --> 00:24:51,573
But how am I here?

350

00:24:54,201 --> 00:24:55,952
I pulled some strings.

351

00:24:58,330 --> 00:25:01,374
-You did something wrong.
-No, not wrong.

352

00:25:03,126 --> 00:25:06,046
Illegal. There's a big difference.

353

00:25:07,130 --> 00:25:09,591
You would have been better off
if I'd stayed behind.

354

00:25:20,602 --> 00:25:23,480
Can't you hit it any harder?

355

00:25:23,563 --> 00:25:24,773
[breathing heavily]

356

00:25:26,483 --> 00:25:27,442
[sighs]

357

00:25:27,525 --> 00:25:29,736
I know you, Maureen.

358

00:25:29,819 --> 00:25:33,323
You didn't design this as a cage.

359

00:25:33,782 --> 00:25:36,701
You designed this
to protect your children.

360

00:25:36,785 --> 00:25:43,166
Yes. You would absolutely have built in
a way for them to get out.

361
00:25:45,418 --> 00:25:49,381
"Jupiter Class Interplanetary Craft Manual
of Operations." [grunts]

362
00:25:49,798 --> 00:25:52,884
I may have skipped orientation,
but I am a quick learner.

363
00:25:56,429 --> 00:25:57,931
If you make yourself throw up,

364
00:25:58,014 --> 00:26:00,350
you're gonna have a bigger problem
than blindness.

365
00:26:01,476 --> 00:26:02,435
[grunts]

366
00:26:02,811 --> 00:26:03,979
It's not working anyway.

367
00:26:04,437 --> 00:26:06,064
[alarm beeping]

368
00:26:06,147 --> 00:26:09,985
[Don] So let me guess, we're down to what?
One hour of air?

369
00:26:10,068 --> 00:26:13,571
[John] There's not enough time for me
to try every combination of wires.

370
00:26:13,655 --> 00:26:14,990
I need your eyes, Don.

371
00:26:16,658 --> 00:26:20,245
Hey, seriously though,

372
00:26:21,413 --> 00:26:24,124
the thought of dying
doesn't make you feel sad?

373

00:26:24,207 --> 00:26:25,959
Don't you have any regrets?

374

00:26:26,042 --> 00:26:28,878
I don't believe in looking back.
That's how you crash into things.

375

00:26:30,797 --> 00:26:35,927
There was a time all I ever thought about
was the things I never did.

376

00:26:37,971 --> 00:26:42,517
Birthday card I forgot to mail.
Birthday card I forgot to buy.

377

00:26:44,019 --> 00:26:49,733
[sighs] Birthdays... just came and went.

378

00:26:53,611 --> 00:26:57,157
But then, I came to realize

379

00:26:57,240 --> 00:27:01,995
it was all the days in between
I was really missing out on.

380

00:27:02,078 --> 00:27:06,458
Breakfast before school,
driving carpool to soccer practice,

381

00:27:07,125 --> 00:27:11,212
skinned knees that I was never there
to put Band-Aids on...

382

00:27:11,963 --> 00:27:16,676
Regular days.
Yeah, that's what really mattered. [sighs]

383

00:27:19,554 --> 00:27:23,475
I had three great kids
that I thought I'd lost forever.

384

00:27:23,558 --> 00:27:27,729

But you know, crashing on this planet
is the best thing that ever happened to me

385

00:27:27,812 --> 00:27:30,148
because it helped me find them again.

386

00:27:33,485 --> 00:27:37,822
I love Penny 'cause she gives me lip.

387

00:27:38,114 --> 00:27:41,993
But she tries harder
than anyone will ever give her credit for.

388

00:27:42,577 --> 00:27:47,374
I love Will 'cause
he sees things that I can't see.

389

00:27:47,457 --> 00:27:49,334
Anyway, he's smarter than I am.

390

00:27:50,377 --> 00:27:54,547
I love Judy 'cause even though
I'm not her biological dad,

391

00:27:55,173 --> 00:27:57,092
she's exactly like me.

392

00:27:57,175 --> 00:28:00,762
I mean, she's strong, fearless.

393

00:28:02,305 --> 00:28:05,475
Ah. Maybe I just wish I was more like her.
[chuckles]

394

00:28:06,935 --> 00:28:08,186
[John sighs]

395

00:28:10,563 --> 00:28:11,648
Hey.

396

00:28:11,731 --> 00:28:12,941
[sniffles]

397

00:28:14,317 --> 00:28:16,236
I wish I'd had a father like you.

398

00:28:17,362 --> 00:28:18,822
[chuckles]

399

00:28:20,115 --> 00:28:23,118
Why don't you quit blubbering
and get our signal fire lit, huh?

400

00:28:26,996 --> 00:28:29,624
-What the hell did you do here?
-Yeah, sorry about that.

401

00:28:30,709 --> 00:28:31,835
Give me a minute.

402

00:28:36,631 --> 00:28:40,093
-Hang on to something.
-Yeah? Why?

403

00:28:41,344 --> 00:28:42,679
We might blow up.

404

00:28:44,097 --> 00:28:45,181
Whoa!

405

00:28:46,558 --> 00:28:48,017
I'm picking up something hot.

406

00:28:48,476 --> 00:28:51,312
-You girls ready with the harpoon?
-Ready.

407

00:29:00,113 --> 00:29:02,615
[typing]

408

00:29:15,962 --> 00:29:17,464
[gasps] I see them!

409

00:29:19,048 --> 00:29:21,843
Hey. Nice hydrazine fire you've got there.

410
00:29:21,926 --> 00:29:24,345
Hey! I knew you'd find us.

411
00:29:24,429 --> 00:29:25,638
It was a group effort.

412
00:29:25,722 --> 00:29:27,182
-[chuckles]
-[Maureen] Say hi to the group.

413
00:29:27,265 --> 00:29:28,349
[John] Hi, there.

414
00:29:29,768 --> 00:29:30,935
-Dad?
-Dad.

415
00:29:31,019 --> 00:29:32,854
-Hey, Dad.
-[Judy] Dad. Hi, Dad!

416
00:29:32,937 --> 00:29:35,064
You're not allowed to
do that to us again, okay?

417
00:29:35,982 --> 00:29:37,484
I knew you'd be fine.

418
00:29:38,276 --> 00:29:39,527
[Don] Um...

419
00:29:39,611 --> 00:29:41,404
Hey, everybody. [sniffles]

420
00:29:41,488 --> 00:29:45,784
-Are you... Were you crying?
-No. Maybe. I mean--

421
00:29:45,867 --> 00:29:47,243

-Tears of joy.

-[Don] Yeah.

422

00:29:47,827 --> 00:29:48,828

So what happened?

423

00:29:48,912 --> 00:29:51,039

-[robot pounding on glass]

-[sighs] Where to begin?

424

00:29:51,873 --> 00:29:53,750

Let's just get you out of the cold.

425

00:30:03,384 --> 00:30:05,887

-We close enough?

-Almost in range.

426

00:30:05,970 --> 00:30:08,389

[automated voice]

Target in range in 30 seconds.

427

00:30:09,390 --> 00:30:10,225

Listen.

428

00:30:12,685 --> 00:30:14,354

When did the pounding stop?

429

00:30:15,855 --> 00:30:17,065

[automated voice] Target in range

430

00:30:17,148 --> 00:30:18,483

-in 20 seconds.

-Come on, come on.

431

00:30:30,411 --> 00:30:32,705

[automated voice] Eight, seven, six...

432

00:30:34,749 --> 00:30:36,835

-Target out of range.

-We gotta run.

433

00:30:45,051 --> 00:30:46,302

[Don] It doesn't reach.

434

00:30:46,761 --> 00:30:49,806
Hey, Maureen! Maureen!

435

00:30:50,682 --> 00:30:53,810
You stabbed me in the back, Maureen.

436

00:30:57,438 --> 00:30:58,815
Our fuel's gone.

437

00:31:00,733 --> 00:31:02,193
The Resolute's gone.

438

00:31:06,155 --> 00:31:09,075
I'm stuck here,
drifting nowhere till I die.

439

00:31:10,910 --> 00:31:13,788
[John over radio] Hey, Maureen!
You missed.

440

00:31:15,832 --> 00:31:17,458
And all because of you.

441

00:31:25,383 --> 00:31:27,260
You and your family.

442

00:31:49,282 --> 00:31:50,617
[whispering] Come on.

443

00:32:04,797 --> 00:32:06,090
-[Judy] Hurry.
-[Maureen] Hey.

444

00:32:06,174 --> 00:32:07,675
-[Judy] What happened?
-Get in the Chariot.

445

00:32:07,759 --> 00:32:09,677
[Penny] What do you mean? What's going on?

446
00:32:09,761 --> 00:32:11,220
-It got out.
-[Penny whispers] What?

447
00:32:11,846 --> 00:32:13,640
[loud thudding]

448
00:32:13,765 --> 00:32:15,475
-Mom?
-Get in now.

449
00:32:17,602 --> 00:32:20,563
Seal the doors.
It'll maintain pressure long enough.

450
00:32:20,647 --> 00:32:23,024
-Mom, we can help you.
-Stay in there!

451
00:32:27,362 --> 00:32:28,613
Hey, where's Will?

452
00:32:38,039 --> 00:32:42,418
No, get out of there! No! Will! Hide!

453
00:32:43,127 --> 00:32:47,715
You know who I am. It's me.

454
00:32:50,969 --> 00:32:53,638
-It's Will Robinson.
-[Penny] What do we do?

455
00:32:59,602 --> 00:33:01,062
And we're friends.

456
00:33:10,613 --> 00:33:12,031
[Maureen screaming] No!

457
00:33:19,372 --> 00:33:21,124
Get away from my kids!

458

00:33:23,835 --> 00:33:26,963
Go! Tie yourself onto there.

459
00:33:33,052 --> 00:33:35,471
-Hold on tight. Okay?
-Yeah.

460
00:33:54,407 --> 00:33:56,367
No! No! No!

461
00:34:07,628 --> 00:34:08,713
[sobs]

462
00:34:12,425 --> 00:34:14,343
-[alarm sounding]
-[panting]

463
00:34:14,427 --> 00:34:16,554
[automated voice] Air pressure stabilized.

464
00:34:16,637 --> 00:34:18,347
[panting]

465
00:34:23,644 --> 00:34:24,854
Maybe I can jump for it.

466
00:34:25,688 --> 00:34:27,940
[John] No, wait! Look.

467
00:34:36,240 --> 00:34:37,700
[panting]

468
00:34:40,203 --> 00:34:42,121
What the hell is that?

469
00:34:47,543 --> 00:34:49,253
[Maureen panting]

470
00:34:49,337 --> 00:34:51,339
-Did the seals hold?
-Yeah.

471
00:34:51,422 --> 00:34:53,174
[Penny] Yeah. Yeah, Mom. They held.

472
00:34:53,257 --> 00:34:54,675
[creaking]

473
00:35:09,732 --> 00:35:11,025
What is that?

474
00:35:18,366 --> 00:35:20,701
[breathing heavily]

475
00:35:33,714 --> 00:35:34,632
Judy!

476
00:35:41,389 --> 00:35:43,933
[low electronic screeching]

477
00:35:50,064 --> 00:35:52,984
-Why is it pointing at us?
-Go!

478
00:35:53,985 --> 00:35:55,736
You stay away from them!

479
00:35:57,071 --> 00:35:58,239
[grunts]

480
00:35:58,322 --> 00:36:00,241
[air hissing]

481
00:36:00,324 --> 00:36:01,951
-[both] Mom!
-Mom!

482
00:36:08,124 --> 00:36:08,958
[grunts]

483
00:36:10,710 --> 00:36:12,211
[panting]

484
00:36:29,645 --> 00:36:30,521
[air hissing]

485
00:36:31,314 --> 00:36:33,357
[whimpering]

486
00:37:08,768 --> 00:37:10,102
[breathing heavily]

487
00:37:21,614 --> 00:37:23,157
I knew it was still you.

488
00:37:23,866 --> 00:37:26,285
[robot] Friends, Will Robinson.

489
00:37:26,869 --> 00:37:30,456
Yeah. Yeah, friends.

490
00:37:33,292 --> 00:37:34,293
[gasps]

491
00:38:31,934 --> 00:38:34,645
[automated voice] Ship's oxygen loss
will reach critical levels

492
00:38:34,729 --> 00:38:36,647
-in T-minus two minutes.
-Mom.

493
00:38:36,731 --> 00:38:39,900
-Will, are you okay?
-Yeah, I will be.

494
00:38:39,984 --> 00:38:42,236
[panting]

495
00:38:45,865 --> 00:38:47,366
[Judy] Mom, Will!

496
00:38:48,367 --> 00:38:50,619
There's a crack in the glass.

We're losing air.

497

00:38:51,412 --> 00:38:53,706

-It's not gonna hold.

-[Maureen gasps]

498

00:38:53,789 --> 00:38:58,586

The ramp won't close.

The hydraulics are damaged. [sniffles]

499

00:38:59,754 --> 00:39:01,088

[breath trembling] Okay.

500

00:39:01,672 --> 00:39:03,341

There's a manual crank outside.

501

00:39:05,551 --> 00:39:06,552

Will, you can't.

502

00:39:08,179 --> 00:39:11,515

-I have to.

-Will, you can't!

503

00:39:14,435 --> 00:39:17,271

What good is protecting me my whole life

504

00:39:19,231 --> 00:39:21,567

if I can't grow up to protect you?

505

00:39:29,033 --> 00:39:30,409

You be careful.

506

00:39:45,424 --> 00:39:46,425

[exhales heavily]

507

00:40:04,068 --> 00:40:05,444

[breathing heavily]

508

00:40:38,519 --> 00:40:41,397

Once I shut the door,

I'll climb over to the rear airlock.

509
00:40:41,480 --> 00:40:43,482
That's a long climb.

510
00:40:44,942 --> 00:40:45,901
He knows.

511
00:40:47,111 --> 00:40:48,070
It's gonna work.

512
00:40:54,243 --> 00:40:56,162
[panting]

513
00:41:10,759 --> 00:41:12,636
[automated voice] Oxygen loss evaded.

514
00:41:13,095 --> 00:41:13,929
You did it.

515
00:41:16,724 --> 00:41:19,852
I did do it, didn't I?

516
00:41:22,104 --> 00:41:24,398
[Maureen over radio]
I'll be waiting for you at the hatch.

517
00:41:24,482 --> 00:41:25,816
[exhales heavily]

518
00:41:52,801 --> 00:41:53,761
Ah!

519
00:41:55,387 --> 00:41:57,306
No! No!

520
00:41:58,599 --> 00:42:00,726
[Maureen over radio] Will, are you okay?

521
00:42:05,231 --> 00:42:08,901
-[hyperventilating, whimpers]
-[Maureen over radio] Will?

522

00:42:18,118 --> 00:42:18,953
[both grunt]

523

00:42:20,162 --> 00:42:25,125
-Dad!
-I gotcha. I gotcha, buddy.

524

00:42:27,628 --> 00:42:29,255
Come on. Let's go home.

525

00:42:42,184 --> 00:42:43,727
[Penny] I think it's kind of cool.

526

00:42:45,187 --> 00:42:48,315
I have a scar too, buddy.
Wraps all the way from my waist--

527

00:42:48,399 --> 00:42:50,234
-All right. No. Uh-uh.
-No!

528

00:42:51,151 --> 00:42:52,361
Seventeen stitches.

529

00:42:52,778 --> 00:42:54,363
Used my best bottle of whiskey
to clean it up.

530

00:42:54,446 --> 00:42:56,615
-I was passed out.
-[Judy] Story time is over now.

531

00:42:56,699 --> 00:42:58,284
[Don] Blood everywhere. No, listen to me.

532

00:42:58,367 --> 00:43:00,369
[chatter continues indistinctly]

533

00:43:14,008 --> 00:43:15,509
There's no sign of the Resolute.

534

00:43:16,969 --> 00:43:20,639
They're long gone. We're on our own.

535
00:43:23,809 --> 00:43:25,394
At least we're all together.

536
00:43:26,895 --> 00:43:28,230
We almost weren't.

537
00:43:29,315 --> 00:43:32,276
-If you hadn't caught Will--
-I wouldn't have been able to

538
00:43:32,359 --> 00:43:35,070
if you hadn't shot the harpoon
the second time.

539
00:43:38,240 --> 00:43:39,199
Second time?

540
00:44:01,388 --> 00:44:02,765
Why did you do that?

541
00:44:10,314 --> 00:44:11,148
Do what?

542
00:44:11,231 --> 00:44:14,818
Shoot the harpoon again
so John could climb back on the ship.

543
00:44:19,490 --> 00:44:20,908
Because I was sorry.

544
00:44:22,951 --> 00:44:27,081
I still am. About everything.

545
00:44:27,831 --> 00:44:29,041
Are you, really?

546
00:44:32,461 --> 00:44:34,838
I said it 'cause
it was the right thing to say.

547
00:44:37,341 --> 00:44:38,801
It's what I do.

548
00:44:41,178 --> 00:44:44,181
There's no way I'm letting you out again.

549
00:44:56,568 --> 00:44:57,778
We'll see.

550
00:45:07,371 --> 00:45:08,247
[sighs]

551
00:45:19,133 --> 00:45:22,177
So, what are our options?

552
00:45:26,473 --> 00:45:30,519
If we ration our supplies,
we could maybe survive long enough

553
00:45:30,602 --> 00:45:34,523
for the heat to subside
and we could land again.

554
00:45:37,776 --> 00:45:39,570
Land back down there?

555
00:45:41,738 --> 00:45:43,615
It would actually be more of a crash.

556
00:45:49,663 --> 00:45:50,497
[sighs]

557
00:46:00,090 --> 00:46:01,341
Maureen.

558
00:46:11,143 --> 00:46:12,269
It's the Resolute!

559
00:46:16,356 --> 00:46:19,860
[Victor over radio] Robinsons, Jupiter 2,

you are clear to dock.

560

00:46:20,235 --> 00:46:21,528
You waited for us.

561

00:46:21,987 --> 00:46:26,867
John, I represent every member
of this colonist group, even you.

562

00:46:26,950 --> 00:46:28,368
[chuckles]

563

00:46:31,580 --> 00:46:32,498
Victor...

564

00:46:34,208 --> 00:46:35,459
thank you.

565

00:46:36,043 --> 00:46:37,044
You're welcome.

566

00:46:37,127 --> 00:46:40,297
-[woman] Sir, we're near the orbit--
-[alert sounding]

567

00:46:40,422 --> 00:46:42,674
Quickly, please.
We've stayed longer than we should.

568

00:46:43,425 --> 00:46:45,427
[John over radio]
Actually, we're out of fuel.

569

00:46:46,011 --> 00:46:47,804
[Victor] Hold tight. We'll come to you.

570

00:47:04,655 --> 00:47:06,281
[alien screeching, pulsating]

571

00:47:08,784 --> 00:47:10,953
It's the noise the robot's ship
was making.

572

00:47:11,578 --> 00:47:13,372
So why is our ship making it?

573

00:47:31,890 --> 00:47:35,477
[Maureen] What's going on?
Why... Why are we turning around?

574

00:47:37,062 --> 00:47:38,981
[Victor] Jupiter 2, is everything okay?

575

00:47:39,898 --> 00:47:43,360
[Maureen over radio] I don't know.
It's like we lost control of the ship.

576

00:47:56,331 --> 00:47:58,876
-[all gasping]
-Ahhh!

577

00:48:16,727 --> 00:48:17,561
[Don grunts]

578

00:48:26,320 --> 00:48:30,240
-Wait, where are we now?
-[Maureen] I have no idea.

579

00:48:35,829 --> 00:48:36,705
[Will] I do.

580

00:48:43,754 --> 00:48:45,130
I think we're here.

581

00:48:46,423 --> 00:48:47,507
Where's "here"?

582

00:48:56,433 --> 00:48:57,476
Danger.

583

00:49:02,731 --> 00:49:04,650
[dramatic music playing]
