EPISODE 2.02

"Precipice"

Penny and Maureen become trapped in a mysterious metal trench. Meanwhile, Don falls prey to a nasty toxin.

MAIN EPISODE CAST

Molly Parker	...	Maureen Robinson
Toby Stephens	...	John Robinson
Maxwell Jenkins	...	Will Robinson
Taylor Russell	...	Judy Robinson
Mina Sundwall	...	Penny Robinson
Ignacio Serricchio	...	Don West
Parker Posey	...	June Harris / Dr. Smith
Raza Jaffrey	...	Victor Dhar
Brian Steele	...	Robot
Sakina Jaffrey	...	Captain Kamal
Amelia Burstyn	...	Diane

1

00:00:10,010 --> 00:00:11,219
[grunting]

2

00:00:11,970 --> 00:00:13,722
Okay, so what now? [sighs]

3

00:00:13,805 --> 00:00:15,807
Nothing's changed. We stick to the plan.

4

00:00:15,890 --> 00:00:18,727
Oh, so getting stuck at the edge
of a massive alien waterfall was...

5

00:00:18,810 --> 00:00:19,728
part of the plan?

6

00:00:19,811 --> 00:00:22,439
The lightning storm should be starting
in 97 minutes, give or take.

7

00:00:22,522 --> 00:00:25,483
We need to be ready
to spark the engines when that happens.

8

00:00:25,567 --> 00:00:27,027
Everybody remember their assignments?

9

00:00:27,110 --> 00:00:29,029
Siphon methane from the air
and fill up our tanks.

10

00:00:29,112 --> 00:00:30,280
Yeah, I got the sails.

11

00:00:30,363 --> 00:00:32,365
We'll break down the mast
and stow the rigging below.

12

00:00:32,449 --> 00:00:35,326
Leave the lines for me. If we're gonna
catch the power from the storm,

13

00:00:35,410 --> 00:00:37,245
I need every inch I can get
for the kite.

14

00:00:38,246 --> 00:00:39,706
-Don!
-Present.

15

00:00:39,789 --> 00:00:42,751
-You know what you're doing?
-Yes. Just sounds cooler when you say it.

16

00:00:42,834 --> 00:00:45,712
Penny, just make sure Don has everything
he needs to clear us for launch.

17

00:00:45,795 --> 00:00:47,839
-Are we not gonna talk about it?
-What?

18

00:00:47,922 --> 00:00:50,175
The giant metal trench
in the middle of the planet.

19

00:00:50,592 --> 00:00:52,552
Something like that doesn't just happen.

20

00:00:52,635 --> 00:00:53,678
Someone built it.

21

00:00:54,054 --> 00:00:55,305
Don't you wanna know who?

22

00:00:55,388 --> 00:00:56,389
Of course I do,

23

00:00:56,473 --> 00:00:58,391
but right now, we need to focus
on the fact that

24

00:00:58,475 --> 00:01:01,436
16 billion joules of energy are about

to strike right where we're standing.

25

00:01:01,519 --> 00:01:03,772
All in favor of finding
a new place to stand!

26

00:01:04,064 --> 00:01:06,441
[Maureen] As long we stay
inside the Jupiter, we'll be fine.

27

00:01:06,524 --> 00:01:09,486
The ship will act as a Faraday cage,
sending the energy around us...

28

00:01:10,028 --> 00:01:11,279
instead of through us.

29

00:01:12,906 --> 00:01:13,782
Hey.

30

00:01:14,949 --> 00:01:17,535
We'll look into what's down there.
Soon as we're airborne.

31

00:01:17,619 --> 00:01:18,453
Excuse me.

32

00:01:19,245 --> 00:01:20,580
I didn't get a job.

33

00:01:21,164 --> 00:01:23,583
Your job is to do nothing...
and touch nothing.

34

00:01:24,084 --> 00:01:25,835
If we ever need to sail again,
we'll call you.

35

00:01:25,919 --> 00:01:26,961
All right, let's get to it.

36

00:01:28,129 --> 00:01:30,381

She never likes it
when someone else saves the day.

37

00:01:48,483 --> 00:01:50,485
[soft grunting] You know,

38

00:01:50,568 --> 00:01:53,029
I was talking to Will yesterday
and he told me that

39

00:01:53,113 --> 00:01:55,824
Ben Franklin wasn't the only one
to try the kite experiment,

40

00:01:56,449 --> 00:01:59,786
that a man named Georg Reichmann
tried it a couple weeks later.

41

00:01:59,869 --> 00:02:03,748
Yeah? History books
never talk about the second guy.

42

00:02:03,832 --> 00:02:07,418
That's because lightning jumped
to his forehead, killing him instantly.

43

00:02:08,545 --> 00:02:11,131
Will needs to learn
to keep some things to himself.

44

00:02:15,343 --> 00:02:17,762
[distant ticking]

45

00:02:29,190 --> 00:02:30,191
[ticking continues]

46

00:02:35,738 --> 00:02:37,824
-[Don] Hey!
-[gasps]

47

00:02:37,907 --> 00:02:39,367
Why are you hugging the wall?

48

00:02:39,909 --> 00:02:41,911
-Do you hear that?
-[ticking continues]

49

00:02:42,036 --> 00:02:42,954
What, the ticking?

50

00:02:43,037 --> 00:02:43,872
-Yeah.
-Yeah,

51

00:02:43,955 --> 00:02:46,374
it's probably one of the rotators
in the cooling slats.

52

00:02:46,457 --> 00:02:50,545
As it happens, when you turn a spaceship
into a submarine, it ticks!

53

00:02:54,340 --> 00:02:57,177
[John via radio] Hey, Will!
How's it coming with that methane filter?

54

00:02:57,594 --> 00:03:00,013
[Will via radio] Give me a sec,
I'm heading to the cockpit now.

55

00:03:07,729 --> 00:03:09,105
What are you doing in here?

56

00:03:09,647 --> 00:03:12,066
Just keeping out of the way.

57

00:03:15,236 --> 00:03:17,197
I've always been fascinated by seaweed.

58

00:03:18,656 --> 00:03:20,617
People treat it like floating garbage,

59

00:03:20,700 --> 00:03:23,411
but what they don't realize
is they use it everyday.

60

00:03:23,494 --> 00:03:27,123
In their toothpastes, lotions, shampoos.

61

00:03:27,207 --> 00:03:29,209
All the stuff that makes 'em pretty.

62

00:03:29,542 --> 00:03:31,294
It's like a lot of things, I guess.

63

00:03:33,838 --> 00:03:36,758
Only appreciated when you learn
how helpful they can be.

64

00:03:37,300 --> 00:03:41,304
Are you honestly looking to be appreciated
for navigating us through that storm?

65

00:03:41,387 --> 00:03:43,473
-It was kind of a big deal.
-[exhales]

66

00:03:43,556 --> 00:03:45,600
You were doing it to save yourself.

67

00:03:45,850 --> 00:03:47,810
Not my family, not me...

68

00:03:49,103 --> 00:03:50,230
[sighs]

69

00:03:50,313 --> 00:03:51,314
...just you.

70

00:03:51,397 --> 00:03:52,649
[Smith] Look at him!

71

00:03:52,732 --> 00:03:54,817
Such a big boy now.

72

00:03:58,613 --> 00:04:02,116

I notice you never once visited me
while I was locked up.

73

00:04:03,826 --> 00:04:05,495
We have nothing to talk about.

74

00:04:05,578 --> 00:04:07,455
[whispering] Ah, of course we do.
You and I...

75

00:04:08,539 --> 00:04:10,708
we're the only ones who know
what it's like

76

00:04:10,792 --> 00:04:12,502
to be connected to the robot.

77

00:04:12,585 --> 00:04:14,087
You were not connected to him.

78

00:04:15,546 --> 00:04:16,881
You were using him.

79

00:04:16,965 --> 00:04:18,049
Is there a difference?

80

00:04:18,633 --> 00:04:22,262
The robot's job is to give the master
what he wants.

81

00:04:22,345 --> 00:04:24,347
I wanted a bodyguard,

82

00:04:24,847 --> 00:04:26,432
you wanted a friend.

83

00:04:26,516 --> 00:04:27,684
Excuse me.

84

00:04:28,768 --> 00:04:29,978
I have work to do.

85

00:04:34,148 --> 00:04:35,441
Oh, you poor girl!

86

00:04:35,525 --> 00:04:37,568
Look what they've done to you,
these Robinsons!

87

00:04:37,652 --> 00:04:39,487
This is an abusive relationship.

88

00:04:39,570 --> 00:04:40,905
Gotta get you a safe word.

89

00:04:42,615 --> 00:04:44,993
[Don] Hand it over. [grunts] Got it.

90

00:04:45,702 --> 00:04:46,786
Do you need any help?

91

00:04:46,869 --> 00:04:49,622
Actually, yes. You got a crowbar in there
or something?

92

00:04:49,706 --> 00:04:52,375
I need to get this kelp-looking stuff
off the ship.

93

00:04:52,458 --> 00:04:54,085
[Penny] Well, it's a good thing
I was here.

94

00:04:54,168 --> 00:04:55,920
I don't know what you would've done

95

00:04:56,004 --> 00:04:58,756
if I wasn't around to hand you
this piece of metal.

96

00:05:00,258 --> 00:05:01,092
Thank you.

97

00:05:02,927 --> 00:05:06,389
Is it just me or does it feel like
Mom always gives me the dummy jobs?

98

00:05:06,472 --> 00:05:09,183
Just so I understand the question,
helping me is the dummy job?

99

00:05:09,267 --> 00:05:10,935
I didn't mean it that way.

100

00:05:12,520 --> 00:05:16,482
It's just Will always gets the smart jobs,
and Judy always gets the tough jobs,

101

00:05:16,566 --> 00:05:18,735
then I get the jobs
that literally anybody else could do.

102

00:05:18,818 --> 00:05:21,696
Ugh, you're looking
at this all wrong, Penny.

103

00:05:21,779 --> 00:05:25,366
Flying under the radar is a good thing.
It's actually one of my core principles.

104

00:05:25,450 --> 00:05:27,327
It's right up there with
"Never raise your hand,"

105

00:05:27,410 --> 00:05:31,289
"Always sit in the back" and
"Never, ever, be too good at anything."

106

00:05:31,372 --> 00:05:33,249
-And that works for you?
-[Don] Perfectly.

107

00:05:33,333 --> 00:05:37,086
Until I met you people.
Bunch of over-achievers.

108

00:05:37,670 --> 00:05:39,297
Should've known you'd get me into trouble.

109
00:05:39,797 --> 00:05:41,466
[Maureen over radio] Don, how's it going?

110
00:05:41,549 --> 00:05:43,217
[sighs] Speaking of which...

111
00:05:43,301 --> 00:05:44,260
Everything checking out?

112
00:05:44,344 --> 00:05:46,179
[Don] Yeah. Few bumps
and scrapes here and there.

113
00:05:46,262 --> 00:05:48,639
She could use a paint job, but she'll fly.

114
00:05:48,723 --> 00:05:52,643
[Don] I just gotta get this stuff off
that's clinging to the side of the ship.

115
00:05:52,727 --> 00:05:55,396
Oh yeah, the kelp. We saw some of that
building up on the bow.

116
00:05:55,480 --> 00:05:57,982
It's in there pretty strong.
I think it'll burn in the atmosphere,

117
00:05:58,066 --> 00:06:00,443
but I wanna make sure it doesn't mess
with the thrusters.

118
00:06:00,526 --> 00:06:03,363
Okay, let me know if you want me
to come down and take a look at anything.

119
00:06:03,780 --> 00:06:04,614
Okay!

120

00:06:05,073 --> 00:06:07,450
Know what, Penny,
I need something stronger than this. Here.

121
00:06:07,533 --> 00:06:09,327
Go inside, check in to see--

122
00:06:09,410 --> 00:06:10,953
-Ow!
-[Penny] What? What's wrong?

123
00:06:11,287 --> 00:06:13,289
The kelp, it bit me!
What the hell is this stuff?

124
00:06:13,373 --> 00:06:15,708
-Should I get Judy?
-No, no, no, no-- No, It's fine.

125
00:06:15,792 --> 00:06:17,919
My leg though-- It, like, feels numb.

126
00:06:18,002 --> 00:06:19,962
-Is it cutting off your circulation?
-I don't know--

127
00:06:20,046 --> 00:06:22,924
[Don grunting and yelping]

128
00:06:23,007 --> 00:06:25,802
Oh, God! I can't move my leg!

129
00:06:25,885 --> 00:06:27,095
-Mom!
-Penny?

130
00:06:27,678 --> 00:06:30,056
-[Maureen] Penny? Are you okay?
-[Penny over radio] Mom!

131
00:06:31,099 --> 00:06:31,933
Mom!

132

00:06:32,016 --> 00:06:33,726
[grunts] John, the kite!

133

00:06:36,687 --> 00:06:38,356
No, no, no, no! [grunts]

134

00:06:39,690 --> 00:06:40,525
Oh!

135

00:06:40,983 --> 00:06:41,818
[grunts]

136

00:06:48,074 --> 00:06:50,743
[Maureen] Go, go-go, go-go!
[grunts] Hold on!

137

00:06:51,202 --> 00:06:53,121
Don! Give me your arm.

138

00:06:53,204 --> 00:06:54,497
-Mom? I'm slipping!
-I got you.

139

00:06:54,580 --> 00:06:57,083
[Don] Careful! The kelp--
Don't let it touch you! Don't touch it!

140

00:06:57,166 --> 00:06:58,709
Mom! Mom, I'm losing it!

141

00:06:58,793 --> 00:07:00,169
Use your legs! Fight the current!

142

00:07:00,253 --> 00:07:03,464
-Mom, Mom, it's too strong! Mom!
-I'm coming!

143

00:07:04,966 --> 00:07:07,635
-[Maureen] Hold on, Penny!
-Will, Judy, get down to the airlock!

144

00:07:10,721 --> 00:07:12,140
[screaming]

145
00:07:12,223 --> 00:07:13,641
Mom!

146
00:07:15,017 --> 00:07:18,271
Penny! Maureen! No!

147
00:07:23,985 --> 00:07:27,238
[John] Maureen, Penny, come in.
Do you copy?

148
00:07:27,864 --> 00:07:31,159
[panting]

149
00:07:34,495 --> 00:07:36,497
[both gasping, panting]

150
00:07:39,250 --> 00:07:40,751
[both coughing]

151
00:07:43,880 --> 00:07:45,089
[both grunting]

152
00:07:48,593 --> 00:07:49,510
Wow.

153
00:07:51,137 --> 00:07:53,055
-[Maureen] We're okay.
-[Penny] What do we do now?

154
00:07:53,139 --> 00:07:54,891
-[Maureen over radio] We're okay!
-[sighs]

155
00:07:56,100 --> 00:07:56,934
Thank you.

156
00:07:57,018 --> 00:07:59,353
I don't think this is what "okay"
is supposed to feel like.

157

00:07:59,437 --> 00:08:01,147
We're breathing, we're in one piece--

158

00:08:01,230 --> 00:08:03,399
This is exactly what "okay"
is supposed to feel like.

159

00:08:03,483 --> 00:08:05,151
Check your suits for compromise.

160

00:08:05,234 --> 00:08:08,988
Punctures, cracked glass,
damaged filtration.

161

00:08:09,071 --> 00:08:09,906
[Penny] Um...

162

00:08:11,324 --> 00:08:12,575
Good! We're good.

163

00:08:13,326 --> 00:08:15,912
[sighs] We're good, we're good.

164

00:08:25,213 --> 00:08:26,672
Incredible.

165

00:08:27,673 --> 00:08:31,594
Are we still not talking about this place?
I'm actually kind of okay with that.

166

00:08:32,845 --> 00:08:35,515
That must be why
the lightning was drawn here.

167

00:08:36,224 --> 00:08:39,018
The metal--
It must act like some kind of conductor.

168

00:08:54,367 --> 00:08:56,869
Hey, guys? I don't like you
being down there on your own.

169

00:08:56,953 --> 00:08:58,996
I'm gonna try and find a way
to get down to you.

170

00:08:59,080 --> 00:08:59,914
John, no.

171

00:09:01,165 --> 00:09:02,500
Stay up there, we're fine!

172

00:09:03,334 --> 00:09:04,377
We just gotta...

173

00:09:06,420 --> 00:09:09,715
We just need to find a way back up,
somehow.

174

00:09:12,051 --> 00:09:13,678
[Don] Wow, this is embarrassing.

175

00:09:13,761 --> 00:09:15,721
[Judy grunting] Hey, don't touch the kelp.

176

00:09:15,805 --> 00:09:16,639
[Will] I see it.

177

00:09:16,722 --> 00:09:19,225
Just don't take a picture of me!
Or tell anyone about this--

178

00:09:19,308 --> 00:09:21,561
-I have a reputation to uphold!
-[Judy] Okay, stop talking.

179

00:09:21,644 --> 00:09:24,188
[Don grunts] Okay. There we go.

180

00:09:24,272 --> 00:09:26,232
Mom and Penny, they went over the edge.

181

00:09:26,315 --> 00:09:28,734
-[Judy] I know, Dad said they're okay.
-[Don] Ow!

182
00:09:28,818 --> 00:09:31,320
Hey, why don't you go help them?
I can handle this.

183
00:09:31,404 --> 00:09:32,947
-You sure?
-[Don] Yeah, you sure?

184
00:09:33,030 --> 00:09:35,491
'Cause I'm having a hard time
feeling my everything.

185
00:09:35,575 --> 00:09:37,577
Just go. Okay? Hey, radio if you need me.

186
00:09:38,286 --> 00:09:39,537
-Okay?
-Ow!

187
00:09:39,620 --> 00:09:40,913
Yeah, steady.

188
00:09:43,583 --> 00:09:45,001
[Maureen] I have an idea.

189
00:09:45,084 --> 00:09:46,210
The kite.

190
00:09:46,919 --> 00:09:50,548
Take it down, attach it, tie it off,
and then lower the other end down to us.

191
00:09:50,631 --> 00:09:52,091
It should be long enough to reach.

192
00:09:52,174 --> 00:09:54,510
-[John] Already on it!
-Great minds.

193
00:09:55,678 --> 00:09:56,721
We've got, uh...

194
00:09:56,804 --> 00:09:58,347
Sixty-eight? No, 67!

195
00:09:58,431 --> 00:09:59,515
Sixty-seven minutes.

196
00:10:00,600 --> 00:10:02,977
So once we get back up,
we'll just relaunch the kite,

197
00:10:03,060 --> 00:10:04,312
ready before the lightning hits.

198
00:10:06,105 --> 00:10:09,108
[John] Okay, going as fast as I can.
[grunts]

199
00:10:11,694 --> 00:10:13,029
Please be careful.

200
00:10:13,112 --> 00:10:14,113
Stop moving!

201
00:10:14,196 --> 00:10:17,325
-I'm just saying, that's my favorite leg!
-That's why I have to cut the stuff off,

202
00:10:17,408 --> 00:10:19,994
because whatever toxin is affecting
your body is coming from there.

203
00:10:20,077 --> 00:10:22,830
Something's happening. Something's
happening, I can't feel my head.

204
00:10:22,913 --> 00:10:24,707
Good-- If I make a mistake,
then it won't hurt.

205
00:10:24,790 --> 00:10:26,042
[slurs] That's not funny.

206
00:10:29,253 --> 00:10:30,755
Dad-- Dad, careful.

207
00:10:32,882 --> 00:10:34,091
Almost there.

208
00:10:34,508 --> 00:10:35,343
[grunting]

209
00:10:43,017 --> 00:10:44,018
[yelps]

210
00:10:49,440 --> 00:10:51,108
[Will] Dad! Dad!

211
00:10:51,942 --> 00:10:54,111
[groans] John, are you okay?

212
00:10:54,612 --> 00:10:56,113
I'm okay. Come on.

213
00:10:56,572 --> 00:10:59,116
[Penny] Mom-- Mom, look, the kite.

214
00:10:59,909 --> 00:11:01,535
Are we stuck down here?

215
00:11:03,329 --> 00:11:05,289
No. We're-- We're okay.

216
00:11:05,998 --> 00:11:07,875
We've got time. John?

217
00:11:07,958 --> 00:11:09,293
[John] Yeah, I'm here.

218
00:11:09,460 --> 00:11:12,713

[Maureen] It's okay, we'll just--
We'll just have to find another way.

219

00:11:12,797 --> 00:11:14,799
I know... I know.

220

00:11:15,758 --> 00:11:18,135
[Maureen] Use Will and Judy,
put your heads together.

221

00:11:18,219 --> 00:11:19,845
And we'll do the same down here.

222

00:11:20,137 --> 00:11:21,263
[John over radio] Okay.

223

00:11:23,766 --> 00:11:27,019
Hey, I'll see you soon, okay?

224

00:11:28,229 --> 00:11:29,397
See you soon.

225

00:11:30,022 --> 00:11:30,856
Hey.

226

00:11:30,940 --> 00:11:31,982
We'll figure it out.

227

00:11:32,817 --> 00:11:33,776
Okay?

228

00:11:35,111 --> 00:11:35,986
Okay.

229

00:11:36,987 --> 00:11:37,822
Hey.

230

00:11:38,364 --> 00:11:41,617
We'll figure something out.
What does your mom always say?

231

00:11:43,619 --> 00:11:45,079
Every problem has a solution.

232

00:11:48,040 --> 00:11:50,960
[Judy] Can you make yourself useful
and help clean this stuff up?

233

00:11:51,043 --> 00:11:54,380
I'd love to, but your mother specifically
ordered me not to tou--

234

00:11:54,463 --> 00:11:56,006
Well, my mother is not here right now!

235

00:11:57,299 --> 00:12:00,469
-Must be nice being in charge for once.
-Yeah, stick to your chores.

236

00:12:00,553 --> 00:12:01,762
[Don moaning]

237

00:12:02,221 --> 00:12:04,724
Don, I think you're going
into anaphylactic shock.

238

00:12:04,807 --> 00:12:08,811
I need to mitigate the spread of the toxin
before it reaches your brain,

239

00:12:08,894 --> 00:12:11,313
so I'm gonna give you
a blood transfusion, okay?

240

00:12:12,356 --> 00:12:13,649
My hero.

241

00:12:15,901 --> 00:12:17,319
[Judy] No, not exactly.

242

00:12:19,321 --> 00:12:22,783
There's only one person here
that has the same blood type and...

243
00:12:23,784 --> 00:12:24,618
it's not me.

244
00:12:28,622 --> 00:12:33,002
I'd be honored to donate
to such a worthy cause.

245
00:12:34,044 --> 00:12:36,172
[slurs] Absolutely not.

246
00:12:36,255 --> 00:12:37,423
[Judy] This is serious, Don.

247
00:12:37,506 --> 00:12:39,842
It's either her or I send you
into a medically induced coma.

248
00:12:39,925 --> 00:12:42,094
-You won't survive any other way.
-[soft groan]

249
00:12:45,723 --> 00:12:47,475
[Maureen] The surface is too slick
to climb.

250
00:12:48,350 --> 00:12:49,310
There's nowhere to grip.

251
00:12:49,393 --> 00:12:51,020
What about all the rigging
from the sails?

252
00:12:51,103 --> 00:12:55,191
-Can we build some kind of scaffolding?
-That'll give us 30 feet at the most.

253
00:12:55,274 --> 00:12:56,734
Still have 120 feet to go.

254
00:12:57,443 --> 00:12:59,278
I was thinking--
Even if we make it up in time,

255

00:12:59,361 --> 00:13:01,822
without that kite, we will not be able
to jump-start our engine.

256

00:13:02,156 --> 00:13:02,990
I know.

257

00:13:03,073 --> 00:13:05,910
If we can't get up before the lightning
hits, we won't be able to survive.

258

00:13:05,993 --> 00:13:09,205
I don't need more problems
right now, Penny, I need solutions.

259

00:13:12,333 --> 00:13:13,501
I'm sorry, it's just...

260

00:13:15,044 --> 00:13:16,253
No, it's fine. I get it.

261

00:13:16,337 --> 00:13:19,548
-No, I shouldn't have said it like that.
-It's fine. I'd be frustrated too.

262

00:13:21,425 --> 00:13:23,052
I mean, of all your kids
to get stuck with,

263

00:13:23,135 --> 00:13:24,553
you got stuck with me, so...

264

00:13:25,554 --> 00:13:28,182
-Penny, that has nothing to do with--
-Come on.

265

00:13:28,265 --> 00:13:31,644
You wouldn't rather have Will here
to bounce around geometrical formulas?

266

00:13:31,727 --> 00:13:33,395

Geometry isn't gonna get us out of this.

267

00:13:33,479 --> 00:13:35,397
And if Will was here,
he would know that.

268

00:13:35,648 --> 00:13:37,650
Judy? She would've run 30 miles by now

269

00:13:37,733 --> 00:13:39,443
and found some kind of tree
with space leaves

270

00:13:39,527 --> 00:13:41,570
-strong enough to build a space ladder.
-Stop it.

271

00:13:41,654 --> 00:13:45,449
Each of you have talents
that make you unique.

272

00:13:45,574 --> 00:13:47,827
It's just that some talents
are more useful than others.

273

00:13:47,910 --> 00:13:48,744
Enough!

274

00:13:57,545 --> 00:14:00,005
Hope your father's having more luck
than we are.

275

00:14:00,089 --> 00:14:02,842
-It's nowhere near enough to reach them!
-Did you get the cargo netting?

276

00:14:02,925 --> 00:14:04,426
[sighs] I got everything.

277

00:14:04,969 --> 00:14:06,303
There must be another way.

278

00:14:06,387 --> 00:14:08,514
[Will] Well, if there is,
I haven't found it yet.

279

00:14:13,644 --> 00:14:15,104
You thinking about the robot?

280

00:14:17,648 --> 00:14:19,900
[breathes heavily] I wish he was here too.

281

00:14:20,734 --> 00:14:23,571
[John] You know, when I was deployed,
there were some hard days.

282

00:14:24,321 --> 00:14:27,032
But what kept me going
was the thought of seeing you.

283

00:14:27,825 --> 00:14:30,786
I knew I would do whatever it took
to get back to you.

284

00:14:31,829 --> 00:14:33,706
I think the robot feels the same way.

285

00:14:34,832 --> 00:14:35,875
And I also know,

286

00:14:36,542 --> 00:14:39,795
no matter how crazy the world got,
you'd be okay.

287

00:14:39,879 --> 00:14:42,214
Because you, your mom, your sisters,

288

00:14:42,298 --> 00:14:43,799
you keep each other safe.

289

00:14:43,883 --> 00:14:45,843
And that's what we got to do right now.

290

00:14:45,926 --> 00:14:47,344

-We have to.

-Wait!

291

00:14:48,470 --> 00:14:49,847

-That's it.

-What is?

292

00:14:50,055 --> 00:14:51,181

Keep each other safe!

293

00:14:53,017 --> 00:14:53,893

[pants]

294

00:14:56,103 --> 00:14:58,814

Mom said that we'd be safe in here
when the lightning strikes,

295

00:14:58,898 --> 00:15:00,691

because the Jupiter will act
as a Faraday cage.

296

00:15:00,774 --> 00:15:02,776

I know, but your mom
and your sister aren't in it.

297

00:15:02,860 --> 00:15:04,862

So let's get them one of their own.

298

00:15:05,696 --> 00:15:07,740

We can't build a Faraday cage down here.

299

00:15:07,823 --> 00:15:10,034

It's a good idea, but we don't have
enough time

300

00:15:10,117 --> 00:15:12,661

-to construct anything sound enough--
-[Will] We don't have to build it.

301

00:15:12,745 --> 00:15:13,746

We already have one.

302

00:15:14,496 --> 00:15:15,748
In the garage.

303
00:15:16,123 --> 00:15:18,542
-The Chariot!
-We just have to get it down.

304
00:15:18,626 --> 00:15:19,668
Could that work?

305
00:15:19,752 --> 00:15:22,463
We never officially tested it
for the temperature, but yeah, it should!

306
00:15:22,546 --> 00:15:24,840
I know it doesn't exactly solve
our kite problem.

307
00:15:24,924 --> 00:15:26,383
But at least you guys will be safe.

308
00:15:27,217 --> 00:15:28,052
Wait! Wait!

309
00:15:28,135 --> 00:15:30,012
Maybe-- Maybe we don't need the kite.

310
00:15:30,095 --> 00:15:32,932
The Chariot's winch cable
is conductive metal.

311
00:15:33,015 --> 00:15:35,017
If we use it to lower the Chariot down,

312
00:15:35,100 --> 00:15:37,061
then maybe we could kill two birds
with one stone.

313
00:15:37,144 --> 00:15:39,772
Just to clarify, we are not the two birds
being killed, right?

314

00:15:39,855 --> 00:15:42,691
Hot wire the other end of the winch cable
to our engine,

315
00:15:42,775 --> 00:15:45,361
and then when the lightning hits,
it'll act like--

316
00:15:45,444 --> 00:15:46,570
Jumper cables, I get it.

317
00:15:46,654 --> 00:15:48,197
But there's one problem with your plan--

318
00:15:48,322 --> 00:15:50,282
Well, there's more than one,
but the first one--

319
00:15:50,366 --> 00:15:51,200
What's that?

320
00:15:51,283 --> 00:15:53,702
Chariot's on the Jupiter, in the garage.

321
00:15:54,328 --> 00:15:55,579
[Maureen over radio] I know!

322
00:15:56,246 --> 00:15:57,331
Which is underwater.

323
00:15:59,249 --> 00:16:00,125
[short gasp]

324
00:16:01,877 --> 00:16:04,380
I guess it's a good thing
I married a Navy Seal.

325
00:16:09,134 --> 00:16:11,553
[Will] So what happens when we open up
the ramp?

326
00:16:11,679 --> 00:16:14,431

[John] Besides turning the garage
into a toxic aquarium?

327

00:16:15,140 --> 00:16:18,477

I mean,

are we sure the Chariot won't just sink?

328

00:16:18,560 --> 00:16:22,856

Chariot's no different than the ACVs
Marines would drop off of carriers.

329

00:16:22,940 --> 00:16:24,400

It's all about buoyancy.

330

00:16:24,483 --> 00:16:27,987

Something weighs less than the liquid
it's displacing, it'll float.

331

00:16:28,070 --> 00:16:31,949

Okay, we good? We need to seal the garage
so we don't flood the rest of the ship.

332

00:16:32,032 --> 00:16:33,409

[Will] All right, be right there!

333

00:16:36,286 --> 00:16:38,497

[distant metal creaking]

334

00:16:51,844 --> 00:16:53,053

[John] Will, come on!

335

00:16:58,600 --> 00:16:59,476

All clear?

336

00:16:59,560 --> 00:17:00,644

Yeah! I think so!

337

00:17:00,728 --> 00:17:03,397

Floodgates open in three, two, one.

338

00:17:04,523 --> 00:17:06,025

[distant gate opening]

339
00:17:06,108 --> 00:17:07,359
That doesn't sound right.

340
00:17:07,443 --> 00:17:08,777
-No, it does not.
-[beeping]

341
00:17:12,573 --> 00:17:14,283
-Must be stuck.
-On what?

342
00:17:21,498 --> 00:17:22,791
[John] Oh, great.

343
00:17:25,544 --> 00:17:28,005
Okay, I just need the both of you to relax

344
00:17:28,088 --> 00:17:30,090
-and let the transfusion run its course.
-Hey, Jude.

345
00:17:30,174 --> 00:17:32,009
What do you use
to cut that stuff off Don's leg?

346
00:17:32,092 --> 00:17:33,844
[stammers] Um, a-- A plasma torch, why?

347
00:17:33,927 --> 00:17:35,095
-How many do we have?
-Dad!

348
00:17:35,179 --> 00:17:36,805
Kelp's blocking the garage. Can't open it.

349
00:17:36,889 --> 00:17:39,058
Why would you need to open the garage,
it's underwater?

350
00:17:39,141 --> 00:17:40,768
Look, I don't have time to explain.

351

00:17:40,851 --> 00:17:42,811
I just gotta get this done
and I need your help.

352

00:17:42,895 --> 00:17:44,730
Are they gonna be okay for a few minutes?

353

00:17:44,813 --> 00:17:45,856
Yeah, yeah.

354

00:17:47,191 --> 00:17:48,192
Let's go.

355

00:17:52,654 --> 00:17:53,947
Alone at last.

356

00:17:55,741 --> 00:17:57,659
[Maureen] What's taking them so long?

357

00:17:57,743 --> 00:17:59,495
The Chariot should be down by now.

358

00:18:00,871 --> 00:18:02,790
[sighs] Thirty-six minutes.

359

00:18:03,373 --> 00:18:06,794
I'm sure they're fine. Will and Judy
are up there to help him figure it out.

360

00:18:08,545 --> 00:18:10,964
-You know, you saved us too.
-When?

361

00:18:11,048 --> 00:18:14,927
In the diamond storm.
We were stuck and you rescued us.

362

00:18:15,010 --> 00:18:17,554
I disobeyed you
and basically stole the Chariot.

363

00:18:17,638 --> 00:18:19,473
My point is you saved us.

364

00:18:19,556 --> 00:18:22,559
So, [stammers] my special skill
is misbehaving?

365

00:18:22,643 --> 00:18:24,019
You must be so proud.

366

00:18:24,103 --> 00:18:26,730
Is there something going on with you
that I'm supposed to know about?

367

00:18:28,774 --> 00:18:29,817
Hey!

368

00:18:30,359 --> 00:18:32,152
Since when don't we talk to each other?

369

00:18:33,654 --> 00:18:35,239
What'd you think about my book?

370

00:18:35,823 --> 00:18:37,324
-What?
-My book.

371

00:18:37,407 --> 00:18:40,202
Will gave us all copies
and I've heard from everyone else.

372

00:18:40,285 --> 00:18:41,120
Did you read it?

373

00:18:42,037 --> 00:18:43,122
Of course I did.

374

00:18:43,997 --> 00:18:45,791
Did you have a favorite part?

375

00:18:47,417 --> 00:18:49,503

I-- I think it-- It was, um...

376

00:18:51,338 --> 00:18:54,007
It was just seeing how much you've grown
as a writer.

377

00:18:56,593 --> 00:18:58,053
Well, thank you.

378

00:19:03,308 --> 00:19:05,936
I can't wait to see
what you write about this place!

379

00:19:12,151 --> 00:19:14,153
A few facts wrong here and there, but...

380

00:19:15,821 --> 00:19:17,072
her voice is strong.

381

00:19:19,825 --> 00:19:21,076
And she likes my hair...

382

00:19:22,619 --> 00:19:23,495
which is nice.

383

00:19:25,539 --> 00:19:27,082
It's full of revelations.

384

00:19:27,166 --> 00:19:31,044
For example, Judy dreams
of moving away from home.

385

00:19:32,129 --> 00:19:36,091
Someone named Vijay Dhar
is apparently a bad kisser.

386

00:19:37,843 --> 00:19:39,136
And Don West, why...

387

00:19:39,720 --> 00:19:41,096
turns out he's a smuggler.

388
00:19:46,101 --> 00:19:49,104
[Judy] Whatever happens,
don't touch the kelp-- It's toxic.

389
00:19:51,356 --> 00:19:53,358
[pants]

390
00:19:54,526 --> 00:19:55,777
Twenty-nine minutes!

391
00:19:55,861 --> 00:19:57,696
[John] Don't worry
about checking the time.

392
00:19:57,779 --> 00:20:00,324
I set an alert
so we're all on the same count.

393
00:20:00,407 --> 00:20:01,617
Keep going!

394
00:20:01,700 --> 00:20:03,535
Damn, this stuff is strong.

395
00:20:08,540 --> 00:20:11,460
All this time,
pretending that you're better than me,

396
00:20:11,543 --> 00:20:12,711
when in reality,

397
00:20:13,837 --> 00:20:16,465
we're two peas in a pod.

398
00:20:17,049 --> 00:20:18,383
Both of us outsiders,

399
00:20:18,800 --> 00:20:20,427
rejected from the colony,

400
00:20:20,510 --> 00:20:21,887

no family of our own.

401

00:20:21,970 --> 00:20:26,558
So we-- We orbit the Robinsons like two--

402

00:20:26,642 --> 00:20:28,393
[slurs] Please stop talking.

403

00:20:28,477 --> 00:20:30,812
Your getting your speech back,
that's progress.

404

00:20:30,896 --> 00:20:32,940
[Don] You and I are nothing alike.

405

00:20:33,899 --> 00:20:35,567
And there's one big difference.

406

00:20:37,778 --> 00:20:40,155
If we make it to civilization,

407

00:20:40,739 --> 00:20:41,949
I'm going back to work

408

00:20:43,617 --> 00:20:45,494
and you'll go straight to jail.

409

00:20:54,169 --> 00:20:55,796
Is that so?

410

00:20:56,213 --> 00:20:57,047
Hmm.

411

00:20:59,132 --> 00:21:00,175
[sighs]

412

00:21:00,842 --> 00:21:03,470
I wonder how your superiors would feel

413

00:21:04,137 --> 00:21:05,264
if they knew...

414

00:21:06,306 --> 00:21:09,810
that when we first met,
you were trying to steal a Jupiter.

415

00:21:10,686 --> 00:21:12,688
The Resolute was in need of repair,

416

00:21:12,771 --> 00:21:14,773
instead of doing your job,

417

00:21:16,525 --> 00:21:17,651
you were running away.

418

00:21:19,820 --> 00:21:21,822
And they may be able to overlook that...

419

00:21:24,116 --> 00:21:25,826
but the thing is I'm a criminal,

420

00:21:25,951 --> 00:21:28,161
and you aided and abetted my escape.

421

00:21:28,787 --> 00:21:31,915
-That was different. I didn't know--
-[Smith] Oh, come on, Don.

422

00:21:31,999 --> 00:21:35,419
You saw me squeeze into that space suit
that clearly wasn't my size.

423

00:21:35,919 --> 00:21:38,130
And you can tell yourself
whatever you want,

424

00:21:38,213 --> 00:21:41,258
but deep down, you knew.

425

00:21:41,508 --> 00:21:44,928
And I'm pretty sure they don't let
accomplices have their jobs back.

426
00:21:45,012 --> 00:21:47,389
You're so lucky I can't move right now.

427
00:21:47,472 --> 00:21:48,974
[Smith] Here's how this is gonna work.

428
00:21:49,099 --> 00:21:50,851
If we make it back to civilization,

429
00:21:50,934 --> 00:21:53,603
I expect there's going to be trouble
headed my way,

430
00:21:54,104 --> 00:21:56,940
so I expect your cooperation, Don.

431
00:21:58,483 --> 00:22:00,944
I expect you to say

432
00:22:01,028 --> 00:22:04,197
that I am whoever they say I am.

433
00:22:04,865 --> 00:22:08,160
I expect loyalty, Don.

434
00:22:12,164 --> 00:22:13,999
After all, we're blood brothers now.

435
00:22:14,708 --> 00:22:16,335
[sighs]

436
00:22:18,628 --> 00:22:20,047
[Judy grunting]

437
00:22:20,130 --> 00:22:23,800
How come you didn't tell me
Mom and Penny were in this much trouble?

438
00:22:23,884 --> 00:22:25,844
You were helping Don.
I didn't wanna pull you away.

439

00:22:25,927 --> 00:22:28,263
If I would've known,
I could've helped you.

440

00:22:28,347 --> 00:22:30,307
-Hey, Jude!
-[grunts]

441

00:22:30,390 --> 00:22:31,808
[Will] Judy!

442

00:22:31,892 --> 00:22:33,226
You okay?

443

00:22:33,560 --> 00:22:34,895
-[John] You okay?
-Yeah.

444

00:22:34,978 --> 00:22:37,522
-You sure?
-Yeah, it didn't puncture my suit.

445

00:22:37,606 --> 00:22:40,192
Okay, you two, head up top.
I'll finish off.

446

00:22:40,275 --> 00:22:42,027
No, Dad. It'll go much faster
with all of us.

447

00:22:42,110 --> 00:22:43,195
This is too dangerous.

448

00:22:43,278 --> 00:22:46,615
-Dad, don't treat me like a kid!
-[John] I'm not treating you like a kid,

449

00:22:46,698 --> 00:22:49,076
I'm treating you like a doctor--
The only one we have.

450

00:22:49,159 --> 00:22:50,994
If anything happens,
we're going to need you.

451
00:22:51,078 --> 00:22:53,455
You trust me to save people's lives,
but not to help you?

452
00:22:53,538 --> 00:22:55,999
Jude, this is not about trust!
It's about being smart.

453
00:22:56,583 --> 00:22:57,542
Now, go!

454
00:22:58,251 --> 00:22:59,127
Go!

455
00:23:01,755 --> 00:23:02,631
[Will] Judy, come on.

456
00:23:03,757 --> 00:23:05,926
-Hurry, this way! We gotta go!
-[Judy] Okay.

457
00:23:06,343 --> 00:23:07,177
[grunts]

458
00:23:10,764 --> 00:23:11,765
[grunts]

459
00:23:16,770 --> 00:23:17,604
[John grunting]

460
00:23:20,232 --> 00:23:22,484
Hey, he's gonna be okay.

461
00:23:22,567 --> 00:23:24,444
[heavy water splashing]

462
00:23:24,528 --> 00:23:25,737
Judy, no!

463
00:23:25,821 --> 00:23:26,738
[Judy] Dad!

464
00:23:29,574 --> 00:23:32,119
No, baby, get up! Go! Move!

465
00:23:33,161 --> 00:23:34,121
[grunts] Move!

466
00:23:36,665 --> 00:23:38,500
[Judy grunting, panting]

467
00:23:38,583 --> 00:23:40,085
[John grunting, panting]

468
00:23:44,005 --> 00:23:46,675
-We're not done, come on!
-[Judy] Will, go! [grunts]

469
00:23:46,758 --> 00:23:48,427
-[Will over radio] Mom, Penny.
-Will?

470
00:23:48,510 --> 00:23:50,303
The Chariot, we got it out.

471
00:23:51,638 --> 00:23:53,014
[Maureen] Okay, we'll be ready!

472
00:23:54,641 --> 00:23:55,767
There it is. There it is!

473
00:24:04,151 --> 00:24:05,861
Great job, you guys. Great job!

474
00:24:06,445 --> 00:24:09,573
-Did you have trouble getting it out?
-[John] Nothing we couldn't handle.

475
00:24:11,324 --> 00:24:15,245

Okay, John, once the lightning hits,
you lift off. Okay?

476

00:24:15,328 --> 00:24:18,331
There's no telling how long the Jupiter
can withstand that kind of strike.

477

00:24:19,166 --> 00:24:20,917
[Penny] Come on, come on,
come on, come on.

478

00:24:21,001 --> 00:24:22,878
Come on, come on, come on.

479

00:24:22,961 --> 00:24:24,337
Okay, come on.

480

00:24:24,421 --> 00:24:25,797
-[clanking]
-[Penny] What?

481

00:24:25,881 --> 00:24:27,632
What happened? Why did it stop?

482

00:24:28,633 --> 00:24:29,593
John?

483

00:24:30,677 --> 00:24:32,095
That's the end of the cable.

484

00:24:32,179 --> 00:24:33,513
What? Are you sure?

485

00:24:33,597 --> 00:24:35,640
Yeah! You said there was enough.

486

00:24:35,724 --> 00:24:37,309
There should've been!

487

00:24:38,602 --> 00:24:40,729
Maybe the Jupiter shifted, or--

488

00:24:40,854 --> 00:24:42,397
Or maybe the cable got caught around--

489

00:24:42,481 --> 00:24:44,900
[distant thunder rumbling]

490

00:24:51,907 --> 00:24:54,784
We don't have time to figure it out.
We just need to get up there.

491

00:24:54,868 --> 00:24:57,162
[John] How? It's gotta be
at least 30 feet.

492

00:24:57,245 --> 00:24:58,371
Right, 30 feet.

493

00:24:59,247 --> 00:25:01,124
Thirty feet, 30 feet-- Wait!

494

00:25:01,875 --> 00:25:03,168
Penny figured it out.

495

00:25:03,251 --> 00:25:04,252
You figured it out.

496

00:25:04,336 --> 00:25:06,171
-I did?
-The rigging from the sails!

497

00:25:08,006 --> 00:25:09,716
Look, you may have me over a barrel,

498

00:25:09,799 --> 00:25:12,552
but the Robinson's are gonna turn you in
the first chance they get.

499

00:25:13,428 --> 00:25:15,847
It doesn't matter what I say
or who I say it to.

500

00:25:15,972 --> 00:25:17,849
Let me worry about the Robinsons.

501
00:25:17,933 --> 00:25:20,143
I've been living with them
for seven months.

502
00:25:20,644 --> 00:25:22,771
I know exactly what they think about you.

503
00:25:22,854 --> 00:25:25,690
So do I, but I don't need all of them,

504
00:25:25,774 --> 00:25:26,983
just one.

505
00:25:27,359 --> 00:25:28,360
[chuckles]

506
00:25:28,860 --> 00:25:30,987
Divide and conquer, that's your plan?

507
00:25:31,613 --> 00:25:32,447
Hah.

508
00:25:34,157 --> 00:25:35,367
[groans]

509
00:25:36,451 --> 00:25:37,327
Guess what?

510
00:25:38,453 --> 00:25:39,871
It's not gonna happen, lady.

511
00:25:40,455 --> 00:25:42,582
And you don't need a book
to tell you that.

512
00:25:43,458 --> 00:25:45,377
[Don] Because despite their differences...

513

00:25:45,460 --> 00:25:46,336
[Penny] Come on, Mom.

514
00:25:48,964 --> 00:25:50,799
...or their disagreements...

515
00:25:51,633 --> 00:25:53,510
when the rubber meets the road...

516
00:25:54,886 --> 00:25:56,471
this family sticks together.

517
00:25:59,182 --> 00:26:00,392
[grunts]

518
00:26:00,934 --> 00:26:02,936
[Don] So go ahead, blackmail me.

519
00:26:03,019 --> 00:26:06,398
But at the end of the day,
it doesn't matter if I have your back,

520
00:26:06,856 --> 00:26:08,525
because the Robinsons never will.

521
00:26:09,401 --> 00:26:10,318
[scoffs]

522
00:26:12,070 --> 00:26:14,155
-[exhales]
-We'll see about that.

523
00:26:18,118 --> 00:26:20,245
-[Penny grunting]
-[Maureen] You got it.

524
00:26:21,288 --> 00:26:23,915
[automated voice]
Atmospheric event in 90 seconds.

525
00:26:28,420 --> 00:26:30,338
Maureen, talk to me!

526
00:26:31,006 --> 00:26:32,299
We're getting there!

527
00:26:34,050 --> 00:26:35,010
[grunting]

528
00:26:35,093 --> 00:26:35,969
How close?

529
00:26:36,052 --> 00:26:37,012
We'll make it!

530
00:26:38,263 --> 00:26:40,473
-[grunting]
-[Maureen] Hold on!

531
00:26:42,225 --> 00:26:43,852
Penny, you've got to keep going!

532
00:26:44,102 --> 00:26:45,562
[Penny] I'm trying.

533
00:26:45,645 --> 00:26:47,397
[Maureen] You can make it, I know you can.

534
00:26:48,690 --> 00:26:50,650
Will, Judy, strap in.

535
00:26:51,234 --> 00:26:54,404
Maureen, I'm gonna be with you
all the way. You hear me?

536
00:26:54,738 --> 00:26:56,239
[Maureen over radio]
We're almost there!

537
00:26:56,323 --> 00:26:57,532
[John over radio] Stay with me.

538
00:26:57,616 --> 00:26:59,367

Let me know
when you're in the Chariot.

539

00:26:59,451 --> 00:27:01,328
[Penny] I'm in! Mom's right behind me.

540

00:27:01,995 --> 00:27:03,371
[grunting]

541

00:27:03,455 --> 00:27:05,040
[lightning crackling]

542

00:27:05,707 --> 00:27:07,375
Oh, my God. Lightning hit--

543

00:27:08,418 --> 00:27:09,461
What happened?

544

00:27:09,544 --> 00:27:11,755
Electricity interfering
with the radio waves.

545

00:27:11,838 --> 00:27:14,382
-I'll go check on them.
-[John] No! Will, strap in.

546

00:27:14,466 --> 00:27:17,052
We're gonna launch
as soon as the lightning hits.

547

00:27:17,135 --> 00:27:19,054
-But what about Mom and Pen--
-They'll be there!

548

00:27:22,932 --> 00:27:25,185
[both whimpering]

549

00:27:25,977 --> 00:27:29,105
[Penny] The doors-- The doors, like,
why are they taking so long?

550

00:27:29,648 --> 00:27:32,567

[whimpering] Penny, I--
I didn't read your book.

551
00:27:33,360 --> 00:27:34,653
-I know.
-But I will.

552
00:27:34,736 --> 00:27:36,696
I will-- First thing, I promise.

553
00:27:38,823 --> 00:27:40,325
Come here.

554
00:27:41,868 --> 00:27:43,161
I love you.

555
00:27:44,245 --> 00:27:46,331
[systems powering up]

556
00:27:46,414 --> 00:27:47,874
-We got juice!
-[John] Hold on!

557
00:27:49,626 --> 00:27:51,961
[engines powering up]

558
00:28:09,646 --> 00:28:11,022
-Bring them in.
-All right.

559
00:28:11,731 --> 00:28:12,857
[Penny] Almost there.

560
00:28:13,650 --> 00:28:14,526
Fifteen...

561
00:28:15,068 --> 00:28:15,902
Mom?

562
00:28:15,985 --> 00:28:17,987
-[Judy] Ten...
-[Will] Penny? Do you hear me?

563
00:28:18,571 --> 00:28:19,406
Five...

564
00:28:19,489 --> 00:28:20,323
Mom!

565
00:28:20,740 --> 00:28:23,201
Penny! Can you hear me?

566
00:28:23,284 --> 00:28:24,744
We have to go check on them.

567
00:28:24,828 --> 00:28:27,789
-No, wait until the ramp's up! Judy?
-All right, oxygen level restored.

568
00:28:27,872 --> 00:28:31,334
Setting auto-pilot. Let's go! Let's go!

569
00:28:32,127 --> 00:28:34,129
[steam hissing]

570
00:28:35,547 --> 00:28:37,257
[Will] Mom! Penny!

571
00:28:37,340 --> 00:28:38,174
[John] Wait!

572
00:28:43,221 --> 00:28:44,264
[grunting]

573
00:28:46,349 --> 00:28:47,517
[John] Come on!

574
00:28:47,600 --> 00:28:48,643
[grunting]

575
00:28:50,186 --> 00:28:51,271
Penny!

576
00:28:51,354 --> 00:28:52,897
Mom, Penny, please.

577
00:28:54,065 --> 00:28:54,899
[John] Maureen?

578
00:29:02,824 --> 00:29:03,950
[Will] Penny?

579
00:29:05,702 --> 00:29:07,746
-[John] Hey!
-[inhales]

580
00:29:08,037 --> 00:29:09,330
[Will] Penny!

581
00:29:09,414 --> 00:29:11,082
-[John] Hey!
-Penny!

582
00:29:11,541 --> 00:29:13,418
[sobbing]

583
00:29:13,501 --> 00:29:16,337
[panting]

584
00:29:16,421 --> 00:29:18,715
-Are you okay? You okay?
-Oh, oh!

585
00:29:19,340 --> 00:29:23,052
You know, right now that island we left
back there isn't looking so bad. [laughs]

586
00:29:23,678 --> 00:29:25,680
Really? You got jokes now?

587
00:29:27,599 --> 00:29:28,641
[chuckles]

588
00:29:29,309 --> 00:29:30,351

Mwah!

589

00:29:30,852 --> 00:29:32,020
Where's Will?

590

00:29:33,229 --> 00:29:35,690
-[Maureen chuckling]
-Mom!

591

00:29:35,815 --> 00:29:36,941
Hi-- Oh!

592

00:29:37,025 --> 00:29:38,359
Hey, Dad, um...

593

00:29:39,068 --> 00:29:41,070
Look, I just wanted to say that, uh...

594

00:29:41,154 --> 00:29:43,114
Look, I'm sorry, but I'm 19

595

00:29:43,198 --> 00:29:45,325
and I can handle a lot more
than you're letting me.

596

00:29:45,408 --> 00:29:47,494
I know.
I know, but here's the thing, Jude.

597

00:29:47,577 --> 00:29:49,329
A part of being an adult

598

00:29:49,412 --> 00:29:51,915
is realizing just because
you can do something

599

00:29:51,998 --> 00:29:53,583
doesn't always mean you should.

600

00:29:53,666 --> 00:29:55,126
-[sighs]
-Huh?

601
00:29:55,210 --> 00:29:58,171
[sighs] Yeah, like, uh, putting a mast
on top of the Jupiter?

602
00:30:02,008 --> 00:30:03,134
[chuckling softly]

603
00:30:04,093 --> 00:30:05,887
[Maureen] Come on, let's get upstairs.

604
00:30:08,223 --> 00:30:10,225
[metal creaking]

605
00:30:14,979 --> 00:30:17,315
-Does anyone else hear that?
-[Maureen] Hear what?

606
00:30:18,149 --> 00:30:20,902
That sound. I've been hearing it all day.

607
00:30:22,403 --> 00:30:24,906
-Will! Will, look out!
-[John] Will, get down! Will!

608
00:30:27,242 --> 00:30:28,910
What the hell is that thing doing here?

609
00:30:28,993 --> 00:30:31,955
It's from when we were attacked...
by the SAR.

610
00:30:32,038 --> 00:30:33,832
Whoa, whoa, whoa, whoa, whoa.
What's a SAR?

611
00:30:34,415 --> 00:30:35,917
[Will, Penny, Judy] Second Alien Robot.

612
00:30:36,000 --> 00:30:38,878
Okay, in my defense, we have been attacked
by a lot of things.

613

00:30:40,046 --> 00:30:40,922
All this time...

614

00:30:42,048 --> 00:30:42,966
it's been in here.

615

00:30:43,508 --> 00:30:47,095
It must've been stuck and jarred loose
from when we flooded the garage.

616

00:30:48,555 --> 00:30:51,015
So has it been alive this whole time?

617

00:30:51,599 --> 00:30:53,184
[Will] Or did something turn it on?

618

00:30:54,060 --> 00:30:54,894
Possibly...

619

00:30:55,520 --> 00:30:58,064
The metal in the trench--
There were these glyphs

620

00:30:58,356 --> 00:31:01,985
carved into it, and I-I can't be sure,
but they looked like the markings--

621

00:31:02,068 --> 00:31:02,986
On the robot?

622

00:31:03,903 --> 00:31:04,779
And his ship.

623

00:31:05,864 --> 00:31:06,948
What does that mean?

624

00:31:07,031 --> 00:31:10,118
It means whoever made him,
made this place too.

625

00:31:13,538 --> 00:31:15,039
Is that good or bad?

626
00:31:15,123 --> 00:31:17,000
I really cannot
tell the difference anymore.

627
00:31:17,083 --> 00:31:18,668
Maybe if we go back down there

628
00:31:18,751 --> 00:31:20,920
and studied the glyphs,
we can find a clue about--

629
00:31:21,004 --> 00:31:23,590
Only place we are going is as far away
from here as possible.

630
00:31:23,673 --> 00:31:24,883
But you said once we got in--

631
00:31:24,966 --> 00:31:27,969
I know what I said! But right now,
we have bigger problems than the robot.

632
00:31:28,052 --> 00:31:28,887
Like what?

633
00:31:28,970 --> 00:31:31,514
Like how many more of them are out there.

634
00:31:36,019 --> 00:31:37,395
[John] Okay, let's get upstairs.

635
00:31:37,478 --> 00:31:38,855
We need to prep for orbit.

636
00:31:38,980 --> 00:31:41,232
-But, what about-- [sighs]
-Upstairs now.

637
00:31:42,025 --> 00:31:43,693

I'll be right up, I just--

638

00:31:45,069 --> 00:31:46,654

-[sighs]

-I know.

639

00:32:18,019 --> 00:32:19,604

[Don] This is how it normally works--

640

00:32:19,687 --> 00:32:21,230

When you launch, someone announces,

641

00:32:21,314 --> 00:32:22,982

"Hey, we're about to take-off,

642

00:32:23,066 --> 00:32:24,817

so you might wanna strap in."

643

00:32:24,901 --> 00:32:27,445

Or, for example,

"Hey, if you gotta go pee-pee,

644

00:32:27,528 --> 00:32:30,156

you might wanna do it now,

because it's gonna be a while--"

645

00:32:30,239 --> 00:32:31,741

We were fine, don't listen to him.

646

00:32:31,824 --> 00:32:34,494

[Don] No, no, no. You were fine!

I couldn't hold on.

647

00:32:34,577 --> 00:32:36,579

Look, it's like I've got flippers.

648

00:32:37,580 --> 00:32:38,706

Ow!

649

00:32:38,790 --> 00:32:40,625

[Judy] Welcome back. You're in recovery.

650

00:32:44,629 --> 00:32:45,546
Hey, Penny.

651

00:32:46,130 --> 00:32:47,465
Nice work, by the way.

652

00:32:47,674 --> 00:32:49,258
-[chuckles softly]
-You read it?

653

00:32:49,342 --> 00:32:52,011
Of course. I mean, didn't everybody?

654

00:32:53,930 --> 00:32:55,890
Did you have a favorite part?

655

00:32:57,225 --> 00:32:58,601
[sighs] There was a line--

656

00:32:58,685 --> 00:33:01,688
Um, I'm forgetting what it was exactly,
but...

657

00:33:03,231 --> 00:33:04,691
Oh, wait! Now, I remember.

658

00:33:05,775 --> 00:33:07,819
"The irony of all this is

659

00:33:07,902 --> 00:33:10,196
I almost died trying to get somewhere

660

00:33:10,279 --> 00:33:11,698
I never even wanted to go."

661

00:33:12,740 --> 00:33:14,033
Those words...

662

00:33:14,826 --> 00:33:16,119
really stuck with me.

663

00:33:17,704 --> 00:33:20,456
Is it true though,
that you never wanted to leave Earth?

664

00:33:20,540 --> 00:33:21,874
It doesn't really matter anymore.

665

00:33:21,958 --> 00:33:23,167
[Smith] Of course, it does.

666

00:33:23,251 --> 00:33:26,170
Did you ever consider just staying behind?

667

00:33:26,254 --> 00:33:27,380
On my own?

668

00:33:27,463 --> 00:33:30,258
You always struck me as a girl
who could take care of herself.

669

00:33:30,341 --> 00:33:31,926
My family would never let me--

670

00:33:32,010 --> 00:33:35,263
You also strike me as a girl
who doesn't always need permission.

671

00:33:37,515 --> 00:33:39,058
Anyway, go on, get your rest.

672

00:33:39,767 --> 00:33:41,477
Do you mind if I hold onto this?

673

00:33:42,520 --> 00:33:45,023
It's the only thing onboard
I haven't read three times. [chuckles]

674

00:33:46,983 --> 00:33:49,277
Sure. Yeah, thanks for reading it.

675

00:33:49,944 --> 00:33:51,279

My pleasure.

676

00:34:05,084 --> 00:34:06,085
[sighs]

677

00:34:06,586 --> 00:34:07,420
[Penny] Hey!

678

00:34:07,920 --> 00:34:09,297
I brought you something.

679

00:34:13,134 --> 00:34:14,052
I have mine.

680

00:34:14,469 --> 00:34:15,553
It's Mom's.

681

00:34:15,636 --> 00:34:17,305
So why you giving it to me?

682

00:34:17,388 --> 00:34:20,683
She took a couple of pictures
of the symbols we saw in the trench.

683

00:34:20,767 --> 00:34:21,976
Figured you would wanna see it.

684

00:34:22,852 --> 00:34:23,686
Thanks!

685

00:34:23,895 --> 00:34:25,271
Hey, you published my book.

686

00:34:25,354 --> 00:34:28,524
If that isn't worth a little
petty larceny, I don't know what is.

687

00:34:30,651 --> 00:34:31,486
Penny?

688

00:34:38,743 --> 00:34:40,620

If the robot can't find us,

689

00:34:41,829 --> 00:34:42,914
I'm gonna find him.

690

00:34:46,417 --> 00:34:47,251
Good.

691

00:35:09,565 --> 00:35:11,025
[John] Any idea what I'm looking at?

692

00:35:11,818 --> 00:35:12,902
Working on it.

693

00:35:15,113 --> 00:35:17,657
[distant alert beeping]

694

00:35:21,035 --> 00:35:22,245
What is that?

695

00:35:22,703 --> 00:35:23,704
[Maureen] I don't know.

696

00:35:26,082 --> 00:35:27,959
[beeping continues]

697

00:35:31,295 --> 00:35:32,421
[Maureen] It's large.

698

00:35:33,005 --> 00:35:34,090
Could be a meteor.

699

00:35:34,173 --> 00:35:37,093
Sure it is. Let me guess,
it's heading straight towards us.

700

00:35:37,593 --> 00:35:38,678
No, it isn't.

701

00:35:40,638 --> 00:35:41,639
[Judy] What's wrong?

702

00:35:41,889 --> 00:35:44,183

Nothing.

[stammers] It's not an alarm, it's a...

703

00:35:48,521 --> 00:35:49,939

it's an audio signature.

704

00:35:50,022 --> 00:35:53,234

Every ship has what is essentially
a sonic watermark

705

00:35:53,317 --> 00:35:55,319

so it can be identified in space.

706

00:35:55,570 --> 00:35:57,613

And so who does this one belong to?

707

00:35:57,697 --> 00:35:58,948

[beeping]

708

00:35:59,031 --> 00:35:59,866

[Maureen] It's...

709

00:36:03,035 --> 00:36:03,995

It's the Resolute.

710

00:36:05,246 --> 00:36:07,248

-It's the Resolute!

-[John] It's the Resolute!

711

00:36:07,331 --> 00:36:08,666

[Penny] What? Is it close?

712

00:36:08,749 --> 00:36:11,586

No-- I mean, no, not particularly,
but we can get there.

713

00:36:12,003 --> 00:36:13,254

[chuckles] No way!

714

00:36:14,589 --> 00:36:16,340
[all laughing]

715
00:36:16,424 --> 00:36:18,092
Okay. Okay, okay.

716
00:36:18,176 --> 00:36:19,844
Come on, everybody. Strap in!

717
00:36:19,927 --> 00:36:21,596
-[Will] We're on the move!
-[John] Let's go!

718
00:36:45,786 --> 00:36:48,206
[closing theme music playing]
