1

00:00:08,466 --> 00:00:11,011
[instrumental theme music playing]

2

00:01:15,742 --> 00:01:18,953
[John] In order to stage a mutiny,
there are a few things you need to know.

3

00:01:19,037 --> 00:01:20,705
One: How much time do you have?

4

00:01:20,789 --> 00:01:21,623
[Maureen] Not much.

5

00:01:21,706 --> 00:01:24,167
As soon as the robot gets that engine
in place,

6

00:01:24,250 --> 00:01:26,711
Hastings will launch and abandon everyone
down on that planet.

7

00:01:26,795 --> 00:01:28,421
[John] Two: Know your target.

8

00:01:28,505 --> 00:01:31,382
[Maureen] The bridge. Can't control
the ship from anywhere else.

9

00:01:31,466 --> 00:01:34,302
-[John] And three: Your obstacles.
-[Maureen] There's too many to count,

10

00:01:34,385 --> 00:01:36,387
but let's start with security.

11

00:01:36,471 --> 00:01:38,473
We're currently operating
with a skeleton crew,

12

00:01:38,556 --> 00:01:40,934
which means we've only got
18 security officers on board.

13

00:01:41,017 --> 00:01:44,104
Only 18. How are we supposed
to neutralize 18 highly trained guards?

14

00:01:44,187 --> 00:01:46,606
We don't need to neutralize 18 of them.
Just one.

15

00:01:46,689 --> 00:01:47,732
[John] This guy.

16

00:01:48,066 --> 00:01:50,193
He'll be armed.
So you have to be prepared.

17

00:01:51,653 --> 00:01:53,613
Wait, I'll have to be prepared?

18

00:01:55,865 --> 00:01:57,700
You know, you can overpower someone

19

00:01:57,784 --> 00:02:00,495
without ever even laying a hand on them.

20

00:02:00,578 --> 00:02:01,412
How's that?

21

00:02:01,496 --> 00:02:02,539
Find their weak spot.

22

00:02:03,081 --> 00:02:05,458
Everyone has one.
You just have to dig a little,

23

00:02:06,000 --> 00:02:07,877
-and find out where it is.
-Samantha--

24

00:02:07,961 --> 00:02:10,213
Her father was a security officer
on the ship.

25

00:02:10,755 --> 00:02:13,508
[stammers] Maybe her mom knows something
about this guy.

26

00:02:14,259 --> 00:02:16,344
[echoes] Maybe you could go talk to them.

27

00:02:17,345 --> 00:02:19,639
It's me and my dad.

28

00:02:20,098 --> 00:02:21,766
It's the last one I have of him.

29

00:02:23,518 --> 00:02:25,186
[man screaming]

30

00:02:26,271 --> 00:02:27,564
[Judy, echoing] Smith.

31

00:02:28,356 --> 00:02:29,482
Smith.

32

00:02:29,983 --> 00:02:33,027
Smith. Will you go find out
if she knows anything?

33

00:02:33,444 --> 00:02:34,988
I, uh, I really shouldn't.

34

00:02:35,196 --> 00:02:38,158
What are you talking about? You're good
at getting into people's minds.

35

00:02:38,283 --> 00:02:39,409
In, like, a nice way, though.

36

00:02:39,492 --> 00:02:42,245
I think it's best if I'm not seen
with all of you.

37

00:02:42,328 --> 00:02:45,331
Now that I'm in on the inside
with Hastings and all.

38

00:02:46,749 --> 00:02:47,625
I'll go do it.

39

00:02:59,637 --> 00:03:00,805
Hey, let's keep going.

40

00:03:02,223 --> 00:03:03,725
[John] Now, Penny, your turn.

41

00:03:03,808 --> 00:03:06,519
I need you to get something important
for your mom.

42

00:03:07,187 --> 00:03:08,813
Me? Okay, what do I need to get?

43

00:03:09,480 --> 00:03:10,523
A crew.

44

00:03:11,566 --> 00:03:13,693
[clucking]

45

00:03:14,819 --> 00:03:15,904
Yeah, keep it up.

46

00:03:16,321 --> 00:03:18,323
In 30,000 years I'll be free.

47

00:03:20,617 --> 00:03:21,576
Is this your card?

48

00:03:22,243 --> 00:03:23,578
[door opens]

49

00:03:23,661 --> 00:03:24,495
Hey, Don.

50

00:03:24,954 --> 00:03:27,207
-Hey. This is a jailbreak, right?
-Uh, yeah.

51
00:03:27,290 --> 00:03:28,875
Yes! Where's the key?

52
00:03:29,667 --> 00:03:31,544
It's not a key exactly.

53
00:03:34,881 --> 00:03:35,924
[Penny grunting]

54
00:03:36,925 --> 00:03:38,676
What am I supposed to do with that?

55
00:03:43,014 --> 00:03:43,890
[grunts]

56
00:03:44,807 --> 00:03:46,267
[coughs]

57
00:03:46,351 --> 00:03:47,560
[panting]

58
00:03:47,644 --> 00:03:49,229
There goes my security deposit.

59
00:04:09,874 --> 00:04:12,669
[Judy over radio] Mom, I talked
to Samantha's mother about that guard.

60
00:04:12,752 --> 00:04:14,587
Remember this name.

61
00:04:15,255 --> 00:04:17,632
[grunting]

62
00:04:19,717 --> 00:04:21,302
Don West back in action.

63

00:04:21,719 --> 00:04:22,595
Oh...

64
00:04:28,059 --> 00:04:30,353
Yeah. Otherwise,
we're not going to have enough.

65
00:04:30,853 --> 00:04:31,771
Don?

66
00:04:31,854 --> 00:04:33,690
Ava. Hey, I was just coming to see you.

67
00:04:33,773 --> 00:04:35,066
Just give me a minute.

68
00:04:35,650 --> 00:04:36,859
What are you doing out?

69
00:04:37,151 --> 00:04:37,986
Uh...

70
00:04:38,569 --> 00:04:40,446
-[sighs]
-You know I to have to report this.

71
00:04:40,530 --> 00:04:43,032
Listen, how many of your people
are still down on the planet?

72
00:04:43,491 --> 00:04:44,617
A lot. Why?

73
00:04:47,870 --> 00:04:48,913
Where's Scarecrow?

74
00:04:49,289 --> 00:04:51,207
He's not doing so well. So we moved him.

75
00:04:51,791 --> 00:04:53,418
Maybe Robot can help him.

76

00:04:53,501 --> 00:04:55,503
I hope so. One thing at a time.

77

00:05:09,559 --> 00:05:11,019
Permission to enter the bridge.

78

00:05:11,102 --> 00:05:12,478
Permission granted.

79

00:05:15,648 --> 00:05:16,774
What is it?

80

00:05:17,817 --> 00:05:21,738
We can't strand 500 colonists
and crew members down there.

81

00:05:22,071 --> 00:05:23,948
We'll send a relief crew back
to collect them

82

00:05:24,032 --> 00:05:25,950
as soon as the Resolute
reaches Alpha Centauri.

83

00:05:26,034 --> 00:05:27,910
We don't even know where we are.

84

00:05:28,995 --> 00:05:30,747
What if we can't find our way back?

85

00:05:30,830 --> 00:05:33,833
Those are questions it's up to scientists
like you to answer.

86

00:05:34,500 --> 00:05:37,337
Captain, engine number four
just went offline.

87

00:05:39,380 --> 00:05:40,298
You should answer that.

88

00:05:45,136 --> 00:05:47,722
[woman] Engine room, you have the bridge.
What's your emergency?

89
00:05:47,805 --> 00:05:50,058
[Ava over radio]
Thrusters 1 through 168 mainline

90
00:05:50,141 --> 00:05:51,601
and reserve units are not responding.

91
00:05:51,684 --> 00:05:52,643
That's all of them.

92
00:05:52,727 --> 00:05:55,188
This is the captain. How long
do you estimate repairs will take?

93
00:05:55,271 --> 00:05:56,689
They're not malfunctioning, Captain.

94
00:05:56,773 --> 00:05:58,775
[Kamal] Then what exactly
is the problem?

95
00:05:58,858 --> 00:06:01,444
It seems they'll only respond to orders
from Maureen Robinson.

96
00:06:06,949 --> 00:06:08,451
You really trust these people?

97
00:06:09,535 --> 00:06:10,453
With my life.

98
00:06:12,580 --> 00:06:15,708
Escort Maureen Robinson and her associates
off the bridge.

99
00:06:16,417 --> 00:06:18,002
Incarcerate her with her husband.

100

00:06:20,046 --> 00:06:21,422
All security to the bridge.

101
00:06:21,756 --> 00:06:22,965
We have a situation.

102
00:06:33,726 --> 00:06:35,978
Let's not make this more difficult
than it needs to be.

103
00:06:36,062 --> 00:06:38,064
Anton Penn is still down there.

104
00:06:38,147 --> 00:06:38,981
Who?

105
00:06:39,065 --> 00:06:42,235
You never caught his name,
but he's the one who dragged you to safety

106
00:06:42,318 --> 00:06:43,486
during the last attack.

107
00:06:44,529 --> 00:06:45,905
You had a broken ankle.

108
00:06:45,988 --> 00:06:47,240
You were unarmed,

109
00:06:47,323 --> 00:06:49,784
and you didn't think that there was anyone
who would help you.

110
00:06:49,867 --> 00:06:51,077
But he did.

111
00:06:52,787 --> 00:06:53,704
I gave you an order.

112
00:06:57,750 --> 00:06:59,877
Now, you're Anton's last chance.

113
00:07:01,629 --> 00:07:02,505
Remove her!

114
00:07:02,588 --> 00:07:03,881
[man] One second till--

115
00:07:07,552 --> 00:07:09,262
I'm afraid I can't do that, ma'am.

116
00:07:11,139 --> 00:07:12,640
Go! Move!

117
00:07:12,723 --> 00:07:13,933
Come on!

118
00:07:17,979 --> 00:07:19,021
[sighs]

119
00:07:25,945 --> 00:07:26,946
[door closes]

120
00:07:27,530 --> 00:07:28,865
[Will] I think it's ready.

121
00:07:32,034 --> 00:07:33,286
Bridge, we've lost power.

122
00:07:34,120 --> 00:07:35,580
That's not an accident.

123
00:07:37,582 --> 00:07:39,208
Maureen, what are you doing on the bridge?

124
00:07:39,292 --> 00:07:42,211
[Maureen] Giving orders. It should be
obvious by now that we're not leaving

125
00:07:42,295 --> 00:07:43,504
this solar system just yet,

126

00:07:43,588 --> 00:07:45,089
so let's all take a step back,

127

00:07:45,923 --> 00:07:48,676
and let my son and the robot go back
to our Jupiter.

128

00:07:49,719 --> 00:07:52,597
[Hastings] No one's keeping Will here,
or the robot.

129

00:07:53,514 --> 00:07:56,100
I thought we were all working towards
a common goal.

130

00:07:56,267 --> 00:07:58,853
But it's not really all of us, is it?

131

00:07:58,936 --> 00:08:00,563
We're still 500 short.

132

00:08:01,647 --> 00:08:03,316
What's my mom talking about?

133

00:08:04,025 --> 00:08:06,652
Isn't everyone coming back onto the ship?

134

00:08:08,029 --> 00:08:09,489
Did you know about this?

135

00:08:10,823 --> 00:08:12,909
Nobody wanted this to happen.

136

00:08:13,367 --> 00:08:15,077
I'm protecting you.

137

00:08:15,369 --> 00:08:17,371
I have been all along.

138

00:08:17,455 --> 00:08:20,333
-[men yelling]
-Everyone-- Everyone back up, back off.

139
00:08:21,501 --> 00:08:23,085
I don't need protection.

140
00:08:25,880 --> 00:08:27,006
Relax.

141
00:08:29,383 --> 00:08:30,968
No. Let's go.

142
00:08:37,892 --> 00:08:38,768
We're close.

143
00:08:39,727 --> 00:08:41,270
The engine's in place.

144
00:08:41,354 --> 00:08:42,730
I'm not convinced we can...

145
00:08:43,314 --> 00:08:45,608
safely take the robot by force.

146
00:08:47,735 --> 00:08:48,653
We won't need to.

147
00:08:50,488 --> 00:08:53,866
[Smith] After everything I did
to get in on the inside,

148
00:08:53,950 --> 00:08:55,743
Hastings will know it was me

149
00:08:55,910 --> 00:08:56,953
who turned on him.

150
00:08:57,036 --> 00:08:58,162
You're one of us now.

151
00:08:58,246 --> 00:09:01,082
Well, that's sweet to hear,
and how will that help me?

152

00:09:01,165 --> 00:09:02,542
It means we'll protect you.

153

00:09:02,750 --> 00:09:06,003
As long as I stay in here.
I don't like being cooped up.

154

00:09:11,175 --> 00:09:12,343
[beeping]

155

00:09:12,426 --> 00:09:13,678
How's the mutiny going?

156

00:09:14,095 --> 00:09:15,263
I don't know.

157

00:09:15,346 --> 00:09:17,431
It's my first one. I'll call you later.

158

00:09:20,518 --> 00:09:23,020
I know you think you're doing
the right thing here, Mrs. Robinson,

159

00:09:23,104 --> 00:09:24,522
but if you bring everyone back up,

160

00:09:24,605 --> 00:09:25,856
none of us will survive.

161

00:09:25,940 --> 00:09:27,149
There's not enough air.

162

00:09:28,150 --> 00:09:28,985
That planet...

163

00:09:29,819 --> 00:09:30,736
is a gas giant.

164

00:09:32,029 --> 00:09:34,699
It's made of hydrogen, helium,

a little methane, and ammonia,

165

00:09:34,782 --> 00:09:37,910
and like most gas giants,
being an extremely stormy place,

166

00:09:37,994 --> 00:09:39,328
ionized ammonia--

167

00:09:39,412 --> 00:09:40,496
Ammonium.

168

00:09:41,497 --> 00:09:44,333
Angela already figured out
how to stop the rust virus.

169

00:09:47,628 --> 00:09:49,005
Deoxidize it.

170

00:09:49,547 --> 00:09:51,215
But what I couldn't figure out

171

00:09:51,299 --> 00:09:53,676
was where we'd ever find enough ammonium

172

00:09:53,884 --> 00:09:57,513
to clean 280,000 gallons of water.

173

00:09:57,597 --> 00:10:00,349
Maureen pointed out
what was right in front of my nose.

174

00:10:00,433 --> 00:10:03,519
Do you know how long it would take
the Jupiters to transport all that water

175

00:10:03,603 --> 00:10:05,104
in and out of that planet's atmosphere?

176

00:10:05,563 --> 00:10:07,648
That's why we're not taking the Jupiters.

177
00:10:10,026 --> 00:10:11,402
We're taking the Resolute.

178
00:10:26,167 --> 00:10:27,835
Hey, you, slow down.

179
00:10:28,669 --> 00:10:29,879
I got something for you.

180
00:10:31,339 --> 00:10:32,173
Good.

181
00:10:32,673 --> 00:10:33,507
[exhales]

182
00:10:34,091 --> 00:10:35,426
Ooh...

183
00:10:35,509 --> 00:10:37,094
A rugged look. I like it.

184
00:10:37,428 --> 00:10:39,096
Nice to see you, too.

185
00:10:39,430 --> 00:10:40,473
I saw you two days ago.

186
00:10:40,556 --> 00:10:42,350
I fought SAR and almost died.

187
00:10:42,433 --> 00:10:44,602
I flew through space
in a storage container.

188
00:10:44,685 --> 00:10:45,811
Cool.

189
00:10:46,270 --> 00:10:47,104
No.

190

00:10:47,521 --> 00:10:48,356
Not cool.

191
00:10:48,814 --> 00:10:49,815
Terrible.

192
00:10:50,274 --> 00:10:51,150
Sorry.

193
00:10:51,651 --> 00:10:53,861
Whatever. I have a secret mission
from Mom.

194
00:10:54,236 --> 00:10:55,071
What is it?

195
00:10:56,280 --> 00:10:57,448
It's not for you.

196
00:10:58,240 --> 00:10:59,116
It's for him.

197
00:11:10,378 --> 00:11:11,754
[Hastings] A prison break?

198
00:11:12,338 --> 00:11:13,964
That's a terrible idea.

199
00:11:16,258 --> 00:11:17,426
Come in, why don't you.

200
00:11:19,303 --> 00:11:20,721
I thought you and I could...

201
00:11:21,639 --> 00:11:22,932
talk about a few things.

202
00:11:32,233 --> 00:11:36,570
The complexities of this task are greater
than you can plan in a day.

203

00:11:36,654 --> 00:11:40,032
No, it's pretty simple really. We dive
down into the planet's ammonia belt

204

00:11:40,116 --> 00:11:43,035
suck up enough gas through the intakes
to flush the precipitate

205

00:11:43,119 --> 00:11:44,995
out of the oxygen-generating system.

206

00:11:45,079 --> 00:11:46,622
We get a bunch of clean water

207

00:11:46,706 --> 00:11:48,207
and we'll have enough ammonium gas

208

00:11:48,290 --> 00:11:50,418
to decontaminate all our people
and equipment.

209

00:11:50,501 --> 00:11:53,254
And we go to Alpha Centauri
and start a new life.

210

00:11:53,337 --> 00:11:57,383
The Resolute has never entered
an atmosphere before.

211

00:11:57,466 --> 00:11:59,218
It was built in orbit.

212

00:11:59,301 --> 00:12:02,054
You seem to care more
about the safety of this ship

213

00:12:02,138 --> 00:12:03,431
than the lives of its passengers.

214

00:12:03,514 --> 00:12:05,725
I don't want to leave those people behind,
but this ship,

215

00:12:05,850 --> 00:12:07,852
our ship, is irreplaceable.

216

00:12:08,310 --> 00:12:11,647
It's the last hope of the human race.
All eight billion people.

217

00:12:11,731 --> 00:12:15,192
And one day when this wave of colonists
has made the journey,

218

00:12:15,276 --> 00:12:17,611
there are still parents
and children in Mumbai,

219

00:12:17,695 --> 00:12:19,447
in Paris, in Pasadena,

220

00:12:19,530 --> 00:12:22,408
in every city, and every country
in the world who'll know

221

00:12:22,491 --> 00:12:24,118
that if they pass the test,

222

00:12:24,243 --> 00:12:26,245
if they prove their worth,

223

00:12:26,495 --> 00:12:28,497
they can gain passage.

224

00:12:28,914 --> 00:12:31,876
And what if this ship is destroyed?

225

00:12:31,959 --> 00:12:34,670
What do the children of Earth
dream about then?

226

00:12:35,838 --> 00:12:37,715
We're not going to lose the Resolute.

227

00:12:38,382 --> 00:12:41,469
We're going to spin her, on an X axis,

228

00:12:41,552 --> 00:12:43,053
which will redistribute the gases

229

00:12:43,137 --> 00:12:46,515
and create enough drag so that
we can maintain control of the ship.

230

00:12:46,807 --> 00:12:48,225
That's never been tested.

231

00:12:48,434 --> 00:12:50,186
A lot of things in my line of work

232

00:12:50,269 --> 00:12:51,479
only get one test.

233

00:12:51,562 --> 00:12:53,230
We are good at passing it.

234

00:12:53,314 --> 00:12:55,065
We've sustained significant damage.

235

00:12:55,149 --> 00:12:57,401
The cross supports along F decks
are compromised.

236

00:12:57,485 --> 00:12:59,069
If we do what you propose,

237

00:12:59,153 --> 00:13:01,155
they could tear apart altogether.

238

00:13:01,322 --> 00:13:02,490
If the struts weaken,

239

00:13:03,240 --> 00:13:04,200
we'll be ready.

240

00:13:08,496 --> 00:13:09,330
How?

241
00:13:10,915 --> 00:13:11,832
[Penny] He's different.

242
00:13:11,916 --> 00:13:13,167
[indistinct chatter]

243
00:13:13,250 --> 00:13:14,126
What do you mean?

244
00:13:15,044 --> 00:13:16,295
He just is.

245
00:13:17,838 --> 00:13:19,715
You've spent like five minutes with him.

246
00:13:19,799 --> 00:13:20,925
No, no, no.

247
00:13:21,091 --> 00:13:24,178
He always used to walk behind you
because he wanted to see what was coming,

248
00:13:24,261 --> 00:13:25,846
like all he wanted to do was protect you.

249
00:13:25,930 --> 00:13:26,806
And now

250
00:13:26,889 --> 00:13:28,057
we're following him.

251
00:13:29,016 --> 00:13:30,017
You haven't noticed?

252
00:13:31,852 --> 00:13:33,729
Look, he's been through a lot lately.

253
00:13:34,438 --> 00:13:36,148

I'm sure he'll get back to normal.

254

00:13:40,402 --> 00:13:41,237
Hey!

255

00:13:42,655 --> 00:13:43,489
What is it?

256

00:13:50,538 --> 00:13:53,290
Yeah, see. In the old days
he used to say, "Danger... Will--"

257

00:13:53,374 --> 00:13:54,708
Just stop!

258

00:13:56,293 --> 00:13:57,419
You don't know him.

259

00:14:03,801 --> 00:14:06,387
Come on. Mom's counting on us.

260

00:14:07,471 --> 00:14:08,472
We need to be ready.

261

00:14:13,477 --> 00:14:14,395
See?

262

00:14:20,484 --> 00:14:22,152
[Hastings] I want to start by saying

263

00:14:22,862 --> 00:14:25,155
I don't want anyone to get hurt.

264

00:14:25,614 --> 00:14:26,448
Good.

265

00:14:27,533 --> 00:14:28,534
Neither do we.

266

00:14:28,617 --> 00:14:30,411
You're a military man, John.

267
00:14:30,494 --> 00:14:33,372
You understand
once a situation like this escalates

268
00:14:33,539 --> 00:14:34,707
tension is heightened.

269
00:14:35,082 --> 00:14:36,417
Lines can be crossed.

270
00:14:36,667 --> 00:14:39,086
-[John] I'm well aware.
-Then I need you...

271
00:14:39,253 --> 00:14:40,671
to ask Maureen

272
00:14:41,422 --> 00:14:42,756
to stand down.

273
00:14:43,924 --> 00:14:45,175
I won't do that.

274
00:14:46,427 --> 00:14:48,095
Judy, would you care to join us?

275
00:14:53,017 --> 00:14:55,519
Why don't we keep whatever this is
just between us?

276
00:14:57,521 --> 00:14:58,355
[Hastings] Good.

277
00:14:58,439 --> 00:15:00,357
Now we're all settled.

278
00:15:01,025 --> 00:15:04,528
I'd like to offer up
another interpretation

279

00:15:04,612 --> 00:15:06,071
of Maureen Robinson...

280

00:15:07,823 --> 00:15:10,910
as a woman who might
take things too far...

281

00:15:12,286 --> 00:15:14,496
in order to save her family.

282

00:15:14,580 --> 00:15:16,874
There is no taking things too far
when it comes to that.

283

00:15:16,957 --> 00:15:19,543
Even if it means breaking the law
to get them on board?

284

00:15:21,211 --> 00:15:23,047
What is he talking about, Dad?

285

00:15:23,130 --> 00:15:24,840
Honey, it's complicated.

286

00:15:24,924 --> 00:15:26,634
Mm. Not really.

287

00:15:27,134 --> 00:15:31,305
See, your mother arranged
for Will's test scores to be altered...

288

00:15:32,848 --> 00:15:34,767
so that he could qualify for the trip.

289

00:15:34,850 --> 00:15:38,187
I think my son has proven to everybody
that he deserves to be here.

290

00:15:38,646 --> 00:15:41,482
In fact, if it wasn't for him,
we'd have no chance of survival right now.

291

00:15:41,565 --> 00:15:44,234
So why don't you just say thank you
and get the hell off our Jupiter?

292
00:15:44,318 --> 00:15:47,488
You think because
you have control of a robot

293
00:15:47,613 --> 00:15:50,074
you can just do whatever you want

294
00:15:50,324 --> 00:15:51,241
on my ship?

295
00:15:52,076 --> 00:15:55,162
What if I were to tell you that
I have something more powerful

296
00:15:55,245 --> 00:15:57,831
than a robot that takes orders
from a child?

297
00:15:58,415 --> 00:15:59,249
You see,

298
00:15:59,333 --> 00:16:04,546
Maureen couldn't get access
to change Will's scores by herself.

299
00:16:05,130 --> 00:16:06,298
She had to make a deal.

300
00:16:06,548 --> 00:16:09,718
She had to trade something very valuable

301
00:16:09,802 --> 00:16:12,388
in order to complete her end
of the bargain.

302
00:16:12,471 --> 00:16:13,931
I don't believe you.

303

00:16:15,224 --> 00:16:16,350
How would you know that?

304

00:16:17,142 --> 00:16:19,186
Because the person she traded with...

305

00:16:21,939 --> 00:16:22,982
was me.

306

00:16:25,109 --> 00:16:26,318
That's our target.

307

00:16:27,194 --> 00:16:28,946
The ammonia belt. What's the depth?

308

00:16:29,029 --> 00:16:30,781
5,260 kilometers.

309

00:16:31,490 --> 00:16:33,409
It's about halfway through
the stratosphere.

310

00:16:33,492 --> 00:16:34,535
Polar orbit achieved.

311

00:16:35,911 --> 00:16:38,205
[Maureen] Okay, Radu,
open a ship-wide channel.

312

00:16:39,248 --> 00:16:41,250
Attention, everyone. This is the bridge.

313

00:16:41,917 --> 00:16:43,836
Civilians, strap into your Jupiters.

314

00:16:43,919 --> 00:16:45,713
Crew, take your action stations.

315

00:16:46,255 --> 00:16:49,258
We're expecting high winds
and extreme turbulence.

316
00:16:49,341 --> 00:16:51,844
It will be a bumpy ride.

317
00:17:08,110 --> 00:17:09,194
Initiate spin.

318
00:17:10,070 --> 00:17:13,240
[Naoko] Activating CMGS
and thruster engines now.

319
00:17:24,376 --> 00:17:26,003
Spin stabilization is set.

320
00:17:26,086 --> 00:17:27,379
Then we dive.

321
00:17:27,713 --> 00:17:33,093
Diving in three... two... one... Dive.

322
00:17:34,053 --> 00:17:35,971
[automated voice] Descent initialized.

323
00:17:59,995 --> 00:18:02,372
[thunder rumbling]

324
00:18:06,126 --> 00:18:10,005
Correct for orbital perturbations.
Increase Delta-v by 20 percent.

325
00:18:10,589 --> 00:18:12,591
Sustained gas at 600 kilometers.

326
00:18:12,966 --> 00:18:15,803
Pressure increasing. 282 PSI.

327
00:18:19,181 --> 00:18:22,726
[automated voice] Structural declension
detected on F deck, sector four.

328
00:18:24,061 --> 00:18:26,230
Initiate emergency repair protocol.

329
00:18:26,313 --> 00:18:28,357
The Resolute's protocols aren't equipped
to handle this.

330
00:18:28,440 --> 00:18:30,609
It's a good thing we brought our own.

331
00:19:17,447 --> 00:19:20,325
[automated voice] Ring four,
sector seven stabilized.

332
00:19:24,288 --> 00:19:27,207
Leveling off.
We've reached a stable vector.

333
00:19:36,008 --> 00:19:39,011
[exhales deeply]
This is definitely going in the book.

334
00:19:46,185 --> 00:19:47,227
[exhales]

335
00:19:51,356 --> 00:19:52,649
[Kamal] You got lucky.

336
00:19:55,027 --> 00:19:57,738
You know,
I've made my share of mistakes...

337
00:19:58,739 --> 00:20:00,908
as a mother, as a wife,

338
00:20:00,991 --> 00:20:03,827
but one place I don't make mistakes
is my job.

339
00:20:04,453 --> 00:20:05,746
It wasn't luck.

340
00:20:06,205 --> 00:20:07,247
That was math.

341
00:20:08,582 --> 00:20:10,751
You're not the only one
who has to be perfect, Maureen.

342
00:20:11,168 --> 00:20:12,920
For this to work, everyone does.

343
00:20:13,503 --> 00:20:14,838
What are the odds of that?

344
00:20:16,506 --> 00:20:19,092
[Angela] Maureen, they're prepping
the water tanks.

345
00:20:19,176 --> 00:20:21,094
We're in position to collect the gas.

346
00:20:22,846 --> 00:20:24,181
Open the intake vents.

347
00:20:25,224 --> 00:20:28,101
Time for a nice, deep breath of ammonia.

348
00:20:40,656 --> 00:20:43,283
[gas hissing]

349
00:20:46,620 --> 00:20:47,663
[indistinct chatter]

350
00:20:47,746 --> 00:20:49,373
Double check all the seals.

351
00:20:49,831 --> 00:20:51,959
That's a lot of pressure for these pipes.

352
00:20:53,961 --> 00:20:54,836
[grunts]

353
00:20:55,420 --> 00:20:58,257
West, you and your cart are a hazard.

You wanna sit this one out?

354

00:20:58,340 --> 00:21:01,093
No, I don't want the others to think
I'm not pulling my weight.

355

00:21:02,803 --> 00:21:05,055
-Metaphorically speaking.
-If it makes you feel any better,

356

00:21:05,138 --> 00:21:08,141
whatever we do here isn't going to make up
for you deserting us the last time.

357

00:21:08,225 --> 00:21:10,477
Actually, that does not
make me feel any better.

358

00:21:10,560 --> 00:21:11,395
I'm staying.

359

00:21:12,271 --> 00:21:14,231
We'll be ready to process the water
in ten minutes.

360

00:21:14,314 --> 00:21:15,315
Great.

361

00:21:15,691 --> 00:21:17,150
OGS to bridge.

362

00:21:18,652 --> 00:21:21,405
This rust virus spreads like a disease.

363

00:21:21,697 --> 00:21:23,073
One drop spilled,

364

00:21:23,323 --> 00:21:26,076
one bead of condensation,
that's all it would take.

365

00:21:26,493 --> 00:21:29,246

I will not let Maureen

366

00:21:29,496 --> 00:21:30,455
risk this ship

367

00:21:30,539 --> 00:21:33,750
by releasing that contaminated water
into our system.

368

00:21:35,544 --> 00:21:36,878
You have to know that.

369

00:21:36,962 --> 00:21:38,463
[John] What I know is this:

370

00:21:38,547 --> 00:21:41,758
if you had the ability to stop her,
you'd have done it by now.

371

00:21:43,385 --> 00:21:45,971
Judy, do you know which part
of the Resolute's design team

372

00:21:46,054 --> 00:21:48,056
-your mother was a part of?
-Don't answer him, Judy.

373

00:21:48,140 --> 00:21:50,100
-The safety system.
-[Hastings] That's right.

374

00:21:50,183 --> 00:21:52,519
And those systems play a crucial role

375

00:21:52,602 --> 00:21:54,271
in maintaining the stability

376

00:21:54,354 --> 00:21:57,941
of every dynamic function on this ship.

377

00:21:58,775 --> 00:22:00,277
Engineers like your mother,

378

00:22:00,360 --> 00:22:01,945
they perfect these systems

379

00:22:02,154 --> 00:22:03,196
by attacking them,

380

00:22:03,780 --> 00:22:04,948
infiltrating

381

00:22:05,324 --> 00:22:07,367
the Resolute's master controls

382

00:22:07,451 --> 00:22:08,785
to create conditions

383

00:22:08,869 --> 00:22:11,455
that would test the reactions
of their designs.

384

00:22:12,122 --> 00:22:13,874
Now, I'm sure your mother

385

00:22:14,750 --> 00:22:17,627
didn't think there was any harm
in giving me her access codes.

386

00:22:17,711 --> 00:22:20,922
After all, no one person
can run those tests on their own.

387

00:22:21,006 --> 00:22:23,759
It has to be agreed
by at least four people.

388

00:22:24,259 --> 00:22:26,595
Well, fortunately for me, everyone--

389

00:22:27,888 --> 00:22:30,557
Everyone has a weakness.

390

00:22:30,640 --> 00:22:31,558
[Judy] No.

391
00:22:32,225 --> 00:22:34,436
My mother would never do that.

392
00:22:34,519 --> 00:22:35,645
Tell your wife

393
00:22:36,063 --> 00:22:37,147
to stand down

394
00:22:37,230 --> 00:22:38,857
or I will use those access codes,

395
00:22:38,940 --> 00:22:40,942
which she helped me obtain

396
00:22:41,443 --> 00:22:43,070
to open the OGS airlock.

397
00:22:44,946 --> 00:22:47,532
The atmosphere will flood the room.

398
00:22:49,451 --> 00:22:51,203
The pressure will be so intense,

399
00:22:51,536 --> 00:22:55,457
if anyone releases that water,
it will burst the pipes and vaporize...

400
00:22:56,083 --> 00:22:57,751
which means your plan will fail.

401
00:22:58,752 --> 00:23:01,171
And when we reach Alpha Centauri,
which we will,

402
00:23:01,922 --> 00:23:03,131
thanks to your robot,

403

00:23:04,091 --> 00:23:07,094
Maureen will be sent back to Earth
along with her son,

404

00:23:08,553 --> 00:23:11,264
and you will never see either
of them again.

405

00:23:15,977 --> 00:23:17,229
-[John yelling]
-[buzzing]

406

00:23:17,312 --> 00:23:18,688
-Dad!
-[groaning]

407

00:23:19,398 --> 00:23:21,233
-[John groaning]
-Dad.

408

00:23:21,316 --> 00:23:23,860
-Hey Dad!
-You soldiers are so predictable.

409

00:23:23,944 --> 00:23:27,447
The crews down in the OGS...
They'll die if you open the airlock.

410

00:23:28,824 --> 00:23:30,575
And whose fault would that be?

411

00:23:30,659 --> 00:23:32,452
No! [yelling]

412

00:23:32,536 --> 00:23:33,745
[cries out, panting]

413

00:23:33,829 --> 00:23:34,871
No!

414

00:23:36,623 --> 00:23:38,333
[automated voice] Manual override.

415
00:23:41,753 --> 00:23:43,338
-[electricity buzzing]
-[grunting]

416
00:23:43,422 --> 00:23:45,424
[panting]

417
00:23:48,593 --> 00:23:50,595
-The door won't open.
-Radio your mother.

418
00:23:51,221 --> 00:23:53,598
-Warn her what's coming.
-The comms are offline.

419
00:23:54,850 --> 00:23:55,892
[groaning]

420
00:23:55,976 --> 00:23:58,145
Hastings must have shut them down.

421
00:23:58,270 --> 00:23:59,271
[groans]

422
00:24:32,137 --> 00:24:33,388
-[zapping]
-[yells]

423
00:24:33,472 --> 00:24:35,807
Hey, breathe, hey, hey, breathe.

424
00:24:36,641 --> 00:24:37,601
[yelling, grunting]

425
00:24:37,684 --> 00:24:39,227
How are you going to protect me

426
00:24:39,311 --> 00:24:41,480
if you're hobbling around
on a broken ankle?

427

00:24:41,563 --> 00:24:43,231
Smith, get to the bridge.

428

00:24:43,899 --> 00:24:47,569
Tell Maureen Hastings has some kind
of skeleton key to the ship.

429

00:24:48,320 --> 00:24:49,154
So?

430

00:24:49,279 --> 00:24:50,780
He's gonna open the OGS airlock.

431

00:24:50,864 --> 00:24:52,782
Hurry, or people are gonna die.

432

00:24:52,866 --> 00:24:55,368
Get to the bridge, tell Maureen!

433

00:24:56,369 --> 00:24:57,204
[grunting]

434

00:25:13,094 --> 00:25:15,931
Doctor Smith! Come here,
I want you to meet my mother.

435

00:25:26,358 --> 00:25:29,819
I'm showing all tanks are full,
but I can't raise the OGS.

436

00:25:31,071 --> 00:25:32,531
Communications are down.

437

00:25:33,114 --> 00:25:34,241
That's odd.

438

00:25:44,459 --> 00:25:45,669
Open the valves.

439

00:25:46,253 --> 00:25:48,171
Let's clean this water
and get out of here.

440
00:25:50,131 --> 00:25:51,925
-[automated voice] Permissions declined.
-What?

441
00:25:52,008 --> 00:25:53,260
We're locked out.

442
00:25:53,843 --> 00:25:55,053
That's not possible.

443
00:25:55,804 --> 00:25:56,846
What's going on?

444
00:25:58,723 --> 00:25:59,849
[Kamal] Maureen?

445
00:26:02,352 --> 00:26:03,436
Maureen, let me in.

446
00:26:16,783 --> 00:26:17,993
Maureen!

447
00:26:18,743 --> 00:26:20,745
[Smith shouting from outside]

448
00:26:29,629 --> 00:26:32,632
[siren blaring]

449
00:26:33,675 --> 00:26:36,177
-My God!
-We've gotta find the override!

450
00:26:36,261 --> 00:26:38,555
The OGS airlock is opening remotely.

451
00:26:39,180 --> 00:26:40,307
Oh, my God.

452
00:26:40,390 --> 00:26:43,977
[grunts] Everybody out!

The airlock is opening!

453

00:26:44,060 --> 00:26:46,062
[wind bursting in]

454

00:26:50,317 --> 00:26:51,276
[coughs]

455

00:26:51,359 --> 00:26:53,278
This place is about to get
real uncomfortable!

456

00:26:53,361 --> 00:26:54,362
Everybody out!

457

00:26:54,446 --> 00:26:56,323
Go! Go! Everybody get out!

458

00:26:56,406 --> 00:26:58,491
Move, move, move!

459

00:26:58,575 --> 00:26:59,784
We've gotta hurry! Come on!

460

00:26:59,868 --> 00:27:02,078
Go! Go! Go! Go! Go!

461

00:27:02,162 --> 00:27:04,831
No, take it. Take it, take it.

462

00:27:06,291 --> 00:27:09,794
Let's go! Everybody out!
Let's go! Go! Go! Go! Go! Go!

463

00:27:11,046 --> 00:27:13,590
Come on, come on, get out of here!
Go, go, go!

464

00:27:14,341 --> 00:27:16,051
Hurry! Go, go, go, go!

465

00:27:16,134 --> 00:27:17,761
Hurry! I can't hold it much longer!

466
00:27:17,844 --> 00:27:19,429
Is everyone out?

467
00:27:19,512 --> 00:27:20,555
Evacuate!

468
00:27:21,556 --> 00:27:23,558
-[coughing]
-Come on, we gotta go!

469
00:27:24,059 --> 00:27:26,519
Go, go, go! We've gotta go!

470
00:27:26,603 --> 00:27:27,437
What is it?

471
00:27:27,520 --> 00:27:29,314
-I can't.
-Close your eyes, okay?

472
00:27:29,397 --> 00:27:30,231
You can do this.

473
00:27:30,315 --> 00:27:31,566
It's now or never!

474
00:27:36,613 --> 00:27:38,073
We have to get them out.

475
00:27:41,117 --> 00:27:42,160
On a positive note,

476
00:27:42,243 --> 00:27:43,620
my ankle feels much better.

477
00:27:46,539 --> 00:27:47,874
[Ava] Pressure's building.

478

00:27:48,333 --> 00:27:49,751
Let's not waste time.

479
00:27:49,834 --> 00:27:53,171
In a few minutes, it's gonna be impossible
to get this door open.

480
00:27:53,254 --> 00:27:54,381
[grunts]

481
00:28:01,221 --> 00:28:02,889
[robotic voice] Danger... friend.

482
00:28:05,308 --> 00:28:06,643
What friend?

483
00:28:06,726 --> 00:28:08,812
Maureen, if you can hear me, let me in.

484
00:28:10,021 --> 00:28:11,022
Maureen...

485
00:28:12,774 --> 00:28:14,317
Why isn't anyone answering me?

486
00:28:14,526 --> 00:28:18,154
[automated voice] Airlock malfunction.
Pressure loss in section three.

487
00:28:18,238 --> 00:28:21,991
All emergency personnel
please report to OGS module.

488
00:28:23,368 --> 00:28:24,327
I'm too late.

489
00:28:25,286 --> 00:28:26,496
[automated voice in background]

490
00:28:26,579 --> 00:28:28,707
-[robotic voice] Danger... friend.
-What?

491
00:28:28,790 --> 00:28:29,624
[grunts]

492
00:28:29,708 --> 00:28:32,752
It's not gonna budge.
How long can they take in there?

493
00:28:32,836 --> 00:28:34,045
Not long enough.

494
00:28:38,425 --> 00:28:40,051
Hurry! They're back here.

495
00:28:40,135 --> 00:28:41,928
-Who?
-Don and Ava. They're dying.

496
00:28:42,011 --> 00:28:43,304
Oh, my God.

497
00:28:43,722 --> 00:28:45,932
-We can't get the door open.
-He can.

498
00:28:46,015 --> 00:28:49,102
-[robotic voice] Danger... friend.
-[stammers] Where is he going?

499
00:28:49,227 --> 00:28:50,395
Stop! You passed them!

500
00:28:50,520 --> 00:28:53,231
-[robotic voice] Danger... friend.
-They're back there.

501
00:28:53,982 --> 00:28:55,775
What are you doing? They need your help.

502
00:28:55,859 --> 00:28:57,861
[robotic voice] Danger... friend.

503

00:28:57,944 --> 00:28:59,654
Will, who is he talking about?

504

00:29:01,448 --> 00:29:02,449
I don't know.

505

00:29:05,160 --> 00:29:07,954
The pressure differential is sealing
the bulkhead door shut.

506

00:29:08,037 --> 00:29:10,415
It'll never open
as long as the airlock is open.

507

00:29:10,498 --> 00:29:13,376
Maureen, you helped design
the safety systems.

508

00:29:13,460 --> 00:29:15,962
How could someone remotely hack them
without your knowledge?

509

00:29:16,880 --> 00:29:18,089
They can't.

510

00:29:45,033 --> 00:29:46,034
The bridge is yours.

511

00:29:46,951 --> 00:29:48,161
Do me a favor.

512

00:29:48,244 --> 00:29:50,747
Send anyone looking for me away
from the maintenance pod bay.

513

00:29:51,289 --> 00:29:54,292
Any chance to save them, that airlock
needs to be closed from the outside.

514

00:29:54,375 --> 00:29:56,336
Too dangerous taking a pod out
in this atmosphere.

515

00:29:56,419 --> 00:29:58,421
It's my fault that they're trapped.

516

00:29:59,255 --> 00:30:00,173
You were right.

517

00:30:01,674 --> 00:30:03,593
Math can't account for human error.

518

00:30:04,135 --> 00:30:07,138
[siren blaring continuously]

519

00:30:11,226 --> 00:30:12,310
[Ava] Hey, Don.

520

00:30:12,852 --> 00:30:13,686
[Don] Yeah?

521

00:30:13,770 --> 00:30:15,772
I think I'm gonna sit down for a second.

522

00:30:16,064 --> 00:30:18,066
Feeling pretty spacey.

523

00:30:18,650 --> 00:30:19,734
We are sitting down.

524

00:30:21,444 --> 00:30:22,278
I think.

525

00:30:24,155 --> 00:30:25,114
That's not good.

526

00:30:25,865 --> 00:30:29,619
Oh, hey, hey, no, no, no. Ava.
Come on. Come on. Up. Up, up, up.

527

00:30:29,702 --> 00:30:31,704
Come on. Open your eyes.

528

00:30:32,288 --> 00:30:34,290
Keep talking to me. Come on. Come on.

529

00:30:35,625 --> 00:30:37,627
You could have made it out.

530

00:30:37,752 --> 00:30:39,212
I don't know about that.

531

00:30:39,295 --> 00:30:41,256
I have serious mobility issues.

532

00:30:41,339 --> 00:30:44,467
There'd be a lot more of us stuck in here
if it wasn't for you.

533

00:30:44,717 --> 00:30:47,470
Well, if you want the job done at 70%,

534

00:30:48,388 --> 00:30:49,764
you call Don West.

535

00:30:50,348 --> 00:30:51,432
[chuckles]

536

00:30:51,516 --> 00:30:52,767
[Ava] You had a choice.

537

00:30:53,434 --> 00:30:54,644
You chose us.

538

00:31:02,277 --> 00:31:03,570
That's good.

539

00:31:30,638 --> 00:31:31,973
[beeping]

540

00:31:32,056 --> 00:31:33,016
Hold on, Don.

541

00:32:08,176 --> 00:32:09,010
[yells]

542
00:32:13,056 --> 00:32:14,599
[Ava groans]

543
00:32:15,600 --> 00:32:16,601
[Don] No.

544
00:32:32,784 --> 00:32:34,160
[beeping]

545
00:32:51,552 --> 00:32:52,720
Come on, come on.

546
00:33:01,854 --> 00:33:02,981
Come on!

547
00:33:10,321 --> 00:33:11,197
Okay.

548
00:33:17,412 --> 00:33:18,287
Okay.

549
00:33:42,020 --> 00:33:44,022
[indistinct chatter]

550
00:33:48,484 --> 00:33:51,320
Okay... [sighs] Okay.

551
00:33:58,286 --> 00:33:59,287
[grunts]

552
00:34:00,038 --> 00:34:01,539
Whoa, what's happening?

553
00:34:01,622 --> 00:34:03,583
Why is everything going back to normal?

554
00:34:06,127 --> 00:34:06,961
We lost.

555

00:34:09,255 --> 00:34:12,216
[automated voice] Override terminated.
Controls restored.

556

00:34:12,300 --> 00:34:14,427
[woman] Captain, comms are back online.

557

00:34:19,724 --> 00:34:20,600
We tried.

558

00:34:23,644 --> 00:34:27,356
Mr. Hastings, please.
You don't have to leave my family behind.

559

00:34:28,316 --> 00:34:29,484
You can let them go.

560

00:34:31,027 --> 00:34:32,111
We're not cruel.

561

00:34:38,034 --> 00:34:39,494
Permission to enter.

562

00:34:39,744 --> 00:34:41,454
Not that you need it, apparently.

563

00:34:43,456 --> 00:34:44,832
You have your ship back.

564

00:34:44,916 --> 00:34:46,626
Do I have you to thank?

565

00:34:46,709 --> 00:34:48,586
You give me too much credit.

566

00:34:50,254 --> 00:34:51,881
Let's go to Alpha Centauri.

567

00:34:53,925 --> 00:34:54,801
[Kamal] Not yet.

568

00:34:55,802 --> 00:34:56,636

First...

569

00:34:56,928 --> 00:34:59,138

we need to clean the water,
so we can all go.

570

00:34:59,722 --> 00:35:02,934

The captain I know
wouldn't risk this ship.

571

00:35:03,518 --> 00:35:05,019

It's not a risk.

572

00:35:07,939 --> 00:35:08,815

It's math.

573

00:35:18,032 --> 00:35:18,866

She did it.

574

00:35:19,826 --> 00:35:21,619

Yes! [laughs]

575

00:35:22,662 --> 00:35:23,746

Thank you. [exhales]

576

00:35:33,131 --> 00:35:34,715

[Maureen over radio] John, are you there?

577

00:35:34,966 --> 00:35:35,842

[exhales]

578

00:35:36,342 --> 00:35:37,677

Yeah. I'm here.

579

00:35:37,760 --> 00:35:38,803

Are you okay?

580

00:35:39,053 --> 00:35:39,887

Where are you?

581
00:35:40,054 --> 00:35:41,097
I'm fine.

582
00:35:41,180 --> 00:35:42,723
I'm in a maintenance pod.

583
00:35:43,850 --> 00:35:45,977
-They're cleaning the water.
-[sighs]

584
00:35:47,145 --> 00:35:48,563
It all worked out, then.

585
00:35:49,188 --> 00:35:51,941
-I told you you could trust her.
-Who? Captain Kamal?

586
00:35:52,066 --> 00:35:53,025
No, Smith.

587
00:35:53,109 --> 00:35:55,236
I told her to come warn you
about Hastings.

588
00:35:55,319 --> 00:35:57,738
What are you talking about?
I never saw her.

589
00:35:57,822 --> 00:36:00,950
The whole reason I'm out here
is to fix what Hastings did.

590
00:36:04,036 --> 00:36:04,871
Where are you now?

591
00:36:04,954 --> 00:36:06,497
I'm headed for bay six.

592
00:36:06,831 --> 00:36:07,999
I'll come and meet you.

593

00:36:14,088 --> 00:36:15,006
John.

594

00:36:15,256 --> 00:36:18,426
-I was coming back to get you out.
-Why didn't you warn Maureen?

595

00:36:19,135 --> 00:36:20,845
I got there as fast as I could.

596

00:36:20,928 --> 00:36:22,138
No, you had plenty of time.

597

00:36:22,930 --> 00:36:24,515
I had to take a detour.

598

00:36:24,599 --> 00:36:26,559
Detour? Why?

599

00:36:26,726 --> 00:36:27,643
I don't know.

600

00:36:27,727 --> 00:36:28,895
You don't know.

601

00:36:29,145 --> 00:36:29,979
Hm? That's it?

602

00:36:30,062 --> 00:36:32,190
You're not even gonna try
and spin some excuse?

603

00:36:32,815 --> 00:36:34,400
I tried to warn her.

604

00:36:35,985 --> 00:36:37,236
You have to believe me.

605

00:36:37,320 --> 00:36:39,572
I did believe you. I did.

606
00:36:39,780 --> 00:36:41,365
But I should have known better

607
00:36:41,490 --> 00:36:43,743
than to actually think
that you could change.

608
00:36:44,535 --> 00:36:45,578
[sobbing]

609
00:36:46,746 --> 00:36:47,872
I tried.

610
00:36:48,247 --> 00:36:49,290
-[sobs]
-Hey.

611
00:36:49,373 --> 00:36:52,793
You know why
I like to give people second chances?

612
00:36:52,877 --> 00:36:54,712
Because after all the terrible,

613
00:36:54,795 --> 00:36:57,506
terrible things that I've seen people
do to each other,

614
00:36:57,590 --> 00:37:00,760
I have to believe that
there's a road back for all of us.

615
00:37:03,471 --> 00:37:04,972
You found my weakness.

616
00:37:05,389 --> 00:37:06,224
Well done.

617
00:37:18,277 --> 00:37:19,820
[robotic voice] Danger... friend.

618

00:37:26,369 --> 00:37:28,412
-Will, we shouldn't be in here--
-[Will] Shh.

619
00:37:28,496 --> 00:37:30,831
[man] Increase voltage.
It's trying to get out.

620
00:37:33,042 --> 00:37:34,126
Stay there.

621
00:37:35,169 --> 00:37:36,837
[electricity crackling]

622
00:37:37,338 --> 00:37:39,048
[man] Whoa, whoa, whoa. What is it?

623
00:37:39,131 --> 00:37:40,675
Wait, no.

624
00:37:40,758 --> 00:37:41,592
[Penny] Will?

625
00:37:42,426 --> 00:37:44,887
Keep your distance. Call for backup.

626
00:37:46,055 --> 00:37:47,098
-What's he doing?
-Will.

627
00:37:58,776 --> 00:38:00,111
[man] What's he doing?

628
00:38:00,194 --> 00:38:01,487
No, Robot!

629
00:38:01,570 --> 00:38:03,864
-[grunts]
-[Will] No! Don't hurt them!

630
00:38:04,532 --> 00:38:05,825
[screams]

631
00:38:22,341 --> 00:38:24,135
[Will] Look at Scarecrow's lights.

632
00:38:24,552 --> 00:38:25,886
I've seen this before.

633
00:38:30,433 --> 00:38:31,392
He's dying.

634
00:38:35,104 --> 00:38:36,814
Will, I think your robot's angry.

635
00:38:39,525 --> 00:38:41,527
Will. Will. Will...

636
00:38:41,819 --> 00:38:42,903
It's okay.

637
00:38:47,491 --> 00:38:48,326
Hey.

638
00:38:52,747 --> 00:38:54,999
I'm sorry about what happened
to your friend.

639
00:38:55,750 --> 00:38:56,667
I really am.

640
00:39:15,436 --> 00:39:16,312
Wait.

641
00:39:16,687 --> 00:39:17,521
Hey.

642
00:39:17,605 --> 00:39:18,481
Where are you going?

643
00:39:18,981 --> 00:39:20,983
Will, is he leaving?

644
00:39:22,318 --> 00:39:23,277
[Will] We need you.

645
00:39:23,652 --> 00:39:25,237
You need to help us get home.

646
00:39:30,910 --> 00:39:33,579
[robotic voice] No, Will Robinson.
