EPISODE 2.10

"Ninety-Seven"

The mission to save Scarecrow takes an unexpected turn, throwing the Resolute into chaos. Judy hatches a plan to get a ship to Alpha Centauri.

MAIN EPISODE CAST

Molly Parker	...	Maureen Robinson
Toby Stephens	...	John Robinson
Maxwell Jenkins	...	Will Robinson
Taylor Russell	...	Judy Robinson
Mina Sundwall	...	Penny Robinson
Ignacio Serricchio	...	Don West
Brian Steele	...	Robot
Parker Posey	...	June Harris / Dr. Smith
JJ Field	...	Ben Adler
Sakina Jaffrey	...	Captain Kamal
Raza Jaffrey	...	Victor Dhar
Ajay Friese	...	Vijay Dhar
Douglas Hodge	...	Hastings
Tattiawna Jones	...	Ava
Viv Leacock	...	Reese
Ryan Mah	...	Security Officer
Nevis Unipan	...	Samantha
Zya Acala	...	Elise
Alison Araya	...	Aubrey
Aria Demaris	...	Izabel Azevedo
Amelia Burstyn	...	Diane
Sibongile Mlambo	...	Angela
Veenu Sandhu	...	Prisha Dhar
Zehra Fazal	...	Computer (Voice)

1

00:00:07,007 --> 00:00:09,426
[engine whirring]

2

00:00:11,219 --> 00:00:13,221
[indistinct chatter]

3

00:00:17,017 --> 00:00:19,978
Prep the last wave for launch. I think
it's finally time to strike this tent.

4

00:00:20,061 --> 00:00:21,938
[tech] I have an incoming Jupiter.

5

00:00:22,689 --> 00:00:23,690
Doesn't make sense.

6

00:00:25,108 --> 00:00:25,942
Who is it?

7

00:00:26,026 --> 00:00:28,778
[tech] The signature's the Jupiter 2.
The Robinson ship.

8

00:00:30,321 --> 00:00:31,656
Jupiter 2, copy?

9

00:00:32,407 --> 00:00:33,867
Jupiter 2, please come in.

10

00:00:35,368 --> 00:00:36,953
What the hell are you doing?

11

00:00:50,383 --> 00:00:51,760
We should be close, any sign of it?

12

00:00:52,969 --> 00:00:53,887
[Will] No.

13

00:00:55,138 --> 00:00:55,972
Not yet.

14

00:00:56,306 --> 00:00:57,515
[Ben] So, presumably, what?

15

00:00:57,599 --> 00:00:59,934
We find "X marks the spot,"
place Scarecrow there,

16

00:01:00,018 --> 00:01:02,103
retreat to an appropriately safe distance

17

00:01:02,979 --> 00:01:05,607
and watch the lightning... heal him?

18

00:01:06,149 --> 00:01:06,983
Presumably.

19

00:01:07,609 --> 00:01:10,236
The robot didn't give me
very detailed instructions.

20

00:01:10,612 --> 00:01:12,947
[rapid beeping]

21

00:01:14,074 --> 00:01:14,908
There it is.

22

00:01:16,326 --> 00:01:19,120
[thunder rumbling]

23

00:01:35,595 --> 00:01:37,097
[panting]

24

00:01:41,851 --> 00:01:44,062
-[Will] It's okay. You're home.
-[Scarecrow groaning]

25

00:01:44,145 --> 00:01:45,980
At least, I think this is your home.

26

00:01:46,272 --> 00:01:48,108
This is some very strange hospital.

27

00:01:50,360 --> 00:01:51,569
How's he doing?

28

00:01:53,822 --> 00:01:55,240
He's down to two lights.

29

00:02:05,667 --> 00:02:07,252
We're gonna make things right by you.

30

00:02:08,920 --> 00:02:11,881
[thunder rumbling]

31

00:02:11,965 --> 00:02:13,174
-[beeping]
-What's that?

32

00:02:13,258 --> 00:02:15,593
No. No, it can't be happening yet.

33

00:02:21,474 --> 00:02:25,019
It appears to be our lightning storm.
That's inconvenient.

34

00:02:35,905 --> 00:02:37,657
It's gonna hit us in a few minutes.

35

00:02:38,199 --> 00:02:40,326
Scarecrow won't make it through the night.

36

00:02:40,618 --> 00:02:42,704
-It has to be now.
-You think we have time

37

00:02:42,787 --> 00:02:45,498
-to make it there and back?
-We have time to get there.

38

00:02:45,707 --> 00:02:47,292
The Jupiter'll act as a Faraday cage.

39

00:02:47,959 --> 00:02:49,961
You'll be safe in here
until someone can pick you up.

40

00:02:50,044 --> 00:02:51,004
I'm going with you.

41

00:02:51,087 --> 00:02:53,590
You're staying here,
because you have an important job to do.

42

00:02:53,715 --> 00:02:54,757
From the cockpit?

43

00:02:54,841 --> 00:02:56,176
[Ben] On Alpha Centauri.

44

00:02:57,802 --> 00:03:00,513
You're the only one who truly knows
what happened here.

45

00:03:01,306 --> 00:03:02,891
I've made mistakes,

46

00:03:03,224 --> 00:03:06,436
and you can tell them that
I tried to fix it before it was too late.

47

00:03:06,519 --> 00:03:07,604
Tell who?

48

00:03:07,812 --> 00:03:08,646
[sharp inhale]

49

00:03:09,981 --> 00:03:11,441
My boys.

50

00:03:12,901 --> 00:03:14,110
My wife.

51

00:03:14,194 --> 00:03:15,528
Can you do that for me?

52

00:03:17,238 --> 00:03:19,407
Will, I'm trusting you. Will.

53

00:03:20,700 --> 00:03:22,827
But not enough to think
you wouldn't chase after me.

54

00:03:24,495 --> 00:03:26,539
No. No! Wait!

55

00:03:27,832 --> 00:03:30,043
[Will shouting] Ben! No!

56

00:03:32,212 --> 00:03:34,214
[thunder rumbling]

57

00:03:57,987 --> 00:03:59,155
This is the spot, then.

58

00:03:59,906 --> 00:04:00,740
Good.

59

00:04:01,866 --> 00:04:04,535
Ben, we can figure out
some other way to do this. Ben!

60

00:04:04,661 --> 00:04:06,037
Will, it's okay.

61

00:04:06,120 --> 00:04:07,080
[Will] Ben.

62

00:04:07,163 --> 00:04:08,539
[Ben] It's okay, Will.

63

00:04:10,458 --> 00:04:14,254
Thank you for reminding me
who I used to be.

64

00:04:25,139 --> 00:04:27,767

Next time we meet, how about...

65

00:04:29,310 --> 00:04:31,437
let's do things differently
from the start.

66

00:04:34,107 --> 00:04:35,900
[electricity pulsing]

67

00:04:35,984 --> 00:04:37,193
[yelps]

68

00:04:41,281 --> 00:04:43,324
[sharp breathing]

69

00:04:45,618 --> 00:04:49,580
[thunder rumbling in distance]

70

00:05:16,065 --> 00:05:17,650
Mayday! Mayday!

71

00:05:17,859 --> 00:05:19,986
This is Will Robinson
aboard the Jupiter 2.

72

00:05:20,069 --> 00:05:21,237
Can anybody hear me?

73

00:05:21,821 --> 00:05:23,197
Mayday! Mayday!

74

00:05:26,159 --> 00:05:28,161
[instrumental theme music playing]

75

00:06:51,411 --> 00:06:53,746
[indistinct chatter]

76

00:06:53,830 --> 00:06:56,541
[Judy] Penny, pick up the pace.
Okay, come on, come on.

77

00:06:57,750 --> 00:06:58,584
Hey.

78

00:06:58,918 --> 00:07:01,212
You two are not supposed to be
walking around unaccompanied.

79

00:07:03,548 --> 00:07:05,091
I'm so sorry, I, um--

80

00:07:05,508 --> 00:07:07,009
[guard] Gonna need to search your cart.

81

00:07:08,136 --> 00:07:10,346
I'm so sorry, we were just--
We're restocking our Jupiter.

82

00:07:10,430 --> 00:07:13,266
This is actually for our new Jupiter
with our new legal guardians,

83

00:07:13,349 --> 00:07:16,102
the Osovedos,
and it's just been really hard.

84

00:07:16,185 --> 00:07:17,770
And I'm sorry, is that a crime too?

85

00:07:20,940 --> 00:07:22,024
I read the report.

86

00:07:22,817 --> 00:07:24,360
I'm sorry about your parents.

87

00:07:25,820 --> 00:07:26,779
You can go.

88

00:07:27,655 --> 00:07:28,531
[sniffles]

89

00:07:31,284 --> 00:07:32,201
[sighs]

90
00:07:33,035 --> 00:07:34,078
Too much?

91
00:07:35,538 --> 00:07:37,540
[woman over PA]
Docking ports 27 through 43...

92
00:07:37,623 --> 00:07:39,500
Okay, this-- This is it.
Penny, this is it.

93
00:07:39,584 --> 00:07:42,128
-All right, all right, all right.
-Slow down, slow down, slow down.

94
00:07:47,675 --> 00:07:49,093
-Hi.
-Hi.

95
00:07:49,552 --> 00:07:50,386
Hi.

96
00:07:54,140 --> 00:07:56,100
-[John] Run into any problems?
-[Penny] No.

97
00:07:57,226 --> 00:07:58,978
I think I got everyone's order right.

98
00:08:02,398 --> 00:08:03,941
I don't know what we'd do without you.

99
00:08:04,025 --> 00:08:05,401
Well, you wouldn't have sandwiches.

100
00:08:05,485 --> 00:08:06,402
[chuckles softly]

101
00:08:07,570 --> 00:08:08,654
Any word from Will?

102

00:08:09,447 --> 00:08:11,199
No. Not yet.

103

00:08:13,910 --> 00:08:15,703
You better get going before you're seen.

104

00:08:16,412 --> 00:08:17,413
Okay.

105

00:08:20,458 --> 00:08:21,292
Okay.

106

00:08:24,587 --> 00:08:27,757
[chews] Hey, where's the mustard?
This salami tastes like tofu.

107

00:08:28,132 --> 00:08:29,383
You know it's all tofu, right?

108

00:08:29,926 --> 00:08:31,177
Oh. Ah.

109

00:08:34,805 --> 00:08:38,434
[woman over PA] Docking ports
44 to 60, prepare for incoming Jupiters.

110

00:08:38,726 --> 00:08:40,394
That's the last wave arriving.

111

00:08:40,478 --> 00:08:43,523
If Will's not here by the time
the last of the colonists are here,

112

00:08:44,023 --> 00:08:46,317
how long do you think
Hastings would wait for him?

113

00:08:46,442 --> 00:08:49,612
Well, I'm going as fast as I can,
and we're trying to break into a place

114

00:08:49,695 --> 00:08:51,697
that was built to never be broken into.

115
00:08:52,073 --> 00:08:52,949
Just keep trying.

116
00:08:53,032 --> 00:08:55,993
So once we get to the robot,
what are we gonna do then?

117
00:08:56,077 --> 00:08:58,538
[sighs] Make sure the robot's still
on our side.

118
00:09:07,964 --> 00:09:09,549
[Kamal] Has the robot found a way

119
00:09:09,632 --> 00:09:12,009
to get from wherever this place is
to the colony?

120
00:09:12,093 --> 00:09:14,387
It's like looking for a needle
in a haystack.

121
00:09:14,470 --> 00:09:16,055
[Hastings] It found the needle.

122
00:09:16,138 --> 00:09:18,766
Radio signature from one of our Jupiters,
it seems.

123
00:09:18,975 --> 00:09:20,643
The signal is weak, barely a whisper,

124
00:09:20,726 --> 00:09:23,187
but there's only one place
you're gonna find a signal like that.

125
00:09:23,646 --> 00:09:25,064
Alpha Centauri.

126

00:09:25,147 --> 00:09:27,066
Once the last ships have arrived,

127
00:09:27,567 --> 00:09:29,110
then we can get out of here.

128
00:09:29,610 --> 00:09:31,320
[woman] Contact, ma'am, from the planet.

129
00:09:31,404 --> 00:09:33,531
Two ships incoming
from the equatorial region.

130
00:09:33,614 --> 00:09:34,699
Oh. And there they are.

131
00:09:34,782 --> 00:09:36,158
[beeping]

132
00:09:38,995 --> 00:09:41,330
-Identify them.
-The lead ship is a Jupiter.

133
00:09:41,414 --> 00:09:42,790
[Kamal] And the second ship?

134
00:09:42,873 --> 00:09:43,833
Unknown.

135
00:09:43,916 --> 00:09:47,044
[man over radio] Resolute, do you copy?
This is Victor Dahr piloting the Jupiter 2

136
00:09:47,169 --> 00:09:50,089
with the remaining colonists.
We've sustained heavy damage

137
00:09:50,172 --> 00:09:52,091
All other Jupiters destroyed--

138
00:09:52,592 --> 00:09:55,553
The robots are in pursuit.

They are jamming communications.

139

00:09:55,636 --> 00:09:57,847

-How long until the Jupiter 2 arrives?

-[woman] Ten minutes.

140

00:09:57,930 --> 00:09:59,932

And how long until
the ship chasing it arrives?

141

00:10:00,016 --> 00:10:02,852

At its current speed,
it's 18 minutes behind them.

142

00:10:05,896 --> 00:10:08,149

[Will over radio] Mom. Mom!

143

00:10:08,232 --> 00:10:09,859

Will, do you copy?

144

00:10:09,942 --> 00:10:11,152

Mom, I'm with Victor.

145

00:10:11,235 --> 00:10:13,863

-They're coming. There's a lot of them.

-He's alive.

146

00:10:13,946 --> 00:10:15,656

Yeah. And being followed.

147

00:10:18,784 --> 00:10:20,786

You might want to hang onto something.

148

00:10:21,704 --> 00:10:22,663

I'm gonna open the Rift.

149

00:10:22,747 --> 00:10:24,707

But Will Robinson's not here yet.

150

00:10:24,790 --> 00:10:27,335

No, but 98 percent of the colonists are.

151
00:10:27,418 --> 00:10:29,670
I'm not gonna sacrifice their lives
for his.

152
00:10:31,589 --> 00:10:32,798
Will, can you hear me?

153
00:10:32,923 --> 00:10:34,884
[distortion from radio]

154
00:10:35,509 --> 00:10:39,096
That noise. That only happens
when the alien engine gets turned on.

155
00:10:39,180 --> 00:10:41,057
Hastings is trying to leave now.

156
00:10:41,140 --> 00:10:43,684
I'm not gonna be able
to burn through this ceiling in time.

157
00:10:43,768 --> 00:10:45,102
There's another way in.

158
00:10:45,186 --> 00:10:46,020
What's that?

159
00:10:46,896 --> 00:10:47,813
The door.

160
00:10:49,690 --> 00:10:51,400
Take us to Alpha Centauri.

161
00:11:02,036 --> 00:11:03,829
Take us to Alpha Centauri.

162
00:11:06,791 --> 00:11:09,126
[robotic voice] Will Robinson.

163
00:11:10,628 --> 00:11:12,797
He shouldn't even be able

to remember him anymore.

164
00:11:18,803 --> 00:11:20,179
I thought you were dead.

165
00:11:20,262 --> 00:11:21,472
Common misunderstanding.

166
00:11:23,057 --> 00:11:24,850
[both grunting]

167
00:11:27,186 --> 00:11:28,020
[grunts]

168
00:11:28,521 --> 00:11:30,022
[shouting]

169
00:11:32,525 --> 00:11:33,442
[grunts]

170
00:11:33,818 --> 00:11:35,111
[grunts]

171
00:11:37,238 --> 00:11:38,280
Sleep tight.

172
00:11:41,701 --> 00:11:44,620
[pants]

173
00:11:55,005 --> 00:11:55,965
[exhales]

174
00:11:57,591 --> 00:12:00,010
-[grunts]
-Take us to Alpha Centauri.

175
00:12:01,095 --> 00:12:03,097
[robotic voice] Will Robinson.

176
00:12:03,931 --> 00:12:07,351
[John and guards grunting]

177
00:12:14,150 --> 00:12:17,570
-[yells]
-Take us to Alpha Centauri.

178
00:12:17,653 --> 00:12:20,281
[distorted robotic voice] Will Robinson.

179
00:12:20,364 --> 00:12:21,365
[yelling]

180
00:12:24,702 --> 00:12:25,619
[yelling]

181
00:12:25,703 --> 00:12:28,122
Put your hand on the control
and take us there.

182
00:12:28,706 --> 00:12:30,082
Stop, you're breaking him.

183
00:12:31,375 --> 00:12:35,296
[distorted robotic voice] Will Robinson.

184
00:12:35,379 --> 00:12:40,009
[John and guards yelling, grunting]

185
00:12:40,968 --> 00:12:42,720
[exhales, groans]

186
00:12:43,721 --> 00:12:45,806
-[grunts]
-Heh! Wow!

187
00:12:46,390 --> 00:12:47,808
We make a really good team.

188
00:12:53,856 --> 00:12:55,608
Maureen, I-- [screams]

189
00:12:55,691 --> 00:12:56,525

[grunts]

190

00:13:02,072 --> 00:13:04,158
I've got you. I've got you.

191

00:13:04,241 --> 00:13:05,618
No. No, no, no, no.

192

00:13:05,701 --> 00:13:07,787
[Maureen sighs] Okay.

193

00:13:07,953 --> 00:13:09,163
Are we too late?

194

00:13:09,789 --> 00:13:10,873
I can't tell.

195

00:13:10,956 --> 00:13:12,249
Can you hear me?

196

00:13:19,048 --> 00:13:21,675
There! He's okay! You're okay. It's okay.

197

00:13:22,551 --> 00:13:24,804
[woman over PA] Jupiter 2
docking at bay 61.

198

00:13:24,887 --> 00:13:27,056
Emergency personnel standing by.

199

00:13:27,389 --> 00:13:28,390
Will is here.

200

00:13:29,809 --> 00:13:32,061
Will is here. Okay?

201

00:13:33,312 --> 00:13:35,231
Hey. I tried to stop Hastings.

202

00:13:35,648 --> 00:13:36,482
Yeah?

203
00:13:36,857 --> 00:13:37,775
So did we.

204
00:13:44,532 --> 00:13:45,991
Okay, big guy.

205
00:13:49,453 --> 00:13:50,454
[grunts]

206
00:13:50,538 --> 00:13:51,747
A little help here?

207
00:14:38,335 --> 00:14:39,503
You're okay.

208
00:14:41,046 --> 00:14:42,214
Isn't Adler with you?

209
00:14:43,132 --> 00:14:44,717
He got caught in the lightning.

210
00:14:50,639 --> 00:14:51,599
You okay?

211
00:14:53,475 --> 00:14:54,435
[gasps]

212
00:14:54,685 --> 00:14:55,561
[chuckling] Hey.

213
00:14:57,605 --> 00:14:59,106
[John] He wouldn't leave without you.

214
00:14:59,356 --> 00:15:00,691
We did what you asked.

215
00:15:01,525 --> 00:15:03,986
Scarecrow made it to the ring in time,
but I don't know what happened,

216

00:15:04,069 --> 00:15:05,946
and now there's an army of them
headed this way.

217

00:15:06,280 --> 00:15:07,406
[Victor] Maureen!

218

00:15:07,489 --> 00:15:10,284
John. We need to get away from here
as fast as possible.

219

00:15:10,367 --> 00:15:12,703
Yeah, I think the only reason
we made it out is because

220

00:15:13,537 --> 00:15:14,830
we're not the thing they want.

221

00:15:15,247 --> 00:15:16,415
They want their engine.

222

00:15:16,498 --> 00:15:19,001
Well, maybe it's time we finally used it
for what's it's for.

223

00:15:19,960 --> 00:15:21,420
Please take us to Alpha Centauri.

224

00:15:22,129 --> 00:15:22,963
[robotic voice] No.

225

00:15:23,839 --> 00:15:24,882
It's a new word.

226

00:15:24,965 --> 00:15:27,343
-I think he just likes saying it.
-[robotic voice] Danger.

227

00:15:27,927 --> 00:15:30,220
Wait, why would taking us
to Alpha Centauri be dangerous?

228

00:15:31,138 --> 00:15:33,140
Once the alien engine's activated,

229

00:15:33,223 --> 00:15:35,100
how long does the hole in space open for?

230

00:15:35,184 --> 00:15:36,101
I don't know.

231

00:15:36,185 --> 00:15:38,562
Long enough for the robots to follow us
through the Rift?

232

00:15:38,646 --> 00:15:41,023
Maureen, we can't lead those things
to the colony.

233

00:15:41,106 --> 00:15:42,316
No, we have to end this here.

234

00:15:42,399 --> 00:15:43,692
How do we do that?

235

00:15:45,361 --> 00:15:46,779
We let the robots board the ship.

236

00:15:51,033 --> 00:15:52,493
[indistinct chatter]

237

00:15:52,576 --> 00:15:54,370
-Bring the engine right up...
-Oh, God, sorry.

238

00:15:54,453 --> 00:15:56,080
-Can you finish this one?
-Yeah, thank you.

239

00:15:57,039 --> 00:15:57,873
Here comes the bait.

240

00:15:58,791 --> 00:16:01,335

Okay, let's keep the hallways cleared.

241

00:16:01,418 --> 00:16:03,879
As long as nobody's in their way,
nobody's going to get hurt.

242

00:16:04,213 --> 00:16:05,673
These things are singularly focused,

243

00:16:05,756 --> 00:16:08,842
they're gonna come right here for
this engine, once they get in this room--

244

00:16:08,926 --> 00:16:11,387
-We'll crush 'em like tinfoil.
-That's the plan. Come on.

245

00:16:12,972 --> 00:16:14,974
[Kamal over PA] Attention Resolute crew,

246

00:16:15,432 --> 00:16:18,102
ten minutes to contact
with the alien hostiles.

247

00:16:20,980 --> 00:16:22,356
Okay, come on, let's hurry up.

248

00:16:24,483 --> 00:16:25,693
What's the matter?

249

00:16:25,985 --> 00:16:28,362
[indistinct chatter]

250

00:16:28,487 --> 00:16:31,198
Adler just died trying to save Scarecrow

251

00:16:31,490 --> 00:16:32,616
and here we are,

252

00:16:32,700 --> 00:16:34,952
trying to destroy a hundred Scarecrows.

253

00:16:35,035 --> 00:16:36,412
A hundred of him.

254

00:16:37,746 --> 00:16:39,081
There's only one of him.

255

00:16:39,164 --> 00:16:40,332
He's special.

256

00:16:41,333 --> 00:16:43,002
Maybe Scarecrow was special too.

257

00:16:43,168 --> 00:16:46,171
Maybe, but we don't know what happened
to Scarecrow after you left.

258

00:16:46,296 --> 00:16:48,549
For all we know,
he's on that ship coming to attack us.

259

00:16:50,718 --> 00:16:52,344
I'm not sure
this is the right thing to do.

260

00:16:53,804 --> 00:16:55,389
We have to protect ourselves.

261

00:17:02,312 --> 00:17:03,981
Eight minutes to contact.

262

00:17:04,064 --> 00:17:04,898
Hey.

263

00:17:05,315 --> 00:17:06,900
We're gonna work until the last second,

264

00:17:06,984 --> 00:17:08,986
so I need eyes on the security office
camera feed.

265

00:17:09,069 --> 00:17:12,322

Once the robots board, I want to know
when they're 500 meters from this spot.

266

00:17:12,406 --> 00:17:13,782
Mom, I can do it.

267

00:17:13,866 --> 00:17:15,868
-Angela needs to stay here.
-Okay. Great. Good idea.

268

00:17:15,951 --> 00:17:17,077
Okay. Will, come on!

269

00:17:17,453 --> 00:17:18,620
[Will] Okay. Robot, come on.

270

00:17:25,919 --> 00:17:27,796
[Will] Okay, Mom,
we're in the surveillance room.

271

00:17:27,880 --> 00:17:29,631
-How's it going?
-We're still not ready.

272

00:17:29,715 --> 00:17:32,009
-You said "we" but you mean "Don."
-I can buy you some time.

273

00:17:32,092 --> 00:17:33,218
Judy, give me a hand.

274

00:17:33,302 --> 00:17:35,012
[Kamal over PA] One minute to contact.

275

00:17:35,095 --> 00:17:36,722
[Maureen] John, I need more than a minute.

276

00:17:49,860 --> 00:17:52,112
Make sure you haven't got any metal
in your pockets.

277

00:17:52,613 --> 00:17:55,115

Any metal caught in the EMF field
will get crushed.

278

00:17:59,578 --> 00:18:01,038
[sighs] He'd be proud of you.

279

00:18:02,706 --> 00:18:04,958
You know, it's been almost a year
since we went missing.

280

00:18:05,542 --> 00:18:08,045
I wonder if there's a wall
with our name on it on Alpha Centauri.

281

00:18:08,629 --> 00:18:11,215
What do you say we give them
one hell of a surprise?

282

00:18:20,682 --> 00:18:22,684
[indistinct automated voice]

283

00:18:26,146 --> 00:18:28,148
[robots groaning]

284

00:18:38,158 --> 00:18:39,952
[automated voice]
Alert: Surveillance failure.

285

00:18:40,035 --> 00:18:41,870
What? No. Where did they go?

286

00:18:42,496 --> 00:18:44,164
They must be jamming the cameras.

287

00:18:46,625 --> 00:18:47,626
That's not fair.

288

00:18:48,127 --> 00:18:50,754
Penny, talk to me.
How close are they? Penny?

289

00:18:50,838 --> 00:18:51,964

Let me call you back.

290

00:18:53,298 --> 00:18:54,383
I have one job.

291

00:18:56,260 --> 00:18:58,345
[distant robots groaning]

292

00:18:58,428 --> 00:18:59,304
[John] Let's go!

293

00:19:07,563 --> 00:19:09,690
Seventy-two percent.
Still not enough power.

294

00:19:09,815 --> 00:19:13,026
Anyone else remember what it felt like
to have enough time to do anything?

295

00:19:22,995 --> 00:19:23,912
[John grunting]

296

00:19:23,996 --> 00:19:25,998
I thought we wanted them to follow us.

297

00:19:26,081 --> 00:19:27,124
They will.

298

00:19:27,875 --> 00:19:29,334
[both grunting]

299

00:19:30,169 --> 00:19:31,712
[groans] Hurry.

300

00:19:33,213 --> 00:19:34,673
Motion sensors aren't working either.

301

00:19:34,756 --> 00:19:36,300
Don't computers always want to tell you

302

00:19:36,383 --> 00:19:38,343

when something's broken
in a really friendly voice?

303

00:19:38,427 --> 00:19:40,846
Computer, what are the robots breaking?

304

00:19:40,929 --> 00:19:43,765
[automated voice]
Bulkhead door G22 breached.

305

00:19:43,849 --> 00:19:46,810
Bulkhead door G23 breached.

306

00:19:46,894 --> 00:19:48,228
-Bulkhead door G24...
-[Penny] Mom,

307

00:19:48,312 --> 00:19:50,856
they just passed the junction G24,
you have to get out of there.

308

00:19:50,939 --> 00:19:52,149
[Maureen] Thanks, Penny.

309

00:19:52,441 --> 00:19:54,818
-How much power do we have?
-We're only at 80 percent.

310

00:19:55,277 --> 00:19:56,486
That'll have to be enough.

311

00:19:56,570 --> 00:19:57,946
[alarm blaring]

312

00:20:01,950 --> 00:20:03,744
How we gonna know
when all those things are in,

313

00:20:03,827 --> 00:20:05,704
-we can't even risk one straggler.
-You're right.

314

00:20:05,787 --> 00:20:07,789
Somebody's gonna have to be at the door
to make sure.

315
00:20:07,873 --> 00:20:10,042
Yeah. Okay. Great idea, Don.

316
00:20:10,417 --> 00:20:11,919
Okay. Everybody out.

317
00:20:12,002 --> 00:20:13,629
[robot groaning]

318
00:20:13,712 --> 00:20:15,797
-Come on, I mean everybody!
-[man] Get out!

319
00:20:17,507 --> 00:20:18,550
[grunts]

320
00:20:19,927 --> 00:20:20,761
[exhales]

321
00:20:22,012 --> 00:20:22,846
Come on.

322
00:20:27,267 --> 00:20:28,435
[robot groaning]

323
00:20:28,518 --> 00:20:29,561
[John] Run, Penny!

324
00:20:43,992 --> 00:20:44,952
[grunts]

325
00:20:45,035 --> 00:20:46,411
-Don?
-[Don] Not yet.

326
00:20:46,954 --> 00:20:48,622
-Not yet.
-[sharp exhale]

327
00:20:51,333 --> 00:20:52,459
-Hit it.
-[gasps]

328
00:20:53,252 --> 00:20:55,587
[electronic pulse]

329
00:21:02,010 --> 00:21:02,970
[John] Come on.

330
00:21:03,595 --> 00:21:04,721
[Maureen gasps]

331
00:21:06,139 --> 00:21:08,225
[John, Judy, Maureen panting]

332
00:21:08,308 --> 00:21:09,810
I thought it was supposed to kill 'em.

333
00:21:09,893 --> 00:21:11,728
[exhales] We only got to 83 percent.

334
00:21:12,354 --> 00:21:13,313
[sighs]

335
00:21:13,647 --> 00:21:17,192
I hope nobody minds,
but I'm gonna take the long way around.

336
00:21:19,403 --> 00:21:22,030
-[woman] Oh, my God.
-[panting]

337
00:21:22,114 --> 00:21:25,409
Now we can rewire the room.
Increase the power....

338
00:21:26,201 --> 00:21:27,452
destroy those things for good.

339

00:21:27,869 --> 00:21:29,037
How long is that gonna take?

340
00:21:29,538 --> 00:21:30,872
Probably the rest of the day.

341
00:21:30,956 --> 00:21:33,667
I need to redirect the power distribution
from the bridge.

342
00:21:34,334 --> 00:21:35,961
Everybody get back to work.

343
00:21:40,173 --> 00:21:42,301
[Maureen over radio] Okay, Don,
you should have access

344
00:21:42,384 --> 00:21:43,802
to grids three and four.

345
00:21:43,885 --> 00:21:45,429
[Don over radio] Nope. Nothing.

346
00:21:45,512 --> 00:21:47,180
-Okay, try it again, Don.
-[rapid beeping]

347
00:21:47,264 --> 00:21:48,598
Multiple contacts.

348
00:21:48,682 --> 00:21:52,477
Bearing 0-4-0-1-niner-0-2-5-0-3-0-0.

349
00:21:52,769 --> 00:21:54,813
Hundreds of unidentified ships
on an intercept course.

350
00:21:54,896 --> 00:21:56,481
-Hundreds?
-Where are they coming from?

351
00:21:56,565 --> 00:21:58,317

Each of the other four planets
in the system.

352

00:21:58,400 --> 00:21:59,776
How soon before they get to us?

353

00:22:00,068 --> 00:22:02,988
At their current speed, two hours.

354

00:22:03,071 --> 00:22:06,616
That's not even enough time to deal
with the robots that are already here.

355

00:22:06,700 --> 00:22:08,827
[beeping]

356

00:22:14,333 --> 00:22:16,626
[Penny] If we can't leave
with the robots already on board,

357

00:22:16,710 --> 00:22:18,503
why don't we just blow off the part
of the ship

358

00:22:18,587 --> 00:22:20,672
the robots are trapped in?
-It's structurally critical.

359

00:22:20,756 --> 00:22:23,717
Then do we have any more of those
anti-robot magnetic disk things?

360

00:22:23,800 --> 00:22:24,843
-EMFs.
-No.

361

00:22:25,844 --> 00:22:28,263
Okay, then how else are we gonna generate
a magnetic field?

362

00:22:28,805 --> 00:22:30,932
The Amber planet. It has an atmosphere

363

00:22:31,016 --> 00:22:34,061
which means it has an ionosphere,
which we can use to magnetize the hull.

364

00:22:34,186 --> 00:22:35,520
No time to try anything like that.

365

00:22:35,604 --> 00:22:36,563
Mom.

366

00:22:37,773 --> 00:22:38,648
[Maureen] What's this?

367

00:22:38,732 --> 00:22:40,942
[Judy] The alien engine can go
on any ship, right?

368

00:22:41,026 --> 00:22:42,778
This is the maximum number of people

369

00:22:42,861 --> 00:22:45,113
that can safely breathe
inside a transport Jupiter.

370

00:22:45,197 --> 00:22:46,823
Judy, I appreciate you trying to help,

371

00:22:46,907 --> 00:22:49,034
but who's gonna choose which 97 people go?

372

00:22:49,117 --> 00:22:52,037
Plus, this number seems low.
There's some error in your calculation.

373

00:22:53,163 --> 00:22:55,832
There are 97 children aboard the Resolute.

374

00:23:00,879 --> 00:23:03,465
Kids breathe about 50 percent more air
than adults.

375

00:23:03,548 --> 00:23:04,716
My math's correct.

376
00:23:05,717 --> 00:23:08,095
-You're not suggesting...
-We're not discussing this anymore,

377
00:23:08,178 --> 00:23:10,639
-this isn't an answer.
-This is the only answer.

378
00:23:11,681 --> 00:23:12,682
No.

379
00:23:13,225 --> 00:23:15,602
When Dad was locked up
and Hastings was threatening us,

380
00:23:15,685 --> 00:23:17,687
he told us what you traded
to get Will approved.

381
00:23:19,147 --> 00:23:21,775
For the first time in my life,
I was disappointed in you.

382
00:23:21,858 --> 00:23:24,277
Judy, I-- If I'd known that--
That-- That--

383
00:23:24,361 --> 00:23:25,487
[Judy] It's okay, Mom.

384
00:23:25,862 --> 00:23:27,030
Now I understand

385
00:23:27,114 --> 00:23:31,827
that sometimes an imperfect solution
is all we have.

386
00:23:31,910 --> 00:23:33,620
No, that was different.

387

00:23:34,538 --> 00:23:37,374

I did that so that
we could all be together.

388

00:23:39,042 --> 00:23:41,420

You did what was best for your children.

389

00:23:45,715 --> 00:23:46,883

[John] Maureen...

390

00:23:47,759 --> 00:23:48,593

Judy's right.

391

00:23:49,219 --> 00:23:51,263

No, this is not happening.

392

00:23:52,055 --> 00:23:54,433

Do you actually not care at all
about leaving them behind?

393

00:23:54,516 --> 00:23:56,893

[exhales] I'm not going with you, I'm 19.

394

00:23:56,977 --> 00:23:58,728

[Penny] Nineteen?

What are you talking about?

395

00:23:58,812 --> 00:24:00,439

Do you think that you are grown-up now

396

00:24:00,522 --> 00:24:03,150

and the only grown-up thing to do
is to tear this family apart?

397

00:24:03,233 --> 00:24:05,110

-We can't all go.

-Don't talk to me in a tone

398

00:24:05,193 --> 00:24:08,113

that makes me feel like I'm irrational
or like I don't understand the logic.

399
00:24:08,196 --> 00:24:09,156
You are not Mom.

400
00:24:09,948 --> 00:24:11,491
And we are not a math problem.

401
00:24:11,950 --> 00:24:14,744
You always say that Robinsons are supposed
to stick together.

402
00:24:15,620 --> 00:24:16,455
[sighs]

403
00:24:18,874 --> 00:24:19,749
Will...

404
00:24:20,625 --> 00:24:24,254
the robot won't have any trouble attaching
the engine to a Jupiter transport, right?

405
00:24:26,339 --> 00:24:27,340
Will!

406
00:24:32,512 --> 00:24:33,346
No trouble.

407
00:24:34,514 --> 00:24:37,017
Get this started. We're gonna have to talk
to the other parents.

408
00:24:37,100 --> 00:24:40,187
This is a decision that every family
will have to make for themselves.

409
00:24:41,855 --> 00:24:43,440
Can I talk to you for a second?

410
00:24:51,615 --> 00:24:52,657
[Judy sighs]

411
00:24:52,991 --> 00:24:54,075

I'm sorry.

412

00:24:55,785 --> 00:24:56,786
This is wrong.

413

00:24:56,870 --> 00:24:58,288
No. This is not happening.

414

00:24:59,664 --> 00:25:02,751
Someone is gonna find a solution
that's not this. We always do.

415

00:25:17,557 --> 00:25:18,767
[Maureen sobbing]

416

00:25:20,101 --> 00:25:22,395
I can't, John. [cries]

417

00:25:28,109 --> 00:25:29,361
[sobbing]

418

00:26:06,731 --> 00:26:09,234
[automated voice]
Carbon dioxide levels critical.

419

00:26:09,317 --> 00:26:11,987
Please evacuate Jupiter transport.

420

00:26:12,070 --> 00:26:13,780
[exhales]

421

00:26:14,739 --> 00:26:17,617
It's just us.
The other workers have cleared out.

422

00:26:17,993 --> 00:26:19,744
We have just a few minutes
before they realize

423

00:26:19,828 --> 00:26:21,454
the carbon dioxide levels are fine.

424

00:26:22,414 --> 00:26:24,332
As usual they've chosen a select few

425

00:26:24,416 --> 00:26:26,418
to travel to Alpha Centauri
and I don't make the cut.

426

00:26:27,794 --> 00:26:29,671
Spent seven months
studying the flight manual.

427

00:26:29,754 --> 00:26:32,757
Once I detach us from the Resolute,
they won't have enough time to catch us.

428

00:26:34,384 --> 00:26:35,343
We'll be free.

429

00:26:36,177 --> 00:26:37,095
What do you say?

430

00:26:37,679 --> 00:26:38,513
[robotic voice] No.

431

00:26:38,597 --> 00:26:40,098
That's a funny word now.

432

00:26:40,640 --> 00:26:43,059
When people say it, I just don't hear it.

433

00:26:43,143 --> 00:26:45,770
-[robotic voice] No. Doctor Smith.
-[sighs]

434

00:26:45,854 --> 00:26:47,731
I don't want to do this.

435

00:26:47,814 --> 00:26:48,898
They've left me no choice.

436

00:26:52,068 --> 00:26:54,696

Give me one good reason
why I shouldn't launch right now.

437

00:27:08,627 --> 00:27:10,128
C-0-2 levels were fine.

438

00:27:10,211 --> 00:27:12,922
[Kamal over PA]
Attention families of the Resolute.

439

00:27:13,006 --> 00:27:16,343
Boarding of all children is beginning
on the Jupiter transport.

440

00:27:17,052 --> 00:27:20,472
We need all children to report
to Jupiter transport for boarding.

441

00:27:23,433 --> 00:27:25,935
[sobbing, indistinct chatter]

442

00:28:03,932 --> 00:28:07,310
Uh, listen, I got a lot of work to do,
but I didn't want to be rude.

443

00:28:09,020 --> 00:28:11,106
I usually skip the goodbyes, but since...

444

00:28:11,731 --> 00:28:13,233
I don't owe any of you money,

445

00:28:13,900 --> 00:28:15,068
there's no harm, right?

446

00:28:17,904 --> 00:28:19,280
I'll see you guys around.

447

00:28:19,864 --> 00:28:21,116
See you around, Don.

448

00:28:27,539 --> 00:28:28,623
-Don!

-Yup!

449

00:28:40,468 --> 00:28:41,469
Come on.

450

00:28:53,064 --> 00:28:55,442
So much I want to say,
but I don't have time.

451

00:28:58,069 --> 00:28:59,487
I love you so much.

452

00:29:03,450 --> 00:29:05,660
Guess we're gonna have to delay
that driving lesson, huh?

453

00:29:06,035 --> 00:29:07,662
It's okay, because I, uh--

454

00:29:07,746 --> 00:29:09,831
I should probably learn to fly a Jupiter.

455

00:29:12,709 --> 00:29:13,668
[sighs]

456

00:29:13,752 --> 00:29:15,712
Here, I didn't want you to forget this.

457

00:29:19,382 --> 00:29:20,216
Hey.

458

00:29:26,139 --> 00:29:27,265
I love you, too.

459

00:29:29,768 --> 00:29:31,478
Oh! I love you so much.

460

00:29:31,853 --> 00:29:32,687
Okay.

461

00:29:34,939 --> 00:29:35,899

Hey, Mom.

462

00:29:37,734 --> 00:29:39,736
I always try to be helpful.

463

00:29:40,653 --> 00:29:42,989
Today, it's really hard. [inhales]

464

00:29:45,283 --> 00:29:47,535
But you always try.

465

00:29:49,162 --> 00:29:50,830
That's what I love about you.

466

00:29:52,749 --> 00:29:53,750
[inhales]

467

00:29:53,833 --> 00:29:54,876
[sighs]

468

00:29:55,502 --> 00:29:56,920
[sniffs] Okay, come on.

469

00:29:59,005 --> 00:30:00,840
-[Judy] Here you go.
-[exhales]

470

00:30:01,299 --> 00:30:02,342
Thanks, Judy.

471

00:30:02,425 --> 00:30:04,469
[sniffs, exhales]

472

00:30:08,640 --> 00:30:09,724
I'm not going.

473

00:30:14,646 --> 00:30:15,897
You have to get on that Jupiter.

474

00:30:15,980 --> 00:30:17,690
This is about the kids, I'm not a--

475
00:30:17,774 --> 00:30:19,234
Kid anymore. I know.

476
00:30:20,151 --> 00:30:20,985
I know.

477
00:30:22,153 --> 00:30:23,238
Judy, listen to me.

478
00:30:23,947 --> 00:30:27,158
I know a lot of good men and women
who I've trusted with my life.

479
00:30:27,492 --> 00:30:29,118
But the lives of my children?

480
00:30:30,036 --> 00:30:30,912
That's--

481
00:30:30,995 --> 00:30:32,497
that's a different story.

482
00:30:33,414 --> 00:30:35,416
There's only two people that I trust...

483
00:30:37,085 --> 00:30:39,337
your mother and you.

484
00:30:40,713 --> 00:30:42,090
-Me?
-And the only way

485
00:30:42,173 --> 00:30:43,633
I'm gonna get through this,

486
00:30:43,716 --> 00:30:45,718
is knowing that you were there

487
00:30:45,802 --> 00:30:48,096
to take care of Penny and Will.

488

00:30:49,889 --> 00:30:51,432
Every single one of those kids

489

00:30:51,516 --> 00:30:54,352
is gonna need somebody
that they can count on.

490

00:30:54,435 --> 00:30:57,355
Now I've spoken to the rest of the parents
and we're agreed

491

00:30:57,730 --> 00:30:59,816
that you should captain the ship
to the colony.

492

00:31:01,442 --> 00:31:04,279
-Dad, captain?
-All the studying, all the races,

493

00:31:04,404 --> 00:31:07,073
everything that you have pushed yourself
to achieve,

494

00:31:07,782 --> 00:31:10,451
you've been preparing your whole life
for this moment.

495

00:31:13,079 --> 00:31:14,080
It's...

496

00:31:15,540 --> 00:31:16,833
It's time.

497

00:31:18,543 --> 00:31:19,460
It's time.

498

00:31:25,133 --> 00:31:26,092
I love you.

499

00:31:32,473 --> 00:31:34,100
I'm so proud of you.

500
00:31:35,935 --> 00:31:37,437
I love you so much.

501
00:31:39,272 --> 00:31:40,148
[sighs]

502
00:31:42,233 --> 00:31:43,067
Okay.

503
00:31:44,861 --> 00:31:47,530
[Kamal over PA]
Final boarding for Jupiter transport.

504
00:31:47,614 --> 00:31:49,908
[breathes shakily, sniffles]

505
00:31:51,576 --> 00:31:52,785
Oh, um...

506
00:31:55,330 --> 00:31:57,874
Am I supposed to make a speech
or something?

507
00:31:58,374 --> 00:32:00,376
-[exhales]
-You'll figure it out.

508
00:32:08,927 --> 00:32:09,886
Come on.

509
00:32:10,845 --> 00:32:11,679
[exhales]

510
00:32:15,600 --> 00:32:17,226
[Kamal] All remaining colonists,

511
00:32:17,310 --> 00:32:20,188
it's urgent you proceed to Jupiters
for evacuation.

512

00:32:21,064 --> 00:32:21,981
Come on.

513
00:32:23,316 --> 00:32:24,609
[Maureen moans softly]

514
00:32:24,692 --> 00:32:26,569
You know I would never leave you behind.

515
00:32:26,653 --> 00:32:28,863
-[Ava] Yeah, I know.
-I was talking to Debbie.

516
00:32:28,947 --> 00:32:29,822
[clucking]

517
00:32:29,906 --> 00:32:31,324
-Hey.
-[John] You're with us.

518
00:32:31,407 --> 00:32:34,160
We have half an hour before
those incoming ships hit us.

519
00:32:34,243 --> 00:32:37,956
Our Jupiter 2's docked at bay 61. We need
to stock it with everything we can carry.

520
00:32:38,039 --> 00:32:40,541
-Stock it and go where?
-Jupiters are scattering,

521
00:32:40,625 --> 00:32:42,502
heading anywhere the robots aren't.

522
00:32:42,585 --> 00:32:44,045
Which is hopefully somewhere.

523
00:32:44,128 --> 00:32:45,505
[Debbie clucking]

524
00:32:45,588 --> 00:32:46,798

I'll catch up with you.

525

00:32:47,048 --> 00:32:49,050
[indistinct chatter]

526

00:32:49,133 --> 00:32:52,011
[indistinct automated voice]

527

00:32:53,012 --> 00:32:55,014
So, Maureen...

528

00:32:57,141 --> 00:32:58,434
this is awkward.

529

00:32:59,769 --> 00:33:01,312
I have nowhere to go.

530

00:33:06,067 --> 00:33:06,901
Hey.

531

00:33:07,151 --> 00:33:08,319
Where's he going?

532

00:33:20,498 --> 00:33:21,582
[robotic voice] Danger.

533

00:33:24,961 --> 00:33:27,380
Besides the obvious,
what's dangerous about him?

534

00:33:29,590 --> 00:33:30,466
[Maureen] It moved.

535

00:33:31,175 --> 00:33:33,011
They've been moving this whole time,

536

00:33:33,553 --> 00:33:35,847
just so slowly that we didn't notice.

537

00:33:38,558 --> 00:33:40,685
It's trying to reach the power cables.

538

00:33:51,654 --> 00:33:54,866
Those wires connect the whole aft quadrant
to the main power hub.

539

00:33:55,199 --> 00:33:57,577
If it's cut, the robots are free.

540

00:34:06,586 --> 00:34:10,381
[automated voice] Cargo bay door opening.
Proceed to a safe area.

541

00:34:18,848 --> 00:34:21,642
[Maureen] The power's still holding,
but if they cut more of those wires,

542

00:34:21,726 --> 00:34:22,685
they're free.

543

00:34:24,312 --> 00:34:27,023
[sighs] I guess you can't go in there
and fix it, can you?

544

00:34:34,989 --> 00:34:35,865
[exhales]

545

00:34:37,366 --> 00:34:38,868
[breathes rapidly]

546

00:34:39,535 --> 00:34:40,369
[grunts]

547

00:34:40,453 --> 00:34:44,957
Okay, I can redirect the current through
the auxiliary circuits... [muttering]

548

00:34:45,041 --> 00:34:47,085
Maybe I can-- Yeah.

549

00:34:47,168 --> 00:34:49,879
I can't do this from here.
I need to do it on the inside.

550

00:34:49,962 --> 00:34:50,963

Smith!

551

00:34:53,216 --> 00:34:54,926

I just have to move a wire, right?

552

00:34:55,426 --> 00:34:58,054

Don't need to be a brilliant scientist
to do that.

553

00:34:58,304 --> 00:35:00,932

The magnetic field wants to crush metal.
Your suit is metal.

554

00:35:01,015 --> 00:35:02,266

I'll go fast.

555

00:35:02,350 --> 00:35:04,143

You'll have a minute at the most,
maybe two.

556

00:35:04,227 --> 00:35:05,770

I'll go really fast.

557

00:35:06,020 --> 00:35:07,146

[rapid breaths]

558

00:35:16,989 --> 00:35:20,118

-[Maureen] Why are you doing this?

-[Smith] Something the robot said.

559

00:35:20,201 --> 00:35:22,495

Robot only says, like, five words.

560

00:35:23,162 --> 00:35:24,580

He only needed one:

561

00:35:25,998 --> 00:35:27,083

Family.

562

00:35:28,501 --> 00:35:30,253
My mother's dead,

563

00:35:30,336 --> 00:35:33,506
my sister hates me...

564

00:35:34,632 --> 00:35:35,967
and for good reason.

565

00:35:40,263 --> 00:35:42,598
Your family is the closest thing I've got.

566

00:35:45,268 --> 00:35:46,644
This is gonna work, right?

567

00:35:48,062 --> 00:35:49,730
I move a wire...

568

00:35:51,983 --> 00:35:55,820
and your kids... [panting]
...will get away safe.

569

00:35:56,487 --> 00:35:57,321
Yeah.

570

00:35:57,697 --> 00:35:58,531
Yeah.

571

00:35:58,614 --> 00:36:00,616
Then it'll all be worth it.

572

00:36:07,540 --> 00:36:08,416
[exhales]

573

00:36:08,499 --> 00:36:09,792
[rapid heart beat]

574

00:36:09,876 --> 00:36:11,169
How are you doing?

575

00:36:12,378 --> 00:36:13,504

Smith?

576

00:36:14,005 --> 00:36:17,425
I feel like my head's inside
an alarm clock.

577

00:36:27,393 --> 00:36:29,312
I hate to say this, Maureen...

578

00:36:31,230 --> 00:36:33,232
but there's more than one wire.

579

00:36:34,066 --> 00:36:34,901
Smith!

580

00:36:35,401 --> 00:36:37,486
At least I bought you a few more minutes.

581

00:36:37,987 --> 00:36:39,155
Use them well.

582

00:36:39,405 --> 00:36:40,781
Smith, just get out of there.

583

00:36:41,324 --> 00:36:42,617
-Smith!
-[static]

584

00:36:44,827 --> 00:36:45,828
Smith!

585

00:36:46,454 --> 00:36:47,622
Smith?

586

00:36:55,922 --> 00:36:57,006
Smith...

587

00:37:01,135 --> 00:37:02,595
You surprised me again.

588

00:37:03,512 --> 00:37:05,890

[automated voice] All personnel,
please proceed

589

00:37:05,973 --> 00:37:07,642
to your Jupiter for evacuation.

590

00:37:07,725 --> 00:37:08,768
John, come in.

591

00:37:09,185 --> 00:37:10,686
Maureen, where the hell have you been?

592

00:37:10,770 --> 00:37:13,981
-[Maureen] We have to launch now!
-None of the Jupiters have been refueled.

593

00:37:14,065 --> 00:37:16,067
The robots are breaking out in minutes.

594

00:37:17,777 --> 00:37:19,028
-[John over radio] Judy?
-Dad.

595

00:37:19,111 --> 00:37:21,364
Don't scare the kids.
The robots are coming for you.

596

00:37:21,447 --> 00:37:22,573
Start the pre-launch.

597

00:37:22,949 --> 00:37:23,991
Okay.

598

00:37:24,867 --> 00:37:25,785
[Penny] What's wrong?

599

00:37:25,868 --> 00:37:27,703
That was Dad. We have to leave right away.

600

00:37:29,121 --> 00:37:31,374
Attention. Strap in or hold on
as best as you can.

601
00:37:31,457 --> 00:37:33,542
Launch in T-minus three minutes.

602
00:37:34,043 --> 00:37:36,629
-[electricity crackling]
-[engine powering down]

603
00:37:46,889 --> 00:37:50,017
[heavy footsteps receding]

604
00:38:03,614 --> 00:38:04,782
Danger.

605
00:38:05,658 --> 00:38:07,201
[thudding]

606
00:38:08,202 --> 00:38:09,996
No. Hey, no.

607
00:38:10,204 --> 00:38:13,332
You can't go. The ship can't make it
to Alpha Centauri without you.

608
00:38:13,416 --> 00:38:14,417
[robotic voice] No.

609
00:38:14,500 --> 00:38:16,252
I mean it. You have to stay here.

610
00:38:16,335 --> 00:38:18,629
There's a bunch of kids
who are counting on you.

611
00:38:18,713 --> 00:38:19,964
You need to look out for them

612
00:38:20,047 --> 00:38:22,883
the way you always look out for me.

613
00:38:27,555 --> 00:38:28,639

I have to do this.

614

00:38:37,440 --> 00:38:39,442
[kids sobbing]

615

00:38:40,776 --> 00:38:41,694
Will?

616

00:38:42,194 --> 00:38:44,196
Will, where are you going?
We're trying to take off.

617

00:38:44,322 --> 00:38:45,281
[Will] It's too late.

618

00:38:47,908 --> 00:38:48,743
[Penny] Will.

619

00:39:21,067 --> 00:39:23,944
[robotic voice] Will Robinson.

620

00:39:25,571 --> 00:39:26,697
You know who I am.

621

00:39:33,954 --> 00:39:35,289
We don't have to fight.

622

00:39:39,585 --> 00:39:41,379
It doesn't have to be this way.

623

00:39:56,185 --> 00:39:57,019
[Will gasps]

624

00:40:00,481 --> 00:40:01,857
Scarecrow?

625

00:40:04,860 --> 00:40:06,153
Will! Will, come on.

626

00:40:06,237 --> 00:40:07,530
Come on, come on.

627
00:40:12,201 --> 00:40:13,619
[robot groaning]

628
00:40:30,594 --> 00:40:31,846
[whirring]

629
00:40:38,936 --> 00:40:40,187
[Penny] Judy, let's go.

630
00:40:42,440 --> 00:40:43,858
[Judy] T-minus 20 seconds.

631
00:40:44,316 --> 00:40:45,776
I'm so stupid.

632
00:40:45,860 --> 00:40:47,236
I thought I could change them.

633
00:40:47,319 --> 00:40:48,779
Hey. Scarecrow came back,

634
00:40:48,863 --> 00:40:51,449
and as far as I'm concerned,
one might be an exception, but two?

635
00:40:52,032 --> 00:40:53,576
Maybe that's the start of something big.

636
00:41:32,573 --> 00:41:34,575
[engine firing up]

637
00:41:37,786 --> 00:41:38,704
[screams]

638
00:41:41,332 --> 00:41:42,541
[gasps]

639
00:41:43,125 --> 00:41:45,586
[Judy] Dad, we took a hit,
I lost engine number one.

640

00:41:45,669 --> 00:41:47,046

-Is it critical?

-No, but

641

00:41:47,129 --> 00:41:49,965

I can't accelerate, we're too close
to the Resolute to open the Rift.

642

00:41:50,508 --> 00:41:52,635

Robots are gonna catch them
before they get out of here.

643

00:41:53,636 --> 00:41:55,012

Judy, don't worry.

644

00:41:55,721 --> 00:41:57,723

You'll be okay, we'll make sure.

645

00:42:00,851 --> 00:42:04,063

Whatever you two just psychically
communicated to each other, I'm in.

646

00:42:04,146 --> 00:42:07,858

You have other family to take care of.
Get them out of here. [grunts]

647

00:42:09,360 --> 00:42:10,361

Take good care of my ship.

648

00:42:10,444 --> 00:42:13,489

Next time you see her, she'll look better
than when you left her. Let's go!

649

00:42:13,948 --> 00:42:15,866

As soon as they clear the airlock,
we launch.

650

00:42:37,721 --> 00:42:39,723

I'm dropping the bulkhead doors
throughout the ship.

651

00:42:39,807 --> 00:42:41,392
It won't slow them down for long, but--

652
00:42:41,850 --> 00:42:44,311
How exactly do you start
the Resolute's self-destruct sequence?

653
00:42:44,812 --> 00:42:46,772
The Resolute doesn't have
a self-destruct sequence.

654
00:42:46,855 --> 00:42:48,566
-It doesn't?
-Why would somebody design a way

655
00:42:48,649 --> 00:42:50,192
to blow up your own ship, that's insane.

656
00:42:50,276 --> 00:42:53,195
And we don't have time
to crash the ship into the planet.

657
00:42:53,320 --> 00:42:54,238
[Maureen] No, we don't.

658
00:42:54,321 --> 00:42:56,991
We're gonna crash it into that.

659
00:42:57,116 --> 00:42:59,368
Call out the coordinates
so we can lay an intercept course.

660
00:43:07,876 --> 00:43:10,546
[automated voice] Request denied.
Potential collision...

661
00:43:10,629 --> 00:43:11,463
Not now.

662
00:43:12,256 --> 00:43:15,134
How do you fool the ship into thinking
you're not doing what you're doing?

663
00:43:15,217 --> 00:43:16,051
Huh?

664
00:43:17,970 --> 00:43:18,804
[groans]

665
00:43:23,809 --> 00:43:24,643
Hastings.

666
00:43:24,727 --> 00:43:26,228
Hastings, come in.

667
00:43:26,645 --> 00:43:27,855
What do you want, Maureen?

668
00:43:27,938 --> 00:43:30,357
I need to override
the Resolute's safety systems.

669
00:43:30,441 --> 00:43:31,483
[Hastings] Safety systems?

670
00:43:31,567 --> 00:43:32,901
We designed those systems

671
00:43:32,985 --> 00:43:34,612
to protect the ship from damage.

672
00:43:34,778 --> 00:43:36,780
I'm not gonna damage the ship,
I'm gonna atomize it.

673
00:43:37,323 --> 00:43:40,951
It's the only way that we can make sure
those robots don't hunt down our children.

674
00:43:42,369 --> 00:43:43,287
Please..

675
00:43:44,997 --> 00:43:46,749
Sending the access codes now.

676
00:43:57,968 --> 00:43:58,802
I'm in.

677
00:43:59,178 --> 00:44:00,596
[beeping]

678
00:44:00,679 --> 00:44:02,556
[automated voice] Telemetry confirmed.

679
00:44:09,146 --> 00:44:10,648
[Judy over radio] Mom? Dad?

680
00:44:10,731 --> 00:44:12,566
-Are we good to go?
-Yes! Go! Go!

681
00:44:12,650 --> 00:44:13,984
Come on, come on.

682
00:44:28,791 --> 00:44:31,168
Robot, take us to Alpha Centauri.

683
00:44:41,470 --> 00:44:42,971
[rapid beeping]

684
00:44:43,055 --> 00:44:45,015
[automated voice] Warning.
Collision imminent.

685
00:44:47,267 --> 00:44:49,520
We're-- We're not gonna make it.

686
00:44:49,603 --> 00:44:51,522
The pod bay is too far.

687
00:44:51,814 --> 00:44:53,065
[pants]

688
00:44:58,320 --> 00:44:59,363
[pants]

689
00:45:16,463 --> 00:45:17,631
[gasps]

690
00:45:18,298 --> 00:45:19,550
[Don clears throat]

691
00:45:19,633 --> 00:45:23,512
Not to interrupt this magical moment,
but anyone want to get rescued?

692
00:45:27,266 --> 00:45:28,100
[John] Come on.

693
00:45:46,160 --> 00:45:47,536
[grunts]

694
00:46:35,918 --> 00:46:37,252
They made it.

695
00:46:38,796 --> 00:46:40,380
[both panting]

696
00:46:40,506 --> 00:46:42,633
-How're we gonna find them?
-[sighs]

697
00:46:42,716 --> 00:46:43,550
[sighs]

698
00:46:44,927 --> 00:46:46,178
We'll think of something.

699
00:47:09,034 --> 00:47:11,328
Attention everyone, this is Judy Robinson.

700
00:47:12,371 --> 00:47:13,622
We're through the Rift.

701
00:47:21,171 --> 00:47:23,048
[indistinct chatter]

702
00:47:28,345 --> 00:47:29,304
[Judy] Hi.

703
00:47:30,597 --> 00:47:31,473
Hi.

704
00:47:55,581 --> 00:47:58,083
Hi, everyone, I'm Judy Robinson.

705
00:48:01,628 --> 00:48:02,880
I'm your captain.

706
00:48:05,382 --> 00:48:06,508
Everyone...

707
00:48:07,217 --> 00:48:08,802
grab someone's hand.

708
00:48:10,846 --> 00:48:11,680
Come on.

709
00:48:12,472 --> 00:48:15,058
Come on. Everybody take the person
beside you's hand.

710
00:48:16,268 --> 00:48:18,061
I know they're probably dirty

711
00:48:18,145 --> 00:48:21,398
and what with all the crying
there's a fair amount of snot...

712
00:48:21,481 --> 00:48:22,608
[kids laughing]

713
00:48:22,691 --> 00:48:26,028
...but what's that compared
with all the alien microbes and...

714
00:48:27,279 --> 00:48:30,032

whatever else we touched down
on that planet.

715

00:48:30,741 --> 00:48:32,492
Some of you don't know each other.

716

00:48:32,576 --> 00:48:34,745
Some of us are brothers and sisters.

717

00:48:35,913 --> 00:48:37,080
Some of us are friends.

718

00:48:38,290 --> 00:48:40,042
Some of us are strangers.

719

00:48:40,626 --> 00:48:42,002
But from now on,

720

00:48:43,045 --> 00:48:45,047
none of us are alone.

721

00:49:53,448 --> 00:49:55,283
Scarecrow saved us.

722

00:49:55,993 --> 00:49:58,161
We wouldn't have gotten away without him.

723

00:49:59,830 --> 00:50:01,206
Did you know he'd be there?

724

00:50:04,167 --> 00:50:05,502
So, um...

725

00:50:05,585 --> 00:50:08,380
I guess you just... hoped

726

00:50:08,797 --> 00:50:09,840
he would be?

727

00:50:11,383 --> 00:50:12,926
Do you even know what hope is?

728
00:50:15,721 --> 00:50:18,432
[robotic voice] Yes. Will Robinson.

729
00:50:18,849 --> 00:50:19,766
Good.

730
00:50:20,183 --> 00:50:22,519
I feel like Alpha Centauri
looked different in the brochure.

731
00:50:26,064 --> 00:50:27,691
[Will] Huh, yeah.

732
00:50:28,483 --> 00:50:30,777
There's only one sun.

733
00:50:32,529 --> 00:50:34,239
There should be a yellow one,

734
00:50:34,573 --> 00:50:36,616
an orange one, and a red dwarf.

735
00:50:51,923 --> 00:50:53,216
What happened here?

736
00:50:54,301 --> 00:50:55,594
Where did you take us?

737
00:51:02,559 --> 00:51:05,562
It's definitely a human-made
radar signature.

738
00:51:05,645 --> 00:51:06,980
Yeah, but this is not the colony.

739
00:51:08,065 --> 00:51:10,609
Well, then, what radar signature
were we following?

740
00:51:27,334 --> 00:51:28,794

What is the Fortuna?

741

00:51:31,755 --> 00:51:35,926
[chuckles, stammers] The Fortuna
was a ship that everyone thought

742

00:51:36,635 --> 00:51:38,678
was lost almost 20 years ago.

743

00:51:41,389 --> 00:51:43,391
It was commanded by Grant Kelly...

744

00:51:47,187 --> 00:51:48,313
my father.

745

00:52:01,326 --> 00:52:02,994
[closing theme music playing]
