EPISODE 2.04

"Scarecrow"

While Will searches for clues to the Robot's fate, John and Judy travel to the dusty surface of the nearby planet to help their fellow survivors.

MAIN EPISODE CAST

Toby Stephens	...	John Robinson
Molly Parker	...	Maureen Robinson
Maxwell Jenkins	...	Will Robinson
Taylor Russell	...	Judy Robinson
Mina Sundwall	...	Penny Robinson
Ignacio Serricchio	...	Don West
Parker Posey	...	June Harris / Dr. Smith
Brian Steele	...	The Robot
JJ Field	...	Ben Adler
Raza Jaffrey	...	Victor Dhar
Douglas Hodge	...	Hastings
Shaun Parkes	...	Captain Radic
Tattiawna Jones	...	Ava
Aaron Pearl	...	Hilmi Farhan
Bradley Stryker	...	Injured Roughneck
Aria DeMaris	...	Izabel Azevedo
Alison Araya	...	Aubrey
Zya Acala	...	Elise
Rowan Schlosberg	...	Connor
Adam Bogen	...	Andre
Chris Shields	...	Dr. Luna
Jojo Ahenkorah	...	Injured Worker
Josh Chambers	...	Roughneck
Kwesi Ameyaw	...	T.V. Reporter
Zehra Fazal	...	Computer (Voice)
Sibongile Mlambo	...	Angela

1

00:00:10,260 --> 00:00:12,887
[tv anchor] Astronomers
at the Near Earth Object Office

2

00:00:12,971 --> 00:00:16,349
discovered a sizable, unknown,
celestial object that's headed...

3

00:00:16,474 --> 00:00:19,602
[reporter] One week ago today, the Earth
was struck by a superbolide meteor

4

00:00:19,686 --> 00:00:22,647
at 9:37 Pacific Standard Time
on Christmas night.

5

00:00:22,731 --> 00:00:25,275
I'm currently standing at the edge
of the quarantine zone in the...

6

00:00:25,358 --> 00:00:27,444
[Ben Adler] While the whole world
was led to believe

7

00:00:27,569 --> 00:00:30,071
that we had suffered
from a natural disaster,

8

00:00:30,155 --> 00:00:32,782
there were a few of us
that knew the truth:

9

00:00:34,367 --> 00:00:37,787
that this disaster was anything
but "natural."

10

00:00:38,329 --> 00:00:40,331
[Maureen] The crashed alien ship.

11

00:00:41,082 --> 00:00:42,333
[Ben] Not just a ship...

12

00:00:44,169 --> 00:00:45,295
a pilot.

13
00:00:47,297 --> 00:00:48,673
[man] Go! Go!

14
00:00:51,634 --> 00:00:52,552
[loud banging]

15
00:00:52,635 --> 00:00:54,971
-[Maureen] You telling me that thing...
-[indistinct chatter]

16
00:00:55,055 --> 00:00:56,598
...has been flying the Resolute?

17
00:00:57,974 --> 00:00:59,184
In a manner of speaking.

18
00:01:03,938 --> 00:01:05,482
[pulsating]

19
00:01:07,150 --> 00:01:08,443
[clattering]

20
00:01:09,152 --> 00:01:09,986
[guard] Secure.

21
00:01:12,405 --> 00:01:13,406
Before we go in,

22
00:01:13,990 --> 00:01:16,493
perhaps we should invite your son
to join us.

23
00:01:17,202 --> 00:01:18,036
Will?

24
00:01:18,119 --> 00:01:21,081
We've been struggling to re-establish
a connection with Scarecrow.

25

00:01:21,164 --> 00:01:22,916
From what I've heard, Will has a unique--

26

00:01:22,999 --> 00:01:24,375
Will is fine where he is.

27

00:01:24,459 --> 00:01:27,212
I'm afraid Ben's getting a little ahead
of himself.

28

00:01:28,922 --> 00:01:29,881
Hastings.

29

00:01:31,341 --> 00:01:34,594
You were CC'd on the classified emails
during the build.

30

00:01:35,386 --> 00:01:38,181
I always wondered
what you were in charge of.

31

00:01:39,516 --> 00:01:40,975
Ready to find out?

32

00:01:43,019 --> 00:01:44,062
[keypad beeping]

33

00:01:47,315 --> 00:01:48,942
I'm trusting you with this information.

34

00:01:49,025 --> 00:01:50,193
Please don't share it.

35

00:01:54,739 --> 00:01:56,699
The real Christmas star.

36

00:01:58,034 --> 00:02:00,245
Able to travel across galaxies

37

00:02:00,995 --> 00:02:03,498
at speeds we couldn't even dream of.

38

00:02:03,581 --> 00:02:08,002
First, we thought we could
reverse engineer their technology,

39

00:02:08,086 --> 00:02:10,046
but we were like Cro-Magnons

40

00:02:10,338 --> 00:02:14,634
trying to rebuild an airplane
when we hadn't even discovered fire.

41

00:02:15,343 --> 00:02:19,013
[Maureen] So you built the Resolute
around the crashed ship?

42

00:02:19,597 --> 00:02:21,599
[Ben] I found Scarecrow right there.

43

00:02:23,101 --> 00:02:24,519
Right where you're standing.

44

00:02:24,602 --> 00:02:26,396
Still in the process of navigating.

45

00:02:27,522 --> 00:02:29,065
It was badly damaged, as you can see,

46

00:02:29,149 --> 00:02:32,235
but I was able to communicate with him,
in a rudimentary way,

47

00:02:32,318 --> 00:02:34,529
and get him to take us
where we wanted to go.

48

00:02:34,612 --> 00:02:36,865
[Hastings] The robot is like a key.

49

00:02:37,699 --> 00:02:40,368
Without the key, the engine won't start.

50

00:02:42,495 --> 00:02:44,205
But you don't have an engine anymore.

51

00:02:44,289 --> 00:02:45,498
[Hastings] The second robot,

52

00:02:45,582 --> 00:02:48,501
the one that commandeered our ship
and brought us here,

53

00:02:48,585 --> 00:02:49,586
it took it.

54

00:02:54,632 --> 00:02:57,969
If you had another engine,
could you get us all to Alpha Centauri?

55

00:03:00,930 --> 00:03:01,764
Another one?

56

00:03:19,324 --> 00:03:22,368
[man 1] Mr. Adler, there's no way
we can move this engine to the Resolute.

57

00:03:22,452 --> 00:03:23,661
We're gonna need your machine--

58

00:03:23,745 --> 00:03:25,496
[man 2] Hey, you can't be down here.

59

00:03:25,580 --> 00:03:27,457
Your family's being relocated
to another Jupiter.

60

00:03:27,540 --> 00:03:28,583
Sorry. [gasps]

61

00:03:29,792 --> 00:03:33,129
Is it weird to either of you that
everyone's walking around in hazmat suits

62

00:03:33,213 --> 00:03:34,547
and covering everything in plastic

63

00:03:34,631 --> 00:03:36,299
when we've been living here
for seven months

64

00:03:36,382 --> 00:03:38,885
-in t-shirts and flip flops?
-Hey, wait! Is that my shirt?

65

00:03:38,968 --> 00:03:41,638
Is it technically yours
if I'm the only one who's ever worn it?

66

00:03:41,721 --> 00:03:43,306
Um, technically, yes.

67

00:03:43,389 --> 00:03:45,725
And I'm gonna need it.
They say it's like a desert out there.

68

00:03:46,476 --> 00:03:48,102
[Penny] Okay. Why do you have to go?

69

00:03:48,645 --> 00:03:49,646
[Judy] They need doctors.

70

00:03:49,729 --> 00:03:53,358
There are 573 people waiting
to reboard the Resolute,

71

00:03:53,441 --> 00:03:55,902
and all of them
need medical clearance first.

72

00:03:56,486 --> 00:03:58,279
The Robinsons are supposed to
stick together.

73

00:03:58,363 --> 00:03:59,948
Yeah. Well, it's only a week.

74

00:04:00,031 --> 00:04:01,115
A lot can happen in a week.

75

00:04:01,199 --> 00:04:02,575
A lot did happen in a week.

76

00:04:04,994 --> 00:04:06,871
[John] They're sending me down
to the planet

77

00:04:07,622 --> 00:04:09,582
to troubleshoot a drilling rig.

78

00:04:10,500 --> 00:04:11,542
Good.

79

00:04:12,335 --> 00:04:15,421
If I'm gonna get the Resolute's
oxygen-generating system flight-ready,

80

00:04:15,505 --> 00:04:17,382
I'm gonna need water, and a lot of it.

81

00:04:17,924 --> 00:04:19,133
You're gonna need?

82

00:04:19,217 --> 00:04:21,344
Well, I have to run a top-to-bottom rehab.

83

00:04:21,427 --> 00:04:22,971
It's been dormant for seven months.

84

00:04:23,054 --> 00:04:25,598
Wait a sec,
you should be glued to those guys.

85

00:04:26,057 --> 00:04:27,183
Adler and Hastings?

86

00:04:27,725 --> 00:04:29,727
They've done fine so far on their own.

87

00:04:30,603 --> 00:04:33,231
But you've been studying that engine
for months.

88

00:04:33,314 --> 00:04:34,565
They have my notes.

89

00:04:39,445 --> 00:04:42,240
Since when are you comfortable
with anyone else managing anything?

90

00:04:42,323 --> 00:04:43,908
I don't want to be involved anymore.

91

00:04:43,992 --> 00:04:45,952
I don't want our family involved.

92

00:04:47,245 --> 00:04:50,415
We need to get to Alpha Centauri
and leave all this behind.

93

00:04:53,543 --> 00:04:56,296
I don't think Will's gonna want
to leave it all behind.

94

00:04:56,379 --> 00:04:57,505
Well, then...

95

00:04:58,673 --> 00:05:00,425
we need to try to help him.

96

00:05:02,218 --> 00:05:03,052
Hey.

97

00:05:04,554 --> 00:05:06,347
Get down there and get me that water.

98

00:05:20,528 --> 00:05:21,946
[Judy] What's the matter with you?

99

00:05:22,613 --> 00:05:24,574
Work. Who the hell wants
to go back to work?

100
00:05:24,657 --> 00:05:27,452
-I do. Maybe after being cooped up...
-[automated voice] In T minus...

101
00:05:27,535 --> 00:05:29,454
...with the same people for seven months,

102
00:05:29,579 --> 00:05:32,081
I'm looking forward to a little space.
Aren't you?

103
00:05:32,165 --> 00:05:33,875
-...three, two, one.
-Space is overrated.

104
00:05:33,958 --> 00:05:35,001
[banging]

105
00:05:53,144 --> 00:05:55,063
Do you think Smith will come back
for her stuff?

106
00:05:55,146 --> 00:05:56,481
[Maureen] She can try.

107
00:05:56,689 --> 00:05:57,940
Radic knows she's here.

108
00:05:58,024 --> 00:05:59,692
It's a matter of time
till they find her.

109
00:05:59,776 --> 00:06:01,319
What if she finds us first?

110
00:06:01,819 --> 00:06:02,820
Don't engage.

111

00:06:02,904 --> 00:06:04,781
No. If either of you see her

112
00:06:05,281 --> 00:06:06,991
or if she tries to approach you,

113
00:06:07,075 --> 00:06:08,326
-you call security.
-[Will] Hey!

114
00:06:08,826 --> 00:06:10,411
How'd Smith get a copy of this?

115
00:06:11,871 --> 00:06:14,374
I don't know.
She probably picked it up somewhere.

116
00:06:21,798 --> 00:06:24,133
[Maureen] You know,
the Azevedos have a daughter your age.

117
00:06:24,217 --> 00:06:25,885
Maybe you'll have something in common.

118
00:06:25,968 --> 00:06:28,429
[Penny] Yeah, maybe she's been swept
over a waterfall, too.

119
00:06:28,513 --> 00:06:30,473
[Maureen] You never know until you ask.

120
00:06:38,439 --> 00:06:39,732
Okay, give them space.

121
00:06:39,816 --> 00:06:41,317
What do you think I'm doing?

122
00:06:48,199 --> 00:06:49,617
[Maureen] Come on. Let's go.

123
00:06:50,159 --> 00:06:50,993
Will?

124

00:06:51,411 --> 00:06:53,287
His lights. They moved.

125

00:06:54,038 --> 00:06:55,706
Like he was trying to say something to me.

126

00:06:55,790 --> 00:06:59,168
Maybe he wanted to apologize
for trying to kill you.

127

00:07:00,461 --> 00:07:03,798
Maybe I can help with whatever
they're trying to do on our Jupiter.

128

00:07:03,881 --> 00:07:06,342
There are other people taking care
of this. It's not your responsibility.

129

00:07:06,426 --> 00:07:09,470
It is if I can do something
no one else can do.

130

00:07:11,931 --> 00:07:12,849
Sweetheart...

131

00:07:13,724 --> 00:07:15,476
that is not your robot.

132

00:07:16,978 --> 00:07:18,104
Okay?

133

00:07:19,605 --> 00:07:21,607
Come on, let's go make some new friends.

134

00:07:23,651 --> 00:07:26,571
[automated voice]
Through Door Two. Air lock processed.

135

00:07:44,297 --> 00:07:48,050
[automated voice] Elevation: 1,524 meters.

136

00:07:48,217 --> 00:07:51,053
Oxygenation: 99 percent...

137

00:07:51,137 --> 00:07:52,472
Finally some fresh air.

138

00:08:09,739 --> 00:08:13,451
I'm gonna head straight to the drill site,
so I probably won't see you till dinner.

139

00:08:13,534 --> 00:08:16,746
Oh, I was actually planning on eating
with the other first-years tonight.

140

00:08:17,163 --> 00:08:18,289
Oh, great.

141

00:08:18,789 --> 00:08:19,832
Guess I'll just see you.

142

00:08:22,418 --> 00:08:23,920
I don't have any dinner plans.

143

00:08:27,006 --> 00:08:28,132
If-- [mutters]

144

00:08:35,515 --> 00:08:36,974
[indistinct chatter]

145

00:08:37,058 --> 00:08:39,060
[beeping]

146

00:08:41,145 --> 00:08:42,855
Uh, hi, are you Dr. Luna?

147

00:08:42,939 --> 00:08:44,774
-I am. Can I help you?
-Yeah, I'm Judy Robinson.

148

00:08:44,857 --> 00:08:46,442
Dr. Carroll was my attending physician.

149

00:08:46,526 --> 00:08:47,401
All right.

150

00:08:48,945 --> 00:08:50,446
-[scanner] Judy Robinson.
-Good to have you back.

151

00:08:50,530 --> 00:08:53,533
We have a few off-site facilities
that need to be restocked.

152

00:08:53,616 --> 00:08:55,076
Oh, uh, restocked?

153

00:08:55,743 --> 00:08:57,828
Restocked. Yeah, with medical supplies.

154

00:08:58,120 --> 00:08:59,497
Oh, uh, maybe you're not aware.

155

00:08:59,580 --> 00:09:01,958
When we were stranded
I was the only doctor on site.

156

00:09:02,041 --> 00:09:04,210
I treated patients, some, uh, critical.

157

00:09:04,418 --> 00:09:07,171
And I'm sure you did your very best,
but you're back now,

158

00:09:07,255 --> 00:09:08,839
under my supervision,

159

00:09:08,923 --> 00:09:11,217
where all first-year interns
follow protocol.

160

00:09:16,889 --> 00:09:18,516
Why is it whenever the Robinsons arrive,

161
00:09:18,599 --> 00:09:21,227
everyone's supposed to drop
what they're doing and jump into action?

162
00:09:21,310 --> 00:09:24,146
[indistinct chatter]

163
00:09:26,566 --> 00:09:28,568
-Good to see you, John.
-And you, Victor.

164
00:09:30,027 --> 00:09:32,530
[Victor] We received the operational
directive from the Resolute.

165
00:09:32,947 --> 00:09:35,658
Can't tell you how glad I am
that we're getting off this bloody planet.

166
00:09:36,033 --> 00:09:37,076
How's it been here?

167
00:09:37,493 --> 00:09:39,078
Oh, you just have to get used to the fact

168
00:09:39,161 --> 00:09:41,914
you're going to eat a certain amount
of dust every day.

169
00:09:42,707 --> 00:09:44,542
And that's the local wildlife.

170
00:09:44,750 --> 00:09:46,877
I suppose it's good that
we're getting out of here then.

171
00:09:46,961 --> 00:09:47,920
Trouble is,

172
00:09:48,004 --> 00:09:49,964
finding water's been
a consistent challenge.

173

00:09:50,047 --> 00:09:51,173
Barely had enough to live on.

174

00:09:51,716 --> 00:09:53,968
Well Number Three had a brief flurry
of success last night,

175

00:09:54,051 --> 00:09:55,595
but then they encountered more problems.

176

00:09:55,678 --> 00:09:56,846
How do I get down there then?

177

00:09:56,929 --> 00:09:58,306
I'll get transport to take you.

178

00:09:58,389 --> 00:10:00,349
[indistinct chatter]

179

00:10:00,433 --> 00:10:01,559
Why now, John?

180

00:10:02,852 --> 00:10:05,313
Now, for months we've been told
the Resolute was beyond repair.

181

00:10:05,396 --> 00:10:06,814
What's changed in the last 24 hours?

182

00:10:07,440 --> 00:10:08,566
What aren't they telling us?

183

00:10:14,655 --> 00:10:16,157
I'll, uh, I'll get that transport.

184

00:10:16,240 --> 00:10:17,199
Glad to have you back.

185

00:10:17,283 --> 00:10:18,284
Thanks.

186
00:10:23,539 --> 00:10:25,082
[man 1] Okay, let's jump on that now.

187
00:10:31,213 --> 00:10:32,173
[man 2] Look who's back.

188
00:10:32,757 --> 00:10:33,674
Surprise!

189
00:10:34,258 --> 00:10:36,218
[laughs] You guys,

190
00:10:36,427 --> 00:10:37,803
I'm back! [chuckles]

191
00:10:37,887 --> 00:10:39,347
Look at your faces.

192
00:10:39,430 --> 00:10:41,891
I know you all missed me,
but the suffering can stop.

193
00:10:41,974 --> 00:10:43,976
-Ooh. Oh.
-Oh! Yeah!

194
00:10:44,518 --> 00:10:45,436
[grunts]

195
00:10:45,645 --> 00:10:46,771
Hey, Andre.

196
00:10:48,189 --> 00:10:51,942
You oughta know we had a whole pool going
to see who was going to punch you first.

197
00:10:52,026 --> 00:10:53,569
I guess I was too slow.

198
00:10:53,986 --> 00:10:54,820

What-- [sighs]

199

00:10:54,904 --> 00:10:56,530
I thought we were a brotherhood.

200

00:10:57,323 --> 00:10:58,282
And a sisterhood.

201

00:10:58,366 --> 00:10:59,367
You're a deserter.

202

00:10:59,450 --> 00:11:01,077
Deserter? That's kind of a harsh term.

203

00:11:01,160 --> 00:11:03,496
I'm sorry. Would you prefer coward,
backstabber, ass--

204

00:11:03,579 --> 00:11:06,666
Whoa! For the record, when everything
went crazy in the Resolute,

205

00:11:06,749 --> 00:11:09,043
I was there helping the colonists
launch their Jupiters.

206

00:11:09,126 --> 00:11:10,044
You abandoned ship.

207

00:11:10,127 --> 00:11:12,046
I was practically kidnapped!

208

00:11:12,129 --> 00:11:14,590
I was held hostage against my will.
It's not--

209

00:11:15,466 --> 00:11:17,551
Come on. Come on, Ava.

210

00:11:17,802 --> 00:11:19,136
I'm your top mechanic.

211
00:11:19,637 --> 00:11:20,805
I make your life easy.

212
00:11:22,765 --> 00:11:23,599
Sorry.

213
00:11:23,683 --> 00:11:24,517
Okay.

214
00:11:25,017 --> 00:11:26,102
Make my life easy.

215
00:11:27,353 --> 00:11:31,023
You see that? That just got back
from Well Three and now it's grinding.

216
00:11:31,107 --> 00:11:32,233
What's wrong with it?

217
00:11:32,358 --> 00:11:34,318
Well, figure it out, "top mechanic."

218
00:11:34,402 --> 00:11:35,861
Okay, well...

219
00:11:35,945 --> 00:11:36,779
[grunts]

220
00:11:37,446 --> 00:11:38,280
I'm on it.

221
00:11:38,656 --> 00:11:40,116
First, I'm gonna hit the medical bay.

222
00:11:40,199 --> 00:11:43,577
There's someone there who's kind of an
expert on my nose, then I'll come back...

223
00:11:43,661 --> 00:11:45,162
I'll just do it now, actually.

224

00:11:45,246 --> 00:11:47,164
It's not big of a--
Good to see you, though.

225

00:11:52,044 --> 00:11:52,920
I'm back.

226

00:12:04,890 --> 00:12:07,351
-[grunts] Whenever you're ready.
-In a minute.

227

00:12:07,435 --> 00:12:08,269
Okay.

228

00:12:08,769 --> 00:12:10,813
-Someone from medical is joining.
-Oh.

229

00:12:14,442 --> 00:12:15,276
Hey, Jude.

230

00:12:16,152 --> 00:12:17,069
You coming along?

231

00:12:17,361 --> 00:12:18,237
Yup.

232

00:12:19,321 --> 00:12:20,865
Is someone injured at the well site?

233

00:12:20,948 --> 00:12:22,074
Nope.

234

00:12:33,586 --> 00:12:36,005
We really appreciate you taking us
into your home like this.

235

00:12:36,130 --> 00:12:38,924
It should just be for a few days.
The Jupiter is...

236

00:12:39,592 --> 00:12:41,177
having maintenance issues.

237

00:12:41,260 --> 00:12:42,720
Honestly, it's not a problem.

238

00:12:42,928 --> 00:12:44,305
You're helping us.

239

00:12:44,388 --> 00:12:46,807
When we received the message
recalling the skeleton crew,

240

00:12:46,891 --> 00:12:48,392
Elise was nervous.

241

00:12:48,476 --> 00:12:50,394
She didn't wanna come back
to the Resolute.

242

00:12:50,478 --> 00:12:53,606
But when she heard Will Robinson
was going to be her roommate,

243

00:12:53,689 --> 00:12:55,191
she was relieved.

244

00:12:55,775 --> 00:12:57,026
Really, why?

245

00:12:57,109 --> 00:12:59,153
He can control the robots.

246

00:13:00,154 --> 00:13:02,907
We heard about it from the survivors
you were on that planet with.

247

00:13:02,990 --> 00:13:05,951
They said what he did was extraordinary.

248

00:13:06,035 --> 00:13:07,787
He must be a very special boy.

249

00:13:08,454 --> 00:13:09,288

Yes.

250

00:13:09,622 --> 00:13:10,456

He is.

251

00:13:12,666 --> 00:13:15,544

[Penny] It's sandy.

You have to wear SPF bajillion sunscreen.

252

00:13:16,295 --> 00:13:17,379

[Will] Cool, hoodoos!

253

00:13:18,088 --> 00:13:19,715

What's a "hoodoo"?

254

00:13:19,799 --> 00:13:21,300

[Will] That weird mushroom totem rock.

255

00:13:21,383 --> 00:13:24,970

They form like that because soft sediment gets covered by a harder outer layer.

256

00:13:26,347 --> 00:13:27,640

How do you know that? [chuckles]

257

00:13:28,390 --> 00:13:31,143

Well, geology's kind of my thing.

258

00:13:31,227 --> 00:13:33,270

Robots are kind of your thing, too.

259

00:13:33,354 --> 00:13:34,855

Okay, he's twelve.

260

00:13:35,189 --> 00:13:37,316

Okay, bye, guys.

261

00:13:37,733 --> 00:13:38,943

We're going to the systems hub.

262
00:13:39,985 --> 00:13:40,903
Have fun.

263
00:13:42,071 --> 00:13:42,905
Hey.

264
00:13:43,531 --> 00:13:44,740
Can I ask you something?

265
00:13:45,282 --> 00:13:47,576
-About the evacuation?
-Yeah.

266
00:13:48,786 --> 00:13:49,703
My robot,

267
00:13:50,287 --> 00:13:51,413
did you see him leave?

268
00:13:52,164 --> 00:13:53,457
What do you mean?

269
00:13:54,416 --> 00:13:55,459
Well, he was here...

270
00:13:56,168 --> 00:13:58,170
and now he's not.

271
00:13:58,254 --> 00:13:59,672
So where'd he go?

272
00:14:00,256 --> 00:14:02,508
Did he use a ship or was he alone?

273
00:14:02,591 --> 00:14:05,261
Honestly, I was too busy running
to notice.

274
00:14:05,845 --> 00:14:06,971
I'm sorry.

275
00:14:13,060 --> 00:14:15,688
-I have to go, uh, check on Debbie.
-You do?

276
00:14:15,771 --> 00:14:17,273
I wanna make sure she's okay.

277
00:14:19,483 --> 00:14:20,317
Okay.

278
00:14:22,570 --> 00:14:23,529
Who's Debbie?

279
00:14:24,238 --> 00:14:26,657
She's just a chick, uh, with...

280
00:14:26,740 --> 00:14:27,575
red hair.

281
00:14:27,783 --> 00:14:30,119
She's so pretty. [exhales]

282
00:14:43,007 --> 00:14:44,717
[technician 1]
Mike, it's all taken care of.

283
00:14:45,718 --> 00:14:48,637
Make sure they know
the containment unit and secure it.

284
00:14:48,721 --> 00:14:50,222
[technician 2] I'll run a final check.

285
00:14:51,473 --> 00:14:52,391
[gasps]

286
00:14:55,436 --> 00:14:56,937
[breathing deeply]

287
00:15:07,907 --> 00:15:08,782

[exhales]

288

00:15:13,245 --> 00:15:14,663

-[clears throat]

-Need any help?

289

00:15:15,539 --> 00:15:17,458

I mean, I know you don't need any,
but, uh...

290

00:15:17,541 --> 00:15:18,751

[sighs] I can handle it.

291

00:15:25,215 --> 00:15:27,927

-[indistinct shouting]

-[drilling]

292

00:15:29,553 --> 00:15:30,387

[sighs]

293

00:15:32,181 --> 00:15:33,682

[man] You the stock girl?

294

00:15:34,141 --> 00:15:35,267

Banged up my knee.

295

00:15:35,351 --> 00:15:39,146

[sighs] No, I'm a doctor.

Um, I'm happy to take a look at it.

296

00:15:39,229 --> 00:15:41,357

I don't need a doctor.

I just need a bandage.

297

00:15:46,111 --> 00:15:47,780

Okay, sure.

298

00:15:55,496 --> 00:15:56,372

Hey, Angela.

299

00:15:59,249 --> 00:16:00,292

John Robinson.

300

00:16:02,002 --> 00:16:02,920

Hello.

301

00:16:03,754 --> 00:16:06,048

I just wanted to say that I'm--

302

00:16:06,131 --> 00:16:07,132

It's good you're here.

303

00:16:07,216 --> 00:16:09,468

I could use somebody I know
who's got my back.

304

00:16:13,013 --> 00:16:15,516

So off the record, what's your assessment?

305

00:16:15,599 --> 00:16:16,892

I have concerns.

306

00:16:16,976 --> 00:16:18,560

You're the one they sent to help?

307

00:16:19,061 --> 00:16:19,937

If I can.

308

00:16:20,020 --> 00:16:22,690

It wasn't easy, but we finally drilled
through the bedrock;

309

00:16:22,773 --> 00:16:24,024

hit an aquifer last night.

310

00:16:24,108 --> 00:16:27,736

It was an unusually high-pressure event.
Water shot up into the air.

311

00:16:27,820 --> 00:16:30,656

Drenched the rig, the workers, everything.

312

00:16:30,739 --> 00:16:32,116

[man] It was a gas pocket.

313

00:16:32,741 --> 00:16:33,951
They happen.

314

00:16:35,452 --> 00:16:36,745
So where do we stand now?

315

00:16:36,829 --> 00:16:39,373
Well, here's the strange thing,
when we turned it all back on again

316

00:16:39,456 --> 00:16:40,582
the flow stopped.

317

00:16:40,666 --> 00:16:42,751
We had to send a tanker back half-full.

318

00:16:43,085 --> 00:16:45,963
Well, a block wouldn't necessarily show up
on the sensors.

319

00:16:46,130 --> 00:16:48,048
Someone will have to go down
and take a look.

320

00:16:48,132 --> 00:16:51,635
Yeah, well, how 'bout we make
that someone you, Mr. Robinson?

321

00:17:12,072 --> 00:17:14,074
[knocking on metal]

322

00:17:17,828 --> 00:17:19,955
There's no block in the first two strings.

323

00:17:20,330 --> 00:17:22,041
Must be further down.

324

00:17:22,124 --> 00:17:24,501
-So what do you think it is?
-[John over radio] Uh...

325
00:17:24,835 --> 00:17:26,795
I don't know. Sediment, coupling.

326
00:17:27,546 --> 00:17:29,006
I just can't figure it out.

327
00:17:30,132 --> 00:17:31,050
[sighs]

328
00:17:44,438 --> 00:17:46,440
[muffled talking]

329
00:18:05,459 --> 00:18:07,086
[muffled talking continues]

330
00:18:14,218 --> 00:18:16,470
[indistinct chatter]

331
00:18:16,553 --> 00:18:17,638
[gasps]

332
00:18:19,640 --> 00:18:21,934
-[technician 1] Hey, do you hear that?
-[technician 2] What?

333
00:18:23,102 --> 00:18:24,520
[panicked breathing]

334
00:18:31,360 --> 00:18:34,446
[panicked breathing]

335
00:18:44,123 --> 00:18:48,669
[man over radio] ...on the plastic.
Finish up and get back to the garage.

336
00:18:49,461 --> 00:18:50,838
[breathes heavily]

337
00:18:52,381 --> 00:18:54,383
[exhales deeply]

338

00:19:28,000 --> 00:19:30,669
[Hastings, indistinct]
...since the beginning.

339

00:19:31,003 --> 00:19:33,380
[Ben] We're also gonna do something new.

340

00:19:33,755 --> 00:19:35,007
Let's try again.

341

00:19:35,090 --> 00:19:38,218
[audio distortion]

342

00:19:45,851 --> 00:19:47,519
Someone's here to see you.

343

00:19:48,562 --> 00:19:49,396
Who?

344

00:19:53,150 --> 00:19:55,611
Why is our Jupiter sealed in plastic?

345

00:19:55,694 --> 00:19:56,904
It's not your Jupiter.

346

00:19:57,446 --> 00:19:58,822
What are you doing here?

347

00:19:59,198 --> 00:20:01,909
The head of security wants to arrest me.

348

00:20:04,077 --> 00:20:05,662
For once, she speaks the truth.

349

00:20:07,456 --> 00:20:10,417
You remind me so much of me sometimes.

350

00:20:11,126 --> 00:20:12,544
You know how to read people,

351

00:20:13,503 --> 00:20:15,005
you deflect with humor...

352

00:20:18,383 --> 00:20:20,093
and you're good at spotting a lie.

353

00:20:23,013 --> 00:20:24,848
That's why you write so well.

354

00:20:25,432 --> 00:20:26,433
You can't hide here.

355

00:20:26,934 --> 00:20:29,269
I'm on a spaceship. I can't hide anywhere.

356

00:20:30,103 --> 00:20:31,939
But if I'm gonna be incarcerated,

357

00:20:32,522 --> 00:20:34,816
I'd really like some reading material.

358

00:20:34,900 --> 00:20:35,943
Go to the library.

359

00:20:36,652 --> 00:20:38,278
I was actually hoping you'd...

360

00:20:39,821 --> 00:20:42,241
you'd have an extra copy of your book.

361

00:20:44,534 --> 00:20:46,828
Yeah. I, uh, actually have your copy.

362

00:20:48,538 --> 00:20:49,623
You can have it back.

363

00:20:54,836 --> 00:20:57,464
Uh, you don't have to spy on us.
It's unnerving.

364

00:20:58,340 --> 00:21:01,009
How do you know the Robinsons?

365
00:21:01,093 --> 00:21:02,803
I'm their family therapist.

366
00:21:04,096 --> 00:21:04,972
Really?

367
00:21:05,055 --> 00:21:06,723
They have a lot of issues.

368
00:21:08,016 --> 00:21:09,434
If we're so similar,

369
00:21:10,018 --> 00:21:12,187
can you tell me how you turned into you?

370
00:21:12,271 --> 00:21:13,438
Afraid you might become me?

371
00:21:13,522 --> 00:21:14,648
Terrified.

372
00:21:14,731 --> 00:21:16,191
I'll tell you my secret:

373
00:21:16,275 --> 00:21:18,277
at some point in life you'll learn...

374
00:21:19,903 --> 00:21:21,738
it's better to be feared than loved.

375
00:21:21,863 --> 00:21:23,782
I mean, have you ever even been loved?

376
00:21:30,455 --> 00:21:32,749
I'm glad we had
this little heart-to-heart.

377
00:21:39,715 --> 00:21:41,466

Appreciate the call, Miss Robinson.

378

00:21:47,222 --> 00:21:48,098
Jessica Harris...

379

00:21:49,182 --> 00:21:50,350
you're under arrest.

380

00:21:53,729 --> 00:21:55,355
-I figured it out. [sighs]
-What?

381

00:21:55,439 --> 00:21:57,774
-How does this place function without me?
-Don.

382

00:21:57,899 --> 00:21:59,151
It was the axle.

383

00:21:59,401 --> 00:22:01,862
The locking bolts
on the CV joints were missing.

384

00:22:02,195 --> 00:22:03,905
She's gonna purr like a kitty now.

385

00:22:03,989 --> 00:22:06,283
[engine grinding]

386

00:22:06,783 --> 00:22:09,077
-That shouldn't be happening!
-Mm-hm.

387

00:22:09,161 --> 00:22:10,454
[Judy] Uh, Angela?

388

00:22:10,537 --> 00:22:11,580
Hey, are you okay?

389

00:22:12,247 --> 00:22:13,707
It's just, uh...

390

00:22:13,790 --> 00:22:15,250
I can't find my wedding ring.

391

00:22:15,834 --> 00:22:17,919
Uh, where did you last take it off?

392

00:22:18,003 --> 00:22:21,465
I didn't take it off! I never take it off!
[gasps]

393

00:22:22,924 --> 00:22:24,343
It's all I have left of him.

394

00:22:24,968 --> 00:22:27,220
Okay, hey, we're gonna find it.

395

00:22:27,554 --> 00:22:30,390
Hey, we're gonna find it. It's fine.
I'll help you look for it, all right?

396

00:22:31,933 --> 00:22:33,018
Okay.

397

00:22:33,643 --> 00:22:35,354
Um, we need to prep the Jupiter.

398

00:22:35,437 --> 00:22:36,855
-Let's load this thing.
-Yup, got it.

399

00:22:36,938 --> 00:22:37,939
Let me take another look.

400

00:22:38,023 --> 00:22:40,525
I know you're trying to make amends,
but I got a schedule to keep.

401

00:22:40,609 --> 00:22:41,443
That's not it.

402

00:22:41,526 --> 00:22:43,362

I checked every inch of this tanker.

403

00:22:43,487 --> 00:22:45,197
If something's wrong,
we shouldn't load it.

404

00:22:45,280 --> 00:22:47,866
This water's top priority.
It goes to the Resolute.

405

00:22:55,999 --> 00:22:58,043
Hey, Angela, is this it?

406

00:22:58,794 --> 00:22:59,628
Yes!

407

00:23:00,379 --> 00:23:01,213
Thank you.

408

00:23:05,133 --> 00:23:06,635
[Judy] Wait. Whoa. What's happening?

409

00:23:07,386 --> 00:23:08,553
This doesn't make sense.

410

00:23:08,637 --> 00:23:11,598
Titanium doesn't just fall apart.

411

00:23:13,392 --> 00:23:14,601
[sighs]

412

00:23:15,894 --> 00:23:17,020
Let's try this one.

413

00:23:19,272 --> 00:23:20,273
[grunts]

414

00:23:22,526 --> 00:23:23,610
What the hell?

415

00:23:27,948 --> 00:23:30,075

The well out there,
what is it made out of?

416
00:23:32,911 --> 00:23:34,204
Dear God.

417
00:23:34,704 --> 00:23:35,622
Dad.

418
00:23:35,705 --> 00:23:37,582
[rock crumbling]

419
00:23:38,500 --> 00:23:40,460
Everyone, get away from the well!

420
00:23:40,794 --> 00:23:42,671
-Get away from the well!
-What are you doing?

421
00:23:42,754 --> 00:23:44,047
Oh, my God.

422
00:23:44,131 --> 00:23:46,133
-We gotta get outta here.
-[rumbling]

423
00:23:46,216 --> 00:23:47,134
Hurry up!

424
00:23:47,217 --> 00:23:48,093
Go!

425
00:23:48,176 --> 00:23:49,344
[man screaming]

426
00:23:49,428 --> 00:23:50,595
[rumbling continues]

427
00:23:51,263 --> 00:23:52,097
[grunts]

428

00:23:56,101 --> 00:23:56,977
Great.

429
00:23:58,603 --> 00:24:00,772
Move, move, move! Get off the well!

430
00:24:00,856 --> 00:24:01,773
[indistinct yelling]

431
00:24:04,985 --> 00:24:06,653
-[driller] Move it!
-Hey, hurry up!

432
00:24:08,613 --> 00:24:10,574
-[driller 1] Go, go, go!
-[driller 2] Go! Come on!

433
00:24:11,408 --> 00:24:12,242
[grunts]

434
00:24:25,464 --> 00:24:27,716
[panting]

435
00:24:30,385 --> 00:24:31,511
[driller 2] Man down!

436
00:24:31,595 --> 00:24:32,804
[indistinct shouting]

437
00:24:32,888 --> 00:24:34,055
Hey. Hey!

438
00:24:34,139 --> 00:24:35,348
Hey, don't move him!

439
00:24:35,724 --> 00:24:37,434
All right, take the beam off slowly.

440
00:24:37,517 --> 00:24:40,061
-[driller 4] We gotcha, buddy.
-[Judy] All right, go slow. Go slow.

441
00:24:40,687 --> 00:24:41,897
[driller 2] Okay, come on.

442
00:24:48,236 --> 00:24:49,070
How can I help?

443
00:24:49,154 --> 00:24:50,322
He's decompensating.

444
00:24:50,405 --> 00:24:52,532
We don't have enough equipment.
Need to get him to base.

445
00:24:52,616 --> 00:24:54,117
[man grunting, moaning]

446
00:24:54,743 --> 00:24:56,369
Hey, where's my dad?

447
00:24:56,453 --> 00:24:57,412
[driller 4] Lift him up!

448
00:24:58,038 --> 00:24:59,206
[man] It was solid metal.

449
00:24:59,498 --> 00:25:00,665
Hey, where is he?

450
00:25:02,918 --> 00:25:04,169
I sent him down.

451
00:25:09,466 --> 00:25:12,302
[Hastings] All it has to do
is pick up the engine and move it.

452
00:25:12,385 --> 00:25:13,845
How hard could that be?

453
00:25:13,929 --> 00:25:16,515
[Ben] I think we all could use
a few minutes to clear our heads.

454

00:25:16,598 --> 00:25:18,600
-[Ben] Take ten.
-[Hastings] Fine.

455

00:25:18,683 --> 00:25:21,561
[indistinct chatter]

456

00:25:32,531 --> 00:25:34,533
[breathing heavily]

457

00:25:45,001 --> 00:25:46,545
[exhales]

458

00:25:48,213 --> 00:25:50,215
[electrical whirring]

459

00:25:58,765 --> 00:25:59,599
Huh.

460

00:26:32,924 --> 00:26:34,217
He's not in any pain,

461

00:26:34,301 --> 00:26:35,885
if that's what you're thinking.

462

00:26:36,094 --> 00:26:37,846
That's exactly what I was thinking.

463

00:26:38,305 --> 00:26:39,514
You know,

464

00:26:40,098 --> 00:26:42,517
when I was your age, I wanted a robot.

465

00:26:43,852 --> 00:26:45,103
I think a lot of kids do.

466

00:26:45,687 --> 00:26:49,107
I didn't know that finding one
on an alien planet was an option,

467

00:26:49,190 --> 00:26:53,361
so I became a researcher,
specializing in artificial intelligence.

468

00:26:55,655 --> 00:26:58,742
I want to talk to them, not hurt them.

469

00:26:59,326 --> 00:27:02,662
The jolts we're giving it are
a primitive form of communication.

470

00:27:03,330 --> 00:27:06,750
Pure stimulus to achieve
a simple response.

471

00:27:07,125 --> 00:27:07,959
[scoffs]

472

00:27:08,668 --> 00:27:12,505
Seems like trying to have a conversation
with someone

473

00:27:12,589 --> 00:27:15,258
by hitting them with a stick.

474

00:27:15,592 --> 00:27:16,468
[chuckles]

475

00:27:19,137 --> 00:27:22,807
From what I've been told,
you had a very special experience

476

00:27:22,891 --> 00:27:24,476
with a fully-functioning robot.

477

00:27:25,852 --> 00:27:28,313
I wish I'd have had the chance
with Scarecrow.

478

00:27:29,522 --> 00:27:30,774
That's what you call him?

479

00:27:32,734 --> 00:27:35,945
He was just a raggedy thing
when we found him on the crash site;

480

00:27:36,029 --> 00:27:38,156
leaking what looked like straw--

481

00:27:38,823 --> 00:27:40,950
Glowing straw, granted.

482

00:27:41,951 --> 00:27:44,204
I was brought in to communicate with him,

483

00:27:44,954 --> 00:27:48,166
which was nearly impossible,
given his extreme damage.

484

00:27:48,750 --> 00:27:52,212
And all I could think was,
"If I only had a brain."

485

00:27:53,838 --> 00:27:54,839
[Will] His face...

486

00:27:56,341 --> 00:27:58,134
doesn't look right.

487

00:27:58,218 --> 00:28:00,512
He has less lights.

488

00:28:01,221 --> 00:28:02,180
He looks...

489

00:28:04,015 --> 00:28:05,016
confused.

490

00:28:08,937 --> 00:28:12,440
And now we're asking him to do something
we've never asked him before.

491

00:28:14,359 --> 00:28:17,278
But if he can't move that
back to the Resolute,

492

00:28:18,655 --> 00:28:21,533
I'm afraid we're gonna be stuck
in this place permanently.

493

00:28:21,616 --> 00:28:23,618
Maybe he doesn't wanna help.

494

00:28:26,246 --> 00:28:28,081
They do feel things.

495

00:28:29,916 --> 00:28:32,252
It's common to personify anything that has

496

00:28:32,502 --> 00:28:34,963
what may be considered a face
to have human feelings.

497

00:28:35,046 --> 00:28:35,880
[Will] I...

498

00:28:35,964 --> 00:28:37,590
felt things.

499

00:28:37,674 --> 00:28:38,633
What do you mean?

500

00:28:42,220 --> 00:28:43,096
[sighs]

501

00:28:43,346 --> 00:28:44,347
My Robot and I...

502

00:28:45,974 --> 00:28:47,809
were connected.

503

00:28:50,145 --> 00:28:52,272
He knew what I was thinking.

504

00:28:54,524 --> 00:28:55,608
Sometimes...

505

00:28:56,735 --> 00:28:58,486
I could even see what he saw.

506

00:29:02,198 --> 00:29:03,783
Let me try to connect with him.

507

00:29:04,325 --> 00:29:06,286
-I don't think that's wise.
-I can do it!

508

00:29:08,621 --> 00:29:09,914
Need to ask your mother.

509

00:29:09,998 --> 00:29:12,709
She'll say, "No." She doesn't understand.

510

00:29:16,463 --> 00:29:18,381
I know the missing piece, Mr. Adler.

511

00:29:20,216 --> 00:29:21,176
Let me help you.

512

00:29:25,180 --> 00:29:26,347
Dad, can you hear me?

513

00:29:27,140 --> 00:29:29,934
[John over radio] Yeah.
Judy, I'm all right.

514

00:29:30,018 --> 00:29:32,103
Okay, I have to get a patient back
to medical,

515

00:29:32,187 --> 00:29:34,147
but don't worry.
We're gonna get you outta there.

516

00:29:34,230 --> 00:29:36,691

Don't worry about me.
We've got bigger problems.

517

00:29:36,775 --> 00:29:38,234
Like what? [panting]

518

00:29:38,318 --> 00:29:41,905
Tanker that left for base camp
was carrying water from this well.

519

00:29:42,489 --> 00:29:44,073
It's headed for the Resolute.

520

00:29:44,157 --> 00:29:45,867
[breathes heavily]

521

00:29:48,161 --> 00:29:49,871
[Judy over radio] Don? Don?

522

00:29:51,289 --> 00:29:52,123
Don West here.

523

00:29:52,207 --> 00:29:54,417
There's something in the well.
Something that rots metal.

524

00:29:54,501 --> 00:29:56,294
You have to quarantine it.
It's in that tanker.

525

00:29:58,338 --> 00:30:00,381
It's already on the Jupiter.
It's about to take off.

526

00:30:00,465 --> 00:30:02,175
Well, you can't let it leave!

527

00:30:03,134 --> 00:30:04,219
Okay, I'm on it!

528

00:30:06,304 --> 00:30:08,306
Ava! Ava, come in!

529

00:30:08,389 --> 00:30:09,724
Excuse me! Sorry!

530

00:30:10,475 --> 00:30:12,852
Ava! Move! Move!

531

00:30:19,901 --> 00:30:22,779
Stop! Stop! Stop! Shut it down!
Shut it down!

532

00:30:23,321 --> 00:30:24,906
-Shut it down!
-What?

533

00:30:24,989 --> 00:30:25,824
Why?

534

00:30:25,907 --> 00:30:27,492
That tanker cannot go up there.

535

00:30:27,575 --> 00:30:29,035
Are you serious? This thing has to--

536

00:30:29,118 --> 00:30:30,829
Hey! You know you can be demoted
to tool boy!

537

00:30:30,912 --> 00:30:32,747
No, you're gonna give me a promotion!

538

00:30:32,831 --> 00:30:33,748
What, why?

539

00:30:33,832 --> 00:30:35,667
Because you just saved the Resolute!

540

00:30:36,543 --> 00:30:38,461
[exhales]

541

00:30:39,462 --> 00:30:40,296

Ready.

542

00:30:42,590 --> 00:30:44,509
[beeping]

543

00:30:44,592 --> 00:30:46,052
[electrical whirring]

544

00:31:02,777 --> 00:31:03,653
[Will] Hey.

545

00:31:04,237 --> 00:31:05,738
My name is Will Robinson.

546

00:31:10,952 --> 00:31:14,247
I told you, Will, this robot
doesn't respond the same way yours did.

547

00:31:26,426 --> 00:31:28,303
It's nice to see you out of your box.

548

00:31:30,138 --> 00:31:31,472
The last time we met,

549

00:31:32,307 --> 00:31:33,850
you seemed kind of angry.

550

00:31:34,809 --> 00:31:37,103
I would be too if I were left alone...

551

00:31:37,979 --> 00:31:39,147
and hurt.

552

00:31:59,626 --> 00:32:02,045
I saw you were missing some pieces.

553

00:32:04,631 --> 00:32:06,132
Thought maybe this could help.

554

00:32:08,301 --> 00:32:09,344
Easy, Will.

555
00:32:31,616 --> 00:32:32,742
Careful.

556
00:32:32,867 --> 00:32:33,785
[Will] It's okay.

557
00:32:35,411 --> 00:32:36,245
Wait.

558
00:32:48,132 --> 00:32:49,467
You were attacked?

559
00:32:50,343 --> 00:32:51,678
Some robots hurt people...

560
00:32:52,929 --> 00:32:54,138
but they don't have to.

561
00:32:58,393 --> 00:33:00,228
They can choose to help too.

562
00:33:03,856 --> 00:33:05,525
A quarter of the APS is shot.

563
00:33:06,025 --> 00:33:09,195
[Izabel] They can share power as long
as we operate in conservation mode.

564
00:33:10,029 --> 00:33:12,156
[Aubrey whispering in Portuguese]
Does she seem distracted to you?

565
00:33:12,240 --> 00:33:14,534
[Izabel in Portuguese] She's the most
focused person I know.

566
00:33:14,617 --> 00:33:16,911
I'm sure she's just... calculating.

567
00:33:18,079 --> 00:33:21,624

[Izabel in English] Maureen, it looks like we'll have to reconfigure the APS by hand.

568

00:33:24,252 --> 00:33:25,461
Maureen?

569

00:33:26,129 --> 00:33:27,046
What?

570

00:33:28,131 --> 00:33:29,382
Oh, yes.

571

00:33:29,465 --> 00:33:31,759
Yeah, that's... That's perfect.

572

00:33:45,940 --> 00:33:46,983
He's my friend.

573

00:33:50,903 --> 00:33:52,155
He helps us.

574

00:33:58,578 --> 00:34:00,621
He-- He saved my life.

575

00:34:05,043 --> 00:34:06,586
And I thought that maybe...

576

00:34:08,629 --> 00:34:10,298
we could be friends, too.

577

00:34:21,684 --> 00:34:22,894
[gasps]

578

00:34:23,394 --> 00:34:24,353
[gasps]

579

00:34:24,437 --> 00:34:25,646
[breathing heavily]

580

00:34:27,690 --> 00:34:28,691
[Maureen] Will!

581

00:34:36,532 --> 00:34:39,118
[both breathing heavily]

582

00:34:42,288 --> 00:34:43,623
-Are you okay?
-Fine!

583

00:34:43,790 --> 00:34:45,166
I'm fine. Nothing happened.

584

00:34:49,504 --> 00:34:51,089
Go wait for me outside, please.

585

00:34:56,344 --> 00:34:57,553
What were you thinking?

586

00:34:58,429 --> 00:34:59,764
He snuck in.

587

00:34:59,847 --> 00:35:01,641
Right, and then you,
as the adult in the room,

588

00:35:01,724 --> 00:35:02,975
told him to leave.

589

00:35:03,601 --> 00:35:06,020
I was always in control.
He was never in any real danger.

590

00:35:06,104 --> 00:35:06,938
Really?

591

00:35:09,524 --> 00:35:11,859
But you're right.
I was out of line. I'm sorry.

592

00:35:12,527 --> 00:35:14,612
We're just running out of options here.

593

00:35:15,113 --> 00:35:16,781
Improve your security.

594
00:35:26,415 --> 00:35:28,417
[automated voice] Dr. Zoe Smith.

595
00:35:29,669 --> 00:35:31,462
-[sighs]
-[Radic chuckles]

596
00:35:31,546 --> 00:35:33,005
You've been very busy.

597
00:35:33,089 --> 00:35:35,466
New name, new career...

598
00:35:35,550 --> 00:35:36,551
I'm sorry.

599
00:35:36,634 --> 00:35:39,846
You clearly have me confused
with someone else.

600
00:35:39,971 --> 00:35:41,514
I don't think so.

601
00:35:41,722 --> 00:35:43,891
I don't think Maureen Robinson
was confused either.

602
00:35:43,975 --> 00:35:45,643
If you spoke with Maureen,

603
00:35:46,227 --> 00:35:47,311
you'd know

604
00:35:47,520 --> 00:35:49,188
I saved her husband's life

605
00:35:49,939 --> 00:35:53,526
and sailed their Jupiter
through a methane-infested sea storm

606

00:35:53,860 --> 00:35:55,611
and donated blood

607

00:35:55,820 --> 00:35:56,988
to a crew member.

608

00:35:57,071 --> 00:35:58,322
She never mentioned that.

609

00:35:58,406 --> 00:36:00,116
Penny wrote all about me in her book.

610

00:36:00,199 --> 00:36:01,367
She calls me by name.

611

00:36:01,450 --> 00:36:02,785
It's right here.

612

00:36:02,869 --> 00:36:04,245
[unzips bag]

613

00:36:08,040 --> 00:36:09,876
So your defense is
in a little girl's diary.

614

00:36:17,049 --> 00:36:19,594
There's no mention of any Zoe Smith.

615

00:36:19,969 --> 00:36:21,220
I come in later.

616

00:36:21,304 --> 00:36:22,930
-Keep looking.
-[Radic] Mm-hmm.

617

00:36:24,599 --> 00:36:25,433
[exhales]

618

00:36:35,026 --> 00:36:35,860
What's this?

619

00:36:36,694 --> 00:36:39,155
[exhales] That's strange.

620

00:36:39,238 --> 00:36:42,033
-[inhales rapidly]
-Uh, I've been being polite,

621

00:36:42,491 --> 00:36:45,703
but unless you have any actual evidence
to support this

622

00:36:45,786 --> 00:36:47,997
crazy theory that I'm somehow--

623

00:36:48,080 --> 00:36:51,042
The death of one of my men
is not theoretical.

624

00:36:53,252 --> 00:36:54,462
Pull up security feed.

625

00:36:54,545 --> 00:36:57,423
Saul, day twenty-seven,
common deck, airlock five.

626

00:37:00,927 --> 00:37:03,971
[female officer over radio] Sir,
there's no footage for that camera.

627

00:37:04,138 --> 00:37:06,766
Well, try the interrogation room,
same day.

628

00:37:08,476 --> 00:37:10,144
Negative, sir. Nothing there.

629

00:37:11,145 --> 00:37:13,356
[June] We've all been under
a lot of stress.

630

00:37:13,564 --> 00:37:15,942

A mistake like this was bound to happen.

631

00:37:17,276 --> 00:37:18,611
I just want you to know,

632

00:37:19,195 --> 00:37:20,988
I won't be pressing any charges.

633

00:37:21,072 --> 00:37:22,073
I know what you did.

634

00:37:23,115 --> 00:37:24,659
I'm your judge and jury,

635

00:37:25,451 --> 00:37:26,661
and as long as I'm...

636

00:37:32,166 --> 00:37:33,084
Are you okay?

637

00:37:33,709 --> 00:37:35,711
I can't move my hand.

638

00:37:36,212 --> 00:37:37,213
My arm is...

639

00:37:40,132 --> 00:37:41,133
What did you do?

640

00:37:41,801 --> 00:37:43,261
I think you need a doctor.

641

00:37:43,344 --> 00:37:44,345
[grunting]

642

00:37:44,428 --> 00:37:46,055
[gasps] What's happening?

643

00:37:46,889 --> 00:37:49,016
[Radic wheezing]

644

00:37:49,100 --> 00:37:50,559
[whispers] Don't worry,

645

00:37:50,810 --> 00:37:53,896
they'll put you in a coma
before the toxin reaches your brain.

646

00:37:54,897 --> 00:37:56,440
You've been working very hard.

647

00:37:56,524 --> 00:37:57,984
You deserve a nice long nap.

648

00:38:00,152 --> 00:38:00,987
[gasps]

649

00:38:01,070 --> 00:38:01,904
Help!

650

00:38:03,030 --> 00:38:04,240
Someone help!

651

00:38:04,490 --> 00:38:06,284
He needs help!

652

00:38:06,409 --> 00:38:07,576
[sobbing]

653

00:38:22,800 --> 00:38:25,011
[Will] How'd you know
I was in the Jupiter?

654

00:38:25,094 --> 00:38:25,928
I didn't.

655

00:38:26,595 --> 00:38:30,182
Guess I was just as curious about
what's going on in there as you were.

656

00:38:43,529 --> 00:38:45,614
I'm sorry I didn't listen.

657

00:38:46,198 --> 00:38:47,783
I really thought I could do it;

658

00:38:49,660 --> 00:38:52,580
that I could connect with this robot too.

659

00:38:54,415 --> 00:38:55,833
That maybe...

660

00:38:57,126 --> 00:38:58,961
I could make a difference.

661

00:39:02,631 --> 00:39:04,216
But I guess you were right.

662

00:39:05,509 --> 00:39:06,385
[sighs]

663

00:39:09,764 --> 00:39:15,311
You know, Grandma used to get
so mad at me for looking up at the stars.

664

00:39:16,520 --> 00:39:19,273
She just-- She didn't see the sense
in thinking about

665

00:39:19,357 --> 00:39:20,775
a place that you could never get to.

666

00:39:21,859 --> 00:39:23,944
I-- You can't blame her because back then

667

00:39:24,028 --> 00:39:27,823
it would have taken 81,000 years
to get to the nearest one, but...

668

00:39:30,034 --> 00:39:30,868
here I am.

669

00:39:33,954 --> 00:39:37,500

Because the thing is,
it didn't matter what she said

670

00:39:38,918 --> 00:39:40,795
or if she was right.

671

00:39:42,088 --> 00:39:44,673
I was going to do whatever it took

672

00:39:45,383 --> 00:39:47,843
to get exactly to this very spot.

673

00:39:49,512 --> 00:39:52,056
Because I believed in my heart

674

00:39:53,516 --> 00:39:55,935
that it's what I was meant to do.

675

00:39:58,562 --> 00:40:01,732
So what do you think Grandma would say
if you could see her now?

676

00:40:04,652 --> 00:40:07,238
Oh, she'd probably look at me
with those eyes of hers and say,

677

00:40:07,321 --> 00:40:09,573
"If you're up there,
who's watching the farm?"

678

00:40:09,657 --> 00:40:10,491
[chuckles]

679

00:40:12,410 --> 00:40:13,411
Yeah.

680

00:40:15,871 --> 00:40:16,997
So what do we do now?

681

00:40:18,624 --> 00:40:21,627
With no way to get that engine working,
we're still stranded.

682

00:40:23,462 --> 00:40:24,797
You know, all this time...

683

00:40:25,589 --> 00:40:28,384
I've been trying to get us
to Alpha Centauri, I think...

684

00:40:28,843 --> 00:40:30,803
I've been going about it the wrong way.

685

00:40:31,429 --> 00:40:32,346
What do you mean?

686

00:40:34,515 --> 00:40:37,017
I mean,
I've been trying to do it all by myself.

687

00:40:40,980 --> 00:40:41,897
Come on,

688

00:40:41,981 --> 00:40:44,108
there's something I think you need to see.

689

00:41:28,360 --> 00:41:29,278
[beep]

690

00:41:33,199 --> 00:41:34,033
Go ahead.

691

00:41:34,116 --> 00:41:37,119
[man over radio] Maureen Robinson's here.
She wants to access the engine room.

692

00:41:37,203 --> 00:41:38,204
Her son is with her.

693

00:41:40,539 --> 00:41:43,000
We returned the Scarecrow.
It's back in its place.

694

00:41:43,083 --> 00:41:44,126
Is it secure?

695
00:41:44,210 --> 00:41:45,085
Yes.

696
00:41:48,464 --> 00:41:49,590
Then let them in.

697
00:42:02,019 --> 00:42:03,437
Pretty incredible, isn't it?

698
00:42:04,647 --> 00:42:06,690
No wonder only robots can fly it.

699
00:42:26,752 --> 00:42:28,712
There's something I need to say to you.

700
00:42:30,130 --> 00:42:31,590
We may never be friends.

701
00:42:33,050 --> 00:42:35,594
You may never even understand
what I'm saying...

702
00:42:40,599 --> 00:42:42,601
but you don't belong in a box.

703
00:42:50,317 --> 00:42:51,527
Hm? What is it?

704
00:43:09,587 --> 00:43:10,796
SAR and Robot...

705
00:43:10,879 --> 00:43:12,298
it looks like--

706
00:43:12,381 --> 00:43:13,382
They fought here.

707
00:43:28,105 --> 00:43:30,858

-[grunts, gasps]
-Hey!

708
00:43:30,941 --> 00:43:32,985
-[heavy breathing]
-Are you okay?

709
00:43:33,360 --> 00:43:34,737
[exhales deeply]

710
00:43:35,070 --> 00:43:36,238
I found him.

711
00:43:36,697 --> 00:43:38,198
I found the robot.

712
00:43:39,450 --> 00:43:42,578
He's here. [breathes rapidly]
Down on that planet.

713
00:43:43,621 --> 00:43:44,622
[exhales]

714
00:43:54,590 --> 00:43:56,592
[dramatic music playing]

715
00:44:21,742 --> 00:44:24,161
[closing theme music playing]
